

LOCAL AND OTHER MATTERS.

CONTRIBUTORS writing for publication are requested to write on one side of the paper only. No notice can be taken of anonymous communications. Correspondents' names must in every instance accompany their communications, not necessarily for publication, but as a guarantee of reliability.

THEATRICAL.—"The Road of Life" and "A Roland for an Oliver" are the attractions at the Theatre to-night. The play is a good one, with a good moral, and the characters are well distributed. The farce is an excellent high comedy one.

MAGIC.—Professor Bosco's performance comes off to-morrow night at the Theatre. Exhibitions of "prestidigitations" by a competent professor of the art are not very common, and we expect there will be a crowded house to-morrow evening, to see the Egyptian Miss Sphinx, the instantaneous growth of flowers, and other remarkable tricks.

ACCIDENT ON THE C. P. R. E.—The Winnemucca Argonaut of the 16th says: Owing to the carelessness of a switchman, the train due at 3:20 a.m. yesterday met with a slight accident. The locomotive was thrown off the track, smashed down a wooden culvert and landed unharmed over the break. Frank Griffin, engineer, was stunned severely, but will recover—was quite spry yesterday.

GAVE HIMSELF UP.—Geo. Swearingen, alias "Black George," who day before yesterday stabbed and killed John F. Ahern, last evening came to the office of Sheriff Mulcahy, in this city, and delivered himself up. He is now locked up in the County Jail.—Territorial Enterprise.

ENTERPRISE.—The St. George Cactus manifested spirited enterprise in having a synopsis of the Conference minutes telegraphed from this city, with the names of the missionaries called to go south, and laying the matter before the people of St. George on the 10th.

FINE WEATHER.—The weather is balmy and beautiful for this season of the year, quite hot during the day, but cool at night.

FROM THE STATES.—By letter to Bro. E. M. Murphy, from his son Jesse E. Murphy, we understand that Elder Murphy, Elder Jesse W. Crossby, and Bishop Wm. C. A. Smoot, were together at date of writing, within a few miles of Rome, Georgia. They had had many calls for preaching, and numbers were investigating the truth. The country was in a condition of considerable excitement, several fights of a serious character having taken place in different parts; and it was believed by many that the Presidential election would not pass over quietly, but that the contending parties would come to blows.

THE OVERLAND MAIL.—Yesterday evening we saw Wells, Fargo, & Co.'s coaches discharging a quantity of mail matter at the Post Office in this city, which gives an idea what the postal communication across the continent will be when the railroad is completed. In three days, the 18th, 19th, and 21st insts., they have delivered nearly 13,000 pounds of mails at the Post Office in this city. These has not all been taken west yet, though the company are forwarding them as fast as possible, but the sending all the mails for and via San Francisco by this route has increased the quantity to an extent which was not calculated upon.

FROM ST. GEORGE.—We have been favored with the following telegram, by Deseret Telegraph Line: The weather is clear and pleasant; no frost as yet. Thermometer 90° in the shade.

QUIET.—Business is rather quiet at present, with considerable looking among the merchants for goods from the east. Construction trains occupy the line most of the time, and freight is compelled to play second fiddle. When it begins to come there will be a rush.

BOUND OVER.—Yesterday Henry Gardner and Cherry were arrested, charged with stealing clothing. His Honor, Alderman Clinch, bound them over to appear at the first term of the Probate Court.

GREEN RIVER AND RAILROAD ITEMS.—We take the following from the Frontier Index of the 13th, and although the date is somewhat ancient, being now eight days old, the items will be new to our readers:

"There is a stampede for the railroad crossing of Bear River. Thirty miles below the crossing, and directly down the valley, there is a permanent and thriving farming community, Round Bear Lake, with a population of from fifteen hundred to two thousand souls, and the depot for that settlement will always be at the railroad crossing. Fifteen miles above the crossing three saw mills are at work in the superior timber of the adjacent mountains to the south. Two miles this side (east) of the crossing, two petroleum wells are being bored; excellent coal is inexhaustible quantities is being mined, and there is more room now empty in that locality than anywhere else along the line of the great Continental Railway, and as everybody is rushing for the prospective city, we can safely calculate on lively times there. An appointment for a postmaster there is already received; the line of the road is alive with movers for the new place; the Frontier Index is wheeling on there, and a magic city is springing into existence. It is called Gilmer. The place has gone forth that Bear River is the flat of business, the actual Winter terminus.

"At half past three this afternoon some words in regard to the election to-day, passed between J. M. Thompson and Thos. J. Smith, in a resort to knives and pistols. Deputy Sheriff Ed. Gillman knocked Smith's pistol up and it was discharged. Last night, the 13th inst., Bernard Mitkof, alias Frank Seigle, had an altercation with Pat Daley in the Bank Exchange. Daley went out nearly across the street when Mitkof followed to the door and fired two pistol shots at Daley, who returned one shot, which entered Mitkof's abdomen, ranging towards and lodging near the left kidney, resulting in death this evening. Mitkof was a Polish Jew and well known in the mining camps. Daley was unknown further than to be known in jail, from where he will be discharged upon the plea of self defence.

The track is laid one mile beyond Bryan to-night, and the Casements will rush it ahead now at the rate of five miles per day for the next sixty miles up the nearly level valleys of Black's, Ham's and Murphy's and beyond to the fork of Green River. The best ground that they have passed over since leaving the main Platte Valley, lies between Bryan and Quaking Asp Hill. The latter point will be reached inside of two weeks, and from there the way is over some heavy work, including a deep cut in the divide between the waters of Green River flowing in to the Colorado and Gulf of California, and the waters of Bear River flowing into Salt Lake. From Quaking Asp Hill fifteen miles descent takes it to the new town of Gilmer."

The track is probably laid by this time, ten miles this side of Ham's Fork.

Died:

Yesterday, Oct. 21, at half-past 1, at the residence of John Gray, 13th Ward, Andrew, son of Hans Nicholson.

Bro. Nicholson died after a long and lingering illness of fourteen months from injuries sustained while performing his mission during the Indian war of 1867 in San Pete county. He was a patient sufferer, and expressed his willingness to leave this for a better world. He died as he had lived, a true believer in the Gospel of Jesus Christ.—(COM.)

NOTICE

IS HEREBY GIVEN TO ALL WHO ARE INTERESTED IN THE DESERET NEWS OFFICE for Subscriptions, etc., that Payment of the same after this date is to be made to GEORGE Q. CANNON, the present Editor. April 1, 1898.

d265 1m

**Freund & Bro.,**  
MAIN STREET,  
(Three doors below Salt Lake House.)  
**SALT LAKE CITY,**  
Now offer the greatest variety of Fire-arms and Ammunition ever opened out in Utah Territory. Repairing of every description in our line done promptly and in a workmanlike manner. Guns made to order. Will trade, buy and sell second hand Guns.  
Agents for E. I. Dupont's and De Nemour & Co's celebrated  
**SPORTING & MINING POWDER.**  
Sole Agents for the whole west for the celebrated  
Winchester's Patent  
REPEATING RIFLE AND CARBINE!  
Of New Haven, Conn. The Winchester Rifles can be fired eighteen times in succession without re-loading, hence the name of EIGHTEEN SHOOTER, and have the great advantage over any other arm, for they can be used also as a single breech-loader, by inserting each cartridge in the breech, and leaving 18 shots in the magazine. It can be used at the rate of two shots a second.  
These Arms are particularly recommended for defense against
