

THE HAGUE FOR PERMANENT COURT

Ninth Plenary Sitting Considers Matter and Votes in Favor of It.

OBLIGATORY ARBITRATION.

Report Unanimously Adopted—United States Will Not Depart from Traditional Policy.

The Hague, Oct. 16.—The ninth plenary sitting of the peace conference, held today, voted upon the question of the establishment of a permanent court.

There were 38 votes in favor of the project. Belgium, Denmark, Greece, Romania, Switzerland and Uruguay 10; of vote, and Mexico, Brazil, Greece, Colombia, Salvador, Persia, Guatemala, Haiti, Venezuela, San Domingo, Paraguay, Panama, and Ecuador, China, Bolivia and Nicaragua voted favorably for a permanent court, but with the reserve that such court should be confined to the last principle of absolute judicial equality.

The report of Baron Guillaume (Belgium) on the declaration of Count Tornielli (Italy) regarding obligatory arbitration, was adopted unanimously, with several reserves, including the United States and Japan. David J. Hill (America) saying that the United States would not depart from her traditional policy of non interference in the affairs of other states.

The next subject taken up was the proposal of Gen. Horace Porter on the subject of collection of the contractual debt. The substance of the proposition is that in order to avoid between nations armed conflicts, "of purely pecuniary origin," caused by the subject of one country from the government of another, and also to guarantee that "all contractual debts of this nature which are settled in a friendly manner through diplomacy should be submitted to arbitration." It is understood that coercive measures shall not be taken until the creditor country refuses to or leaves the offer unanswered or until after the decision of the arbitrators is not fulfilled by the debtor. The proposal was approved by 23 votes, with five absent, Belgium, Sweden, Roumania, Switzerland and Venezuela, 12 American governments making reservations.

The final session of the conference will take place Saturday.

THIRTEEN CONVENTIONS.

Some of the superfluous delegates to the conference are of the opinion that it would be an ill-omen to hold the last session Friday, principally in view of the fact that the conference will have signed an even 13 conventions. These conventions are as follows:

First—The peaceful regulation of international conflicts.
Second—Providing for an international prize court.
Third—Regulating the rights and duties of neutrals on land.
Fourth—Regulating the rights and duties of neutrals on sea.
Fifth—Covering the laying of submarine mines.
Sixth—Regulating the bombardment of towns from sea.
Seventh—The matter of the collection of contractual debts.
Eighth—The transformation of merchant ships into warships.
Ninth—Regulating the treatment of captured criminals.
Tenth—Covering the inavailability of fishing right.
Eleventh—The inavailability of the postal service.
Twelfth—The application of the Geneva conference and the Red Cross to sea warfare.
Thirteenth—The laws and customs regulating land warfare.

ADDITIONAL DECLARATIONS.

In addition the conference has concluded the following regulations and declarations:

First—That balloons shall not be used for throwing explosives.
Second—A recommendation in favor of obligatory arbitration.
Third—A recommendation regarding the establishment of a court of arbitration.

Cleanses, preserves and beautifies the teeth, and Purifies the breath. A superior dentifrice for people of refinement.

Established in 1866 by J. H. Lyon, D.D.S.

Fourth—A recommendation concerning the limitation of armaments.

Fifth—The convocation of the third conference.

Sixth—The prohibition of unecessarily cruel bullets in warfare.

Seventh—The convocation of all countries in the building of the palace of peace.

It is asserted also that before the convocation of a third conference, Germany, Austria, Hungary and Great Britain will insist, in view of the experience gained at this conference, that small states be excluded, but there is a minority of opinion to the contrary.

Indeed, a majority of the delegates are of the opinion that it will be impossible to return again to an arbitrary division of the countries as at the first conference.

His Dear Old Mother.

"My dear old mother, who is now eighty-three years old, thrives on Electric Bitters," writes W. B. Brunson of Dublin, Ga. "She has taken them for about two years and enjoys an excellent appetite, feels strong and ails well." That's the way Electric Bitters affect the aged, and the same happy results follow in all cases of female weakness and general debility. Weak, puny children too, are greatly strengthened by them. Guaranteed also for stomach, liver and kidney troubles. By Z. C. M. I. Drug Store, Inc.

