## ACCIDENTAL SHOOTING

Little Son of Supt. H. H. Thomas Seriously Injured While Playing With Pistol.

## DRUNKEN ROW AT HUNTSVILLE

City Marshal Garner Disarmed and Badly Beaten—Ed Harper Seriously Cut.

Ogden, July 25.—The little 8-year-old son of Supt. H. H. Thomas of the state industrial school was accidentally shot in the right leg at the school's camp in South Fork canyon, about 20 miles east of Ogden, yesterday afternoon, inflicting a serious wound. Mr. Thomas had his family with him in the canyon with the boys of the school who are having their annual outing. The boy went into the family tent and in some way found a .38 caliber revolver, which he picked up and was playing with it when the gun exploded. The bullet struck him in the leg near the knee and, being of steel, pierced his leg, going through the bone without shattering it, but the flesh was quite badly torn with a piece of his bone supporter broken, which the bullet carried into his leg. The attention of his parents who were close by was attracted to him by his cries of pain. He was bleeding profusely from the wound and suffered great pain. A team was quickly hitched to a double rig and Capt. Kane drove the parents with the boy down into Ogden canyon, where Dr. Rich met them with his automobile and brought them to Ogden, where he, together with Dr. Conroy, probed the wound and cleaned it, and then dressed the same. The lad is very weak from loss of blood, but with careful nursing will recover in time from the injury.

## ATTACKED TOWN MARSHALL

Serious Drunken Fracas at Huntsville—Peace Officer Overpowered.

Ogden, July 25.—The Pioneer day celebration at Huntsville was not without its unpleasant features. A young man named Ed Harper, who recently went to Huntsville for employment, could not do without drinking too much of the flowing bowl, and thought he would start in his rampage by breaking out the windows of the Bell Telephone

Manager, E. A. Larkin, 406 24th St. Telephone 133-K.

company's building. The first window he struck was disastrous to him, however, as in breaking the window he cut his wrist badly and severed an artery. City Marshal Garner was summoned and placed Harper under arrest. He resisted arrest and fought the officer, smearing him from head to foot with blood. Clyde Mulvaney and Ike Shupe joined Harper in his fight with the officer, who pulled his pistol and commanded the men to desist, but they refused, and instead took Garner's pistol from him and one of them struck him a heavy blow on the top of the head with the butt of the gun, cutting a gash two inches long in his scalp and almost tearing his shirt from his back. Sheriff Sebring changed to come along just at this time and quickly went to the assistance of Marshal Garner and pulled the men away, and all three of them were landed in the Huntsville city jail. Dr. Shields was summoned and sewed up Harper's artery and sewed up the deep gash in his wrist. He also dressed the city marshal's wound. The three men arrested were arraigned before Justice Adam Peterson, who fixed their bond at \$40, which they furnished and were released from custody.

## FRED W. GEISLER DEAD.

Respected Veteran of 77 Succumbs to Long Illness.

After over six months' suffering from dropsy Fred, William Geisler, a well known and highly respected resident of Ogden, died Monday night at his home at Five Points. He was born at Kreutz, Germany, Oct. 11, 1839. When a young man he went to Denmark, where he became a member of the Church and emigrated to Utah 34 years ago, coming to Ogden City, where he lived up to the time of his death. He was faithful in his religious convictions and was a man of many noble traits of character. He is survived by an aged wife, four sons and three daughters and a host of friends. The funeral services will be held Thursday at 2 o'clock, at the Layne ward meetinghouse. Those desiring to view his remains may do so at the family residence on date of funeral between 11 a. m. and 1 p. m. Interment will take place in the Ogden City cemetery.

## AN OVERALL FACTORY.

Ogden Knitting Company Will Expand Its Business.

Ogden, July 25.—The manufacture of

men's and boys' overalls will be commenced in Ogden some time within the next two months by the gentlemen now interested in the Ogden Knitting company, and the articles of incorporation may be amended to include this new branch of manufacture. The machinery for the plant has already been ordered. It is expected that this department will employ about three dozen girls and a dozen men when first started, who will turn out about 450 pairs of overalls per day. A market has already been secured for the output, so from every possible indication it will be a success. The company will occupy the next floor above the knitting factory at 2363 Washington avenue.

## BOGUS MONEY PASSED.

The police have been carefully searching the city during the past few days for several men who passed counterfeit greenbacks to the amount of about \$100 on a number of the local board-inhouses and other business firms. These men, it is believed, only operated in Ogden a day or two and then got out of the city. The bank notes passed bear the name of the Merchants & Planters' bank of Georgia, and are very clever counterfeits.

day and Sunday, August 4 and 5. It is expected that a new stake president will be appointed on that date.

There is no general celebration in Logan today. The Sixth warders are having a little time of their own, but the greater part of the people are in the canyons or enjoying a quiet day at home. There is a ball game between the First North and Center street teams and races at the park for the entertainment of those who care to go out in the heat. The thermometer registered 100 in the shade at midday for the last three days. The nights, however, are cool and pleasant. G. E. Thatcher, Dr. Emers, Wm. Howell and J. W. Crawford have taken an auto and gone on a hunting trip into Idaho.

## NEPHI PIONEER DAY.

Splendid Program Followed by Amusements and Grand Ball.

Special Correspondence. Nephi, Utah Co., July 24.—Pioneer day was celebrated in good old style here today. Jacob Coleman was orator of the day, and paid an eloquent tribute to the work of the pioneers and the duty of the coming generation to perpetuate their work.

