LOCAL BRIEFS.

The buildings and ground committee of the board of education will meet tomorrow morning.

The city board of health held its regular monthly meeting today and transacted only routine business.

Colonel N. W. Clayton has gone to Island Park, with Mr. Bancroft and other prominent railroad men, to fish and hunt.

Manager Harris of the Commercial club has gone to Brighton to fish for sea bass and terrapin, but particularly terrapin.

Miss Lois Rouse, Howard Don, David M. Berchtesel and Frank M. McCarthy are the four new clerks at the Salt Lake postoffice and already at work.

State Statistician Fred Price has appointed H. A. McMillan as his deputy. The appointment became effective July 3.

A party of Shoshone Power company officials will travel from this city to Auger Falls, Ida., by automobile in a few days, to locate transmission stations for the proposed power line to this city.

N. Hagawa, the Japanese who accidentally shot himself in the abdomen recently while hunting, died last evening, at the Holy Cross hospital from the effects of the accident, and his countrymen resident in this city, will give him burial.

Local contractors are finding it hard to get all the bricklayers they want, as many left town last fall for Los Angeles, when it seemed as though there would be little doing in Salt Lake this season; and now wages are as high as $6 per day.

Articles of incorporation were filed yesterday of the Lake Shore Duck club of Weber county. The capital stock is divided into 100 shares, of the par value of $40, and the officers of the association are John Browning, Jr., president; S. W. Badcon, vice president; T. R. Connelly, secretary, and G. W. Baker, treasurer.

The Jewish Ladies' Progressive Aid society held its annual election yesterday afternoon at the Montifiore synagogue, with this result: President, Mrs. E. Kahn, re-elected; vice president, Mrs. B. Salmonson; secretary, Mrs. L. Smith; treasurer, Mrs. J. Sharpino; trustees, Mrs. M. Nathan, D. Bernstein, L. Glasier.

The total collections of the internal revenue office for the fiscal year ending June 30, 1905, amounted to $486,959.49 as against $442,019.78 for the previous year, an increase this year of $44,960.62. The collections this year established a new record, but Collector Callister is of the opinion that the ensuing year will show a still greater increase, and that the collections will go over $500,000.

Miss Katherine Williams, daughter of Parley L. Williams, was elected yesterday afternoon, president of the Women's Auxiliary of the Y. M. C. A. Mrs. O. A. Honnold was chosen vice president, Mrs. A. H. Roxrud, secretary, and Mrs. W. Mont Ferry, treasurer. The auxiliary will lay linoleum in the Boys' room of the association, and has bought for the boys a set of shuffle boards.

A man named J. V. Morse was yesterday arrested by Officer Olson for peddling without a license. His wares consisted of a number of live chameleons, which he was disposing of on the street. He was much surprised when informed that he must take out a license, and was more surprised when required to put up a $10 bond. He will appear before Judge Diehl tomorrow.

One "Francis-o" was arraigned before Judge Diehl yesterday on a charge of vagrancy. The fellow couldn't understand English, neither could he comprehend Spanish of the brand dealt out by his honor. With Officer Emil Johnson as interpreter, it was ascertained that the man had been working on the San Pedro road at Las Vegas. He was perfectly willing to leave town, and the judge said, "Go."

The wisdom of Mayor Morris' proclamation prohibiting explosion of cartridges or caps under street cars is illustrated in a very recent experience at Danbury, Conn., where Mrs. Mary Davis, aged 60, met her death as the result of boys placing powder caps on the trolley car rails. A series of loud explosions resulted as the car passed over them, and this frightened Mrs. Davis so that she leaped from the car, and striking on her head, fractured her skull. Mrs. Henry Van Sante of Bethel, Conn., also was frightened and jumped, and was seriously, though not fatally injured.