GREAT STORM SWEEPS OVER SOUTHERN EUROPE.

Paris, Oct. 16.—Southern Europe is in the grasp of a tremendous storm accompanied by torrential rains. This coming on the heels of unprecedented rainfalls and floods of the past three weeks, is causing very great distress.

The storm area extends from Morocco northward over Portugal, Spain and southern France. Warships off the African coast and the Spanish peninsula, have sought shelter.

The village of Olet, near Barcelona, Spain, was literally washed away by a cloud burst, and the river Llobregat just south of Barcelona, is described as being a raging torrent, constantly claiming new victims. The city of St. Sebastian, in the north of Spain, has been ravaged by a hurricane.

The recently flooded rivers in the south of France are again rising.

In the department of Savoie, a great overflowing sheet of high cubic meters is reported to be moving, and in imminent danger of toppling over and crushing the village of Torney, 1,000 feet below.

Hard Times in Kansas.

The old days of grasshoppers and drought are almost forgotten in the prosperous Kansas of today; although a citizen of Coffey, Earl Shammug, has not yet forgotten a hard time he encountered. He says: "I was worn out and discouraged by coughing night and day, and could find no relief till I tried Dr. King's New Discovery. It took less than one bottle to completely cure me. The safest and most reliable cough and cold remedy and lung and throat healer ever discovered. Guaranteed by Z. C. M. I. Drug Store, 12-14 South Main Street—50c and \$1.00. Trial bottle free.

D. & R. G. TELEGRAPHERS VOTING ON STRIKING.

Denver, Colo., Oct. 16.—A vote of the telegraphers employed on the Denver & Rio Grande railroad is being taken by mail on the question whether they should strike in consequence of the refusal of the company to reinstate R. W. Skaggs, former wire chief at Grand Junction, Colo., who was discharged when he refused to testify against Western Union wires. It is reported that the telegraphers already received are practically unanimous for strike. About 400 operators are employed on the road and 95 per cent of them belong to the Order of Railway Telegraphers.

It is predicted by Denver & Rio Grande operators that if they go out, the strike will quickly spread to all railroad telegraphers in the country, involving over 15,000 operators.

H. B. Perham, national president of the Order of Railway Telegraphers, issued a statement today on the Skaggs case, in answer to the statement made yesterday by Vice President and General Manager Charles H. Schlaacks, of the Denver & Rio Grande railroad. President Perham holds that Operator Skaggs was justified in refusing to testify against the Western Union wires when ordered to do so by J. M. Walker, superintendent of telegraph on the railroad, as the order was "irregular" and "unlawful." Walker "well" knew that such duty properly belonged to the Western Union wire chief located at Salt Lake, but deliberately issued the order apparently with the object of raising a question that would cause considerable commotion before it is finally settled.

Seventy-five operators on the eastern division of the Union P.R.R. It was announced today that the telegraphers at Denver & Rio Grande, who were required to handle Western Union messages and to give counter instructions in refusal to handle any commercial business. Similar petitions, it is said, are being circulated on every railroad throughout the country.

YAQUIS AMBUSH AND KILL SEVEN PEOPLE.

El Paso, Oct. 16.—Four men and three women, one of the former being a government mail carrier, were ambushed and killed between San Jose de Hila and La Colorado, east of Hermosillo, in the lower Sonora country, by Yaquis. The killing was discovered a short time afterward by a party of American mining men who were traveling over the trail with an escort of Mexicans.

PASSENGER AGENTS.

Select Seattle as Place for Next Annual Meeting.

Norfolk, Va., Oct. 16.—The American Association of Traveling Passenger Agents, in thirty-fourth annual session at the Jamestown exposition today, selected Seattle as the next place of meeting and elected M. C. Roche of Portland, Oregon, president.

