

CHAS. R. FLINT ON ENGLAND'S DANGER

Is That She Will Lose Her Commercial Supremacy Through Over Conservatism.

PROTECTION WOULD HURT HER

Must Develop Strength by Using Most Advanced Methods of Industrial Development.

New York, Oct. 27.—Charles R. Flint, the financial backer of the Wright brothers, and known as a promoter of large industries, who recently returned from an extended visit in England, states that the English are very much disturbed by the fact that the United States and Germany are progressing so much more rapidly than they in many manufactures.

"My opinion is that the great success of Germany and the much greater success of the United States are due to the fact that we have been fighting the obstinate conservatism of the English manufacturer," said Mr. Flint. "This success of the Germans is peculiarly worrying the English, because of the fact that while Germany is enormously increasing her industrial development, the German emperor is forcing England to increase her fleet of war vessels, while her trade position is declining."

"Unless England develops strength by using the most advanced methods of industrial organization, such as have been developed to the highest degree in the United States through the centralization of manufacture and the consequent larger use of special machinery, she will not be able to maintain her supremacy, and if the English adopt protection, in my opinion, the relative gain by German and the United States in the export of manufactured goods will be still further increased."

RUMORS OF A DIVORCE IN THE ASTOR FAMILY

New York, Oct. 26.—Reports that Mrs. John Jacob Astor has brought suit for a legal separation from her husband, Col. John Jacob Astor, were neither denied nor affirmed today by C. H. Young, who is said to have been appointed a referee in the case. Mrs. Astor is said to be represented by John H. Cadwallader, of the firm of Strong & Cadwallader, and Mr. Astor's attorney is said to be Lewis Cass Leidy. The greatest secrecy is maintained.

Col. Astor is at present on board the yacht Nourmahal, cruising in Cuban waters. He left New York three days

GOOD MORNING!!
DO YOU USE
HUSLER'S FLOUR?

before Mrs. Astor returned from Europe on Oct. 15 last.

The reported suit came as a great surprise to society.

Mrs. Astor was Miss Ava Willing, daughter of Edward S. Willing of Philadelphia. She was married to Col. Astor in 1891. The couple have two children, William Vincent Astor, 17 years old, and Ava Alice Muriel Astor, 7 years of age.

GEN. O. O. HOWARD DEAD.

Was Last of the Union Commanders in the Civil War.

Burlington, Vt., Oct. 26.—Gen. Oliver O. Howard, last of the Union commanders of the Civil war, died at his home here tonight of heart disease. He was 79 years old.

Last week Gen. Howard was in Ontario delivering his lecture on "Abraham Lincoln." His last public appearance was at London on Sunday night. On Monday he returned to his home here and was apparently in his usual good health. Tonight he was attacked by heart trouble and was dead when a physician reached the house.

Including Gen. Howard's services in the Indian wars, he probably was in more engagements than any other officer in the United States army. He was born in Leeds, Me., Nov. 5, 1830.

NEVER WORRY

About a cough—there's no need of worry if you will treat it at its first appearance with Ballard's Horehound Syrup. It will stop the cough at once and put your lungs and throat back into perfectly healthy condition. Sold by Z. C. M. I. Drug Dept., 112 and 114 South Main Street, Salt Lake City.

ELECTRIC LINES AND STEAM ROADS

Shall They Co-operate Physically Is Question for Interstate Commerce Commission.

WILL HEAR ARGUMENTS SOON.

Hearing to be Held in Cincinnati in Case of Columbus Traction Co. Vs. B. & O. S. W. Ry.

Washington, Oct. 27.—Whether steam railways shall co-operate physically with electric lines is a question which has been presented to the interstate commerce commission and which is to be urged in Cincinnati, O., in a few days.

The case at issue is of unusual importance and significance because up to the present time, the steam railways of the country have refused absolutely to enter into any arrangements with electric roads for through routes, either for freight or passengers. The law does not explicitly require physical connection between two railroads—either steam or electric—but it has been the policy of the commission to interstate business to require such connection to be made between two steam roads where the conditions appear to demand or even to warrant the connection. The making of through routes and joint rates for both freight and passengers, naturally follows the physical connection of the two roads.

The extensive construction and operation of electric lines has increased the demand for their connection with steam railways.

Many of them have endeavored to effect a joint arrangement with steam roads, but in practically every instance, the efforts have been of no avail. A few weeks ago the Columbus Traction company of Columbus, O., instituted a complaint against the Baltimore & Ohio Southern railway, the Norfolk Western and the Cincinnati, Lebanon & Northern, alleging that the defendants had refused to permit physical connections to be made between the tracks of the complainant's lines and their own tracks and had declined, also, to make with the complainant through routes and joint rates for either freight or passengers. This issue is to be tried before Special Examiner McCormack for the interstate commerce commission. The testimony taken together with the arguments and briefs of counsel, will be submitted to the commission and on that hearing, the opinion and order of the commission will be based.