The Nephi band sprung a surprise by dressing in the old pioneer costumes of the men and women of half a century ago, and created no end of merriment. An interesting program was given in the tabernacle in the morning. C. H. Grave was master of ceremonies. A good program of sports in the afternoon and a grand ball in the evening concluded the festivities of the day.

## MESA, ARIZONA.

SOUTHERN INDIAN MISSION.

Isaac H. Rogers Made President and Bishop of Papago Ward.

Special Correspondence. Mesa, Maricopa Co., Ariz., July 18.—Sunday, July 17, the bishopric of the Papago ward of the Maricopa stake was re-organized. Bishop George M. Tiffany, and his counselors, Valensuela and Cleve Chitts, were released with a vote of thanks for their past labors and Isaac H. Rogers was installed as bishop of the Papago ward, and appointed to preside over the Southern Indian mission. He has not yet chosen his counselors. This action was taken at the Papago ward conference which was held in its neat little church on above mentioned date. Elder J. T. Levesque, Isaac Dana and F. T. Pomroy of the stake presidency, as well as a number of visitors from the other wards were present. There was a large attendance of the natives, who took great interest in the meeting, listening with rapt attention to every-

thing done, which was related to them in their native tongue by Valensuela.

Bishop Tiffany made a report of the ward, in which he said that he had taken great pleasure in his labors there for the past 15 years as bishop of the Papago ward; that there was a good people in the ward, who were full of faith in the gospel, and desired to live as faithful as any people to the gospel as they understood it. He was deeply grieved at leaving them and would always cherish the kindest of feelings for them, as well as for the present presidency of the Maricopa stake. He felt that he had done great good among the Lamanites, which while it could not all be seen, yet would come out in time, and he felt satisfied with the work.

Valensuela, when called upon, bore testimony to the great work that had been accomplished in his ward and spoke with great warmth and fervor to the self-sacrificing and faithful labors of Bishop Tiffany and wife in behalf of the Lamanites.

Counselor Chitts, the orator of the natives, spoke very eloquently of his faith in the gospel, said he knew this work was of the Lord and was willing to accept whatever the priesthood had for him. He admonished the saints to be true to their faith and trust to the promises made to their fathers as recorded in the Book of Mormon.

The Papago ward now has about 250 active native members, but at one time the natives numbered about 600. All of them feel very kindly towards the Mormon people, "whose ministers," say they, "do not all the time ask for money;" and there is not much doubt but many of them will be won back by the new organization.

In the Southern Indian mission, there are from 600 to 1,000 members and a population of about 4,000 natives to work with.

Bishop Rogers is taking up his work at once, and will in the very near future have called to his assistance a couple of counselors who will materially assist him in his labor.

## MESA PROSPEROUS.

Prosperity seems to hover over this favored land. From the cantaloupes fields in and around Mesa, already 120 cars of cantaloupes have been shipped to the eastern markets, besides several that have been sent out to supply the local trade. Some tracts here will produce as many as 300 crates per acre, which, if the prices are as good as last year, which was \$1.72 per crate, will net a nice little sum to the growers here. It is expected that 150 cars will be shipped from Mesa this year. The gathering of the best crop of which there is about 1,000 acres planted around Mesa, will commence Monday, the 23rd. Owing to the beet crops not being thinned carefully, leaving too many doubles, and further to the fact that many of the fields were flooded, the crop will not average more than 10 tons to the acre. But the farmers have learned their lesson and next year will profit by it. Still there are no complaints.

The work is going on steadily on the reservoir. The giant offer dams have been placed in and the sand and gravel is being removed from the bed of the stream to allow the masonry to be put in place for the foundation of the dam.

## SALOON CUTTING AFFRAY.

Thomas Wright Stabbed by George Ferre in Drunken Brawl.

Special Correspondence. Provo, July 25.—Thomas Wright, of this city, was stabbed by George Ferre last evening at about 7 o'clock, in the Exchange Bar saloon, and is now at the Provo General hospital in a very critical condition. Ferre was arrested and is in the county jail.

There are various reports of just how the trouble started, but some young men were playing pool, Wright among them, and got into an altercation with Ferre, who came into the pool hall and proceeded to interest himself in the quarrel. He struck Wright either with his fist or with the knife, on this there are two reports. After this they clinched, and fell to the floor, and blood was soon noticed to flow from Wright's body, and the men were separated. Officer Olson was called in and placed Ferre under arrest. Wright was taken to the hospital, where it was found that he had a knife wound between the nipple of the left breast and the arm pit, and three wounds under the arm. Two of the wounds entered the lung, and the air escapes through the wound in the breast when he breathes, and one of the wounds have penetrated the heart sac.

Ferre denies having used a knife, but as the knife which is a pocket knife with a 5-inch blade, which was covered with blood after being taken from him in the saloon and there does not appear to be any other way for Wright to have received the cuts but from Ferre this denial does not carry much force. Both men had been drinking much.

Billy Davis, a young nephew of Ferre's, who had a row with Wright before Ferre entered, left the place immediately after the arrest and the officers are looking for him.

Ferre is a man about 45 years of age, he is married and has a family and lives at Pleasant View. Wright is about 21 years of age and is the son

of Mrs. Ellen Wright of the Second ward. He is well spoken of by his companions.
