

EVENING NEWS.

Monday, June 23, 1886

FRAGMENTS.

GEN. McCLENNAN, of the Utah Commission, will leave for Springfield to-morrow.

Hon. Jos. A. West has been chosen as orator of the day for the Fourth of July celebration at Ogden.

Mr. Wagner, with a party of excursionists, came to Ogden yesterday, and will go east to-morrow.

C. F. GLENN, of the Louisville and Nashville Railway, who, with his wife, has been visiting Salt Lake, returned east this morning.

HENRY MANCHERST was arrested last evening, charged with being drunk and disturbing the peace of the house of the inmates of the old Colorado House.

CHARLES BERTON, of Farmington, Peter Truider, J. Russell, Charles Youngberg, each paid \$5 in the police court this morning, for having been drunk.

AT 10 o'clock this morning the Weber County Teachers' Institute commenced a five days' session at the Central school house, Ogden. Two sessions are held daily.

This evening, at Independence Hall, Edwin Milton Royle will give a dramatic recitation of "Julius Caesar," commencing at 8.30. Mr. Royle is a good reciter, and the entertainment will be a pleasing one to those who attend.

COMPLAINTS are made of boys bathing and making indecent exhibitions near the public bridge over Jordan, and in some of the canyons south of the city. Those who indulge in such shameful conduct should have a lesson taught them by being arrested and punished.

On Friday, Dr. John Driver, of Ogden, performed a delicate, but successful operation on Mrs. J. C. of North Ogden. He removed an epithelial cancer from the lady's eye. The cancer had been troubling the patient for a long time, and the prospect of serious results made its immediate removal necessary.

LOCAL NEWS.

The Next Company.—A private telegram from the Immigration agent at New York states that the S. S. Nevada sailed from Liverpool on Saturday with a company of 430 Saints on board.

Utah's Cadet.—John Wm. Snell, Jr., who a few months since was the successful candidate for the cadetship at West Point, has passed the critical examination at the latter place in a most creditable manner. Of the applicants on this occasion forty were unsuccessful.

Arrivals.—The following are recent arrivals at the Spencer House: Miss Julia E. Vanvickie, Denver, Col.; Miss Gertrude E. Lewis, Shoshone Falls, Idaho; Mrs. A. C. Caldwell, Oxford, Idaho; L. C. Sharp and Chris. Goff, Cottonwood, Utah; Mr. and Mrs. F. C. Goff, Mr. R. C. Goff, Mrs. W. A. Goff, Helen E. Goff, Chicago; Col. Wm. Warfield, Butte, Mont.

The Lake Park Company.—A certificate of incorporation was issued to-day by Secretary Thomas to the "Lake Park Resort Company," organized under the laws of the Territory, with a capital stock of \$100,000, divided into 10,000 shares. The principal office of the company is at Salt Lake City, and the incorporators are Wm. H. Bancroft, George Goss, Simon Bamberg, Jacob E. Bamberg and Charles W. Bennett. The business of the incorporation is to provide, establish, maintain, and carry on bathing resorts and establishments, and pleasure and summer resorts, and to establish hotels, etc., thereat. The company are at present making preparations on a large scale to open the new bathing resort west of Farmington on July 15th.

Cheap Rate to San Francisco.—On the 30th of August next the annual national encampment of the Grand Army of the Republic commences in San Francisco. Special rates for the round trip have been made, and the Union Pacific Company announces a cheap rate, open to everybody wishing to visit California. The price of the ticket from Ogden to San Francisco and return, both ways over the Central Pacific, is \$20.00, and over the U. P. and N. P. \$25.00. The rate is good for returning via Portland, Oregon, on the Oregon Short Line and Utah & Northern, \$47.50. Tickets will be on sale from July 15th to July 30th, at all coupon offices on the U. P. and at the C. P. office, Ogden, and are good for returning to Ogden on the 25th. Proportionate rates will be given from all points either direction from Ogden, and will be open to all who apply.

Cases Dismissed.—It will be remembered that a few months ago, the United States, through its agent in this Territory, entered three suits against Mr. David Eccles, the lumber merchant, of this city, for the recovery of the value of the timber sold to him by the Government agent, but which was afterwards released on the gentleman giving bonds to cover the same.