LANDS IN SALT LAKE DISTRICT SET ASIDE

Washington, Oct. 26.—Frank Pierce,

acting secretary of the interior, has approved the setting aside of 1,500 acres of government land in Glasgow, Mont., land district, and 925 acres in the Salt Lake land district as a result of selections made by those states for public school purposes. An order has been signed restoring to public entry class 4,900 acres of public land formerly withheld for the Payette-Boise, Idaho project.

JUDGE M. A. MURPHY DEAD.
Reno, Nev., Oct. 26.—Judge M. A. Murphy, formerly of the Nevada supreme bench, died tonight at Carson City, aged 72 years.

NEW INTERCHANGEABLE MILEAGE TICKET

Chicago, Oct. 27.—The western railroads have adopted a new interchangeable ticket book which will be put into use Jan. 1, as a substitute for all forms of mileage tickets now in use. It will be issued by the individual roads, but will be of uniform type and adapted for use in the states where varying rates of legal maximum fares are in force.

After careful consideration of the mileage book question the roads adopted the report of the joint mileage committee of the Western Passenger association, and the Northwestern Passenger Mileage bureau which recommended a non-transferable personal descriptive book containing 200 coupons to be sold for \$4. Instead of representing miles, however, each coupon will virtually represent two cents and will be honored according to the rate of fare in each state.

FOR COMMISSION GOVERNMENT.

Parsons, Kan., Oct. 27.—At a special election yesterday this city decided to adopt a commission form of government by a vote of 55 to 20. The present mayor and police officials were against the new plan.

HARD COLDS.

People whose blood is pure are not nearly so likely to take hard colds as are others.

Physiology goes into the reason. Hood's Sarsaparilla makes the blood pure, causing healthy action of the mucous membrane and giving strength and tone to all the organs and functions.

This great medicine recovers the system after a cold, as no other does.

The directory of the Authorities of the Church, just issued. Free at the Desert News Office, or sent to any address upon receipt of 2c postage.

GAY OLD GAL GOT MARRIED.

Berkeley, Cal., Oct. 27.—Evading her children and grandchildren, Mrs. Rebecca E. Walworth, 71 years old, was quietly married yesterday to Paul P. Chamberlain, a San Francisco contractor, 75 years old. Members of Mrs. Chamberlain's family admitted that opposition would have developed had the aged woman disclosed her intentions.

BODY TO BE CREMATED.

Kansas City, Mo., Oct. 27.—Declaring that he did not believe in the Bible, and that he did not want any "fool of a preacher" making remarks over his body, Dr. R. H. Osborne, a physician, who died in Kansas City, Kan., yesterday, left a letter asking that his body be cremated and the ashes thrown

There's fifty pounds of goodness in every sack you buy! It's milled by expert millers and that's the reason why. Makes delicious Bread and Cakes. Pastry—also Pies! White Fawn's the flour you should buy, that is—if you are wise.

SALT LAKE & JORDAN MILL & ELEVATOR CO.

into the Missouri river from the Hannibal railroad bridge at St. Louis. Though Osborne lived here for 20 years, it is declared that his real name was Howard H. Hodges and that he formerly lived in New York city. He left enough money to pay for the queer disposition of his body and his request will be complied with.

PREDICTS PEOPLE WILL SOON USE SKYCYCLES

New Brunswick, N. J., Oct. 27.—At a meeting of the New Jersey State Microscopical society, held at Rutgers college, Prof. Julius Nelson, state biologist, in a lecture on aerial navigation, prophesied that within a few years anyone could be able to ascend in the air without the aid of aeroplanes or similar machines, but by the use of what he termed a sky-cycle.

"Why not manufacture wings something on the order of birds, and have them controlled by the leg muscles of the human being?" asked Prof. Nelson. "Scientists have been giving this much thought, and I prophesy that within a short time people will be able to go into the air any time they want to. Just take the wings out of your pocket and ascend. When you come down, fold them up and put them in your pocket."

CHICAGO TO HAVE HOTEL FOR CHINESE

Chicago, Oct. 27.—Chicago will soon be the possessor of one of the finest hotels for Chinese in the United States. It plans that are being made by South Clark street merchants are carried out.

According to Chinese merchants here, many visitors from China have been unable to obtain rooms at first-class hotels because of their inability to speak English, and scores have been compelled to seek lodging and entertainment at the houses of countrymen.

The hotel, as planned, will be six stories, and much of the work will be done by orientals. The decorations will be exclusively Chinese.

STEAMERS RUSHING TO AVOID HEAVIER DUTIES

New York, Oct. 27.—Three French steamships, heavily laden with wines and other luxuries from France, are racing for this port in the hope of landing before the expiration of the reciprocity trade arrangements with France, Switzerland and Bulgaria, at 12 o'clock midnight Sunday.

