They All Take It.
When the system is run down to
that extent that you pass sleepless
nights, are nervous and irritable,
have gloomy forebodings, your
stomach, sick headache, and coated
tongue, do not enervate yourself as
high private, in the rear rank, un-
der General Debility, but cheer up
and try White's Kidney Pills.
The Great Liver Pansies, now for
sale in every city and town on the
continent. No medicine ever com-
pounded is half its equal for the
cure of DYSPEPSIA AND LIVER
COMPLAINT. It has a specific
power over the liver, and by curing
the liver Dyspepsia and all other
diseases arising from it, vanishes as
if by magic. Sample bottles are
sent at the small price of 25 cents
that will convince you of its merits.
Large size bottles 75 cents, for sale

Through countless little open-
ings in the skin, invisible except
through a microscope, the perspira-
tion, in a state of health, exudes,
hour by hour, night and day. The
total obstruction of these minute
outlets would produce death; and
when they become partially block-
aded, the skin grows dry, yellow,
and finally diseased, and the gen-
eral health is injuriously affected.
Glen's Sulphur Soap, by opening
the pores, removes eruptions and
unhealthy granulations on the
skin, and imparts to it a healthy
clearness, humidity and smooth-
ness, banishing from the face of
beauty complexional blemishes,
whether attributable to impurities
in the capillary circulation, or to
undue exposure to the sun and
wind. For obstinate scurfy
complaints, like the itch, salt
rheum, and erysipelas, it is a sove-
reign remedy, being quite as effec-
tive as Sulphur Baths, for such
maladies, as well as rheumatism
and gout. It is wonderfully heal-
ing and soothing in its action, re-
lieving the cuticle where broken
by external injuries, relieving the
swelling and inflammation attend-
ant upon sprains, scalds and bruises,
and curing the most obstinate sores
and ulcers. The medical profession
sanctions its use, and from all
classes of society, voluntary evi-
dence in its favor is continually
emanating. Ladies of fashion pre-
fer it to any similar remedy of the
toilet and the bath, since it pro-
motes not only health, but personal
attractiveness. As a disinfectant
of disease-contaminated clothing it
has no peer. After they have been
washed with Glen's Sulphur Soap,
garments and linen from the sick
room may be handled with perfect
safety.

The Bottom of the Sea
yields no pearl that can exceed in
beauty teeth whitened and cleaned
with the incomparable dentifrice,
the fragrant 8020DONT. Nor is
coral rosier than the gums in which
such teeth are set. So say the
ladies, who are the best judges in
such matters.

What Might Have Been Heard.
Almost any day during the Centennial,
a host of physicians might have been
gathered around the Capital, and
standing in the Main Building in which
Benson's Caprine Plaster was ex-
hibited, discussing its merits and supe-
riority over other porous plasters, and
the numerous cases in which it had
been used to relieve the most distress-
ing affections of the human system,
as rheumatism, lame and weak back,
sprains and bruises, all aches and pains
of a local character. With these patients
the Centennial judges, who were also learned
physicians, were in perfect accord. It
awarded the manufacturers of Benson's
Caprine Plaster the only medal given to
porous plasters. To avoid fraud, see that
the word Caprine is cut through each plas-
ter. Sold everywhere. Price 25 cents.

BENSON'S CAPRINE PLASTER
was invented to overcome the great ob-
jection ever found in the old style of porous
plasters, that of slow action in bringing re-
lief. Benson's Caprine Plaster re-
lieves pain at once and cures quickly. It
imparts a sensation of gentle and stimu-
lating warmth and brings rest and comfort
to the sufferer. Price 25 cents.

LOCAL AND OTHER MATTERS.

Thermometer.—To-day, 1 o'clock
p. m., the thermometer noted 81
degrees F. in the shade. Clear.

Sunday Services.—Ward Sunday
schools from 9 a. m. till 12. Meet-
ing in the Tabernacle from 2 o'clock
till 4. Home missionaries at the
various ward meeting houses in
the evening, at the usual hours.

The Henry Clay Ball.—The ball
given last night in Jennings' Hall,
by the Henry Clay Society, for the
benefit of the yellow fever fund,
was a success generally. The
amount netted was between \$40 and
\$50.

No Game.—The game that was
to have taken place to-day, be-
tween the Red Stockings and Des-
eret, as the initial of a return series
for the championship, has been
postponed until next Saturday,
the inability of some of the Reds to
attend to-day, being the cause.
We'll try and wait.

