CHICAGO, 20.—The interest in the Moody revivals is unflagging. Throughout the election excitement vast crowds visit the tabernacle nightly. The indications are abundant of the existence of an earnest feeling and of much good being accomplished. Hundreds visit the inquiry rooms every day. Gillett, manager of the Jacksonville deaf mute asylum, has about twenty pupils here interpreting by signs the hymns, prayers and sermons.

The *Inter-Ocean's* Washington special says a gentleman from northern Dakota reports here, today, that Sitting Bull is receiving ammunition from British territory; immense quantities have been purchased up there and shipped across the country by wagons.

CHARLESTON, 20.—Two of the negroes concerned in the killing of Shuman and Dehook, near Lawtonville, were arrested at Beaufort last night. All quiet now at Lawtonville.

NEW YORK, 20.—The billiard tournament for four cash prizes, amounting to \$1,500, and a billiard table prize worth \$500, for whoever makes the highest averages in all the games, was commenced to-night. The players entered are Cyrille, Joseph Dion, Rudolph, Slosson, Garner, M. Daly and Jacob Schaffer. The tournament will last nine days. The first game, played between Cyrille and Joseph Dion, was won by the latter in 28 innings, Cyrille only made 140. The second game, between Rudolph and Slosson, was peculiarly exciting towards the finish. It was won by Rudolph, while Slosson stood at 297.

FARIBAULT, Minn., 20.—The Younger Brothers were brought into court this morning, and, contrary to expectation, pleaded guilty to the indictment of the murder of Haywood, the Northfield bank cashier. There was no excitement or demonstration. The judge sentenced them to imprisonment in the State penitentiary for life.

MONTGOMERY, Ala., 20.—Tilden's majority in Alabama 34,353.

### WASHINGTON, 20.

With regard to the arrival of troops from South Carolina via Fortress Monroe, yesterday, the President said this morning that it was merely an ordinary change of station. Gen. Sherman says these four artillery companies and equipped infantry together with three cavalry companies from forts Leavenworth and Riley, which arrived to-day, belong to Gen. Hancock's command, which includes the City of Washington. Gen. Sherman emphatically denies that this change of quarters has any political significance whatever, and says that, therefore, there is no cause whatever for any excitement on account of it.

SAN FRANCISCO, 20.—Senators Morton, Cooper and Sargent, of the Chinese investigating commission, leave for the east to-morrow.

The postal commission arrived last night and began its session this morning.

James W. Lick, nephew of the late Jas. Lick, has filed a petition opposing the appointment of John H. Lick, the natural son of the deceased as administrator, and asking that he be granted letters of administration. Petitions have been filed by other heirs preferring the same request. The petition alleges that James Lick was of unsound mind for the past three years, covering a term in which the various trust deeds were executed. The hearing is set for December 4th.

Regarding the concentration of troops at Washington the *Times* Washington special says probably no part of the country is so feverish and excited as Virginia and Maryland. Washington unprotected would be at the mercy of some reckless leaders who, organizing a secret, irresponsible force of 1,000 men, might deem it a piece of heroism to plunder and burn the city.

It is said that in Baltimore badges are worn under their coat lapels by a class of roughs, labelled Tilden or blood, which are frequently exhibited to friends. It is also reported that a grey uniform and confederate flag were publicly displayed and cheered by a crowd in that city. Hardly a democrat can be found about here who promises to submit to Hayes' inauguration.

The *World's* Washington special

says there is no longer any doubt that the administration decided, at a secret cabinet meeting held one evening last week, to garrison the city of Washington from now till after the 5th of March next, and even longer if its successors in office after that day do not order otherwise. This determination was considered again, and adhered to at a conference held at Chandler's house on Saturday evening. So secretly have these extraordinary steps been taken, that orders which have been sent for troops have neither been forwarded by mail nor telegraph, but have been transmitted by special army officers detailed for that purpose.

The *Herald* says, editorially, our Raleigh correspondent sends us the report of a movement to throw out the whole electoral vote of North Carolina on the ground that the ballots were printed, when a North Carolina statute says the names shall be written.

John Kelley was married this morning to Miss Teresa Mullen, niece of Cardinal McCloskey. The ceremony was performed by the Cardinal.

