

## RELIEF CAME BARELY IN TIME.

Famished Legationiers Were on the  
Verge of Being Overcome.

## NOW EN ROUTE TO TIEN TSIN

Relief Column Heard Firing, and  
Pushed Forward Without  
Rest to the Rescue.

Peking, Aug. 14, via Che Foo, Aug. 21.—(Copyrighted, 1900, by the Associated Press.)—The American and Russian fleets were planned on the east wall of Peking at 11 o'clock this morning. The Russian troops entered the British legation at 1 and the Americans at 3. There was a joyful reception from the walls. The evacuated tenants could have lasted but little longer. They had only two days' rations. The Chinese had been attacking furiously for two days. Four thousand shells fell in the legation during the siege.

### CASUALTIES WERE 225.

Sixty-five men were killed and a hundred and sixty wounded in the battle before Peking. The Japanese and the British and the Chinese are defending the Imperial city. The Japanese casualties have not yet been ascertained. The Russians lost 100 killed and twelve wounded. The Americans and British had a few wounded.

The plan was to make a general attack tomorrow and the troops were waiting at camp, five miles east, all night. They were completely exhausted and slept in the cornfields in the rain.

### ADVANCE WAS PROMPT.

The generals, however, alarmed at the sounds of a heavy attack on the legations, pushed forward independently. The British, the Americans and the French on the left of the river, and the Japanese on the right. The Japanese diverted the brunt of the resistance to the northern city. Their artillery, however, the Chinese heavily shelled the Japanese and British met with but little resistance until they entered the city, where there was street fighting. The Japanese attempted to break the inner wall. The troops finally entered the foreign settlement through the canal.

Company E, Fourteenth United States Infantry, planted its flag on the outer wall. Musicians were scaling the wall with a rope, by means of which the others climbed to the top. The Chinese had continually violated the armistice.

The food supplies sent to the legations by the empress dowager were sufficient for one day.

### ENVOYS LEAVE PEKING.

London, Aug. 22, 3:15 a. m.—In the news that reaches London this morning direct from China there is nothing to confirm the report that the empress dowager has been run to earth. The legation envoys, according to the Shanghai correspondent of the Daily Express, are proceeding to Tien Tsin. The same correspondent avers that the Sacred city was entered August 15th, two days earlier than Rear Admiral Bruce reported.

### IMPERIAL PALACE TAKEN.

"The flag of the allies," says the Shanghai correspondent of the Daily Express, "was hoisted over the Imperial Palace. Street fighting, however, continues. Considerable assistance in the capture of Peking, was rendered by 4,000 armed Christians. The legations were enabled to hold out by purchasing ammunition from the Chinese."

American action in refusing to deal with Li Hung Chang in the peace proposal meets with unanimous approval at the hands of the military press. The Standard says: "We imagine that other powers will take the same course, at any rate until Earl Li produces satisfactory evidence of his authority to negotiate."

### CONGER'S REPORT.

The Daily Chronicle says: "Mr. Conger has at last opened the eyes of the world to the real character of the Chinese."

The Daily Express prints this morning a long letter said to have been written by Vice-Admiral Seymour, in which he stoutly defends his action in attempting to the relief of the legation when he did, saying:

### SEYMOUR IS SATISFIED.

"Two or three times our prospects were very dark and gloomy, but I am satisfied. Yet I never regretted that I had started, as I could not have regretted myself if I had not done so. I was conscious of the difficulties of controlling mixed troops and to their characteristics, he says."

### WANT A NEW SYSTEM.

### Cotton Exchange Devising More Expedient Methods.

New York, Aug. 22.—President Hubbard of the Cotton Exchange, has appointed a new committee to carry on the work of devising a plan whereby cotton contracts for future delivery can be cleared at once without waiting for the time of delivery to arrive; in other words to prepare and present to the board of managers and members of the exchange a modern clearing house system for such contracts. The committee, it was learned, consists of Daniel O'Dell, chairman; Chas. W. Ide, Paul Gallati, John A. Hartoon, Jr., and Edward S. Scott.

The proposition to inaugurate a new system of clearing has been talked over for some time by members and officials of the exchange, and early last fall the matter assumed definite shape when Thomas M. Robinson, who was then president, was authorized by the managers, at the request of several prominent members, to name a committee of five to "investigate and report to the exchange for subsequent consideration and action the practicality and advisability of the adoption of such a system, and, if in their judgment found advisable, to prepare a plan which in their shall seem most desirable to that end." Although that committee spent much time, no conclusion was reached up to the time of the annual election of the officers of the exchange. The board of managers, however, were in favor of continuing the investigation and President Hubbard was accordingly authorized to appoint a new committee, the members of which are now announced.

