GAVE PUBLIC
GOLD BRICK
That is the Charge Commander
Peary Makes Against Ex-
plorer Cook.
NEVER SAW THE NORTH POLE.
Don't Trouble About His State-
ments, the Affair Will
Settle Itself.

Peary Says He Can Furnish Material
That May Prove Interesting
Reading For the People.
New York, Sept. 11.—A dis-
patch from Commander Robert
E. Peary, dated at Battle Har-
bor, Labrador, yesterday, has
just been received in this city
and reads:
"The Roosevelt will remain
here three or four days, and
then will start on a voyage
to the north pole. I expect
to arrive at Sydney about Sept.
15.
"Do not trouble about Cook's
story or attempt to explain any
discrepancies in his statements.
The affair will settle itself.
"He has not been at the pole
on April 27, 1908, or at any other
time. He has simply handed the
public a gold brick.
"These statements are made
advisedly and have proof of
them. When he makes a full
statement of his journey over his
signature to some geographical
society or other reputable body,
it will state that he has reached
the pole, I shall be in a position
to furnish material that may prove
interesting reading for the
public."
(Signed)
"ROBERT E. PEARY."

Washington, Sept. 11.—Com-
mander Peary's first official notice
to the navy department of his
return from his discovery of the
north pole came this morning
in the following dispatch sent by
him from Battle Harbor yesterday:
"Respectfully report my return;
I have been on the north pole
and back."
The following message has been
received from the navy department
to Commander Peary:
"Battle Harbor, Sept. 10, 1909.
"The secretary of state, Wash-
ington, D. C.
"Respectfully report my return;
I have been on the north pole
and back."

PEARY TO BRIDGMAN.
New York, Sept. 11.—The follow-
ing cable was received today at the
Peary Arctic club in Brooklyn:
"Battle Harbor, via Cape Ray.
"Sept. 9, 1909.
"Respectfully report my return;
I have been on the north pole
and back."

SECTION HAND GAVE
HIS LIFE FOR OTHERS.
Dugout, Ill., Sept. 11.—In his effort
to prevent the wreck of the special
train bearing J. H. Harriman, a
section hand, and a party of other
railroad officials en route to attend
the funeral of E. H. Harriman, Samuel
Owens, a section hand, was struck and
instantly killed when Owens saw the
train approaching and attempted to
warn the train of the danger. His body
was hurled over 100 yards.

CONFESSES CRIME OF
WHICH ANOTHER CONVICTED
New York, Sept. 11.—Henry Green-
berg, now serving sentence of 20 years
in Dannemora prison for burglary in
this city, has made a statement in
which he confesses to having com-
mitted the crime for which Louis Gold-
berg was sentenced to life in Sing
Sing. Goldberg, who comes from a
good family, was convicted of burglary
in this city last February, and as it
was his second offense the law required
that he be sentenced to life imprisonment.
Greenberg in his statement to the
warden of Dannemora prison, de-
clares that Goldberg is innocent, and
that he committed the crime of which
Goldberg was convicted. Attorneys for
the Goldberg family are investigating
and it is possible that they will ask
for a new trial.

INDICTMENTS AGAINST
F. AUGUSTUS HEINZE
HAVE BEEN DISMISSED
New York, Sept. 11.—The in-
dictments charging F. Augustus
Heinze, the copper financier, with
conspiracy to obstruct the ad-
ministration of justice by con-
vincing the banks of the United
States to loan money to the
United States circuit court.

WANT UNIFORM
BILL OF LADING
A Large Delegation of Eastern
Bankers and Business Men
Will Attend Conference.
WOULD BE A GREAT BENEFIT.
Interstate Commerce Commission Has
Recommended It—Adopted by
Canadian House.

New York, Sept. 11.—A large dele-
gation of eastern bankers and business
men will attend the national confer-
ence looking to the establishment of a
uniform bill of lading which will be
held in Chicago on Monday. This con-
ference which has been called by the
bill of lading committee of the Amer-
ican Bankers' association will provide
the annual convention of the associa-
tion, for the first time or four years,
making, shipping and commercial in-
terests of the country have expressed
a desire for uniformity in the bill of
lading, and the loss of several million
dollars annually by the banks of the
United States. They have contended
further that unless the shippers could
be remedied, the banks would refuse
to accept bills of lading as a basis
of credit. Several banks had already
taken that stand and the fact that
similar drastic measures might be
adopted by bankers generally, resulted
in concerted action being taken to
secure the adoption of uniform and
satisfactory bills that would settle the
controversy.
The entire question came up before
the interstate commerce commission,
which recommended that the reforms
proposed by the bankers be adopted,
but decided that it had no legal power
to enforce this recommendation against
the carriers.
A bill covering bills of lading issued
on interstate shipments is now before
Congress and four states have passed
into law the measures proposed by the
American Bankers' association.
The Canadian railroads have adopted
the recommendations of the American
interstate commerce commission, but
the American railroads have not yet
done so. However, they have made ef-
forts to meet the wishes of the ship-
pers and bankers, and it is hoped that
some definite understanding will be
reached at the Chicago conference.

ENCOUNTER WITH MOUNTAIN
LION RESULTS FATAL.
San Jose, Cal., Sept. 11.—Miss Lou-
ella Kennedy, president of the San Ma-
teo and Santa Clara County W. C. T. U.,
died at her home in Morgan Hill last
night after a struggle with a mountain
lion. She was on her way to a de-
bate at Morgan Hill, where she was
fought with the lion on July 1, when
she fought with the lion for half an
hour to save the lives of Henry
Mack and Walter Lacey, two small
boys. The little Mack boy died two
weeks ago at Monterey after an attack
of lockjaw caused by his injuries.

