dl h I this friends were that they jumped non-with joy, chapping their hand with joy, chapping their hand wing: "De guile Lawe hu ung the ang gune to the root he am gone to the good Lawid bless poor Bre

They were visitors for a few days is recontry house, and on being newn into their room the hady, no was nearer if years of age than 6, propared to take of hor bouned, any, be it elserved that looking-bases very much in unality; same As the shades of evening fell fire

As the shudes of evening, foil fires could all around the calib. to keep the "sophrise" away, while the oricles sate hyprims to chever Unrice we off his way. At was a weird ene, as the darky prescher stord res, saternify charting the first ere, solernify charting the first growing way, or rither almosted. The assembled crowd. All around as the darkness of the night, save r this one kenely spot illuminated i the firsting showing the old first be having and asmeniatible in-cle having and asmeniatible in-ces darks kent on all nice trees.

LINCOLN AND LABOR. SHOLECTED CHAPTER IN THE West, McFulyes L. Sabels CAREER OF THE OREAT MAN A. Perma. ofute aneedotes tensours a necessary, prevents and nessages are generally well known, such its words touching the inhor position have new prevention of the romineme they deserve. In fact very few know that he ever an-mounted any opinions on the sols-ect. But in the first annual message a congress, dated December 3, 3501, he following passages may be small

the following passages may be a super-formation of the statement of the statement of the super-super-contained by the statement of the statement of the super-very, a war, upon the first principle of statement of the statemen mends, is prove that birgs contr the people in government is source of all political will. Monar theif is sourctimes hinted at a possible refuge from the pow-the works. 1.20

the people. In my present position, I could survey be justified were I to omit-misnic a waroing roles against this opproach of retrining despotsan. It is not needed nor litting here hat a general argument should be male infarve of popular institutions, at there is one point with the con-vections, not as hackneyed as most there, to which I as a total. n equal to ting with the original to the structure of government that labor is available in connection with cap

se, owning capital, somehow by cuse of it, induces him to inhor. This assumed, it is next considered whether it is less that considered here it is set that capital shall here latespore, and thus induce them whether is a series and thus induce them the work by their own consents of bay these and drive them to it without their consent. Having thus proceeded as far, it. Musturally concluded that all integers are either introd laborers or what we call sinves. And further, it is maximed that whose work is open a hird laborer is flaced in that condition for life. D. A. Brints T. Bugers... Survey Co-op Saver Co-op. C. C. Surr.... Thes. Sriegs... S. H. Spild, Ju

optial and labor as assumed; ernany such thing as a free ag fixed for life in the ern-athred interes. Both these inne are false, and all ingn

Capital has its rights, which are as worthy of notoelins as any other fights. Nor is it dense its that its reduction between latter and capital producing mutual locadils. The error is in mesuning that the which labor of the community exists within that relation. A feer men own ca-plan and has feer avoid labor them serves, and with their capital hits or bay another feer to labor for hem. A large majority belong to not inve others work for them. The research of the scutters states are plan the underse work for them. Date is the scutters states are plan to the work for them. The research of the scutters below for hem are number feer to labor for hem are number feer to labor for hem are scutters states are plan to the scutters states are plan to the number people of all produces. The research of the scutters is large majority of the unders states are indexed. The research of the scutters is large majority of the scutters is large collers are number to be large the states are indexed.