The Fair.—In the notice of spe-
cial railroad terms to exhibitors at
the Territorial Fair, which appeared
in this paper yesterday, the U.
N. was mentioned instead of the
Utah Western. However, it is ex-
pected that special rates will also
be secured from the Utah
Northern.

"Junction" Items.—The new
track for the Utah and Northern, is
now nearly completed and will
shortly be ready for the cars to pass
over it to the Union Pacific freight
depot.

Dr. Ogden has captured a full
grown rattlesnake, and has it tied
up at his office. When irritated,
the quills it slings are points of
keenest envenomation in the breasts of all
beholders—especially editors.

Base Ball.—The practice between
the Deserets and Stars, yesterday,
was won by the former, with a
score of 18 to 5. The game consisted
of six innings for each side. The
Stars, though comparatively begin-
ners, show evidence of future ex-
cellence as players, and with
practice will prove hard to con-
quer. They appeared in their new
and appropriate uniforms, which
was tastefully and creditably made
at the establishment of Messrs.
Buckle & Son, the well known
tailors.

Runaway.—Last night the people
living on the State road were start-
led by a span of frightened horses,
attached to a hay rack, dashing
madly down that street. It appears
that the team belonged to a coun-
tryman, who was standing holding
the lines, in front of Mulloy's livery
stable, when the horses became
frightened and broke away, run-
ning four miles before they were
arrested. They had "a hearing"
while going.

Entertainment No. 2.—The pro-
gramme for the other entertain-
ment to be given on Monday, for
the relief of the yellow fever suf-
ferers, will be found in our col-
umns, to-day. Scenes from the
"School for Scandal," including
the celebrated scene with
Miss Culbrook, Messrs. McKenna,
Lindsay and Emery, as partici-
pants, will be one of the prime at-
tractions. Messrs. Carrington,
Levy, and Reamer will appear in
vocal renditions of a various char-
acter. Little Edna Russell is billed
for a song. Mr. Lindsay for a rec-
itation. Professors Carless, Pratt
and Kennicott for an instrumental
trio, the Union Glee Club for choice
selections. Mr. W. T. Harris for
funnyisms, and Ike Davis, the Cal-
ifornia banjoist, for one of his spe-
cialties. Professor Thomas and the
theatrical orchestra will also be
in attendance, and the whole will
conclude with the comical farce,
"My Neighbor's Wife," in which
Mrs. Cummings, Miss Spencer, Mrs.
Harris, and Messrs. Graham, Mac-
gill and Emery will appear. In
addition to these inducements, the
prices of admission will be reduced
to 50c, 25c, and 15c, and with
the object of the entertainment,
should be enough to fill the house.

Distressing Accident.—Joseph
Cowan, aged 11 years, the son of
Andrew Cowan, of the Fifth Ward,
met with a distressing and fatal ac-
cident last night about five o'clock.
The boy, in company with a neigh-
bor's son of about his own age, had
loaded a rifle with the intention of
shooting a pigeon. While they
were punning the pigeon with the
hope of getting a shot, and when
they had reached the corner half a
block north of their home, young
Cowan saw two of his elder broth-
ers approaching. He had repeat-
edly been forbidden to touch the
gun, and, fearing that it would be
taken from him, he pushed it, stock
foremost, into a culvert which
crossed the street at the point men-
tioned. As soon as his brothers
had passed, he went to withdraw
it, stooping forward and pulling the
muzzle toward him for that purpose.
While he was in this position the
gun was discharged and the ball
entered his thigh, over the
main artery and inflicting a wound
from which he died in 15 minutes.
It is supposed that in the ex-
citement attending the hiding of
the gun from his brothers, he neg-
lected to drop the hammer of the
gun, and that the jar occasioned by
drawing the fire-arm through the
culvert caused it to drop, with the
foregoing result.

Our sympathy is extended to
Brother and Sister Cowan, who
have thus suddenly lost a beloved
son.

