is principally in circulation in California, Idaho, Arizona and Texas. The increase in coin in this country has been at a very fair rate since the first of April last, and the indications are that although there may be occasional exportations, it will gradually go on till the amount is sufficient to enable the country to resume specie payments. This much desired result, however, will depend upon conditions which cannot be discussed.

Silver Coinage.

Silver Coinage.

Between seven and eight hundred thousand dollars in silver, of various denominations, will be coined at the Philadelphia mint this month.

Estimates.

The estimates of the civil establishment of the government to be submitted to Congress this year exceed those of last year between \$1,500,000 and \$2,000,000. This increase is caused, principally, by raising a number of salaries last sernal revenue burean this year are about two thousand two hundred less than last year.
