

## MINING, BUSINESS AND STOCKS

ANOTHER DULL  
WEEK IN SIGHT.

Brokers Were Not Burdened With  
Buying Orders for Mining  
Stocks Today.

## NEW YORK BON. WEAKENED.

Sold on the Open Board—Tetro Higher  
Again—Closing Quotations and  
Sales of Early Calls.

The week opened with practically no change in the condition of mining stocks and the outlook for a continuance of the prevailing dullness is good. While no New York Bonanza was sold during the regular forenoon call, it maintained a firmness. On the open board a 500-share lot was bought at 25 cents, following several other blocks were transferred, but at a lower price. A broker had an order for 500 shares of Carissa, the stock was supplied, it costing 10 1/2 cents a share. May Day was in practically no demand. Tetro was stronger again today.

The sales of the forenoon amounted to 8,575 shares, which brought \$1,012.05. The closing quotations and sales were:

## SENATOR LEWIS HOME.

Says the Feeling in the East is Favorable  
To Mining Investments.

State Senator A. B. Lewis has returned from the east where he has been for several weeks on business. The senator had nothing in the way of news concerning his Utah interests to impart at this time, but of conditions in the east he states they are brightening and that investors are looking more favorably than ever before upon mining propositions. He anticipates that property will be general throughout the mining regions of the west and a great deal of eastern money will seek investment in the camps this year, and Utah will get a good share of it.

## EXAMINING ELY MINES.

Camp Has Been Visited by Prominent  
Mining Engineers.

A number of copper properties at Ely, Nev., have been undergoing examination by a corps of experts, which indicates that this old camp is going to receive more attention than has been paid to it for a year or more.

Ely has some splendid prospective mines and no doubt a little more development will show them up. In some properties in the camp large bodies of low grade ores have been disclosed. With treatment and railway facilities they would pay big returns.

A Nevada publication says of the presence of the experts:  
"Fred M. Bradley of the Bunker Hill and Sullivan mines of Coeur d'Alene, Idaho, and prominently identified with the Treadwell (Alaska) Mining company, has spent the past week here in company with J. H. McKenna, formerly superintendent of Stratton's Independence mine at Cripple Creek, and M. L. Roqua, president of the E. & P. railroad and general manager of the White Pine Copper company, in thoroughly examining and sampling the surface and underground developments of the latter company's property here."

"Having concluded the above examination, the party spent two days at Copper flat, where they subjected the property of the New York & Nevada Copper company to a most rigid examination, and also looked into the water rights, smelter, smelter sites and agricultural land belonging to the New York people. The purpose of this examination was to satisfy a majority of the stockholders that a change in the financial condition of the treasury and good mine management on the part of the directors are the only essentials required to place the proposition on a productive and paying basis."

"After sacking some 350 samples from both properties for shipment to San Francisco, where a duplication and

## VISITED THE MAJESTIC

Of Park City—Stockholders Well Pleased  
With Conditions.

The train to Park City yesterday morning conveyed to the big camp a number of stockholders in the Park City Majestic mine, who went out for the purpose of making an inspection. Among the inspectors were Dr. H. A. Andrews, D. E. Campbell, C. S. Rolfe, J. E. Nelson and J. H. McDonald. An interesting change in the formation is taking place and conditions are pronounced as being eminently satisfactory.

## IN PARK CITY CAMP.

Pinyon Ridge Company Launched With  
Capital of \$50,000.

The Pinyon Ridge Mining company is the name of a new corporation launched in this city last Saturday with Park City as the scene of operations. The capital stock is \$50,000 shares of a par value of \$1 each. The officers, who are the incorporators, are:

James McGregor, president, Salt Lake City, 102,720 shares; Frank and Samuel C. McKee, Terre Haute, Ind., of McKee & Co., bankers, 44,330 shares each; Frank McKee, vice president and treasurer, and Samuel C. McKee, secretary; W. R. McKee, Sr., Terre Haute, Ind., formerly president of the Terre Haute & Indianapolis Railroad company, Vandalla and other lines, 44,330 shares; Buena V. Marshall, a prominent attorney and business man of Terre Haute, 44,330 shares; Hugh McDonald, Park City, 9,147 shares, L. McDonald, San Francisco, 8,777 shares.

## BIG MINING SUIT FILED.

Litigation Commenced in Which Alaskan  
Property is Involved.

