Robert A. Van Wyck, the former mayor of New York, made over \$1,000,000 last year, and in consequence has now retired from business.

"I don't believe in meanness," Mr. Van Wyck said recently, in a talk before the Commercial Progress Club.

"The other day I took a Turkish bath. The place is not getting on well, and I was not surprised when a rubber told me a story of the meanness of the proprietor."

"The proprietor, seeing the man one day at the butcher shop where he then worked, and taking note of his huge muscles, told him to resign and take a rubber position with him."

"I'll give you more than you are getting now," he said.

"So the young butcher, resigning in good faith, turned up the next morning at the bathhouse."

"Well," said the proprietor to him. "I'll put you on at once. What did you get at the butcher's?"

"Six dollars and my week's meat," returned the young man.

"What did the meat amount to?" "About \$3."

"Let me see," said the proprietor. "I offered you more to come here, didn't I?"

"Yes, you offered me \$4 and \$4 worth of baths weekly. That is \$1 more than you got at your old place."

DOES ADVERTISING PAY?

Enormous Expenditures Give Affirmative Answer to Question.

Somebody has gathered some careful statistics to show that \$1,000,000 was spent in advertising in the United States during the past year.

Insurance figures came to less than this. Corn figures were \$52,000,000; wheat, \$44,000,000; cotton, \$60,000,000; coal, \$210,000,000; hay, \$55,000,000; pig iron, \$55,000,000.

IDAHO MAN TALKS ABOUT HIS STATE.

Comes to Salt Lake for Newspaper Plant to be Installed at Sugar City.

HOW THE TOWN IS GROWING

Short Line May Build Sixteen Mile Spur to Parker—Fine New School House and General Business.

James H. Wallis, the Rexburg, Ida., newspaper man was a Salt Lake visitor today. He brought with him an interesting budget of news from the southern part of the Gem State. In an interview with a representative of the Deseret News, he said:

"I am in Salt Lake for a day or two for the purpose of purchasing a newspaper plant that is to be installed at Sugar City and be ready for operation by Sept. 10. The first number of the paper will be issued on that date. It will be called the Sugar City Times. The money for the venture is being furnished by Salt Lake, Rexburg and Sugar City people and will in no small measure be devoted to the interests of beet sugar production. I have been chosen editor and will give my whole time to the enterprise, which is already assured of success."

FINE NEW SCHOOLHOUSE.

"Sugar City is booming. It now has a population of 37 families, or something over 400 persons. In addition there are more than 100 transients in the little town, and the number of regulars is increasing every day. We sold 23 lots during the past week. The purchasers were Salt Lake, Lewiston and Lehi parties, and all were greatly pleased with their investment. We are just finishing a fine rock schoolhouse at a cost of \$6,000. It is by all odds the best schoolhouse in Fremont county outside of Rexburg. Business generally is in the healthiest character."

HEWLETT BROS. BOTTLING WORKS.

"Hewlett Bros. of Salt Lake are putting up bottling works at Sugar City and will complete them this fall. The analyses of water that have just been made demonstrate that the water is highly suitable for the purposes of manufacturing the special articles that the firm produces in Salt Lake."

GOOD DEPOT GOING UP.

"Then the Oregon Short Line is putting up a most excellent depot at this point. It is one of the best that it has on any part of its Idaho system and it will be ready for use by the end of the present month."

SUGAR CITY TO PARKER.

"I am informed credibly that the O. S. L. contemplates the early construction of a spur from the Sugar factory to Parker a distance of some 16 miles to the auxiliary plant on the Eatin bench the most famous grain section in the southern part of the state. The farming tracts there are enormous and they look like a great sea of waving grain. The sight is a most beautiful one to behold."

SUGAR CITY POSTOFFICE.

The Sugar City postoffice was opened yesterday with Miss Violet M. Wallis as postmistress, and the initial day's business was most satisfactory as the installation of the office was an event of no small importance in the history of the new town.

HOLZHEIMER SURPRISED.

Speaking of the nomination of F. H. Holzheimer for Congress by the Democrats at Lewiston, Mr. Wallis says it was the biggest sort of a surprise for that gentleman and his friends. When the southern delegates started in their long, roundabout trip of 800 miles to attend the convention not one of them had ever thought of such a contingency and when it came all had to bat their eyes and see whether or not the nomination had actually been made.

Mr. Wallis, though not a Democrat speaks in the highest terms of Mr. Holzheimer, saying that he is an able lawyer, a fair minded gentleman, and a man with a large circle of friends. He thinks he will be a strong candidate.

NEEDED THE MONEY.

How Peck's Son Figured Rates to a Circus Man.

When Gov. Peck of Wisconsin was publishing the Sun at Lacrosse, Wis., Sells' circus came to town. The press agent was Charles Scott, big, bluff and acutely sensitive to a humorous situation. He paid a visit to the Sun office and, meeting Peck, said: "We'll want a two column ad. in your paper."

"All right; you can have the space," was the reply.

"How much will it cost?" "Just \$62.50."

"Well, we must economize some, and perhaps I can get along with less space."

"All right."

"What will one column be?" "Cost you \$63.50."

"But that's only half as much as the two column ad."

"I know it, but it will cost you just the same," said Peck.

"What the devil do you mean by charging the same for one column as you do for two?"

"Well, I'll tell you," said Peck, with a genial grin. "The circus will be here the 17th, and the 18th I must meet a draft for paper for \$63.50, and your old circus is a godsend. Your ad. will just meet that draft."—New York Herald.