The custom house usually closes at noon on Saturday, and Collector of the Port Lock already has permission to keep open until 9:30 p. m. that day to receive the manifests of arriving steamships, but a dispatch from Washington indicates that he may be given further permission to accept the manifests of the French ships on Sunday. The treaties expire Oct. 31, but as that is Sunday, the expiration would ordinarily date on Saturday.

The vessels on the way are the mail steamer Touraine, the cargo steamer Louisiana and the passenger and cargo steamer Chicago.

In anticipation of the termination of the reciprocity commercial agreements with the three countries named shippers have been sending wines, sparkling and still, coddies, bitters, clarets, burgundies, cherry juice, vermouth and apertifs in tremendous quantities to New York for a month.

Under the reciprocity agreements the duty on champagnes and brandies is 36 cents a case of 12 quarts, but after midnight of next Sunday the duty will be \$9.00.

There are 112,000 cases of champagne in bonded warehouses in this city, all of which will have to be removed before Saturday night or the extra cost to the importers in duties will be \$40,000. In 15 days there have been imported, principally on French, Canadian, White Star, American, Red Star and Fabre line steamers, the unprecedented quantities of 35,000 cases of brandy and 26,000 cases of champagne.

MRS. HARRIMAN WILL MANAGE HER ESTATE

New York, Oct. 27.—That Mrs. E. H. Harriman, who was the sole legatee of her husband's vast estate, intends taking an active part in the management of the fortune left to her is indicated by the fact that she has leased a suite of offices on Fifth avenue.

The offices cover almost the entire second floor and contain rooms for Mrs. Harriman's lawyers and advisers, in addition to the clerical force.

DRY GOODS STORE
222-224 MAIN ST.

Pick from suits worth up to \$35.00 at
\$17.95

HERE IS THE SUIT SALE You've been Waiting for

A Big feature for the end of the Month

More than 100 excellent fall suits that would sell regularly for

\$25.00, \$27.50, \$30.00 & \$35.00

To be closed out at your pick

\$17.95

These are the "over cuttings" from a big manufacturer.

Take as an instance, when a manufacturer with a big business receives an order for 50 suits, he cuts up material enough for 60 or perhaps 75, as the case may be. Re-orders very often fail to exhaust the extra number and thus are accumulated what is known as "over cuttings." It was in a case like this that we secured from a leading New York Manufacturer these suits to sell far below their worth.

ELEGANCE AND ECONOMY go hand in hand in this great suit sale. No woman can judge the values without seeing the garments, only one glance is necessary to appreciate the unusual economies.

STYLES are the popular plain tailored suits, coats ranging from 42 to 46 inches in length, some with braid and button trimmed effects, individual pockets, some kilted effects, plain or Persian braid trimmed collars. The skirts are in the up-to-date pleated models.

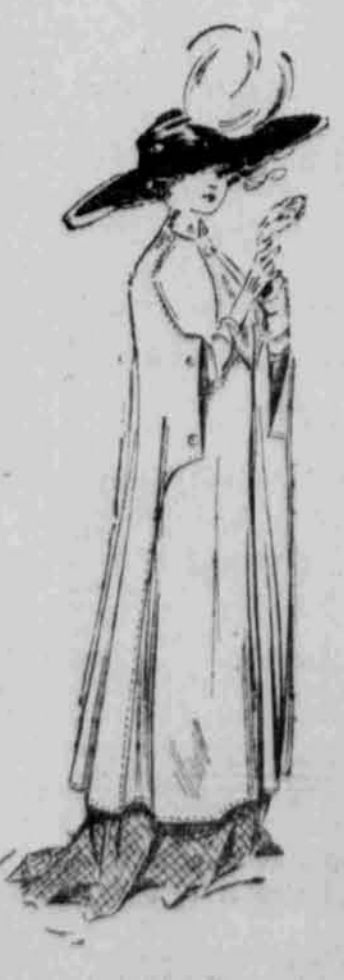

MATERIALS include fancy and plain Broadcloths, Homespuns, Mannish Worsteds, Clay Serges, Herringbones, Basket Cloths, Cheviots, Diagonals, etc., etc.

COLORS are Raisin, Black, Smoke, Navy, Reseda, Hunter, Artichoke, Gray, Brown, etc., etc.

Sample Line of Charming New Capes 1-3 off

This line of Drummers' samples in Broadcloths, plain and pastel shades, long lengths. Braided Military collars, also capes in the heavy double faced cloaking for stormy weather were bought at the above great saving. The saving is yours, choose quickly.

\$13.50 capes \$9.00
\$14.50 capes \$9.50
\$18.00 capes 11.95

Attend this sale early Thursday--later in the day, the suit you want may be gone--Alterations on these suits free.