Chicago, Jan. 24.—Three suits for a total of \$50,000 have been filed in the circuit court against P. N. Anderson of this city. Neils O. Hultberg, a plaintiff in one of the suits, seeks to recover \$50,000, while Dora Adams and Hannah Hultberg ask for \$15,000. In 1900 the original plaintiff, Neils O. Hultberg, was the first to arrive in Nome, and after prospecting for some time, located and filed the claim known as the White Star property. He incorporated the White Star Mining company, with a capital stock of \$50,000. In 1900 he sold his holdings in the company for more than \$100,000 and returned to the United States. Nelson O. Hultberg, his wife and his niece, Miss Dora Adams, claim to have been the original prospectors at the White Star mine, and Hultberg asserts that he struck gold in sufficient quantities to warrant working it and returned to Nome to file papers with the land agent. He was delayed for some time in reaching the city, and when he did apply at the government office he learned that Anderson had already filed his claim.

## LOG CABIN STRIKE.

Interesting News Received From This  
Mine, Near Marysville.

Ole Larsen, who is directing development work at the Log Cabin mine near Marysville, has advised the local office that he has encountered a big body of ore in the Log Cabin tunnel at a distance of about 500 feet in. The whole face, he states, is in ore of a good milling grade. Several days ago Supt. Larsen broke into a small cross cut carrying out the vein with the result that it gradually improved until it led him into the vein in which the ore is now working. Manager Murray expects to leave for camp towards the end of the week.

## G. H. ROBINSON HURT.

Sustains a Broken Leg at the Yampa  
Smelter.

George H. Robinson, general manager of the Tintic Mining & Development company, is laid up at his apartments in the Wilson hotel with an injured leg, the result of a fall sustained at the Yampa smelter on Thursday night. At the time of the distressing accident Mr. Robinson did not realize its seriousness and, persevering, undertook to keep on his feet, all the time the member giving him much annoyance and pain. On Saturday evening he came to the city and an examination proved that a smaller bone had been broken, which necessitated the placing of it in a plaster of paris cast.

## AN EASTERN RUMOR.

Concerns the Amalgamated-Helms Dispute—As to Copper Shares.

An eastern broker has written his Salt Lake correspondent as follows: "There has been a rumor here which partially announces the settlement of the Amalgamated-Helms troubles in Montana and our copper shares have had a very active spell as a result. We held our views that copper shares with the average copper shares showing an advance of only 8 points from the lowest of 1903 and some 22 points below the highest of that year, which, by the way, was a very bad one, copper shares are practically certain to improve."

## Ontario Mill Started.

The Ontario mill at Park City was given its initial run last Saturday. It started off quite satisfactorily and with the making of a few adjustments will go into regular commission.

## George Hatton, Stock Broker.

No. 15 Montana house, East Second South; 1 per cent commission on stocks selling for less than \$1.00; over \$1.00, 1/2 of 1 per cent. Certificates sent by registered mail; no fee if you buy from or sell to me.

## A SOLDIER'S DRINK.

During the Boer war, British soldiers in Africa discovered a new and extraordinary form of intoxication. The ingenious privates found that they could get all the excitement of a powerful narcotic by eating a cordite charge of cartridges, each of which contains 60 strands of cordite and is very similar in appearance to vermicelli. The British Medical Journal gives particulars of this form of intoxication. It says that Maj. Jennings of the British army, on learning that the men had been eating cordite, made experiments himself. On sucking a strand he found it sweet, pleasant and pungent, but it resulted in a headache which lasted for 36 hours. Dr. Jennings then tested the immediate exhilaration, "inciting almost demoniacal actions," followed by a heavy sleep and stupor of from five to twelve hours, according to the quantity taken. Added to beer it produces the worst effects, exciting a quarrelsome and destructive mania and producing the most rapid intoxication," Chicago News.

BROKERS CHOSE  
MR. POLLOCK.

Well Known Broker Elected President of the Salt Lake Stock  
And Mining Exchange.

## JAMES SHORTEN RE-ELECTED

As Secretary of the Organization—A  
Strict Adherence to the Rules De-  
manded—Meeting Harmonious.