The appointment of this committee revives interest in a proposition that is of much importance to members of the cotton exchange, although there is still a wide difference of opinion among

## MUNYON'S GUARANTEE.

Strong Assertions as to Just What the Remedy Will Do.

form of cold and an on through the entire flat of the face. At all doctors, 15 cents a visit. If not cured, medical advice gratis. Prof. Munyon, 1500 E. 1st St., Phila. It is absolutely true.

them as to the successful outcome of the undertaking. There is a very large element in the exchange that strongly supports the proposition itself and believes it possible to devise a satisfactory working plan for the immediate clearance of future contracts. There are not a few members on the other hand, who are unqualifiedly opposed to the principle itself, and will probably not support the movement, although much depends, of course, upon what plan the committee may ultimately decide upon.

In speaking of the matter, Chairman O'Dell said that, in his opinion, there was no reason why a clearing house system could not be made for the New York Cotton Exchange, for the immediate clearing of contracts for future delivery. He thought that such a system would undoubtedly benefit the market and increase the trade and possibly membership.

### Woman's Lodge Convention.

Chicago, Aug. 22.—Daughters of St. George opened their sixteenth annual convention with an informal reception at the Saratoga hotel. Forty-five members of the order, representing lodges from many States, were present, and more are expected. This evening there will be a public reception to grand lodge officers.

### Rebellion in Korea.

Yokohama, Aug. 22.—An official dispatch from Korea says that the rebels have attacked Song Sing, burning the government buildings located there.

### Russia Borrowing.

London, Aug. 22.—It is reported in Odessa, according to a dispatch to the Daily Express, that, in consequence of the strain upon Russia's financial resources, owing to the Chinese campaign, a specially-accredited representative of the Russian minister of finance, M. De Witte, has concluded or is about to conclude, "an arrangement with a syndicate of all the great insurance companies in the United States" for a loan of 300,000,000 roubles.

### Lynchers Sentenced for Murder.

Palatine, Tex., Aug. 21.—Former Justice of the Peace Wilkerson, the alleged leader of the mob that lynched the three Humphreys in Henderson county in May, 1895, and J. A. Johns, Sam Hall and John F. Haddis, the remaining defendants today sentenced to life in the penitentiary for their part in the murder in the first degree and each received a life sentence in the penitentiary. The action disposes of all the Humphrey lynchings cases, eight in number. Each defendant received a life sentence.

### Launch of the Wyoming.

Washington, Aug. 21.—The Union Iron Works, San Francisco, have notified the navy department that the monitor Wyoming will be launched on September 15th. The same firm also announces that the Wyoming will be ready for her preliminary trial on September 15th. She will go first to Puget Sound to be drydocked and cleaned.

### G. A. R. Decree.

Chicago, Aug. 21.—Albert D. Shaw, commander-in-chief of the Grand Army of the Republic, arrived in Chicago to open the last details concerning the coming celebration, which, he says, promises to be the largest and most successful encampment in the history of the order.

"Our membership is decreasing rapidly every year," said the commander-in-chief, "and soon the G. A. R. will be a thing of the past. I hope, however, that before we pass out of existence we will have our memorial day from the 30th of May to the last Sunday in May. Memorial day should be given over to patriotism and inspiration, and not to host races and ball games. I shall recommend to the national convention that the date be changed, and while I cannot say what the action of the delegates will be I hope that they will all be with me."

### Opened Republican Campaign.

New York, Aug. 21.—Senator Hanna, chairman of the Republican national committee, opened the campaign of the Republicans in New Jersey at Asbury Park tonight. A crowd, more than could be accommodated, gathered in and about the auditorium by the seashore. The senator was roundly cheered when he entered the building. He was introduced to the audience by Frank Appleby, president of the Asbury Park city council.

### ELECTRIC FLASHES.

Fifteen hundred women have signed a petition against the woman suffrage bill in Victoria.

Guastave Knab was instantly killed this morning at Tacoma, on the Northern Pacific tracks.

Col. Marchand of Fashoda fame has been appointed to the general staff of the China expeditionary corps.

A Chicago dispatch says Roosevelt and Bryan may speak from the same platform in Chicago on Labor day.

