DR. PRICE'S FLAVORINGS are rapidly growing in the popular favor, as it is becoming known that they are produced by extraction from the fruit carefully selected, not made up with chemical poisons. Each flavor is from the true fruit and aromatic, free from poisonous oils and strong, rank taste. They are natural flavors, obtained by a new process, which gives the most delicate and grateful taste. They are of great strength, and bottles contain half more than those purporting to give the same quantity. We conscientiously commend Dr. Price's flavors as being all that they are represented.

To LOVERS of good biscuits, rolls, pastry, etc., we can cheerfully recommend DOOLEY'S YEAST POWDER as being not only reliable, convenient to use, but the cheapest in the end, of any Baking Powder offered to the public. No housekeeper should be without it, as it produces light, elegant and nutritious food, with little or no trouble. For sale in packages to suit customers by all grocers. ## THE EVENING NEWS.

Wednesday, Nov. 11, 1874.

## LOCAL AND OTHER MATTERS.

Thermometer 57 degrees F. in the shade, at 1 p.m. to-day. Some clouds.

Mild.—Mild is the term to apply to the weather just now. If the winter has really set in, it is not very harshly, so far as this valley is concerned.

That Reception.—The reception given last night by Mr. Hotchkiss, proprietor of the Walker House, was a brilliant affair. The guests were numerous, and enjoyed themselves much.

Misinformation.—We understand Messrs. O'Reilly Brothers, of this City, have presented the Catholic church with a bell, weighing a thousand pounds, exclusive of hammer and fixtures.

Tenth Ward Institute.—This institution, which commenced its session for the present winter on Oct. 7, will have its annual election of officers to-morrow evening, in the Tenth Ward Schoolhouse, at which all the members of the association are desired to be present.

Appleton's Journal is one of the best of the American monthlies, and has the advantage of appearing also in weekly numbers. Among the contents of the number for Nov. 7 are "The Black Horse Inn," illustrated; "The Lost Miniature;" "My Story;" "The Prisoners of London;" "Hearts and Hands;" "Lake Okoboke;" illustrated; "A Universal weakness;" with notes and editorial articles of various kinds.

The Church in Scotland.—A letter from Elder David McKenzie, dated October 19th, to Brother A. N. Hill, of this city, speaks favorably of the prospects of the work in that part of the world. A short time previous to date of writing Elder McKenzie visited and held meeting in Dundee. Many strangers attended and many believed. Elder Peter Sinclair visited the city a few days afterwards and baptized four persons the first day, and the day following he baptized six. Elder McKenzie is of opinion that there is field enough in Scotland for several more efficient and exemplary laborers.

Littell's Living Age.—The number of this excellent eclectic periodical, the only one of the kind in the country, for November 7th, is the first one issued subsequently to the merging of Every Saturday in the Living Age, and the serial articles in process of publication in the former journal are continued in the latter. Among the articles in the latest number of the Age are, "Contrasts of Ancient and Modern History;" "The Convent of San Marco;" "Ritual and Ritualism;" "The Fauna of Fanciful;" "Who wrote Shakespeare;" "Education of Women;" "A Modern Dead Language;" "International Vanities;" "Scholars and Strangers;" "Lady Duff Gordon;" "Six weeks in Elba;" "The Song of Fishes;" "Comet's Tails;" "Archbishop Laud;" "Alice Lorraine;" "Maid of Sker;" "Three Feathers;" etc. May be had at Dwyer's.

Castings from Utah Iron.—This morning about two tons of castings were produced at Davis, Howe & Co's works, 17th Ward, from iron made by the Great Western Company. The castings were as clean as need be desired, and we noticed among them a couple of street lamp posts. The only fault that has been even attempted to be found with the Utah iron, so far, is that it is a trifle too hard, which does not appear, however, to be any disadvantage in castings of a general character, like those produced to-day, and the Company who manufacture it are perfectly confident that they can make the iron of the required softness. The successful manufacture of iron in Utah is now demonstrated beyond the shadow of a doubt, and it but needs railroad connections between the works and this city to enable it to be in the van of the industries of the Territory.

City Council.—The regular meeting of the City Council was held last evening, Mayor Wells presiding.

Among other matters of business the following was disposed of: On petition a quarter's shop license of Widow Proctor, 10th Ward, was remitted.

William Jennings was granted the privilege, during the pleasure of the Council, of slaughtering cattle on his lot, 19th Ward.

Blumenthal Brothers were granted auctioneer's license for one year.

A communication was received from William Woods, announcing his acceptance of the office of inspector of cattle, and recommending that, as the slaughter houses were widely scattered, a place should be designated by the Council, to which the animals should be driven for inspection. Referred to committee on municipal laws.