Mr. Eccles employed Hon. P. H. Emerson to defend him, and the cases are now disposed of in an advantageous and satisfactory settlement having been effected. The United States Court yesterday the Assistant Prosecuting Attorney asked to have the cases dismissed, which was done forthwith.

Mr. Eccles is to be congratulated upon his success in the matter, for it was one which materially affected the lumber interests of the Territory. The amount involved in the three suits was \$125,000.—Ogden Herald, 26th.

Missionary Work.—One of the brethren connected with the Northwestern States Mission, now in town, informs us that the work of proselyting is prospering in that section. Since April 14th President William M. Palmer has personally baptized 23 new members, besides those induced by other Elders. Three new branches have been organized—one at Council Bluffs, where a Sunday School has also been established. The work has opened up marvellously in Pennsylvania, where there are likely to be several hundred additions before long.

The crusade against the Saints is having a marked effect. It causes the honest among men to inquire about the people and their principles. They seek out the Elders instead of the Elders sending them, sending them requests for meeting matter and to visit them.

A very efficient method has been adopted by the brethren in that field that would probably work equally well elsewhere. "The Elders distribute the 'Articles of Faith,' with their addresses on one side of the card. The conversions have been traced to the application of this system. This is to say, the cards falling into the hands of the number of persons was the standard of their becoming acquainted with the Gospel.

Home Again.—We are pleased to welcome home Elder F. M. Lyman, Jr., of Tooele County, who returned on his mission on the 18th instant. On the 10th of October, 1885, Elder Lyman left this city, and proceeded to the headquarters of the Swiss and German mission. He was there appointed to labor as traveling Elder in the South German Conference, which duty he executed to the satisfaction of the conference, and it was while discharging the functions of that office that he was arrested, in October, 1885. The charge made against him—that of being a "Mormon" missionary—was of course easily substantiated, as he made no denial of the facts, and he was banished from Bavaria. He then went to Wurtemberg, in the duchy of Baden, where his missionary labors attracted the attention of the Government authorities, and his arrest there was again followed by banishment. He was again appointed to labor in Bern, Switzerland, and a few months later was released to return home. When he got to London, however, on his homeward trip, he was recalled and sent to reside over the North German Conference. After remaining there about three months he made a tour through Germany and Scandinavia and visited Palestine. When he was again released from his missionary labors, he started for Liverpool, but reached there too late to join the May company of Saints. He came on alone, the pleasant voyage over the ocean being made on the steamer Alaska. In the missionary field Elder Lyman was a faithful, earnest worker, and performed an excellent tour. His treatment by the people was generally kind and respectful, and he bore testimony of the Gospel to a large number of persons.

Conference at Provo.—The Relief Society Conference of Utah Stake was held in the meeting house at Provo, Friday, June 25th, Sister Mary John presiding, assisted by her Counselors Sisters H. H. Cliff and M. M. Daniels. There was a good attendance from other parts of the county. The minutes of the previous Conference were read. Excellent verbal reports were given by the Presidents of the several Wards and Settlements represented. During the Conference a written report of the Utah Silk Association was presented; this organization has been a very active one, and the former president, Mrs. H. A. Beebe (now deceased) was an untiring laborer in that interest. At present, the Association has no president, but the sisters are anxious to continue their efforts in silk culture. Sister Agnes Douglas made some appropriate and practical remarks on the subject.

Addresses were made by the President, Sister Mary John, Sisters Rachel R. Grant and E. B. Wells of this city, Sister M. S. Hyde, President of Sanpete Stake Relief Societies, and by Sisters Lucy B. Young who had recently returned from the Sandwich Islands. Sister Young gave an interesting account of her trip, of the manner in which meetings were conducted among the natives over there, and some other matters connected with life on the islands. Remarks were also made by Sister B. J. Simons of Payson, which were quite eloquent and effective. The singing was excellent and the spirit of the meeting good throughout. President David John, Brother Daniel Graves and other brethren attended the afternoon session.