The transport Sherman started at noon yesterday for Nagasaki, with troops and supplies destined for China.

Messages have been exchanged by President McKinley and the emperor of Austria, the occasion being the seventeenth birthday of the emperor.

Minister of Foreign Relations Marescal in Mexico City has issued an invitation for the assembling of the Pan-American conference.

### Make the Hair Grow

With warm shampoo of CURTIS SOAP and light dressings of CURTIS OIL, the hair grows fast and thick. This treatment at once stops falling hair, removes crabs, scales, and dandruff, soothes irritated, itching surfaces, stimulates the hair follicles, supplies the roots with energy and nourishment, and makes the hair grow when all else fails. Sold throughout the world. For Sale at D. W. C. Cope, Salt Lake, Utah. How to Make Beautiful Hair.

American congress in that city next year.

The jury which sat in the trial of Frederick Eastwood at Milwaukee, Wis., charged with murdering Franklin E. Fenn, returned a verdict of murder in the first degree.

Democrats of Wisconsin will meet today in Milwaukee to nominate a State ticket. Clark L. Hood of La-Crosse, will be the temporary presiding officer.

"Regular" or Dupont Republicans held their State convention in Wilmington, Del., yesterday, electing former Congressman Jonathan S. Willis temporary chairman.

Miss Marie Tempest made her debut in comedy yesterday in London at Prince of Wales theater in Anthony Hope's and Edward Rose's dramatization of "Simon Dale."

Operations were resumed yesterday at Pittsburg, Pa., at all the factories of the National Glass company (tablets), which the resumption gives employment to 4,000 men.

Twenty-five prisoners concerned in the Cavendish, Glasgow, riots have been convicted. Twenty of the accused were sentenced to death, one to transportation and four were acquitted.

Five miners were smothered to death in the Issaquah Coal company's mines at Issaquah, Wash., yesterday forenoon. A brush fire spread through the mine, and the miners were killed.

At Guthrie, O. T., Tuesday, six men lost their lives by the sinking of a well. They were Howard Ellis, E. T. Shafroth, H. R. Wales, Jerome Hill, S. R. Stude and John Meade.

Deputy Sheriff White left Pittsburg, Neb., last night with Charles Ardel, indicted at Fresno, Cal., for murder. Ardel was living in the town under the name of Perry and resisted extradition.

A severe windstorm swept over Lincoln, Neb., at noon yesterday. A velocity of seventy-five miles per hour was reached. The wind uprooted trees, broke many windows and unroofed a number of buildings.

An inquest held at Liverpool yesterday into the circumstances attending the death of Terence Kelley, a shipping clerk, revealed the fact that he came to England from the United States, where his wife and children are now.

Charles F. Wheelock, a merchant of Grand Gulf, near Port Gibson, Miss., last night shot and killed W. C. Williams, a fisherman, and the seven-year-old son of Williams, and mortally wounded a negro boy.

The Republican State committee adopted in Philadelphia resolutions yesterday denouncing the action of the anti-quota section of the party in advocating fusion with the Democrats in certain legislative districts.

The Democratic campaign in Missouri was opened yesterday at St. Louis in the presence of nearly 4,000 people. A parade was followed by speech-making. The principal address was made by Hon. Adlai E. Stevenson.

Hon. Tamm Bixby, who for three years has been acting chairman of the Dawes commission, yesterday forwarded his resignation to the secretary of the interior. Mr. Bixby has been selected as chairman of the Republican State central committee of Minnesota.

In a four-handed duel in Polk county, Tex., resulting from a quarrel over family affairs, yesterday, four men were instantly killed and John and Charles Baker probably fatally wounded. The men battled at twenty paces with Winchester.

It is announced from Washington that William McMillen, a Canon City, Nev., has been appointed inspector of surveyors-general and local land offices. Mr. McMillen was the Republican candidate for governor of Nevada in the last election. His appointment to the office, of which there are only three in the United States, fills a vacancy that has existed for two years. He was recommended by both senators from Nevada and other leading men of that State. He will draw \$2,000 a year and subsistence.

### G. A. R. ENCAMPMENT.

### Engrossed Copy of Resolutions Prepared and Signed by City Officials.

A beautifully engrossed copy of the Council resolution inviting the G. A. R. to hold its next encampment here has been executed by County Recorder J. C. Jensen. The document is written in engraver's script, and was today signed in behalf of the city by Mayor Thompson and Recorder Naylor. It will now be delivered to Major M. A. Breiden, commander of the Utah department of the G. A. R., with the request that he present it to the national convention, which convenes in Chicago on the 27th inst., and urge its acceptance upon the members.