Seven youngsters were yesterday arrested for prematurely celebrating the Fourth, contrary to the rules established by the city authorities. Four of the lads appeared in court, while three had been let go on their promise to show up in court. Failing to keep their word, Judge Diehl ordered bench warrants to be issued for their appearance, and the case of the four was postponed until the others would be present. Another boy was arrested by Patrolman Cluff for placing dynamite bombs on the street car tracks last night. He had used nearly a package when detected. He will appear before Judge Brown in the juvenile court tomorrow.

Zion's Savings Bank and Trust Company was organized in 1873, and now opens an average of more than 10 new accounts every day. We want YOUR business. Jos. F. Smith, President; George M. Cannon, Cashier.

SALT LAKE HAS LOW DEATH RATE.

During June There Were But Thirty-Eight Resident Deaths In This City.

THE LOWEST FOR SIX YEARS.

Good Work by the Sanitary Inspectors in Abating Nuisances and Handling Garbage.

During the month of June there were 38 resident deaths in the city which is the lowest for any month since November, 1899. The report of Clerk Brothers of the city board of health, also shows that there were 19 non-resident deaths in the city during the month. The resident deaths during June of last year numbered 54. The report shows the number of births for the month to be 127, of which 62 were males and 65 were females. During the month there were 12 bodies brought here for interment and 16 shipped away for interment elsewhere.

NUISANCES ABATED.

The sanitary inspectors attended to 78 complaints and made 3,160 inspections. Thirty-six nuisances were abated; 75 notices to remove manure and other refuse were served; 37 notices to connect with the sewer were served and 25 sewer connections were made. A total of 3,000 loads of ashes and garbage was dumped at the city dumping grounds and at the crematory 338 loads of garbage and 12 loads of swill were destroyed. Animals destroyed at the crematory during the month were 20 horses, 107 dogs, 5 cows, 5 cats and 1 hog.

FOOD INSPECTED.

There were 6,734 pounds of food condemned by the food inspector during the month, who made the following inspections: Ninety-five groceries, 31 hotels, 120 commission houses, 29 bakeries, 87 meat markets, 30 dairies, 83 restaurants, 3 slaughterhouses, 57 fish markets, 1 hog ranch and 5 breweries. Of 64 samples of milk inspected and tested, all were found to be of required standard and above.

CONTAGIOUS DISEASES.

The total number of contagious diseases reported during the month was 45, segregated as follows: Diphtheria 7, scarlet fever 5, measles 2, typhoid 1, smallpox 24, varioloid 3, chickenpox 1, whooping cough 1. This is exactly the same number reported in June, 1904, but in June, 1903, there were reported 99 cases of contagious diseases.

Croup.

Is a violent inflammation of the mucous membrane of the wind pipe, which sometimes extends to the larynx and bronchial tubes; and is one of the most dangerous diseases of children. It almost always comes on in the night. Give frequent small doses of Ballard's Horehound Syrup and apply Ballard's Snow Liniment externally to the throat. 25c, 50c, $1.00. Sold by Z. C. M. I. BIG PHONE MAN HERE.

Prest. Fish Arrives in Salt Lake and Tells of Talk Possibilities.

President F. P. Fish of the American Telephone and Telegraph company, who some time ago was a visitor in this city, arrived last night, on another visit, while en route across the continent, and registered at the Knutsford hotel. He is in conference today with the officials of the Rocky Mountain Bell Telephone company, and in an interview said that the telephone business is growing at a very rapid rate, and the time is coming when a telephone will be found in every household. The toll lines of the Bell company are being lengthened in the United States at the rate of a thousand miles a day, and the general business is of course increasing proportionately. Mr. Fish does not think it will be practicable to talk from one side of the continent to the other, even when the 170 mile gap between the eastern and western systems is closed, because present appliances are not yet sufficiently developed; but at the present rate of progress in telephonic acoustics, the time may come when San Francisco and New York may talk with each other.

But Mr. Fish says that Omaha and Boston are able to converse satisfactorily, and Milwaukee, Boston and Atlanta, Ga., can talk over the wires. Mr. Fish speaks in a complimentary vein as to the ability of the management of the Rocky Mountain Bell company, and says that 12 per cent of Salt Lake people were subscribers to the local Bell company on Jan. 1 last, which is considered by eastern 'phone managers a high percentage.

