The citizens of New York and vicinity have, no doubt, noticed our frequent advice, not to wait until a cough or cold had become thoroughly seafed on their lungs, and they were in almost the last stages of consumption, but take care of themselves in time. "An ounce of prevention is as good as a pound of cure." All Coughs, Colds, Hoarseness, Difficult Breathing, and all affections of the Throat, Bronchial Tubes and Lungs, leading to Consumption, can certainly be cured by using "Hale's Honey of Horehound and Tar," an article which is now prepared according to the original receipt of the late Dr. Hale, a celebrated physician of Europe. The simple truth is, Conkling went to Mentor on the special urgent and friendly invitation of Gen. It is understood among Conkling's friends that he went with a strong desire to help L. P. Morton to the secretaryship of the Treasury; that he had nothing to ask for himself, and if Gen.
