Parloy's Park, Big Cotremarkable ever effected by any medical preparation for the treatment of tonwood, and Wanship Gentlemen.—I hereby certify that I have had Catarrh for ien years, and for the last six years have been a terrible sufferer. I was rendered partially deaf, had burring in the head, palms across the temple, dirry spelis, weak and painful syst, awolien and ulcerated tonsils, hard and constant cough, severe pain across the chest, and every indication of consumption. My head ached all the time. The matter accimulated so rapidity in my head and throat that I could not keep them free. Frequently at night I would spring out of bed, it seemed to me, at the point of suffocation. I would then have recourse to every means in my power to dislodge the mucus from my throat and head before being able to sleep again. For a period of six years my tonsils were nicerated and so much inflamed that I could with difficulty swallow. I finally consulted an eminent surgeon in regard to an operation on them, but at his request postponed it. The constant inflammation and ulceration in my throat caused by the poisonous matter dropping down from my head had so irritated and inflamed my lungs that I coughed had so irritated and inflamed my lungs that I coughed had so irritated and inflamed my lungs that I coughed my system began to show the effects of this disease, so that I leat flesh, grew pale, and showed every symptom of an enrive with by consumption. I consider them inestimable, and shall with pleasure recommend them to the afficient. Yours respectfully, Mrs. Frances Harriman.

Whether or not the desired end of public good has been successfully attained, is for time to prove, but that such has been the aim of both sides cannot justly be disputed. Genuine concord between all the States and citizens thereof is the corner stone of our national prosperity.