At the meeting of the members of the new governing board of the Salt Lake Stock and Mining Exchange, held this forenoon, the organization was completed by the election of James A. Pollock, president; E. D. Miller, first vice president; Joseph Oberdorfer, second vice president; William H. Farnsworth, third vice president; treasurer, G. P. Norton; secretary, James Shorten. The two latter held the same positions last year. The meeting was harmonious and none of the officials chosen had opposition.

The result of Saturday's election has apparently pacified all the discordant elements of the exchange. Early that forenoon the feeling between the opposing forces ran high and, for a time, it was feared there might be a rupture of a serious nature. But the balloting showed that all states had been effectively smashed and both sides given representation on the board.

The new board is composed of representative members of the exchange and there is not the slightest objection raised to them from any source. It is predicted that Mr. Pollock's administration will be successful, and that he will preside over the body with the dignity that will inspire confidence from the investing public.

"It will be simply a strict adherence to the rules of the exchange. This will apply to all alike, big or small. I shall expect members of the exchange to always follow the rules in their dealings on the board."

President Pollock will announce his committee tomorrow forenoon. There is likely to be some changes made in the present rules and a general revision of the listed stocks.

President Pollock is a charter member of the exchange and has always been one of the most active figures on the floor.

## CONCENTRATES.

Three shifts are employed at the Se-  
ver Con., near Kimberly.

The Grand Central has several cars of ore in today's market.

W. H. Oster expects to leave shortly for southern Nevada on a prospecting trip.

The annual meeting of the Blackbird Copper Mining company is scheduled for tomorrow.

Director A. J. Bettles and Secretary Henry Caltrow, of the Ohio mine at Bingham, went out to camp this morning.

H. N. Hayes and J. H. Erickson of Richfield have been inspecting the Golden Reef mine near Frisco, Beaver county.

J. M. Callow, the constructing engineer of the Uncle Sam Con., is looking over conditions at the new mill at that property.

J. W. Taylor, manager of the Ima Gold Mining company, of Idaho, has returned from the east after an absence of a couple of months.

Work is to commence on the Castro properties in Bingham, which were recently bonded to F. A. Van Patten of Ogden, and associates.

Judge John W. Burton expects to depart for Tonopah tomorrow where he will examine a mining property recently brought to his attention.

Former Secretary W. H. Merriman of the Majestic Copper company, expects to leave for the Atlantic coast tomorrow and will return about May 1.

At a meeting of the directors of the Joe Bowers Mining company, held on Saturday, an assessment of a half a cent a share was levied, amounting to \$3,750.

The shipments made from Park City last week are reported in pounds as follows: Daily-Deer, 2,022,000; Kearns-Keith, 129,000; Silver King, 1,920,280; making a total of 4,741,280.

The minority stockholders of the Eagle & Blue Bell mine are scheduled to hold a meeting this afternoon. They are desirous of having some voice in the board of directors, which they allege, they have not at the present time.

An Ely, Nev., paper says: The McKinley company has made the second payment of \$2,300 on the purchase price of the Aurora group of five mines, which adjoin the Saxton on the southwest. The claims are owned by Thomas Rockhill, J. B. Williamson and W. B. Graham.

Says an Ely, Nev., publication: Harold A. T. Smith, of the Higginbotham Exploration company of Boston, Mass., has spent the past week there making a thorough expert examination of the workings and holdings of the New York and Nevada Copper company's Copper Flat. What conclusion the gentleman arrived at we are not in a position to state, as he was very reticent here, but it is authoritatively said that Mr. Tatum was surprised as well as favorably impressed with the magnitude of the properties. He leaves this morning for Salt Lake.

## LOCAL MARKETS.

The flour and grain market is slowly recovering from the demoralization occasioned by the cutting under of one firm, to the detriment of all the others, and the retirement from business of some. So there is a slow advancement in prices, and there is today, an advancement of 10 cents. Dressed chicken is down a couple of points, and selling from 15 to 18 cents; oranges are a little cheaper, and California tomatoes are out of the market. The price obtaining today in the local retail markets are as follows:

## FARM PRODUCTS.

Alfalfa, per cwt. baled, \$1.85  
Timothy, per cwt. baled, 1.75  
Wheat, per bushel, 1.00  
Corn, per 100 pounds, 1.40  
Corn, cracked, per 100 pounds, 1.45

Extra select, per can, 60c  
Select, per quart, 60c  
Blue points in shell, 40c  
Standards, per quart, 50c

## COLONEL LYNCH

GIVEN HIS LIBERTY.

