

UTAHNS TO INVAD BEAUTIFUL IDAHO

Commercial Club Plans Are Per-
fected for Springtime North-
ern Visit.

WHOLE WEEK ON THE ROAD.

The Train Will Consist of Three Pull-
mans, a Tourist Sleeper, Day
Coach and Baggage Car.

Commercial club preparations for the
big Idaho excursion which will be run
on May 19, have been perfected, and
an address is issued to the public giv-
ing all the details, including the run-
ning schedule.

The Commercial club special will
leave Sunday evening at 10 o'clock,
with three Pullmans, one tourist car,
a day coach and a dining and buffet
car, as the train equipment, and all
the details as to expenses and sched-
ule are set forth in the club's an-
nouncement, which is as follows:

"Many of the Idaho cities that will
be visited have already indicated
through their officials and business or-
ganizations a desire to extend a cordial
welcome to the excursionists and while
the primary object of the excursion is
to enable our merchants and manufac-
turers to meet, become acquainted and
establish business relations with the
people of Idaho, the social and sight-
seeing phases of the trip will receive
proper attention.

At the time of year selected for the
excursion Idaho is very beautiful, and
many notable places of scenic interest
will be visited.

HAS TRADE VALUE.

"The trade value of such expeditions
as is now contemplated has been
frequently demonstrated that no argu-
ment is needed to prove their useful-
ness and profit. In the case of Idaho,
however, so far as Utah merchants are
concerned, this excursion is almost a
necessity if we would retain and extend
our trade in that section.

"Early in the month of May Idaho
will be visited by a delegation of Port-
land jobbers under the auspices of the
Commercial club of that city, and
again in June by a large body of busi-
ness men from the Commercial club of
Omaha. This indication of enterprise
on the part of rival cities must be met
and surpassed by the most energetic
efforts of our interested citizens.

"With this thought in mind we ap-
peal to you to make a generous and
public-spirited response to this invita-
tion to you and the ladies of your
family to become members of the Utah-
Idaho Trade Excursion.

WILL NOT STRIKE.

Bel Luemen Conclude to Remain
Passive for 10 Days at Least.

At yesterday afternoon's conference
between the discontented linemen and
General Manager Murray or the Bell
Telephone company nothing particular
was accomplished beyond the fact that
there would be no strike on hand for the
next 10 days. In the meantime Presi-
dent McNulty will be in San Francisco
on business of the order, and the Salt
Lake lodge will submit the proposition
of a strike to the different locals of the
district. The officials of the telephone
company regard the situation as very
much of a tempest in a teapot.

REEVES SOUNDS WARNING.

Serves Notice to Fill up Coal Bins
This Summer.

Interest in the fuel situation is growing
day by day. With the outlook for an-
other coal famine staring them in the
face for next winter, unless they begin
storing black diamonds right away, the
people of the city are becoming awak-
ened to the necessity for action in the
matter.

Some there were last winter who had
by forethought or chance filled their coal
bins to their extreme capacity before the
famine came upon the town, and their
example will be followed by thousands
the coming summer.

"Another reason why people should be-
gin to stock coal," said J. A. Reeves, gen-
eral freight agent of the Oregon Short
Land, who thoroughly understands the
fuel situation, "is that any man in the state
does, via because coal itself is not al-
ways plentiful. That would not say that
there is not a sufficient supply of it,
but because there is plenty of coal in
the ground. But just there is the point.
In the summer and the quantity of coal mined
is not so large, have before me now,"

Reeves said. "A letter from a
continued operator, saying he was pre-
pared to open up a new mine, but could
not do so on account of lack of miners.
The men become scarce in the summer
time, and they want to take

TEACHERS DESIRE MONTH'S NOTICE

Anxious to Hear as to Situation
For the Coming
Year.

LIST IS NOT YET PREPARED.

Did Not Come up Before Board of Ed-
ucation at Public Meeting
Held Last Night.

The board of education met last
night in open session, but evidently
had not fixed up its list of recom-
mendations for positions on the teaching
force, for the matter again went over.
Saturday afternoon another executive
session will be held at which another
attempt will be made to bring the mat-
ter to final form, preparatory to the open
meeting Tuesday night, when the an-
nouncements are expected.

The meeting last night was given
over to the discussion of routine mat-
ters and a report from the committee
of the whole, outlining the results of
its meetings during the past few
weeks.