THEATER MANAGERS FOR
THE OPEN DOOR POLICY.
Chicago, Sept. 11.—The Western Theater
Managers' association, in session here
yesterday, declared themselves for the
"open door" policy of booking plays and
declared that during the coming season
they would accept all offerings presented
either by the theatrical syndicates, head-
ed by Klaw & Erlanger, or by the "in-
dependent" managers, who are not under
the controlling spirit. The decision was
taken after long debate, when it was
decided to accept the bookings of both fac-
tions.

SALE OF BEDS OCCUPIED
BY FAMOUS MEN.
Chicago, Sept. 11.—Sale at auction of
beds occupied for a night or more by
such famous men as Lincoln, Grant,
Cass, Grant and Gen. Winfield
Scott will be a feature marking the
passing away of the old Sherman House,
which is to be torn down to make way
for a new structure.
The Sherman House was built in 1837.
It was the residence of Abraham Lin-
coln, and named the Sherman House.
The original structure was
destroyed by fire in 1871.

CREW ON WESTBOUN TRAIN BLAMED
Conductor, Head Brakeman and Engineer Accountable For Wreck at
Boulder—Running on Time of an Opposing Train
Having Right of Way.

The board of investigation named to
inquire into the responsibility for the
wreck one mile west of Boulder sta-
tion and 80 miles west of Salt Lake
City on the Salt Lake route on Sept.
8, in which one man lost his life and
several members of the train crew and
40 passengers were more or less seri-
ously injured, and two engines and several
coaches were demolished, completed its
sessions this morning and placed the
responsibility for the wreck on the
shoulders of the crew of westbound
train No. 1.
The board held its investigation in
the office of Superintendent H. E. Van
Housen of the Salt Lake division of the
Salt Lake route in this city, and con-
sisted of Supt. H. E. Van Housen, As-
sistant Superintendent W. H. Smith,
J. P. Gardner, merchant of Salt Lake,
District Foreman E. Neuhart, Division
Engineer R. K. Brown, Chief Dis-
patcher J. A. Snyder, and P. H. Char-
terton, of the legal department of the
railroad. A number of witnesses were
examined and the findings of the board
were in accordance with the testimony
adduced.
The report of the board is as follows:
"The board of inquiry holding an in-
vestigation at the office of H. E. Van
Housen, superintendent of the Salt
Lake division of the San Pedro, Los
Angeles & Salt Lake railroad, at 10
o'clock, Sept. 11, 1909, for the purpose
of determining the responsibility for the
head-on collision occurring at 6:50 a. m.,
Sept. 8, 1909, one mile west of Boulder
station, between westbound train No. 1
and eastbound train No. 290, having
examined all available witnesses,
unanimously finds that the collision
was due to the negligence of the con-
ductor, engineer and head brakeman
on westbound train No. 1, and places
full responsibility thereon upon them.
"The finding of the board is that the
negligence of the men held responsible
consisted in running on the time of an
opposing train having rights over them,
without orders and contrary to the
rules and time table.
"The report is signed by all members
of the board."

GOVERNOR BRADY
ON THE ELECTION
Was Somewhat Surprised at
The Vote in the Country
Precincts.

"Was" Secured Absolutely What Is
Known in Political Parlance as
The Doubtful Vote.
Special to the "News."
Boise, Idaho, Sept. 11.—Gov. James H.
Brady has made the following response
when called upon for a statement con-
cerning the result of the local option
election in Ada county:
"I was somewhat surprised at the
vote in the country precincts at yester-
day's election, but was not surpris-
ed at the vote in the city. I have had
considerable experience in conducting
campaigns, and I have observed the
progress of the campaign in Ada county
with much interest. I attribute the
victory for the saloons more to com-
plete organization than anything else.
They conducted a thorough and sys-
tematic campaign, with plenty of funds
and efficient workers that made it al-
most an impossibility to secure an un-
biased verdict of the people. The de-
voted and enthusiastic workers have
not had the experience in campaigns
the other side possessed. They were
very short of funds, and in my judg-
ment it is very fair to say that only
those who were earnestly in favor of
temperance voted the 'dry' ticket, and
that the 'wets' secured absolutely what
is generally known in political parlance
as the doubtful vote. Mayor Harry
& Kessler deserves great credit for the
splendid work that he did.
"This temperance question in this
state should not be considered by the
people of any particular county, but,
in order to show what the sentiment of
the people of the state is, the state
should be taken as a whole. As an in-
dication, I have held local option
elections in six counties and the ma-
jority against the saloon was 7,000,
and the majority in favor of the saloon
is 70. I think when the people of the
state get a chance to vote on the tem-
perance question that is just about the
majority that will be shown through-
out the state. The men on both sides
of this question were in earnest and
should be given credit for acting for
what they considered their best inter-
ests.
"Now that the election is over we
should all join hands in helping
Boise and in the rebuilding of our
state as a whole."

The cool weather of the past week or
two has helped the ice situation in Salt
Lake City, but there is still insufficient
ice for the needs of the city, and at
least one of the ice men of the city is
buying ice at a higher price than he is
selling it for in order to keep his cus-
tomers. W. C. Olson says he is pay-
ing 50 cents for part of his artificial ice
and selling the same to some of his
largest customers at 40 cents per 100.
"It is a loss, but I have to do it," he
said. "I look for this shortage to be
over some time. The shortage
this summer is due to the unusual de-
mand. Other seasons it has been said
to figure in a 20 or 25 per cent increase
the preceding year, but this sum-
mer the increase has been 75 per cent
or more."
