OUTSIDE ORDERS INCREASE.

Carisa, California and Lower Mammoth Traded Heavily and Were Stronger-Con. Mercur Weak.

The mniing shares market continues to improve and outside trading was much in evidence this morning. Many stocks were dealt in and prices generally showed good gains. During the session 26,292 shares and more than \$24,538 were involved in the transactions and the market closed strong on the highest prices of the session.

Of the Park City Issues Creole, California, Daly-West, Daly-Judge, Little Bell and New York were active and truch strength was shown by each. Creole was strong at 571/2 and Daly-West sold up to \$50.05, while Daly Judge brought \$10.90, New York at 61 traded and one of the features of the session was Little Bell.

Consequent to the report of a b'g strike of rich ore the stock was in some demand and transactions were made at \$6.00 and \$6.50 a share or on the basis of \$1,950,000, for the mine. California traded at 41 but was free-

ly shorted at that figure. Lower Mammoth continued to strengthen in consequence of the very encouraging condition of the property and Carisa also sold up. The session closed on the following market:

MURRAY PLANT A SUCCESS.

Six Lead! Furnaces and One Copper Will be Operated-Nearly 1,200 Men Employed.

It was announced today that on Nocember first the Germania smelter in this valley will be blown out and at east temporarily end its career. The four furnaces of the old plant have been in continuous operation for years and bullion to an immense amount has been produced by them.

The great new \$1,000,000 plant at Murray is working admirably now and it is expected that its eight lead fur-naces and one copper will take care of all the ores purchased by the company. The management intends to have six lead furnaces running continuously with two reserved for emergencies. The six have a capacity each of over 150 tons daily and the copper furnace is capable of handling about 70 tons

UNITED STATES AFFAIRS. Bingham Tram Nearly Finished and Smelter About Ready.

Reports from Bingham last evening were to the effect that the tramway on the United States company's property is progressing rapidly towards comple tion. The ore bins at the station are nearly completed and the carrying cables are strung while the puiling cable is strung about three quarters of the distance. Everything at the big property is being hastened into shape for production.

The smelter in this valley is also be ing hastened to completion. blast engines are being tested and the five great furnaces are rapidly being got ready while men are at work preparing the equipment of converter

stands. The electrical equipment is being tested and the bins for ore, fuel and other materials are being filled. It will yet take some weeks to get the magnificent plant ready for business.

GOOD EFFECT IN LONDON.

Large Liquidation of Stocks Caused a Slight Setback-Buying by Shorts Brought a Quick Hally.

New York, Oct. 16 .- The announcement from Washington that the end of the coal strike was virtually assured by the acceptance of the miners' representatives of the terms proposed caused great satisfaction in Wall street nd was reflected in an active and advancing market. The news was acted upon in the London market long before our opening here and prices were lifted materially for many of the internationally listed stocks. Buying was in large blocks throughout the list at the opening here and the coal stocks opened wide with average gains of a point. Large amounts of stocks were liquidated on the rise and there was an immediate set-back in prices which was, however, limited to aside from Louisville which feil 14. chase of some considerable stocks for the long account railled the market

julckly, and declines were generally General Electric jumped 6 points. At Il o'clock the market was quieter and i regular on a small range. The market overcame its hesitancy and rose aggressively again to the highest. Many important stocks sold between 2 and 3 points above yesterday. Lackawanna jumped 5% and United States Express 10%. Very large purchases were made in the Pacifics, and the southwesterns, but the coal stocks were

ess active. Now that the coal strike is less important as a market factor, there was ome disposition to discount the expected relief to the money market by the rumored government bend pur-chase by Secy. Shaw. Call leans opened at 8 per cent and were in ac-tive demand. Toward noon the mar-ket eased off again on realizing and the activity cased.

Bonds were firm at noon. Pennsylvania and the stocks of conrolled roads became the leaders of the market, especially Norfolk & Western,

shich advanced over 3 points to 774. The market otherwise was quiet and featureless, but the best prices were maintained generally.