On petition, H. P. Kimball and others were granted the right of way and the privilege of laying railroad track on certain streets in the Western portion of this city.

In accordance with the report of the committee to whom it was referred, the Marshal's report for October was adopted, and amount appropriated.

The supervisor was instructed to construct a culvert at the intersection of South Temple and East Temple Streets.

The Council agreed to furnish a street lamp and post to be placed in front of the residence of Z. S. Sear, in accordance with that given in the petition, providing he be at the expense of connecting it with the gas mains and make arrangements with the gas company for the requisite gas supply for it.

A little less precept and a little more example from the would-be reformers or regeneration would look considerably better, to say the least.

A lawyer in Illinois recently committed suicide because he was so weary of his work and the younger men were taking away his practice.

## TERRITORIAL DISPATCHES.

Found Dead.

HEBRON, Utah, 10.

This morning about ten o'clock, Brother James Holt, of Fort Hamblin, brought word to this place that one J. G. Hamblin, a peddler, was lying dead in the road about seven miles from this place, and about half-way between Hebron and Fort Hamblin. The Justice of the Peace immediately summoned a jury and started for the place, and found the body lying with the head in the off track, both wheels of his wagon had passed over the body, cutting a severe gash on the left side of the head. From all appearance, and evidence he had been drinking, and fell from the wagon and was killed by the wheel striking and running over him. The jury rendered verdict accordingly. The team followed the road, and stopped at Bro. Holt's place, two miles this side of Fort H., where it was found this morning when Bro. H. got up.

Our Country Contemporaries.

Ogden Junction, Nov. 10.—A rumor was float in Ogden a few days ago to the effect that a deputy U. S. Marshal who had been sent out on the C. P. to arrest some monte men had not only returned without them, but without a cent, having been surety of all he had by the sports he was sent after. We said nothing about it thinking perhaps the report was incorrect. Now comes the Silver State of the 8th inst. and gives a true and particular account of the way a U. S. Marshal captured the monte men.

According to the Silver State a warrant issued by Judge McKean against "Silim Jim," Jack Roach and "Three Fingered Jack" was placed in the hands of deputy U. S. Marshal R. C. Dennison. On his arrival at Battle Mountain he found he had no authority without a requisition from the Governor of Nevada. While he was waiting the monte men put up a job on him. He was informed by one of their confederates named Palmer that they had hidden some bullion, and the officer was induced to go with Palmer at night to unearth it and divide the proceeds. The deputy Marshal went with Palmer to the spot, shed his coat and picked and shovelled for about twenty minutes, when the monte men who were concealed close by commenced firing blank cartridges. Palmer fell to the ground exclaiming "I am shot," when Dennison took to his heels, minus his coat and the tools, and broke for the mountains like a quarter horse. He returned scared, disappointed and with nary monte man.

Beaver Enterprise, Nov. 7.—During the gale yesterday, which came from the south, the Methodist Meeting House, which was being built of lumber, was blown down. Luckily no one was hurt, although the Rev. Mr. Smith and his father were at work about the building.

We understand Mr. Deputy Marshal Duncan is dismissed from the roll of marshals for his misapplication of the money sent by Marshal Maxwell to defray the expenses of the Court, and intrusted to his care, in connection with R. T. Beall, Attorney at law. We shall perhaps notice the action of these men in connection with others at another time. Suffice it to say for the present that when rogues fall out honest men get their due.

Owing to our continued indisposition it is thought best that our name be withdrawn from the editorial department of the Enterprise. We will the paper every success, and we are confident that the people will continue to increase under the able management of the present superintendent, Mr. George Hales.

The Enterprise is in people's paper, and we are assured it will continue to vindicate the people's rights. Respectfully,

DANIEL TYLER.

Presidents R. Young, George A. Smith and family arrived here yesterday about three o'clock p.m., on their way to St. George. President Young was suffering from rheumatism, otherwise the company would have been all well. A meeting was announced at 7 o'clock, and according to appointment the Meeting House was well filled. The meeting was addressed by Bishop Wm. Young, Elder Charles Smith, Dr. Seymour Young, lastly by Pres. G. A. Smith. The company started on their way this morning at 9 a.m.

There is a man in East Lynne, Connecticut, who has kept his bed for six years because he was once disappointed in love. He isn't sick, but simply chronically sorry he didn't get the girl. His indulgent mother waits on him constantly.

The coroner's office in New Orleans has been rendered inoperative by the competition of the rival gubernatorial factions, and promises so much through the intervention of federal arms, that thirteen candidates are struggling for it.
