RECITAL WELL ATTENDED. Fifteen Hundred People Listen to the Organ at the Tabernacle,

The popular favor into which the organ recitals at the Tabernacle have grown was attested this morning by the presence of at least fifteen hundred people, among whom were included members of the two theatrical troupes siow in the city, also members of the Quo Vadis company who have arrived in the city in advance. There were also a number of railroad people present, including Mr. and Mrs. T. E. Gibbon of the Los Angeles terminal railway, who are the guests of Mr. and Mrs. David Keith. The program was rendered as printed in last evening's "News." The organ numbers that seemed to evoke the greatest applause, were the "An-dantino," by Lamare, "The Lost Chord" y Sullivan, and the famous "Andante"

ESTIMABLE WOMAN GONE. Mrs. James A. Pollock Passes Away at Midnight.

Considerable sorrow was felt in this city this morning over the announcement of the death of Mrs. James A. Pollock, which occurred at the family home, 504 south East Temple street on Friday at midnight. Her death is the culmination of a long and brave strug-gle with that terrible disease typhold er. From the time she was strick-several weeks ago, up to her death she was given all the attention that love and skill could suggest, and she rewarded these efforts by lighting the fell maindy until her vitality was gone and death soon ensued. With the passing away of Mrs. Pollock, the drawing room of Salt Lake looses one of their choicest adornments, the children of charity loses one of their best and most gener-ous friends, and the community at large

BATTALION BURIAL CROUND

Locating the Spot Near Pueblo Where Comrades Were Interred.

Former Member of Mormon Battalion Visits and Views the Historie Spot-Names of Dead.

Colonia Juarez, Chihuahua, Mex.,

Nov. 2, 1900. Knowing of the anxious desire of many friends to have located the spot where some members of the "Mormon" battalion were buried at Pueblo, Colo., in the winter of 1846-7, I felt impressed to make an attempt to find the place myself, believing that my efforts would not be in vain, though I knew that others had failed in the same effort and that there is quite a difference of opinion in regard to the location.

Following my impressions, I left Colonia Juarez on the 17th uit., arriving at Pueblo on the 20th.

Pueblo on the 20th,

I began immediately to look for any land marks which might assist me in determining where the detachment was camped so long ago; and, while doing so, I could not help noting the great contrast between the busy Pueblo of today and the little Mexican village which stood there fifty years ago.

On Saturday I traced the old bed of the creek which we called Fountain Caballo, to where it empties into the Arkansas river. Then crossing the riv. er, on the county bride, I found several other points which were familiar to me, among them being a bend of the old river bed where the detachments of Brown and Willis dipped up water for camp use.

On Sunday I attended the conference meetings that were being held by the Elders of the West Colorado conference, Monday, I continued the work begun Saturday, and was able to more fully satisfy myself regarding the location of he spot where my comrades were bur-

The remainder of the officers will very likely be Democratic. Yet as may be seen a strong Democratic vote at Mannia (Lucerne) may change the county commissioners. But that is not probable, as the Republicans had a man over there and the Democratis had none. His belief is that the votes will so mostly for them. In that event, no material change will be made.

Nervous Exhaustion

"Two years ago this summer I was in a miserable condition as the result of hard work. I was completely run down, pale and losing fiesh, and so nervous that I coold not sleep or even get rest. It was dreadful to go to bed at night all worn out and ite neake for hours with nervousness. If I did fall asleep it was to wake up in the morning as tired as when I went to bed. "My head troubled me a great deal, too, both with pain and dizziness. If it stooped over at any time I went deal, too, both with pain and dizziness. If it is sooned over at any time I went deal, too, both with pain and dizziness. If it is said hardly see or keep from falling down. I was troubled somewhat with indigestion at this time, but the nervousness was the greater trouble. If I became a little excited my hands would shake so I could hardly hold anything in them. I employed our best physeidans, but not one or them did me any permanent good. "I had, of course, read of Dr. Williams' Fink Fills for Fale People, but had never laken any of them till Mr. Robert Van Kuren, of Jordan, recommended them to me so strongly, from his own experience with them, that I got some and before the first hox was used up I began to feel that they were doing no good to set a night's seep and to be refreshed by it. I am a firm them the only real, permanent benefit I have had from any remady. It did netlever in Dr. Williams' Fink Fills for Fale People and I do, and shall, recommend them to my releads. I renerally keeps box in the house to take in case I feel a little run down."
