LOCAL BRIEFS.

Alumni Banquet.—The annual banquet of the Mary's Academy alumnae will be held at 6 p. m. today at the institution, following the annual reunion meeting.

New Railroad Pamphlet.—The Salt Lake Route has a pamphlet out putting forth the benefits of the "Los Angeles Limited." The booklet is a piece of very attractive advertising.

Party a Great Success.—The basket and dancing party tendered by the Emerson ward Relief society last evening was a distinct success. The presidency, directorate and each member of the society individually collectively were recipients of contributions on account of the affair.

Death of George E. Burnham.—Word has been received from Myton of the death of George F. Burnham, who with his family left this city for that place six weeks ago. No particulars as to the cause of his death have as yet been received. Body expected from Heber City on Sunday evening.

Bishop Whitney to Speak.—Bishop G. F. Whitney will make the address at the concluding session of the two Missouri Interdenominational convention of the Eighteenth ward tomorrow night. Special music will also be furnished by the Eighteenth ward choir. The services begin at 6:30 and the public is invited.

Husband Injured.—Mrs. Robert H. Murray of Washington, D. C., now visiting with friends in this city, is in receipt of the unpleasant intelligence that her husband, who represents the Associated Press with Sen. Taft's party in the Philippines, was suffering from a broken arm, by being thrown from his horse.

Contracts Held Up.—The board of public works met last night to consider the matter of advertising for bids on the pump-house and outlet pipe at the junction of the intercepting and gravity sewer systems. Owing to the inability of the city engineer to complete estimates, the matter was deferred until a later meeting of the board.

Funeral Service Tomorrow.—Mrs. Jessie D. Thompson, wife of the late Dr. Thompson, who passed away in Los Angeles on Monday of this week, will be buried tomorrow, the services to be held at the residence of Hon. Henry W. Lawrence, 134 north Main street, commencing at 3 o'clock. Friends are invited to attend. Interment will take place at Mt. Olivet cemetery, and will be private.

Nearly Electrocuted.—While taking a bath at the residence of Ward Foster, where she is boarding, Miss Clara Smith, a student of the University of Utah, had a narrow escape from being electrocuted Thursday evening. She chanced to touch with a damp hand the electric light fixture that hung above her bed, when she fell unconscious. Mrs. Foster heard the girl's scream, but could render no assistance as the door was locked. Miss Smith, however, soon revived.

Rev. Perkins Returns.—Rector Charles E. Perkins of St. Paul's church returned last evening from attendance on the Richmond convention of clergy and laity of the Episcopal church. He says he will remain here for a short time on account of the growth of the church in the west. He spoke particularly on the fact that hereafter Bishop Spalding will have only Utah to look after, instead of Nevada and western Colorado in addition. Mr. Perkins will speak extensively of his eastern tour tomorrow morning, before his congregation.

Thieth Club Party.—The Thieth club celebrated the All Hallows season by participating in a concert and dance, the function being held at Columbus hall last night. There was a large attendance of persons who are Scotch by birth or descent, and a thoroughly enjoyable evening was passed. An address was delivered by Nichol Hood, president of the club, and songs and recitations were contributed by Mrs. Mary Snyder, David Henderson, and Mrs. Nellie Heddon. The finale was the moonlight waltz, engaged in by persons dressed in white, representing ghosts.

TALK ON "WOMAN'S WORK."

Mrs. Elbert Hubbard will speak at First M. E. Church.

Mrs. Elbert Hubbard, wife of the famous Roycrofter, will speak tonight at the First Methodist church on "Woman's Work." Mrs. Hubbard is a writer and speaker of note, and has addressed large audiences in the principal cities of the country. Especially is she a believer in development through work and useful effort. The idea of ease and enjoyment through idleness—the life of the society butterfly—has no sympathy at Mrs. Hubbard's hands.

"ACT NOW."

Dr. Munyon, the famous medical specialist, will pass through Salt Lake on his way to the coast, and will be greeted by many old time friends.

It is not generally known that the poem, "Act Now," is from Dr. Munyon's pen. It is as follows:

Act now—don't wait for chance or fate to bring the prize; Setse now the rope that's held by hope and realize.

Climb high, don't stop, there's room on top, where eagles fly. Among the mass and doubtful class, great honors lie.

Don't cringe, don't flinch, should tortoise win, and all seem lost! With might and main, try, try again, at any cost.

It is probable that the next concert will be in about two months.

care and pay no more attention in them until they are loaded and ready for shipping. The smelters will have to buy engines and do railroading on a small scale if the railroads remain closed.

It is expected the smelters will try to find some clause in the interstate act which will induce the railroads to continue the old practices.