TAFT ADDRESSES FILIPINO ASSEMBLY

Tells Them They Won't be Fitted For Self Government for at Least a Generation.

THEY EXPRESSED NO OPINION.

Also Intimated to Them That Misbehavior Would Result in Abolishment of Legislature.

Manila, Oct. 16.—Secy. Taft formally opened the Philippine assembly in the national theater at 11:15 this morning. In the presence of a large crowd of people.

In his opening address Mr. Taft declared that his views announced two years ago, regarding the independence of the Philippine people, were unchanged. He did not believe that they would be fitted to govern themselves for at least a generation, but he added that the matter was entirely in the hands of Congress.

The secretary declared, emphatically, that the United States had any intention of disposing of the islands; said he had absolute confidence in the Filipinos; denied that he was disappointed at their inability to legislate conservatively, and asserted his belief that they felt their responsibility and acknowledged the necessity of supporting the American government.

Mr. Taft refrained from suggestions regarding specific legislation by the assembly, but recommended that attention be paid to the civil service.

At the close of his address, Mr. Taft formally called the assembly to order. A short prayer was then read by the only native Catholic bishop in the islands. The assembly then took a recess until 3 o'clock, this afternoon.

At the resumption of the session, the first business was the election of a president, and Sergio Osmena, Nationalist, who formerly was governor of the island of Cebu, was chosen. Senator Osmena is a young man and had no part in the revolution. He is held in high esteem by the government and his own people. He was nominated by Manuel Quenson and seconded by an old senator by Donador Gomez. All the assemblymen, including Senator Gomez, whose election is to be contested, were then formally sworn in. The oath included acknowledgment of sovereignty and allegiance to the American government. The afternoon session lasted for three hours. The only business transacted was selection of a secretary.

The delegates showed they had no understanding of parliamentary law and procedure. The principal feature of the session was an address by Senator Gomez, who declared against bringing politics into legislative business and asked the delegates to show their patriotism by forsaking party affiliations and legislate for the benefit of the Filipino people.

The new assemblymen and the provincial governors were the guests of Gov. Gen. Smith at a grand ball tonight. Secy. Taft failed to satisfy some of the American residents of Manila regarding the policy of the American government.

The general impression is that his speech was placative. He intimated that misbehavior would result in the abolishment of the assembly. It is declared that this intimation is not expected. As for the Filipinos they expressed no opinion of Mr. Taft's speech one way or the other.

HARRIMAN DECLARES LANE'S STATEMENT UNFAIR

Chicago, Oct. 16.—E. H. Harriman today, after reading the statement made by Interstate Commerce Commissioner Lane, to the effect that the western railroads are still paying rebates, said:

"That statement is an exceedingly unfair one, and I am surprised that Mr. Lane should make it if he did make it. I know that in all the railroad systems and in all the railroads in which I am interested there is no wilful paying of rebates, nor is there any wilful violation of the law. Mr. Lane knows better than any one else that the present laws, both state and national, governing railroads, are in chaotic condition both as to interpretation and as to application. It is exceedingly difficult for a railway manager at this time to keep entirely within the law, no matter how ardently he may desire to do so. We are all striving, however, to live up to both the letter and the spirit of the Hepburn amendment, and if there are violations under it they have been purely technical due to the lack of comprehensiveness of the law."

WANTS TO SUCCEED MITCHELL.

Clearfield, Pa., Oct. 16.—At a banquet given in his honor here today, William B. Wilson, international secretary-treasurer of the United Mine Workers of America, announced his candidacy for president of the organization to succeed John Mitchell, who will voluntarily retire at the end of his present term because of ill health. Mr. Wilson was elected to Congress from the Fifteenth Pennsylvania district in 1906 and will take his seat in December.