### STOLE FUNDS FROM BAND.

Elmerah J. McCampbell instituted divorce proceedings in the Third district court yesterday against Geo. McCampbell, basing her suit on the grounds of desertion and failure to support. The parties were married in this city in April, 1897. The defendant is a United States soldier, now serving a term in California. His wife says for stealing funds belonging to a band of which he was formerly a member.

### FUNERAL OF JOS. GERBER.

### Impressive Services at Masonic Temple Today—Interment at Mt. Olivet.

The local members of the Masonic order and a host of visiting ones, turned out en masse today to attend the funeral of Joseph Gerber, the well-known assayer, who passed away at his home, 215 west Third North street, last Sunday morning. The services were held at the Masonic Temple, and the interment was in the family lot in Mt. Olivet cemetery.

Mr. Gerber was among the first settlers of the Timpani mining district, but he lived there for twenty years. His honesty and industry won for him the friendship of nearly all who knew him, and the announcement of his death has caused genuine regret throughout the district.

Eighteen months ago he was elected district recorder, but a year ago he was seized with Bright's disease, and he moved to Salt Lake. He received the best medical care that was given him, but it was in vain, and after a twelve-month of intense suffering he was released from all pain forever.

He leaves a wife and four children, and enough means to make them comfortable.

### FROM ATTORNEY-GENERAL.

### Answers State Board of Equalization in Regard to Koosharem.

Attorney General Bishop has been asked the question by the State board of equalization, whether or not the increase of assessment ordered by the board upon all property in Sevier county would apply to the assessment of the property in Koosharem, which a recent survey of the boundary line between Sevier and Piute counties shows the property in question to be in the former county.

Mr. Bishop answers that since the property in dispute has not been assessed such assessment should be made at its true cash value, the only purpose of the board in increasing the valuation of property in Sevier county being to raise it up to the standard of its true value.

## LIGHT FROSTS DURING WEEK.

Scattered Showers Occurred in  
Different Parts of the State.

## ONLY A TRACE IN SALT LAKE

Potatoes of Good Quality With an  
Average Yield—Scarcely of Water  
and Crop Destroying Grasshoppers.

Weekly crop bulletin, Salt Lake City, Utah, August 21, 1900.—U. S. Department of Agriculture, climate and crop bulletin of the Weather Bureau, Utah section, for the week ending August 20, 1900.

The mean temperature was about normal, possibly slightly deficient over the southern portion of the State. Light frosts occurred in several localities of high altitude but did very little damage. Scattered showers occurred over the State the last two days of the week, but as most of the reports were mailed on the 15th it is impossible to state how general or heavy they were. Salt Lake City received but a trace, while Cedar City had 42 inch. Potatoes are of unusually good quality and the yield will be about the average. The dry weather and scarcity of water have interfered with the maturing of the corn crop and its yield will not be up to the average. Grasshoppers are very numerous and in several localities are damaging corn, potatoes, lucern seed, gardens and orchards. The trees have begun to shed their leaves as a result of the drought. The sowing of fall grain has commenced in Utah county.

DEVELOPMENTS OF REMARKS.

Develving, Boxelder Co.—Dry and considerable wind. Threshing still in progress. Grasshoppers are doing well. The lucern seed, corn on irrigated lands is doing well, but that on dry lands is a failure. Late potatoes promise a fair crop.—John Germer.

Alameda, Boxelder Co.—Cool but good growing weather for the third crop of lucern. Threshing is well advanced. Condition of corn is far above the average.—W. E. Johnson.

Tooled, Tooele Co.—Drying winds during the week. Watered corn is doing fine and will make about an average crop. Dry farm corn, which was not planted too thick, will make something. Early potatoes have yielded well. There is prospect for a good crop of late ones.—L. J. Elkington.

Levan, Juab Co.—Corn has had no water in this section but still it is making ears. Irrigated potatoes will make an average crop but those not irrigated will be a failure. The week has been dry and windy; some fruit has been blown off the trees. Apples are wormy.—Wm. Brown.

Juab, Juab Co.—The nights have been cool. Irrigated corn will make a fair yield, but that on dry lands will be a failure. Potatoes will make a light yield but will be of good size and quality.—C. S. Graham.