The steamship *Russia*, which arrived from Liverpool to-day, brought £250,000 gold coin.

A Washington dispatch says in regard to the power of the House of Representatives to throw out the vote of Colorado because its constitution as a State has not been approved by Congress, Ex-Attorney General Williams, who has been studying into the matter, states that no action by Congress is necessary, as the State of Colorado has already been recognized by the federal Government by proclamation of the President.

CHEYENNE, Wyo., 11 a. m., 21.—The body of a daughter of P. Lynch, fourteen years of age, was found last night near Brady Island, Neb., bearing marks of having been outraged. Suspicion rests upon a tramp who was seen during the previous day on the premises. He has been arrested, and will be held pending the verdict of the coroner's jury.

SANTA FE, N. M., 21.—The mail coach was stopped last night, ten miles north of Los Vegas, N. M., by four masked men, who, being well armed, compelled the driver and messenger to alight. They took from the mail pouches and express boxes everything of value except some silver bricks, which they said were too heavy. They also cut the telegraph line. No further clue to the robbers has yet been obtained.

MONTPELIER, Vt. 21.—The board of county clerks met, to-day, and adopted resolutions declaring Solace legally elected. An elector stated that the counsel for the contested elector will apply for an injunction upon the action of the board on the ground that the board has done an illegal act.

WASHINGTON, 21.—The cabinet considered only the routine business. Two members say that the subject of ordering troops to Washington had never been discussed in the cabinet.

CHICAGO, 21.—The *Tribune's* Washington special says the Jackson democratic association to-night resolved, under the circumstances of the presence of the military here, that they would not participate in Tilden and Hendrick's parade on the 29th inst.

TALLAHASSEE, 21.—The Circuit Court issued injunction restraining Governor Stearns from canvassing the returns of the electoral vote, and a mandamus requiring the board of canvassers to begin the count.

The injunction was applied for by the democratic managers, and was temporarily granted by the Circuit Court. It orders Governor Stearns to show cause, on Thursday next, why the injunction should not be made permanent. The mandamus commands the returning board to show cause why, on Thursday next, it should not be made permanent.

SAN FRANCISCO, 18.—Hong Kong, October 16, Shanghai, 18.—Sir Thomas Wade, the British Minister, retires permanently, and sails for England this month. Great irritation continues to be shown at his settlement of the Margary affair, the Queen's speech, one year ago, having given assurance that "no effort would be spared to punish the instigators and perpetrators," whereas, criminals who were concerned are now released by the express request of Wade. The Chinese ratification of the settlement is reported to have been signed on September 17th.

Civil war in Yunnan continues without decisive advantage to either side.

The British tug *Johanna*, from Hong Kong to Chefoo, foundered near Amoy on September 25th. The captain and nine men are reported lost.

Yokohama, Oct. 27.—The latest returns from the War Department show the whole number of regular troops in Japan to be 33,752, infantry 30,630, artillery 1,691, engineers 749, cavalry 431, commissary 194, coast artillery 54.

Letters received from Wenchow state that the native Christians there are suffering much persecution.

The bark *Thesusus*, of London, from Manila to San Francisco, has been lost off Kokaishima, and the captain, chief mate, and eight men drowned. Thirteen of the crew were saved.

NEW YORK, 22.—The *Tribune's* Washington special says among the many reasons assigned for the hasty and mysterious summoning of troops to Washington, one which has found much credence is, that Government has information of the existence of secret societies in Baltimore, sworn to resist, by arms, the inauguration of Hayes in case he should be elected. Inquiries in that city, to-day, developed nothing to confirm these reports. The republicans and democrats there alike discredit them. If such societies exist their members are but few in number, and not of a class likely to create any disturbance of the peace more dangerous than bar-room brawls. A good deal of bitter and threatening talk may be heard in hotels and other public places in that city, but it does not differ in kind or quality from that of similar places in New York when the democratic politicians assemble.

It is intimated that if Hayes is elected, he will probably be inaugurated on the 4th of March, notwithstanding the day falls upon Sunday, because any interregnum under the circumstances might be fatal to the country.