Irishman Who Commanded Boer  
Brigade in South Africa Free  
"On License."

RECEIVED NO ROYAL PARDON.

This Means That He Cannot Sit  
in Parliament or Hold Any  
Public Office.

London, Jan. 24.—The Daily Telegraph this morning says it understands that Col. Arthur Lynch, who commanded the Irish brigade against the British forces during the war in South Africa and who was afterward convicted of treason and sentenced to imprisonment for life, was yesterday morning liberated "on license." Lynch has not received the royal pardon.

The Associated Press learns that the liberation of Col. Lynch is the outcome of an interesting series of events. When Michael Davitt was last in the United States he saw President Roosevelt, who mentioned Col. Lynch to him, saying he had once entertained him at Albany. The president expressed great interest in the case and regretted that he could not suggest clemency without laying himself open to a palpable snub.

On his return to England Mr. Davitt mentioned his conversation with President Roosevelt to Sir Thomas Lipton and to Mrs. Lynch, who has suffered bitterly since her husband's arrest. He also made a pathetic appeal to Sir Thomas, who then personally interceded with King Edward on behalf of his comrade. Many records of value can be saved by having them bound. TRADERS SOLD  
RAILROAD STOCKS

Only Effect of Their Offerings  
Was Temporarily to Check  
A Very Strong Rally.

## MARKET DULL AT OPENING.

This Was in Sympathy With London  
—Trading Marked by Many  
Fluctuations.

New York, Jan. 25.—The resumption of trading in London today resulted in declines in prices of stocks here. On account of renewed apprehension over the far eastern situation prices were lower here in sympathy, a few of the specialties being the only stocks to show slight gains. Full recoveries were made in the market under the stimulus of heavy buying of Amalgamated and Sugar which advanced 1 1/2 and 1 1/2 respectively. Traders sold railroad stocks, but their offerings did little more than check the rally. St. Paul seemed more sensitive to pressure than any other western stock, but its extreme loss only reached 1/4. Wabash preferred and Illinois Central were notably firm. Pressed Steel car, Smelting and North American gained 1/2. American Telephone and Telegraph, Virginia-Carolina Chemical and Commercial Cable 2. On the other hand Realty preferred and Rubber Goods preferred, Smelting preferred, Anaconda, Reading second preferred, Minneapolis, St. Paul & Sault Ste Marie declined 1 to 1 1/4. The market was holding quiet steady at 11 o'clock.

A rise of 1 1/2 in Reading helped the other coals and a number of specialties continued to advance, but selling to realize held back many of the standard stocks. People's Gas rose 2 1/2 on unfavorable judicial decision.

Selling for both accounts in the stocks which had shown prominent strength in the forenoon lowered them a point. Sugar, Sugar-Raw, nominal. The railroad stocks ruled pretty close to Saturday's final prices, but Missouri Pacific was conspicuously heavy. People's Gas rebounded to 19 1/2 about 1 o'clock and the general market became steady, but was very dull.

## LIVE STOCK.

CHICAGO.

Chicago, Jan. 25.—Cattle—Receipts, 20,000; market steady to strong. Good to prime steers, 4.00 to 4.50; poor to medium, 3.25 to 4.00; stockers and feeders, 2.50 to 3.50; cows, 1.50 to 2.50; heifers, 1.50 to 2.50; calves, 1.50 to 2.50; bulls, 2.00 to 3.00.  
Hogs—Receipts today, 42,000; tomorrow, 35,000; market steady to strong. Mixed butchers, 3.50 to 4.00; good to choice heavy, 3.50 to 4.00; rough heavy, 3.25 to 3.50; light, 3.00 to 3.25; bulk of sales, 3.50 to 3.75.  
Sheep—Receipts, 30,000; market steady. Lambs, steady. Good to choice wethers, 4.00 to 4.50; fair to choice mixed, 3.50 to 4.00; western sheep, 3.50 to 4.00; native lambs, 4.50 to 5.00; western lambs, 4.50 to 5.00.

## OMAHA.

South Omaha, Jan. 25.—Cattle—Receipts, 2,500; market active. 10c. high. Native steers, 3.50 to 4.00; cows and heifers, 2.50 to 3.00; canners, 1.50 to 2.00; stockers and feeders, 2.00 to 2.50; calves, 3.00 to 3.50; pigs, 2.00 to 2.50.