A Library in Itself.—The times
demand good books at low prices.
And to meet the popular desire
James Dwyer has secured the
agency for Utah, of the nine popu-
lar revised editions of Chambers
Encyclopedic. It is in ten large
octavo volumes thoroughly bound
in library binding, containing eight
thousand three hundred and twenty-
two pages and forty splendid copper-
plate maps. It is printed on fine
thick paper, and the low price at
which it will be sold by Mr. Dwyer
will make it what it is in name, a
"popular" work of reference. One
admirable feature of this encyclo-
pedia is, the subjects are not dis-
cussed in long treatises, but to an
extent sufficient to furnish all the
information needed by the gen-
eral reader. This revised American
edition is much superior to that
published in Edinburgh, as the
editors of the latter did not do jus-
tice to this Territory, and the
"Mormon" people. The work
has been reduced in price from
\$47.50 to \$24 per set, laid down in
this city, making it the cheapest
first-class encyclopedia ever offered
to the public. At Dwyer's also can
be obtained books for libraries,
Bibles, testaments, and all kinds of
Sunday school rewards, at greatly
reduced prices. See advt.

Returned.—Sister Eliza R. Snow,
who left last Monday for Box Elder
County, has returned to the city.
While absent, she attended the
Ladies' Relief Society conference,
of Box Elder State, held at Brigh-
ton, on the following Tuesday,
and organized primary Mutual Im-
provement Associations in the four
wards of that city. On Wednesday
350 children assembled to be in-
structed in the principles of such
organization. It was decided to
have but one grade in the child-
ren's societies, including members
from five to ten years of age.

Thursday afternoon in Willard
City, she attended the meeting of
the Y. L. M. I. Association, organ-
ized the primary association of that
place, and met with the Relief So-
ciety in the evening.

Friday there was a grand turn-
out of lady gleaners in Brigham City,
for the purpose of saving the grain
that would otherwise be wasted,
and storing it away against a time
of need. The ladies were enthu-
siastic in this cause, and proceeded to
the fields en masse.

Sister Snow returned home last
evening. Considering her age and
eventual life, her present activity
and numerous labors are matters
of general surprise and congratula-
tion.

Deseret Museum.—A silver medal
the size of a Sacron dollar, made of
chemically pure silver, was struck
the 13th of November, 1885, by or-
der of the Elector of Saxony to
commemorate the opening of the
School of Mines at Freiberg, Ger-
many. This medal is not only rare,
but it gives a representation of the
methods of smelting, concentration
and other mining operations in
those days. Mr. Henry Sewall, M.
E., a graduate of Freiberg College,
having been engaged in mining
operations in these valleys, left one
of these medals as a memento of
his visit, and at that gentleman's
request, it is now added to the coin
collection of the Deseret Museum.

New Millinery Store.—Mrs. Mus-
ser, a lady of skill and experience
in the business, has opened a mill-
inery and notion store, on Main
Street, south of the Old Constitution
Buildings. In addition to
specimens of first class handwork,
there will be on exhibition at her
establishment, Professor Bell's Tele-
phone and Professor Edison's
Electric Pen, the use of which will
be gratuitously explained to all
who favor the place with a call.
See advertisement.

Races.—The races at Agricultural
Park track drew quite an assem-
blage of people yesterday afternoon.
The first race between Taffey,
Governor and Sheep, was won by
the first named horse in two
straight heats.

The purse race was won by Dr.
Williamson's stallion Billy Davis
in three heats. Best time 2:58 1/2.

Toole's Case.—A new notice of
appeal has been filed by the defend-
ant, on the plaintiff, in the Toole's
mandamus case. They now have
five days in which to file a bond
with approved sureties.

Notice.—Mr. George Dunford, the
well known hatter, announces that
no other person is authorized to
purchase goods for his establish-
ment nor settle for the same, but
Frank J. Dunford. See his card.

Police Court.—An individual,
John Doe by name, was fined \$5
for being drunk.

Wanted for the New Tabernacle.
Carpenters, Masons and Tenders.
—On Monday next, Supt. Henry
Grow needs the Carpenters, and
Edward Brain wants Masons and
Tenders to put up the gables and
pilasters. A few weeks' work by
the above mechanics will entirely
complete the roof and make the
building secure from injury by
storms. We sincerely hope they
will respond to this request. The
Bishops are respectfully invited to
use their influence in their respec-
tive wards.

TABERNACLE COMMITTEE.

Damage by Storm.—Brother A.
K. Thurber, of Richfield, Sevier
County, in a letter to President
Angus M. Cannon, states that the
section of country in which he
lives has lately been visited by
severe rain storms. Considerable
damage had been done—canals
broken through, land badly wash-
ed, and much grain in shock caused
to sprout. At the date of writing,
Brother Thurber says that the
storm had not ceased, and appre-
hended that the loss would be re-
ndered much heavier by a continu-
ance of the rainfall.