Poisons in Food.

Perhaps you don't realize that many pain poisons originate in your food, but some day you may feel a twinge of dyspepsia that will convince you. Dr. King's New Life Pills are guaranteed to cure all sickness due to poisons of indigested food—or money back. 25c at Z. C. M. I. Drug Dept.

THE WASATCH RESORT

In Little Cottonwood canyon will be opened up on the 15th of June, under the management of Ernest Boyce.

AMUSEMENTS.

"The Senator's Wife" is the bill with which the Bittner company opened this week at the Grand, and on its initial performance last night a decided hit was scored, which bids fair to be followed by a heavy half week of business. The play is well adapted to the abilities of the company, and is a pleasing society comedy-drama, the story of which deals with life in Washington and Newport, with political ambitions and love stories plentifully interwoven. "The Senator's Wife" remains the bill until Wednesday evening including the usual Wednesday matinee. Bittner, the big man, does some of the best work he has done thus far in the engagement, in "The Senator's Wife."

* * *

Victory Bateman appeared at the "Utahna" theater last night, playing the leading role in one of the dramas of the hour, "Frenzied Finance." While this sort of thing is not the line in which Miss Bateman excels, her artistic achievements are such that she brings excellence out of a mediocre play, and her work was full of interest. Many of her friends were present to bid her welcome. It is reported that the management may later revive "Caprice," "Frou Frou," or some other of the plays with which Miss Bateman's name is so successfully linked. "Frenzied Finance" goes again tonight.

CHOLERA INFANTUM.

Child Not Expected to Live from One Hour to Another but Cured by Chamberlain's Colic, Cholera and Diarrhoea Remedy.

Ruth, the little daughter, of E. N. Dewey, of Agnewville, Va., was seriously ill of cholera infantum last summer. "We gave her up and did not expect her to live from one hour to another," he says; "I happened to think of Chamberlain's Colic, Cholera and Diarrhoea Remedy and got a bottle of it from the store. In five hours I saw a change for the better. We kept on giving it and before she had taken the half of one small bottle she was well." This remedy is for sale by all druggists.

PUBLIC RECEPTION.

On Wednesday afternoon, July 5th, the Independent Telephone Co. receive their friends from 2 to 6, the occasion being the first anniversary of the opening of their exchange.

One Dollar Saved Represents Ten Dollars Earned.

The average man does not save to exceed ten per cent of his earnings. He must spend nine dollars in living expenses for every dollar saved. That being the case he cannot be too careful about unnecessary expenses. Very often a few cents properly invested, like buying seeds for his garden, will save several dollars outlay later on. It is the same in buying Chamberlain's Colic, Cholera and Diarrhoea Remedy. It costs but a few cents, and a bottle of it in the house often saves a doctor's bill of several dollars. For sale by all druggists.

Grave Trouble Foreseen.

It needs but little foresight, to tell, that when your stomach and liver are badly affected, grave trouble is ahead, unless you take the proper medicine for your disease, as Mrs. John A. Young, of Clay, N. Y., did. She says: "I had neuralgia of the liver and stomach, my heart was weakened, and I could not eat. I was very bad for a long time, but in Electric Bitters, I found just what I needed, for they quickly relieved and cured me." Best medicine for weak women. Sold under guarantee by Z. C. M. I. Fraud Exposed.

A few counterfeiters have lately been making and trying to sell imitations of Dr. Kings New Discovery for Consumption, Coughs and Colds, and other medicines, thereby defrauding the public. This is to warn you to beware of such people, who seek to profit, through stealing the reputation of remedies which have been successfully curing disease, for over 35 years. A sure protection, to you, is our name on the wrapper. Look for it, on all Dr. King's or Bucklen's remedies, as all others are mere imitations. H. E.
