For all the better position of salous rivals, no better illustration could be had of this fact than the immense sale already attained by the great Throat and Lung Remedy, Dr. Aug. Kaiser's German Elixir. For the cure of Coughs and Bronchial Affections, it is truly wonderful, even those suffering from Consumption in advanced stages find great relief, and numbers of patients have found, to their delight, not only relief, but cure. It being perfectly harmless, makes it as once popular with mothers, who of all others have felt the necessity of such a medicine. The genuine bears the Prussian Coat of Arms, the fac-simile signature of Dr. Aug. Kaiser, and has his name blown on every 75 cent bottle. A trial size may be had for 25 cents.

EVENING NEWS.

Tuesday, September 9, 1879.

LOCAL AND OTHER MATTERS.

Thermometer.—The mercury stood 93°, this afternoon.

New Sidewalk.—A new piece of sidewalk is being placed in front of the Post Office. Hallelujah!

Emigrants.—By special telegram we learn that a company of Saints, numbering 338 souls, left Liverpool on the 6th inst. for Utah.

Departed.—Mr. Jay L. Torrey, the gentlemanly correspondent of the *St. Louis Globe Democrat*, who has been spending several days in Salt Lake, left for the East this morning.

Pleasant Call.—We had a pleasant call this afternoon from Mr. George W. Lyon, of the well known musical firm of Lyon & Healy, Chicago. Mr. L. was accompanied by his wife, and chaperoned by Mr. D. O. Calder, of this city.

A Change.—The last number of the *Beaver Chronicle* announces the intention of that paper, to appear henceforth as a tri-weekly, "for various reasons." The editors hope to furnish a better paper by that means, and promises their subscribers that the change will not interfere in the least with previous arrangements.

Beaver Items.—From the *Chronicle* we glean the following:

P. T. Farnsworth, Supt. of the Beaver Co-op., has returned from East.

A prisoner named Duffy made his escape from jail last Thursday. The petit jury on the Dusterberg case were confined so long in the small jury room, with but one meal, that some of them when released were quite sick.

Departing Missionaries.—The following are the names of a party of missionaries who left this morning for Scandinavia: Ludwig Suhrke, Carl John Oberg, Mons Nielsen, C. Anthon Christensen, Christian Jensen, Niels Thomassen, Niels B. Adler, Niels C. Larsen, Erick O. Blyland, Christian L. Hansen and Christian Olsen.

Dr. Lawrence C. Mariger, who has been up from the south several days, joins the party at Ogden.

Amusing Mistake.—Mistakes are often amusing as they are annoying, but when a man is on his way home in the street-car with his lap full of newspapers, it is just as annoying as it is amusing to be taken for a newsboy, and have an honest miser over the way hand you ten cents and ask for *Harpers' Weekly*, yet such was the expectancy of a certain gentleman of this city last Saturday evening.

A Good Choir.—A good choir is one of the most enjoyable features of a religious meeting. Not only are the speakers inspired by the influence exerted by the singing, but the whole congregation is united in a more closely in sympathy with the spirit of the occasion. One of the best choirs we have had the pleasure of listening to lately, is that of the 8th Ward, which, owing to the energetic labors of Brother John M. Chamberlain, the leader, is fast becoming second to none in this kind and size. Their selections are tastefully made, and the music in which they render thus far most pleasing.

"Dispatch" Notes.—Heavy fires in the mountains around Ogden still continue.

Mr. J. H. Paine, of Washington, was in Ogden Saturday, and left for California that evening. He has been sent out by the Commissioner of Agriculture, at Washington, to collect specimens of soil from numerous points throughout the West, which are to be sent to Washington and analyzed, for the purpose of determining their character and to the production of what grains and vegetables they are best adapted, that suitable seeds may be sent the settlers in the respective localities when applied for. Ogden has been made one of the points for Mr. Paine to visit, and he took several specimens of the soils around there, including both bottom and bottom lands. On his return he will probably take a sample of the soil bordering on the Lake.

Friend Seagraves, whose recently discovered hair vigor brought such a full growth of the capillary vegetation upon the glossy cranium of Mr. Nat. Heath, one of the hand-somest conductors in Wyoming, is about to get into a law suit over the affair. He charged Heath \$5,000, but the latter declines to pay; hence the little unpleasantness.

A couple were married in Ogden by a minister, on Friday evening. Next morning the bridegroom decamped, leaving his newly wedded wife to bemoan his treachery and her own haste. She does not even know his name.

A pistol was accidentally dropped on the Union Depot platform, Saturday, and discharged, the ball passing close to the heads of several gentlemen near by.

Butler, one of the parties to the saloon row the other evening, yesterday pleaded guilty, was fined \$10 and costs and discharged.

The contracts for government supplies for Fort Fetterman and Fort McKinny, have been awarded to Messrs. David Kay and L. B. Adams, respectively.

District Court.—Proceedings in the District Court, Tuesday morning, Sep. 9, 1879, Hunter, C. J. presiding:

I. O. Dewey vs. James McKnight; depositions were taken.

United States vs. Josiah Hosmer; demurrer to complaint, on the ground that action did not accrue within the statutory period, overruled.

Stephen Garrett vs. Arle Pinedo; settled and dismissed.

Hattie McKnight vs. Jas. McKnight; default as to defendant Boatman set aside, and by consent of plaintiff his answer to amended complaint shall be considered as the answer to plaintiff's second amended complaint, filed Feb. 28, 1879.

Moroni Edwards vs. Samuel McIntyre et al.; by stipulation cause dismissed; defendants not to tax any costs against plaintiff.