New Goods.—Wm. Jennings &
Sons, our enterprising merchants,
have just received a large stock of
new goods of all descriptions, for
the fall and winter trade, which
they offer for sale at low prices. Mr.
T. W. Jennings, of the firm, who
has recently returned from the
east, superintended the selection
and purchase of these goods in per-
son; their patrons may be confident,
therefore, that the goods are genu-
ine. See their advertisement and
give them a call.

THE PUBLIC AND FULLMAN
HOTEL CARS.

Practice Better than Preaching.—
The Experience of Those who have
Used Them—The Verdict of All One
body.—They are Liked by Every-
body.

Read the following, and you will
then be better able to appreciate
the fact that the Chicago & North
Western Railway is the lead-
ing line between Chicago and
Council Bluffs; that it can give
you more value for your money
than any other line; that it, in the
use of these elegant hotel cars, has
taken a long stride ahead, and that
if you wish the very best accom-
modations, you must buy your
tickets over its road.

The following was written to a
friend, by one of the best known,
conscientious, and most traveled
of railroad men:

"MY DEAR SIR:—I have been
unavoidably detained, since my re-
turn, in reporting to you, as prom-
ised, my experience and verdict as
to the Pullman 'Hotel cars' on the
North-Western road.

"We—Mrs. D. and myself—have
but a short story to tell about the
one we were in, and that is that it
was the most enjoyable trip we
ever made between Chicago and
home. We were very agreeably
surprised on many accounts. First,
the car is so elegant, and rides so
perfectly; then the meals are served
with so much neatness; the table
linen is changed every time, and
the car kept in order. There were
several children on the car. Some-
times it may be worse, and many
times, better, in this respect. There
is something perfectly luxurious, or
rather it is a luxury, to glide along
through a beautiful country, over a
perfect track, and seated by your-
selves at elegant table, with your
best choice of cooked and served
with that neatness you seldom find
away from home. The cooking
and serving is all that could be de-
sired.

"Now as to the cost: When I
went East, in July, alone, my bills
for meals were rather high, but for
five of us they were actually less
than at ordinary eating houses.

"For dinner we had a whole
prairie chicken, with vegetables,
roasted chicken, cost \$1.00 and two
kinds—butter thrown in. Cost
\$1.50 (or 75 cents each). I think
some more vegetables were served
than we ordered.

"We generally get a light supper.
Our dinner was rather late; for sup-
per we had two plates raw oysters
—all we wished, cost 50 cents each.
Breakfast was a capital one, and is
our favorite meal. We had a por-
ter-house steak, cooked to perfec-
tion, an omelette, potatoes for two,
coffee for two, corn bread for two,
besides the bread on the table,
cost \$1.45 (or 75 cents each). Total
for the trip, \$3.75 (or 62 1/2 cents per
meal).

"My judgment, when there
are two or more in a party it will
not in any case exceed 75 cents per
meal, and generally will cost less;
and the cooking and service are the
best I ever saw on a rail.

"I am confident these cars will
prove a great success, and be very
popular. The conductor—Mr. Ta-
ber, I believe—we found gentle-
manly and unobtrusive. Next time
we will try it again.

"You are truly,
No man is better entitled to speak
of the merits or demerits of these
cars than the writer of the above.
He has traveled for years, and has
tried all the leading lines in the
country.

In these Hotel Cars the meals are
served at a price for what you
get, and nothing more; and this at
very reasonable rates.

The managers of the company
have determined to omit nothing
which will add to the convenience,
safety and comfort of the traveling
public who favor them with their
patronage; and, further, that they
will not in any case in this direc-
tion by any other railroad in the
world. Hence these cars, constructed
by the Pullman Palace Car Com-
pany, especially for this direction,
are the finest ever built.

It is not exaggeration to say that
no road in the world can produce
the equal of these magnificent cars;
and as the average traveler wants
the best of everything that can be
had, he must necessarily use this
line in his trans-continental trip.

The charge for berths in these
Hotel Cars are the same (and no
higher) as are made in the more
common sleeping car, so that the
traveler using overland travel will
find the Pullman Hotel Cars well
worth his money than he can get on
any other line.

DIED.
In the 13th Ward of this city, Septem-
ber 12, 1906, JOSEPH M. COWAN, son of
Andrew and Mary Cowan, aged 11 years,
accidentally shot Sept. 13, 1906.
Funeral services will be held tomorrow
morning at 11:00 o'clock a. m., at the 5th