COLUMBIA, 22.—The Supreme Court, to-day, issued a peremptory mandamus to the board of State canvassers to issue certificates to the members of the Senate and House of Representatives appearing on the face of the returns to be elected. The final contest in those houses are to be decided by the members themselves. This gives in the senate 18 republicans and 15 democrats, and in the House 60 republicans and 61 democrats, democratic majority on joint ballot one. The legislature counts the votes for Governor and Lieut. Governor and elects United States Senator. The court has decided to consider the other contests separately, and will hear arguments this afternoon as to the counting of the electoral vote.

KEOKUK, 22.—The *Constitution* states it has direct, reliable information that Rutledge Lea, republican presidential elector for the first Iowa district, was, when elected, a United States commissioner, and has since resigned.

NEW ORLEANS, 22.—The striking longshoremen, numbering nearly 1,000 had, a marching display this afternoon. No disturbance.

COLUMBUS, S. C., 22.—The board of State canvassers yesterday, reported to the Supreme Court, stating the candidates who had received the highest vote; also giving a memorandum of the board, stating that, in their opinion, certain irregularities, affecting some republican candidates, should be corrected; also the vote of Lawrence and Edgefield counties, both largely democratic, should be excluded on account of frauds and intimidation.

This morning the court ordered the board to issue certificates of election to the candidates for the legislature shown by the board's report to have the highest votes, including Edgefield and Lawrence counties. The court, to-day, issued a rule for the board to show cause why they should not correct the statements of the county canvassers by the precinct returns pending these proceedings, however, the board held a session and issued certificates to all the members of the legislature except Lawrence and Edgefield counties, thus securing a majority in the legislature republican, the defeat of Hampton and the election of Chamberlain. The board also issued certificates of election to the republican electors and republicans on the State ticket. The board then adjourned *sine die*. This action has created much excitement, but the citizens will rely on the courts, and exhaust all legal means of redress.

### Address of Gen. Hampton to the People of South Carolina.

Gen. Hampton has just issued the following:

#### To the People of South Carolina:

The board of canvassers have, by their unprecedented action, to-day, shown not only their contempt and defiance of the Supreme Court of the State, but their utter disregard of their own official integrity. While the grave questions of determining the result of the election were pending before the Supreme Court, composed of three judges belonging to the republican party, and in direct violation of the orders of this tribunal, the board have issued certificates of election to the republican presidential electors and to republican State officers, and have refused to give certificates to the democratic members of the legislature, shown by the returns to this same board to have been elected in the counties of Edgefield and Laurence. This high handed outrage is well calculated to arouse the indignation of our long-suffering people, but I assure them that this daring and revolutionary act of the board can have no legal force whatever. I appeal to you, therefore, in the fullest confidence that the appeal will maintain, even under that provocation, your character as orderly and law-abiding people. During the past exciting canvass you have studiously avoided the semblance of the purpose to disturb the public peace, or to transgress the laws. Your cause, and it is the cause of the constitution and government of the country, has been carried to the highest Court of the State, and we are willing to abide by its decision, feeling assured that this tribunal will see that the laws shall be enforced and justice secured.

(Signed) WADE HAMPTON.

NORFOLK, 22.—The United States monitors *Wyandotte*, *Montauk* and *Passaic*, under convoy of the United States steamer *Shawmut*, to-day, steamed down to Hampton roads, under orders to be in readiness to sail immediately.

NEW YORK, 22.—The *Times* New Orleans special says the democrats here estimate the votes lost to the republicans by the omission of the five names, will aggregate nearly 2,000. Litigation is likely to follow, as the tickets were headed Hayes and Wheeler, and the voter undoubtedly designed to vote for all. A well-known Louisiana lawyer contends that if the five electors referred to were defeated by the means indicated, the three who are elected would have the power to fill the vacancies; in short, that the places of those defeated by a mistake in the ticket, should be considered vacant, and to be filled in the same way as in case of death or resignation of an elector.

Maurice Daly was defeated by Joseph Dion this afternoon by 115 to 300.

This evening Daly defeated Garner, 300 to 186; and Rudolph beat Cyrille Dion, 300 to 160.

PORTLAND, Oregon, 22.—The board of Indian commissioners, consisting of Gen. O. O. Howard, Hon. W. Stickney, A. E. Barstow, D. H. Jerome, and Col. Wood, appointed by the Government to confer with the Nez Percés Indians with a view to the adjustment of existing difficulties relative to the possession of Willows-Valley, returned to Fort Lapwai last evening. The Commissioners held a four days' conference with the Chief, Joseph, with regard to the question as to whether the settlers or Indians are entitled to possess the valley. Good feeling and harmony characterized the conference, and it is thought the question in dispute will be amicably settled.

