

IN A WEAK SPOT

THE STORY OF AN ATTACK AND ITS REPULSE.

A Thrilling Account as Told by a Veteran of the One Hundred and Fifty-fourth Indiana Volunteers.

Jacob T. Keller, of Girard, Kan., is a veteran who saw long and hard service in the civil war with the One Hundred and Fifty-fourth Indiana volunteers and he tells many a story of his youth and battle. He was recounting some of his adventures to a reporter the other day.

"Of all my experiences in the war and out of it," he said, "one is most often uppermost in my thoughts. I thought I had got over it all right. About two years after the war, however, when I was plowing for wheat, I gave out again in that spot. I had been set in and I had to quit work. I tried relief after the other to get some relief from the pain but nothing that I took helped me at all and I became discouraged.

"The cords of my left leg were drawn so badly that I could not straighten it out at all, nor could I sit down. My hip and knee pained me and I suffered miserably. At times I had nervous headache. After trying a number of things, my daughter, Mrs. Fry, who had been cured of rheumatism by Dr. Williams' Pink Pills for Pale People, induced me to try that remedy. My case was a very stubborn one and I took five boxes of the pills before I could see much change but I kept on and they certainly did wonders for me. The cords in my leg began to slacken and before long it limbered so that I could use it again and be able to sit down. My hip, knee and head were better. I had been made them better, too. Dr. Williams' Pink Pills for Pale People are a grand, good medicine and I recommend them to all who suffer as I did.

"The real cause of rheumatism is the presence of acid in the blood, which irritates the sensitive tissues that unite the joints and cover the muscles thus causing these undesirable conditions, which rheumatic sufferers dread. Years ago these afflicted were held, as if taking away some of the impure blood could remedy the balance. This folly has been abandoned and today physicians prescribe and druggists recommend the use of Dr. Williams' Pink Pills for Pale People, as these marvelous vegetable pills so directly in the seat of the trouble, exerting a powerful influence in purifying and enriching the blood by eliminating poisonous elements and renewing health-giving force, thus making a potent remedy for curing this disease.

Dr. Williams' Pink Pills for Pale People are an unfailing specific for all diseases arising from impoverished blood or shattered nerves. They cure not only rheumatism but locomotor ataxia, paralysis, neuritis, St. Vitus' dance, sciatica, neuralgia, nervous headache, after-effects of grip, of fevers and of other acute diseases, palpitation of the heart, anaemia, pale and sallow complexion, and all forms of weakness. At all druggists, or direct from Dr. Williams' Medicine Co., Schenectady, N. Y. Fifty cents per box; six boxes for two dollars and a half.

IN THE FIELD OF AMERICAN SPORT.

AMONG THE BOXERS.

The Christy-Bean Contest—Is Burns Afraid of Pete. The boxers indulged in the usual amount of "chin music" during the week and did little towards making matches, but it is said that next week many of them will get down to business and sign for exhibitions of the main art.

JACK CHRISTY.

Above is a characteristic pose of Utah's cleverest boxer, young Jack Christy. The picture was taken for the "News" during the week and shows the young man as he appears when in condition to do battle in the roped arena.

Christy has had but two contests in this city. The first was with Jim Francis, and so was the last. In their first meeting the bout was declared a draw, but in the second Christy had no trouble in disposing of the colored man.

It is said that early in the week a representative of Jack Wade, now lightweight champion of Montana, offered to match Wade with Condle provided the latter would post \$1,000. The conditions imposed by Wade, or said to be demanded by him, are not only impossible but absurd and unfair.

Wade and McCarthy met and the former asked for a fight, according to the tale. The Walkerville boy, it is said, agreed, providing Wade would put up \$500 as a side bet.

Here is a question that is going the rounds these days: "Is Jimmy Burns afraid to meet Mexican Pete again and give him a chance to vindicate himself?"

BICYCLISTS TALK TRAINING.

A number of the bicyclists who won fame and wealth on the saucer track since it was first opened, are already talking of their plans for the coming season. The continued warm weather during the week is responsible for this.

Just what riders are likely to be here for the coming season is hard to say at this time, but it is certain that many familiar faces will be seen at the saucer, and equally certain that some familiar faces will be seen no more.

The warm weather during the week killed all the ice sports and thawed out the enthusiasm of the hockey players. The result is that the proposed game between the Heath and Melien has not been played and not likely to be played unless there is some more freezing weather.

Handball and basketball engaged the attention of the indoor sportsmen during the week, and there were a few really good games played. The talk about organizing indoor baseball teams and forming a city league has about died out.

There is probably no disease or condition of the human system that causes more suffering and distress than piles. TABLET BUCKEYE PILE OINTMENT cures them quickly, without pain or detention from business.

John L. Sullivan, ex-pugilist-actor. "It's me voice that does the trick," says John L. Sullivan, ex-pugilist-actor. "Why, when I let out a roar on the stage they have to take the heroine in back of the scenery and give her amell-in' salts."

what they will do when they get into the ring, and then when there's a chance for a real mill they take it on the run. If I had my way I'd put the whole lot of 'em on a ship, send it out to sea and sink it.

Sporting Notes.

"Dumny" Rowan announced during the week that he intended to quit Montana and settle down here. It is his intention, so he says, to get a job at smelters and make this city his headquarters.

Johnny Corbett passed through Chicago the other day and in a talk with Joe Macaris he said: "I will give Kid Broad and Benny Yanger the preference for a match with the champion as soon as the theatrical season is over."

Joe Walcott, who is blacker than a sack of black alley, and who has to be fumigated or rather purified every once in a while with a chloride of lime bath, was recently asked by the proprietor of a yellow journal to write him a treatise on "How to Get Strong."

Those who have ever been on the lee side of a ring after Joe have become duly impressed and fully appreciate the verity of his reply.

The warm weather during the week killed all the ice sports and thawed out the enthusiasm of the hockey players. The result is that the proposed game between the Heath and Melien has not been played and not likely to be played unless there is some more freezing weather.

Handball and basketball engaged the attention of the indoor sportsmen during the week, and there were a few really good games played. The talk about organizing indoor baseball teams and forming a city league has about died out.

If persistent rumors are to be believed then the gay and festive boxer is to have another jinning in New York. There is at present a canvass being made among the members of the legislature of that state and the encouragement already received insures the promoters of the scheme that their efforts might not be in vain.

There is probably no disease or condition of the human system that causes more suffering and distress than piles. TABLET BUCKEYE PILE OINTMENT cures them quickly, without pain or detention from business.