PRESIDENT AND BEAR JUST MISS EACH OTHER

Stambool, La., Oct. 16.—If President Roosevelt had been stationed a few hundred feet further south than he was yesterday he would possibly have procured the bear he came to the Mississippi canebreaks to stay. That a fine specimen was discovered by Mr. Culder's dogs within a short distance of the president and within less than a mile of Bear Lake, was the news brought into Stambool by Brutus Jackson, one of the members of the hunting party, and he says that the animal was enabled to make good his escape, going in a direction opposite to the president's post. Four dogs, unattended by any of the hunters, followed the bear all day, and struck a hot trail about 4 o'clock and within a trice they were almost on the animal.

He was roused while feeding, and with a snarl that was heard afar, he darted off. The campers say that, thick as the jungle, was brain made rigid by had to cut to reach the lake. Arriving at the water's edge he unhesitatingly plunged in and was well away from the shore when the dogs arrived on the scene. One of the hunters came up a short time afterward, but too late to get a shot. By this time the day was too far advanced to permit any one to follow.

The hunters were much chagrined over their failure, but were again reassured by the president, who told them that a successful outcome was yet possible. The bear which escaped yesterday was of good size, but quite lean, to which fact is attributed his running and swimming ability.

Hunter Lilly located a trail on the far side of the lake last night, and the president took it up early this morning. There is much dissatisfaction among the dogs on hand, and a canine reinforcement from Newellton, La., was received today.

BOXERS DRIVEN BACK.

Pekin, Oct. 16.—The imperial Chinese troops detached from the Yang-Tse-Kiang valley cantonments because of the anti missionary outbreak at Nan Kiang, drove back the so-called Boxer rebels into the mountains on the borders of Kwang Tung. In an engagement at Chung Yi the troops killed 70 of the insurgents.

BLAST EXPLODES.

One Man Killed and Three Are Seriously Injured.

Missoula, Mont., Oct. 16.—One man was killed, three seriously injured and two slightly injured at noon today in an accidental explosion of a black powder mine. The explosion occurred near McDougal's railroad construction camp on the right-of-way of the Chicago, Milwaukee & St. Paul road.

The dead: Carl Klason of Minneapolis. The injured: Charles Nelson, scalp torn and internally injured; Ed Anderson, scalp torn; Leo Peterson, scalp lacerated and internally injured.

Two other men were slightly injured by flying stones. The injured men were brought to the hospital in this city.

GUILTY OF EMBEZZLEMENT.

Chicago, Oct. 16.—Hiram F. Leonard, former treasurer of the Evans, Snyder, Buell Co., was found guilty today of embezzlement of \$7,600 from that concern. Leonard was introduced to show that the total defalcation would amount to \$65,000. The money was lost in speculation. Leonard was for years a prominent resident of Englewood and a church man.

DISCIPLES OF CHRIST.

Norfolk, Va., Oct. 16.—At today's session of the National Disciples of Christ, Rev. G. A. Hoffman of St. Louis reported a grand total of \$8,200 raised for all purposes, and from all sources by the Disciples in the United States last year.

The new church institution was adopted with the proposed amalgamation of the work of all state and national mission boards, eliminated.

ELABORATE DEFENSE OF STANDARD OIL COMPANY.

New York, Oct. 16.—Counsel for the Standard Oil company have prepared an elaborate defense in the government's suit for dissipation of the oil combine, which they say, will be developed in its entirety. The government's attorneys have concluded taking their testimony. The Standard's lawyers said today that they had not sought to adduce testimony on cross-examination of officials and employees of the so-called oil trust which would refute the allegations in the federal complaint, but had deferred in bringing out must evidence until later, when it could be produced continuously in bulk. No intimation was given of the nature of the testimony which counsel for the trust would bring out.

A telegram was sent to William U. Rockefeller, assistant treasurer of the Standard Oil company of New Jersey, last night, by counsel of the Standard, that the government desired him as a witness before adjournment is taken on next Friday for a month.

Frank B. Kellogg, of counsel for the United States spent the entire day in placing on record statements submitted by several witnesses showing the profits made by the Standard in the different localities of the country. Statements were produced showing that the Standard not only secured information concerning shipments in the United States, but in foreign countries.