Released.—This morning two more of those confined in the penitentiary for conscience' sake were released, having served the full term to which they were sentenced and thirty days additional for the fine imposed. Bishop Culbert King, of Great Valley, Garfield County, and Brother James E. Twichell, of Beaver County, were sentenced at Beaver December 22d, 1885, to the full penalty for cohabiting with their wives, and three days later were consigned to the penitentiary. To-day they were brought before Commissioner McKay, and after answering successfully all the questions propounded and subscribing to the required oath, were discharged.

General.—The Fourth at the Theatre.—The Home Dramatic Club have the afternoon and evening of Independence Day, and will render the long-advantaged "The Banker's Daughter." Mr. Edwin M. Royle, son of Judge Royle of this city, and for the past year a prominent member of the Madison Square Theatre, New York, appearing as the leading character of "John Strebellow."

It Did Not Carry.—A correspondent informs us that U. S. Deputy Marshal Haynes, of Goose Creek, Cache County, Idaho, met W. C. Martindale, of Ogden, on the high way, on the 15th day of June, and attempted to arrest him on a charge of unlawful cohabitation. The officer had no writ, however, and his proposed victim objected. He sent a person for the necessary paper. Mr. Martindale was about to start off, when Haynes tried to seize the lines of the team. Failing in this he seated himself in the wagon. In the meantime the lad who had been dispatched with the writ of arrest had accidentally fallen from his horse. The officer went to look after him, and Mr. Martindale discovered he had business elsewhere, and did not linger for the return of Mr. Haynes, consequently the bottom fell out of the affair for the time being.

Equalizing School Taxes.—A number of inquiries have reached us in reference to the board of equalization for special district school taxes levied within districts. There seems to be an idea among some that the trustees of the district still act as such board. This is an error, as the county court performs that labor at all times of its sitting as a general board of equalization, from July 1st to July 10th. The following is the section of the law, passed at last session of the Legislature, containing the provision:

"Sec. 8. At the time of computing the tax in the county assessment roll, the county clerk shall compute the district school taxes for the county. The county court shall sit as a board of equalization of district school taxes, and shall equalize in the same manner as now provided by law for equalizing Territorial and county taxes."

The Old Folks will visit American Fork to-morrow.

Somebody's Trunk.—There is a trunk at the General Tithing office with the following address on it: Maria Pack, Logan, Utah. It can be obtained by the owner, on application.

Election Judges.—The following judges of election have been appointed by the Utah Commission:

GARFIELD COUNTY.

Paigutich precinct—Ben. Cameron, George Underwood, Hyrum Pratt. Hildale precinct—George H. Wilson, Jos. S. Wilson, James F. Johnson. Coyote precinct—Jones, C. L. King, S. W. Collins.

MILLARD COUNTY.

Fillmore precinct—George C. Velle, Edwin Bartholomew, James A. Melville.

Deseret precinct—Wm. A. Ray, Edward Webb, Marcellus Webb.

Kaibab precinct—Geo. Chesley, Peter Robinson, Geo. Crane.

Meadow precinct—Jos. Adams, Abraham Greenhalgh, John Nelson, Sam'l Holden, Orville Thompson.

Oak Creek precinct—George Finlayson, De Jacobson, Henry Royer.

Leamington precinct—John Wilson, John Strange, Christian Oveson.

Snake Creek precinct—Charles Rowland, Dan Samson, Brigham Young.

Messrs. S. W. Eccles, Wm. H. Bancroft and Geo. Goss left for Denver this morning.

The semi-annual election of the Salt Lake Bicycle Club will be held this evening at 8 o'clock.

The annual stockholders meeting of Zion's Benefit Building Society will be held on Wednesday evening.

EAGLE ROCK ITEMS.

EAGLE ROCK, Idaho, June 24th, 1886.

Editor Deseret News:

Eagle Rock is a railroad town, with more than 1,500 inhabitants. The U. P. railroad company has a machine shop here where many of our brethren are employed, and people are continually moving up, some to get work, others to take up land and settle.

We have a branch of the Church organized consisting of 100 members, of which 21 live in their own houses, and seven or eight more are renting, but those who are situated in the city live with those having houses. I am pleased to say that the branch is in a good lively condition. We have several faithful and experienced brethren who speak by the inspiration of the Spirit.