NEW YORK, 23.—The *Times* Washington special says it is now understood that the construction work in all the navy yards will be stopped in a few days. There is no money to pay the workmen, the appropriation at the last session of Congress having been very small.

The *Times* editorial upholds the action of the South Carolina board of canvassers, as does also the *Tribune*.

The *Sun* has nothing to say. The *Herald* condemns what it calls the republican *cuop d'état*, while the *World* is furious, calling the board's action the foulest outrage yet, characterizing it as a brazen and shameless robbery.

The *World's* Columbia correspondent interviewed Gov. Chamberlain, yesterday, upon the action of the board of canvassers and the supreme court. The Governor sus-

tains the action of the board, and says that, under the law, which is mandatory, it could do nothing else but adjourn. The law says that it shall sit ten days. The board organized on Friday the 10th, at 12 m. and omitting Sundays, the ten days had expired at 12 m. to-day. The Governor says that the board did only its duty by certifying to the election of the Hayes and Wheeler electors, and in throwing out the counties of Edgefield and Laurence. The Governor does not admit the power of the supreme court to control the action of the board during the time of its existence, and is certain the court has no power to extend that time. He also insists that the board has not been guilty of contempt; because the Court, in all its proceedings, has put no restraining order on the board. When asked what would be the effect of the action of the board, the governor said he was not certain, but thought it would be the opening act in a large drama in which the whole nation might be called upon to take part. When asked his opinion of the Supreme Court's action, the governor said he would not question its motives, and would only say, that they had acted in a feeble and tampering manner. If it had made a restraining order in the first place, such action as the board had taken, to-day, would clearly place the members in contempt.

The *World's* Columbia reporter interviewed Wade Hampton to-night. He takes the matter quite coolly, and says he has no fears of the result. He maintains that the board of canvassers is clearly in contempt. He has faith in the power of the Supreme Court to compel a fair count. The court has issued an order re-convening the board of canvassers to-morrow. A member of the board assures me that he will not obey it, and characterizes the court as a pack of d—d scoundrels. The plain inference is that the radical crew here are acting under orders from Washington.

Speaking of the situation in South Carolina, the *Post*, editorially, says the best thing the South Carolina board of canvassers can do is to be reasonable, as it is reported that the Supreme Court of the State has ordered it to do. The country will not be satisfied with the proceedings, which look like sharp practice. We admit that the Supreme Court itself is not free from the suspicion of sharp practice. It seems to us that the only question properly before it was the question whether the powers of the board were purely ministerial, or were judicial as well. The republicans in South Carolina say that the intention was that if the votes, when ministerially counted and reported to the court, should not show a democratic majority, the court would direct a judicial canvass to be made in the hope of securing such majority. We do not say that this charge is well-founded, but certainly the course of the court invites criticism. No appearance of judicial sharp practice, however, can excuse the sharp practice of the canvassers. The proceedings of yesterday in South Carolina will not convince the country that the canvass was honest and fair.

Tweed was landed from the tug *Catalpa* at Pier 4, North River, at ten minutes to four, and was immediately taken to Ludlow Street jail in a close carriage.

COLUMBIA, S. C., 23.—Considerable excitement is reported throughout the State, but there has been no demonstration of violence. The action of the board of State canvassers is considered final by the republicans, while the democrats claim that it has no effect because the whole question was in the hands of the Supreme Court, and the board is guilty of contempt. They express the determination to continue in the courts and bring matters to a conclusion there. Last night the democratic counsel served the writ of mandamus, issued yesterday by the court, on the official composing the board. The Supreme Court will meet to-morrow to hear the returns of the board. H. W. Parvis, adjutant and inspector-general, and member of the board of canvassers, says he has resigned his office.

Thos. Dent, son of the sheriff of Richland Co., was shot and fatally wounded by State Senator John Cochran, of Anderson Co., here last night. The difficulty grew out of a political discussion.

CHICAGO, 23.—The Columbia board gives as a reason for their ad-