Hyrum, Cache Co.—Very dry and high winds during the days. Second crop of alfalfa nearly all in the stack. Threshing has commenced. Trees are shedding their leaves on account of the drought. Corn is not quite up to the average. Potatoes are doing well. A fair yield of water will make about an average crop.—Jas. Almond.

Paradise, Cache Co.—Hot and dry. Second crop of lucern is in the stack. Grain cutting is nearly finished. Threshing has begun. Wheat is turning out better than was expected. Potatoes are looking well.—Jas. Lathrop.

Plain City, Weber Co.—Corn is well matured and will give about the average yield. There is no prospect for a good crop of late ones. Potatoes will be a short crop. Threshing is about half completed; the yields have been fair. Second crop of lucern has been stored.—Chas. Neal.

Huntsville, Weber Co.—The harvest of wheat and oats is about completed. Second crop of lucern is being cut and is short in many places on account of scarcity of water. Potatoes look well.—Lars Peterson.

Morgan, Morgan Co.—Fairly cloudy weather. Harvesting is progressing. Second crop of lucern is about half cut; where it has had plenty of water the yields are good, but many fields are nearly a failure. Wheat will make a fair yield.—R. G. Welch.

Peterson, Morgan Co.—Hot, dry and windy weather. Harvest will be completed next week. Potatoes will make an average crop.—Eli Whitteer.

Kayville, Davis Co.—Potatoes and corn, as a rule, look well. Sugar beets are doing fairly well. Grasshoppers are doing considerable damage to orchards and late gardens. Fields and ranges are very dry.—J. W. Gentry.

Idaho, Idaho Co.—High dry southerly winds have made vegetation look withered. Third crop of lucern is being gathered and is very light. Corn is in good condition.—D. W. Fenwick.

Herriman, Salt Lake Co.—Potatoes are in fair condition, but late. Second crop of lucern was very light and is all stored. Threshing is completed and the grain yield was far below the average.—J. C. G. Welch.

Taylorville, Salt Lake Co.—High south winds and cool nights have interfered with the advancement of the corn crop. The condition of the potato crop is fully up to the average.—J. R. Bringham.

Santaquin, Utah Co.—Dry and windy. Fall grain is being sown. The corn crop is almost a failure and potatoes will be very scarce on account of drought and grasshoppers.—C. L. Dubois.

American Fork, Utah Co.—Dry, with cooler nights. The drought is causing the leaves to fall from both fruit and shade trees. The drought and grasshoppers are injuring corn. Potatoes will not make an average crop on the uplands.—J. C. Wagstaff.

Ephraim, Sanpete Co.—Warm days and cool nights. Grain is all in the stack, and the second crop of lucern has been stored. Threshing has commenced; grain is shrunken and smutty.—A. C. Nielson.

Manti, Sanpete Co.—No rain in the valley, but light showers in the mountains. Corn and potatoes promise good yields. Grain is nearly all in the stack and threshing will commence next week. The second crop of lucern is being cut and will yield about two-thirds the usual amount.—A. W. Hagg.

Meadowville, Rich Co.—Dry, with warm days and cool nights. Wheat and oat harvest completed. Second crop of lucern in blossom. Potatoes are the best in years and will make a heavy yield. The corn crop is very light.—J. S. Moffat.

Hoyleville, Summit Co.—Potatoes will make an average crop.

Wentworth, Garfield Co.—Potatoes are in fair condition, but late. Second crop of lucern was very light and is all stored. Threshing is completed and the grain yield was far below the average.—J. C. G. Welch.

Idaho, Idaho Co.—High dry southerly winds have made vegetation look withered. Third crop of lucern is being gathered and is very light. Corn is in good condition.—D. W. Fenwick.

Herriman, Salt Lake Co.—Potatoes are in fair condition, but late. Second crop of lucern was very light and is all stored. Threshing is completed and the grain yield was far below the average.—J. C. G. Welch.

Taylorville, Salt Lake Co.—High south winds and cool nights have interfered with the advancement of the corn crop. The condition of the potato crop is fully up to the average.—J. R. Bringham.

Santaquin, Utah Co.—Dry and windy. Fall grain is being sown. The corn crop is almost a failure and potatoes will be very scarce on account of drought and grasshoppers.—C. L. Dubois.

American Fork, Utah Co.—Dry, with cooler nights. The drought is causing the leaves to fall from both fruit and shade trees. The drought and grasshoppers are injuring corn. Potatoes will not make an average crop on the uplands.—J. C. Wagstaff.