We bought a lot and erected a meeting house last Summer. The building is 16 x 28 feet and 13 feet to the ceiling. It is painted and well finished, all paid for, and is a credit to the branch.

Some have lately arrived and work at the shop for the coal and have not brought recommends yet, but they attend meetings, and new converts will come at all times, hence we have long since found our meeting house too small for the people who come here.

We have a good example corresponding to our profession, and do not give the name of "Mormon" any chance justly and truthfully to find fault with us.

We have a Sunday School at 10 o'clock a. m. every Sunday, well attended. We have also our own day school, started by one of our young sisters, Lucy A. Nixon, with 22 scholars. Besides the school we have two meetings every Sunday, and the Young Men's and Young Ladies' Mutual Improvement Associations are well attended. Relief Society, primary, Seventies and Elders meet together as they are not content to form quorums. Teachers visit the Saints and meet every other day.

Our people come in from the surrounding country with wood and products and find a market for them here. We have been in expectation of being organized into a Ward, and we still hope to be in the near future.

J. B. HAWKLEY.

WEBER COUNTY WINDFALLS.

OGDEN CITY, Utah, June 26, 1886.

Editor Deseret News:

Yesterday, in company with our sheriff I paid a flying visit to FLAIN CITY.

It is situated about ten miles northwest of this place, and is famous, among other things as the land of straw and corn. But the most interesting fact has not been so plentiful this year as it was last. In 1885 the yield was prolific. This year there are those who have shipped about

ONE HUNDRED THOUSAND CUPS, which is not quite seven thousand cases. This quantity, however, is exclusive of what a number of private individuals have shipped to market and sold to individuals—what I call small lots in the bill. This quantity, however, is about a third less than that of last year. Early in the season this country was visited by a severe frost which destroyed much of this fruit in a number of places.

The orange fruit in this place promise so far a fair yield, and at present it is free from blight. The season's crop may do further on in the season, but cannot be divined.

FIELD AND GARDEN CROPS of all kinds look remarkably well and forward as compared with those of other parts of the county; still the yield of fall crops will be small, as it has been for several years past. The hay, however, is doing

The population of this thriving place is at present about eight hundred, nearly if not quite all of whom live in their own houses, on their own homesteads, which are neat, clean and quiet. They live so to speak, within themselves. They make their own pastimes, amusements and entertainments, and seldom go abroad for recreation. They have their bands, dramatic and other amusements, and are growing of their own home genius, talent and development. They raise and have abundance of all kinds of household goods for use and want, besides the vast quantities they export. Their farming, gardening, etc., is

CONDUCTED SYSTEMATICALLY and thoroughly, which accounts for the productiveness of the soil. During the growing season the land is kept all of the time in the hands of the owner, and the produce of the soil is a source of wealth to the owner. It is the hand of industry that makes the soil rich, and the credit be it said.

Their educational institutions are generally in session. There is a reading, staid people, and hence are an intelligent, intellectual community, and well informed not only upon the general topics and leading questions of the day, but upon the various branches of useful and valuable knowledge, which furnish them passports to any honorable circles of society they may desire to enter.

THEIR POST OFFICE is conveniently located, and is in many respects a model of nature. It is appointed as are complete as could be desired by the community. It is orderly well conducted. The postmaster is competent, courteous, accommodating, and ever ready and willing to oblige the patrons of the office. All of which is appreciated by the citizens, and which is a source of pride and honor to the place. On the plain, the people have the means and the ability to make them a contented and happy people.

Shortly after my arrival here there was quite a rude, and considerable breeze raised on the surface of our society by the arrest of

HOW, JOHN FARR while riding on the street car. The arrest was made by U. S. Deputy Marshal H. E. Steele. The charge against the prisoner is the popular violation of the Edmunds law. He was taken to the Marshal's office and placed under bonds to the court on Wednesday next, when it is expected he will appear before the court on Wednesday. He will be defended by John Kimball. Hon. D. H. Peery, H. S. Young and H. J. Taylor have been accepted as his bondsmen.

WEBER.

D. & R. G. W. Cheap Excursions to the Mountains on Sunday. Round trip, only \$1.00. Train leaves 1:30 a. m.

GRAND EXCURSION TO GARFIELD!