Paul Bens, assignee, etc., vs. M. Shaugnessy, etc.; by agreement placed at the foot of the law and motion calendar.

Mary L. Cutler vs. Utah Central R. R. Co.; motion for a new trial being argued.

Terrible Catastrophe.—We learn from this morning's *Juncton*, the particulars of a fearful occurrence that took place in Ogden last evening, about 7 o'clock, by which Willie Allen, a young boy 12 years of age, met with an accident that will probably terminate his life. A tight rope exhibition was going on, a man named Meggison being the performer. The rope had been stretched across the street from Dooley's bank to Child's store on Main street, and along this Meggison was walking, with the boy on his back. When nearly across, he lost his balance from the rope becoming unsteady, and the boy being unable to keep his hold was precipitated to the hard concrete pavement, 40 feet below, alighting on his head and right shoulder. Meggison was arrested. Public opinion runs high against him. The boy Allen is a native of Junction City, Kansas. No hope is entertained for his recovery.

Furious Runaway.—Last evening, about 7 o'clock, a wagon with a span of horses, driven by a man apparently the worse for liquor, started from somewhere near the Washolt Building, and came up Main street at a lively gallop as far as Godbe's. Turning around at this point, they started down on the other side of road at a much faster speed, the horses becoming furious and unmanageable. Near the Cliff House the driver was knocked off the seat into the bottom of the wagon box, but retained his hold of the lines and vanished in the dust and distance. That no one was hurt is almost miraculous, considering the crowded street and the reckless career of the runaway.

"Equidist" Items.—The Academy still continues to enroll new students.

Mrs. King, formerly of Provo, while crossing a bridge in a wagon at Spanish Fork, last Tuesday, was thrown out and her arm broken just above the wrist.

The factory has purchased a quantity of peat from the Lake Bottom beds to test its qualities as a steam generator.

On Wednesday, August 6th, Royer, of Payson, gave an overdose of morphine to his little five year old child, which died a few hours afterward. The prosecuting attorney is investigating the matter.

St. Charles, Advice, dated 3rd inst., from St. Charles, Bear Lake, per E. B. Hunt, Esq., state that a very warm term of weather had just been experienced, but a frost appearing since, had injured some of the less hardy crops more or less. Grain was about an average. Frost had injured hay. Fire in the mountains and on the plain was doing considerable damage, being aggravated by furious winds which were of daily occurrence in that vicinity of late.

Base Ball.—On Saturday a game of ball was played at Draper, between the club of that settlement and the Mill Creek nine, resulting in a score of 18 to 13 in favor of the former. The Drapers took the lead of the game for the first three innings, but their opponents took a start, and at the end of the fifth were five runs ahead. The tide turned again, however, in favor of the Drapers, and six runs scored in the ninth innings left the score as above.

Cricketers.—The cricketers to play in the return match with the Fort Douglas club on Thursday next, the 11th inst., will be picked from the following named gentlemen; the game to commence at 12 o'clock sharp. The gentlemen will please be on the ground at 11 30 sharp:

J. Payne, R. Collett, A. Wild, J. Platt, Capt. C. Toms, R. Polcher, Dr. G. G. Critchley, J. Cook, C. Platt, Jan., G. Barton, R. Robinson.

Umpires—H. McEwan, Mr. Pickard.

His Plea.—In the Police Court, on Saturday, one of a number of culprits arrested for being engaged in a saloon fight, on being asked, "Well sir, how do you plead?" replied, "Well, Judge, I plead this: I went into the saloon and saw some men fighting. I went up to one of them and began encouraging him for his unseemly conduct, and he struck me. I would have been a son of a ghost if I had not hit him back." "Oh, no, you wouldn't," said the Justice. "Oh, yes, I would, Judge." His honor subsided.

The Land Commission.—The members of the Land Commission met yesterday afternoon, to prosecute their labors, at the U. S. Land Office. A number of witnesses were examined, among them Messrs. Salomon and Burgess, as to the system of surveying, agricultural and mineral, now in vogue, and gave suggestions concerning the matter as they thought advisable.

The afternoon another session is being held, the purpose being to examine the laws regarding public agricultural and mineral lands, and hear the opinions of leading mining men and other citizens, concerning improvements that might be made therein. The result of the deliberations of the commission will doubtless be the establishment of the system of triangulation, to supersede the method of surveying called "chaining," at present in common use.

A Hint to Workmen.

The honest workmen of the country, many of whom have large and increasing families to support, have been the chief sufferers from the great financial pressure under which we have labored for the last few years. Diminished wages have not been attended by a corresponding diminution in price of everything which the workman needs. Rent, fuel, food, and clothing are cheaper, but these do not constitute all his necessities. It is sometimes necessary for him to employ a lawyer or a physician, yet the fee rates of physicians and lawyers are as high as they were in "flush" times. Yet cheap medicines are as necessary as cheap rent or fuel. Cheap medicines are not necessarily poor medicines. It must be obvious to every intelligent person that medicines compounded and put up at wholesale, can be sold at much lower rates than when retailed from the doctor's pill bag. Dr. Pierce's Golden Medical Discovery and Pleasant Purgative Pellets have completely restored persons who had spent thousands of dollars in vainly seeking relief from private practitioners, and all at a very slight expenditure.

DIED.

In Mill Creek Ward, August 26th, 1879, HOWARD FAIRBORN, son of Samuel and Charlotte Fairborn. Deceased was born in Yorkshire, England, Dec. 4th, 1857. Has been a member of the Church and for many years a useful and efficient member in his ward, and his loss is keenly felt and deeply regretted by all his friends and associates. He remained to the last in the best of health, and was found among those who will come forth in the morning of the first resurrection. (Com.)
