JENKS' DREAM.

Jenks had a queer dream the other night. He thought he saw a prize-fighters' ring, and in the middle of it stood a doughty little champion who met and deliberately knocked over, one by one, a score or more of big, burly-looking fellows, as they advanced to the attack. Giants as they were in size, the valiant pigmy proved more than a match for them. It was all so funny that Jenks woke up laughing. He accounts for the dream by the fact that he had just come to the conclusion, after trying nearly every big, drastic pill on the market, that Pierce's Pleasant Purgative Pellets, or tiny sugar-coated Granules, easily "knock out" and beat all the big pills hollow! They are the original and only genuine Little Liver Pills.

Beware of Imitations, which contain Poisonous Minerals. Always ask for Dr. Pierce's Pellets, which are Little Sugar-coated Pills, or Anti-bilious Granules. One a Dose.

SICK HEADACHE,

Bilious Headache, Dizziness, Constipation, Indigestion, Bilious Attacks, and all derangements of the stomach and bowels, are promptly relieved and permanently cured by the use of Dr. Pierce's Pleasant Purgative Pellets. They are gently laxative, or strongly cathartic, according to size of dose. Smallest, Cheapest, Easiest to take. 25 cents a vial, by druggists.

PRESIDENT DIAZ

Expresses his Opinion upon the Filibustering Movement in Lower California.

A MURDERER TAKES HIS OWN LIFE.

A School Teacher Causes the Death of a Fourteen-Year Old Pupil.

By Telegraph to the NEWS.]

PRESIDENT DIAZ

Talks About the Filibustering Movement in Lower California.

CITY OF MEXICO, May 26.—President Diaz, speaking of the filibustering movement in Lower California, told an Associated Press correspondent that he placed little importance in the movement. He knew the United States government would not allow the neutrality to be violated, and the Mexican government would protect her territory, if had sufficient forces in Lower California, to repel any invaders. Secretary of the Interior Ruble says that all the statements that the natives in Lower California are in league with the filibusterers are false, and he has advices that the natives are ready to operate against any invaders.

Telegrams received here state that the people of Lower California are united against filibusterers, and all statements to the contrary are false. The dispatches also say there is very little complaint against the federal officials, who in most instances were sent from here, and Governor Torres is very popular.

The affair is the topic of general conversation here and causes considerable excitement. The better classes approve the conduct of the United States government.

More rich petroleum discoveries have been made in Tabasco. President Diaz has expressed himself in favor of three American railroads. He says anything connecting Mexico with the outer world will be beneficial.

The secretary of finance states that he is nearly ready to propose a new tariff, reducing the import duties on many articles.

A Murderer Takes Poison.

SEDALIA, Mo., May 26.—John Williamson, a farm laborer, aged 60 years, was found in a public park this morning, seriously ill from the effects of poison taken with suicidal intent. He was taken to a hospital and will recover. This evening a farmer living near the farm of Jeff Moore reported the discovery of the dead bodies of Moore and his son Charles. It is now believed that Williamson killed Moore and son, he having been in their employ, and, finding nothing of value in the house and fearing detection, attempted suicide. The Moores had been missing several days and Williamson had reported to the neighbors that they were visiting in the West.

Later.—Investigations by the coroner tonight showed that Moore and his son were killed with an axe. Williamson confessed the crime tonight but says he was hired to do it, but by whom he will not say.

Soap and Death.

LOWELL, Mass., May 26.—Freddie McQuade was a fourteen-years old school boy, whose pernicious practice of indulging in profane language so tried the patience of his school teacher, Georgie A. Herndon that she decided to discipline the lad in a way that was decidedly novel, to say the least. She called Freddie before her, and, in the presence of the other boys and girls, secured his mouth with a cloth wet with soap. Freddie wriggled and screamed and made all sorts of wry faces, and, though the suds were in his teeth, those were emitted some swear words even more profane than any in his ordinary vocabulary.

With the taste of soap still in his gums, and the memory of the barbaric treatment in his mind that made him fairly burn with anger, the young fellow was sent home to his parents, James and Ellen McQuade. That night Freddie was taken sick with diphtheria, from which he died after a long illness. Now the boy's parents have decided to enter suit against Miss Herndon for the loss of his services. They claim that the application of soap was the original cause of his death.

Resigned.

BALTIMORE, May 26.—Aldridge Young, manager of Claus Spreckels' interests here, resigned today on the request of his employer. He is succeeded by Robert E. Downs.

The Omaha Man Defeated.

SAN FRANCISCO, May 26.—Joe Choynski of San Francisco defeated Jack Davis, of Omaha, in nine rounds at the Occidental Athletic Club, this city, tonight.

The fight was a slugging match from start to finish, and Davis was very game. At several stages of the fight it looked like he would beat Choynski, but the latter's blows were more effective. He received severe punishment, however, and was knocked down several times. In the eighth a heavy blow in the mouth floored Davis, and in the ninth, before Choynski could strike him, he fell to the floor and was counted out.