That the teachers are not in favor
of receiving later notice as to the situ-
ation for next year was evident from
the fact that a committee from the
city teachers' association sent in a let-
ter stating that it was only sound busi-
ness policy to grant the teachers a
month's notice as to next year so that
those who fail to secure appointments,
or whose salaries are so reduced as to
make appointments undesirable, may
have an opportunity to look elsewhere.

The communication was signed by
Francis Qualtrough, Jennie M. Crabbe,
and W. J. McCoy.

H. P. Henderson brought in a resolu-
tion, which was passed, granting A. S.
Martin, principal of the Grant school,
a leave of absence for two weeks to
visit the east and inspect schools en-
route to the home of his mother. It
was stated that Mr. Martin had been
connected with the schools for 30 years
and had never yet had a leave of ab-
sence.

The treasurer's report, submitted by
S. A. Whitney, showed that there re-
mained in the bank \$59,944.28 on April
30. It was adopted. The award of con-
tracts for school supplies was adopted
as recommended by the committee on
teachers to the following firms:

B. A. McMillan & Co., pencils, ink
and paper; Carpenter Paper Co., draw-
ing paper; Deseret News Book Store,
pencils, crayons and envelopes; Broad-
on Office Supply Co., blackboard eras-
ers; Lambert Paper Co., library paste,
examination paper and envelopes.

The committee on buildings and
grounds reported the awarding of con-
tracts for janitor supplies to the
amount of \$930, to the following firms:
To the Stuevel-Patterson Hardware
company, Salt Lake Hardware com-
pany, B. A. McMillan & Co., Z. C. M. L.
Nelden-Judson Drug company, Lam-
bert Paper company and F. Auerbach
& Co. The action was approved.

As a summary of its work during
the past few weeks, the committee of
the whole submitted the following
which was approved and approved
without discussion:

"Your committee of the whole begs
leave to recommend the adoption of
the following resolutions:
"1. Resolved, That Mrs. Elsie Cleve-
land Cochrane be released from the
terms of her contract, same to take
effect April 18, 1901.

"2. That Miss Nina Gerber be al-
lowed her regular compensation during
her enforced absence caused by meet-
ing with a painful accident while at
her post of duty, providing such time
does not exceed four weeks.

"3. That Mrs. Bessie M. Leavitt be
released from the terms of her con-
tract.

"4. That the use of oil stoves, alcohol
stoves or lamps be prohibited in school
buildings, except in the boiler room;
that the superintendent of buildings be
requested to see that this order is en-
forced.

"5. That the salary of Miss Luke
Keyting be fixed at \$47.50 per month,
effective Dec. 1, 1900.

"6. That Miss Fannie Cooper be ap-
pointed teacher at \$40 per month, ef-
fective Dec. 1, 1900.

"7. That Miss Alice Johnson be ap-
pointed teacher at a salary of \$39
per month, effective Feb. 28, 1901.

"8. That Miss Rosalie Pollock, John
S. Welch, Miss Nanie T. Moffet and
Principal William Bradford be appoint-
ed members of the board of examiners
for the year beginning April 1, 1901.

"9. That the salary of Miss Fannie
Clark be increased from \$50 to \$55 per
month, effective Feb. 18, 1901.

"10. That Miss Violet Iverson be al-
lowed extra compensation of \$1 per day
for the four days she had entire charge
of her double-session work.

"11. That manual training supplies
be purchased for the elementary
schools; approximate cost \$20. High
schools; approximate cost \$9.75.

"12. That the following supervisors
be appointed for the year 1901-02: (a)
General—Miss Rosalie Pollock, John S.
Welch, (b) Special—Miss W. A.
Wetzell; drawing, J. Leo Fairbanks;
manual training, D. W. Parrott; phys-
ical education and director in High
School gymnasium for girls, Miss Mar-
tha Johnson; director of sewing, Miss
Anna L. Corbett."

PILGRIMAGE OF THE UTAH PIONEERS SIXTY YEARS AGO TODAY.

SATURDAY, MAY 8, 1841.

At 5 o'clock in the morning the
thermometer stood at 37 degrees F.
in the pioneer camp. The weather was
fair. The company traveled six miles
in the forenoon. Many of their an-
imals were nearly famished for want
of food, for every green thing was
eaten off by the buffaloes; the travel-
ers saw about a hundred thousand
that day. During eight or ten days
past, they had noticed large patches
of the ground covered with efflores-
cences of salt. The place of their
encampment was some two or three
miles above the lower end of Brady's
island, in the eastern part of what
