JESERET IVINING NEWS: MONDAY, JANUARY 1, 1906.

MINING, BUSINESS AND STOCKS 6000000 · 0000000 · 00000000 and energetic mining men. several days this week on business conseveral hays this week on plainess con-nected with an important mining deal, which will mean much for Cherry Creek. We hope to give the details in our next issue.—Ely News. Today's Metal Quotations. The New Moon Mining and Milling company, operating the Lost Geh and Found Gem claims near Osceola, are running a tunnel to strike the ore body. Local settling prices are reported hilling company SILVER. 6456 COPPER CASTING . 184 The installation of a large pumping ma-chine on the Lost Gem shaft is suf-COPPER ELECTRO . 189-16 ficient to draw the water out, which is to be run to a reservoir and then utilized in running a mill.-Ely Mining LEAD, . . 1,5.47 /2 Record Word comes from Gilmore that Thes. NEW YORK QOUTATIONS. Grooms has bonded his Democrat group to parties represented by F. J. Conroy, formerly of Thunder Mountain, and that work has aiready begun under the LEAD, easie . 5.65115.95 COPPER, quilet. - 181 @19 terms of the instrument. Mr. Grooms has himself taken a contract to drive \*\*\*\* the tunnel 400 feet ahead. There are five claims, and lots of ore in this ground.-Salmon Herald, Little Beil, and American Fila Little Beil, and American Fins also, are now considerable more than mere "prospects" and are on the verge of de-veloping into regular shippers. In oth-ers, such as the Wahach, King Consol-idated, West Quincy, New York and Jupiter the year's work has mean much, demonstrating as it has, that every one of them and mony more, are more than likely benauzas. The old stand-bys, the camp's especial 1 tide.

Harry B. Cole, the well kn wn mock h her returned yesterday from a trip the thestent mining district in wethern Nevada, where he reports condidagable activity and save the eadlook for some important develor-Fad its in thei district in 1906 are very idends, and their vast treasure vs alts show no signs of diminishing in siz or value, and are in fact, increasing di fly. "The great Ontario though is fly hurastad by a costly accident is by no means a 'has been," and will again be sending its valuable product forth even though it may take some time yet to one of the end and will be in the At the mucky Durchman, Supi, Rover is yushing development work vigorousand is finding some good ore. Mr. Cois brelight a lot of samples in with though it may take some time yet to put it into such condition that it can do so. Everything considered, 1905 has been one which has seen farreaching good done the camp, and its richest fruits are yet to be realized. "Following is a brief resume of the year's work at the mines and pros-pects of the camp: The shipmerts from the camp aggre-gated a total of 169,606,476 pounds of ore, the Silver King leading with 85.9.8, 000 pounds. Daly-West, 74,006,00 pounds, Kearts-Keith, 3,622,300 pounds, Ontario, 2.544,400 pounds; New York, 501,570 paunds miscellaneous mines, 1.-842,000 pounds

THE KING CONSOLIDATED.

# Interesting Developments Taking Place

At This Mine.

At Tuis Mnie. Another property which is on the eve of becoming a great nine is the Silver Burg for solidated, says the Park Rec-orle. Sarly in the year, the much nery of the Con. was found to be two light for the work being date, and it was taken out and rate of by the intendid of the want of the Omaric No. 3 hoisting ian. The development of the mine is inder the direction of Jack Koedley, the of the camp's most experienced mithing men, and rates confident that he has a big product in the inaking.

Duncan McVichie has received word from the east that an important sirike has been made in the property of the Mexico Consolidated. The regular annual meeting of th

Butler Liberal Mining company will take place on the 7th inst. The report printed in a contemporary to the effect printed in a contemporary to the effect that the Butler Liberal mine had been purchased by Walter C. Orem of this city appears to be premature.

About 11,000 shares of the treasury stock of the McKinley Mining com-pany was sold during the week to lo-cal people. All of the treasury stock has now been disposed of and there is sufficient money in the treasury to carry on development work for some carry on development work for some time to come. The showing in the property is improving and the officers of the company believe that the ore will be encountered before many will be encountered before many months has passed.-Eureka Reporter Griff, Thomas, the foreman of the Nay Aug Zinc company, came in to spend Christmas with his family. He

spend Christmas with his family. He says that the Nay Aug mine has ship-ped ore from the first day that the com-pany took hold. In the only drift or tunnel in which work is going on there is ore for 230 feet without a break. As it is only 80 feet to the surface, and the ore feathers toward the grass roots, It is evidently the top of an ore body. "If they attain a depth 100 feet lower," 842,000 pounds Two of Park City's mines paid divi-Mr. Thomas says, 'they may have a mine worth millions of money. They got some cold turkey, all right, when they got this mine."-Hailey Times. dends las, year, the Silver King, \$1,200 -650 and the Daly-West, \$432,000.