The Blue and Gray Reunion.

VICKSBURG, Miss., May 26.—This city is crowded with visitors to the Blue and Gray reunion, which was opened at noon today by a national salute. A large number of delegates are present and more are coming.

Shortage.

KANSAS CITY, May 26.—The committee on the city treasury has found a shortage of $19,028, but have not yet determined who is responsible.

Labor Importation.

CHICAGO, May 26.—The Congressional sub-committee on immigration and naturalization began their hearing here today. Henry D. Lloyd, the well-known journalist, told about the lock-out at Spring Valley, Illinois. The majority of the men were foreigners. He had found forty or fifty families who were induced to come to this country through the solicitations of a man who assured them that they would better their condition. They really were much worse off than at home. Lloyd declared that the lock-out was due to the policy of the syndicate controlling the mines, which apparently thought that more money could be made by having the men idle than at work. One of the principal owners is ex-Congressman Scott, of Pennsylvania.

Representatives of the Carpenters' Council told of the strike and related instances of men coming from Canada in answer to advertisements inserted in Canadian papers by the bosses.

An Angry Address.

LONDON, May 26.—Lord Knutsford, Colonial Secretary, has received an angry address to the Queen from the Newfoundland legislature. The address protests in the loudest manner against French aggressions, bounties and smuggling, which, it says, the English government appears to tolerate, and absolutely refuses to consent to arbitration of the lobster dispute. The legislature calls upon the imperial government to cause the removal of lobsteries and stop all fishing privileges until bounties are abolished, threatening to take its own measures if the government refuses.

Samoa's New Government.

AUCKLAND, May 26.—Advices from Samoa are that the British, German and American consuls have established the new government and opened a custom house.

The Storms and Floods.

BERLIN, May 26.—Severe storms, followed by floods, are reported in various parts of Germany. Much damage is done and over a score of lives lost.

QUEBEC, May 26.—Large parts of the parish of St. Catharine, County of Port Neuf, has been inundated through the rapid rise of the principal streams. Many barns and other buildings have been ruined, and a large number of live stock has been drowned.

UTICA, N. Y., May 26.—The damage to the railroad and canal by yesterday's severe storm amounts to $[illegible], and it will take two weeks to repair the break.

Is Consumption Incurable?

Read the following: Mr. Morris, Newark, Ark., says: "Was down with Abscess of Lungs, and friends and physicians pronounced me an incurable Consumptive. Began taking Dr. King's New Discovery for Consumption, am now on my third bottle, and able to oversee the work on my farm. It is the finest medicine ever made."

Jesse Middlewart, Decatur, Ohio, says: "Had it not been for Dr. King's New Discovery for Consumption I would have died of Lung Troubles. Was given up by doctors. Am now in best of health." Try it. Sample bottles free at A. C. Smith & Co's Drug Store. 4

Nothing in the Wide World so Good

I was afflicted with Kidney disease. Dr. Kennedy's Favorite Remedy, of Rondout, N. Y.,—I say it with a perfect recollection of all that was done for me besides, it is the only thing that gave me permanent relief. I have recommended this medicine to many people for Kidney disease and they all agree in saying that it has not its equal in the wide world for this complaint. —Lyman Crawford, Druggist, Springfield, Mass.

Everybody Knows

That at this season the blood is filled with impurities, the accumulation of months of close confinement in poorly ventilated stores, workshops and tenements. All these impurities and every trace of scrofula, salt rheum, or other disease may be expelled by taking Hood's Sarsaparilla, the best blood purifier ever produced. It is the only medicine of which "100 doses one dollar" is true. 3

The Great American Chorus.

Sneezing, snuffling and coughing. This is the music all over the land just now. "I've got such an awful cold in my head." Cure it with Ely's Cream Balm or it may end in the toughest form of catarrh. Maybe you have catarrh now. Nothing is more nauseous and dreadful. This remedy masters it as no remedy ever did. Not a snuff nor a liquid. Pleasant, certain, radical.

A Family Jewel.

Dr. David Kennedy, of Piedmont, N. Y., the famous surgeon and physician, has sent us a copy of his book, "How to Cure Kidney, Liver and Blood Disorders." It is a work which should be read in every home, for the value of the medical lessons alone. It contains also many life illustrations, and two fascinating stories from the widely known author, "Ned Buntline." Anyone sending their address with the name of this paper to Dr. Kennedy, will receive the book free by mail.

Bright's Disease Cured.

[illegible] our daughter had congestion of the kidneys, which developed into Bright's Disease. Her body was swollen to an enormous size [illegible] around the waist, and [illegible] below the knee. After physicians had given up her case, I concluded to have her try Dr. Kennedy's

"FAVORITE REMEDY,"

of Rondout, N. Y. Gradually the swelling was reduced from 42 to 27 inches. She began to gain strength and was able to walk without fatigue. We do not know how to express our gratitude for what it has done for our child. We are confident the Favorite Remedy will do all that is claimed for it [illegible] from kidney disorders.—S. D.