Ephraim, Sanpete Co.—Warm days and cool nights. Grain is all in the stack, and the second crop of lucern has been stored. Threshing has commenced; grain is shrunken and smutty.—A. C. Nielson.

Manti, Sanpete Co.—No rain in the valley, but light showers in the mountains. Corn and potatoes promise good yields. Grain is nearly all in the stack and threshing will commence next week. The second crop of lucern is being cut and will yield about two-thirds the usual amount.—A. W. Hagg.

Meadowville, Rich Co.—Dry, with warm days and cool nights. Wheat and oat harvest completed. Second crop of lucern in blossom. Potatoes are the best in years and will make a heavy yield. The corn crop is very light.—J. S. Moffat.

Hoyleville, Summit Co.—Potatoes will make an average crop.

## WE'VE BEEN BUILDING SHOES

So long that sometimes we think it's impossible for us to make a mistake.

Once in a while though a little one slips in.

If you should get it Bring it back. We'll make it right.

We build Boys' shoes. We build Men's shoes. For Boys, \$1.25 up. For Men, \$1.75 up.

## ROBINSON BROS. CO., SHOE BUILDERS, 124 Main St.

make an average crop. Oats are all cut and what is being harvested. Second crop of lucern is light and being cut.—Fremont Mail.

Heber, Wasatch Co.—Dry, with hot days and cool nights. Some frost, which nipped tender plants a little. Threshing has commenced.—John Crook.

Midway, Wasatch Co.—Potato crop is up to the average in yield and the quality is very good. Windy and cooler with light frost in exposed localities.—John Huber.

Holzer, Carbon Co.—The potato crop is in good condition and will yield above the average.—J. Tom Fitch.

Hackney, Millard Co.—Dry winds have prevailed all the week. Corn and potatoes generally are a failure. Grain about all thrashed and lucern seed being cut; compared with other years lucern seed is a very light crop.—W. A. Revere.

Leavet, Millard Co.—High winds and no rain. Both corn and potatoes are a failure. In fact, all crops except lucern, have failed. On the range cattle are suffering for food and water.—John Bennett.

Blodgett, Sevier Co.—Hot and windy during first half of the week, cloudy and windy during the latter half. Harvesting nearly all done and threshing begun. Second crop of lucern is being cut. Sugar beets are doing well.—H. P. Hansen.

Joseph, Sevier Co.—Wheat all cut; the crop was very light. Potatoes suffering for water, and will make about half a crop. War scare and many weeds are dry.—Ed Newby.

Plateau, Sevier Co.—Nights getting cool; very light frost on one morning. Potatoes give promise of a good crop. Hay is being cut and stored.—W. H. Schuck.

Green River, Emery Co.—Corn is doing well. The yield of grapes is unusually large; fruit crop of apples, peaches and prunes.—John T. Farrer Jr.

Emery, Emery Co.—An average crop of corn is about matured; on account of the hot and dry weather potatoes will not make more than half a crop.—H. C. Wickham.

Mohr, Grand Co.—Corn and potatoes are a failure. Fruit trees and grape vines dying. Water for irrigating purposes very scarce.—Henry Crouse.

Greenville, Beaver Co.—Weather cooler, but no rain. The range has dried up. A good portion of the fruit has fallen from the trees. Threshing is progressing slowly. Late potatoes are looking well and corn, also, where it has had water.—Wm. Wood.

Kinman, Piute Co.—Light frost first of the week nipped lucern and potatoes. Corn and potatoes are doing well. Second crop of lucern is light. Grain is being harvested, the crop is light.—H. Kenner.

Thurber, Wayne Co.—Good average crops of both corn and potatoes. Wheat and oats are being cut as rapidly as possible. The weather has been dry and windy; light frost on the 13th.—James Grant.

Parowan, Iron Co.—Corn and potatoes will make a fair crop, corn that has had no water is a total failure. Farmers are busy stacking grain and harvesting the second crop of lucern.—Jas. Connell.

Coyote, Garfield Co.—Windy with cool nights. Frost on the nights of the 12th, 14th and 15th, which nipped potatoes and killed tender plants but did no serious damage. Wheat harvest and cutting of meadow hay in full operation. Second crop of lucern is being cut. Potato crop will be fairly good.—H. J. McCullough.

St. George, Washington Co.—Corn and potatoes are not in good condition on account of the extreme dryness of the atmosphere.—James G. Bleak.

Plato, Washington Co.—Cooler and less wind
