MAMMOTH WAS STRONGER TODAY

Closed Around \$2.30 a Share.

LOWER MAMMOTH ADVANCED | WORK IN DRUM DISTRICT.

Firm - Daly Unchanged - Daly-West a Little Weaker.

The stock market was in a healthy condition today. Considerable activity was shown by a number of stocks, and while prices were, on the whole, a little news that the rich ore on the 600 and 1,800 levels will in all probability insure a dividend on the 1st of February. A spurt was made in the stock yesterday afternoon, which was followed today by the sale of 2,200 shares at prices ranging between \$2,26% and \$2,40. The stock closed with \$2.28 and \$2.50 asked. Ajax opened at \$6 today, and steadily declined to 76% on the last sale. Con. Mercur was traded in around \$3.00, while Daly was firm at prices ranging between \$1.87% and \$1.98%. Some 450 shares were sold during call today. Daly West was a little softer with 150 shares going at \$29.70. Lower Mammoth showed no loss of strength in spite of the fact that 100 shares were allowed of the fact that 100 shares were allowed to change hands at \$3.60 per share on the opening sale. A steady advance was afterwards made to \$2.97½ on the clossing sale. May Day opened with the sale of 100 shares at 34%, from which figure it weakened to 34 on the closing sale. South Swansea dropped 180 at \$1.02½, while Star Con. showed much activity at prices ranging between 74% and 754. The stock declined during the call to 72, but rallied on the closing sale. Sunshine was released on a bid of 25, while Valeo remained firm at 31. of 25, while valeo remained first at 32. Martha Washington sold from 2% up to 3%. An improvement was also noticed in Yankee Con., which opened at 11 and advanced to 11%. Ben Butler was traded in at 2. Manhattan brought as high as %. Northern Light advanced to 5% and Silver Shield sold at 26 flat. Clearing questions were posted today. sing quotations were posted today

FRUIT RAISING IN UTAH. Report Forwarded to Governor Wells Regarding It Today.

The blennial report of the State board of horticulture has been filed with Governor Wells. The report claims that substantial improvement is steadily accruing to the fruit interests throughout the State by reason of the board's efforts. The legislature at its session two years ago, appropriated \$6,000 for the establishment of a fruit farm, \$5,831.78 of which has been expended for this purpose, and for labor, buildings, tools, fencing, etc. The State has established the fruit experimenting farm at \$1. George, which consists of forty acres of choice land and Mr. Thomas Judd is supervisor of it. The document also embodies reports from the different county cruing to the fruit interests throughout bodies reports from the different county fruit tree inspectors, all of which show that a great amount of work is being cone in the interest of fruit growing.

THE MINE IS A PRETTY SIGHT.

The Stock Sold Up to \$2.40 and So Says W. G. Nebeker of the Lower Mammoth,

Ajax Was Weaker-Star Con. Closes | Promises Well for 1901-Ben Butier Improving-Copper in Granite District.

W. G. Nebeker came in from Tintic this morning, after visiting the Lower Mammoth, which, he says, is being beseiged by visitors. Mr. Nebeker was weaker than yesterday, no important | not able to go into a detailed report, declines are seen. Mammoth was the as he did not know that the managemost buoyant of all the stocks on the | ment desired him to make public anything he saw. He stated, however, that the showing on the 800 level is one of the finest he ever saw. Samples of chloride of gliver were brought to town which are said to run several thousand ounces per ton. The mine is being well handled and without doubt the company has a bonanza. Owing to the manipulation of the stock in the past many people have doubted the importnce of the strike from the beginning. There are those now who look for a violent set back, thinking that the stock has been boosted to an unwar-ranted extent. It is quite possible, owever, that the doubting ones may be surprised and forced to believe the Lower Mammoth a bonanza. It has thus far surprised everyone, and there may be other surprises in store. Those who doubt the company's ability to ship much ore of high grade may be astonished when the extraction of ore begins. Of course it cannot be doubted that in the jump the stock has taken, the future developments on the 900 lev-I have been largely taken for granted. velopments on the 700 and 800 levels the the 900 level will not prove equal to expectations. With the showing report-ed by Mr. Nebsker and others it is safe to say that no violent slump will take place in the immediate future.

BEN BUTLER ASSAYS.

An Encouraging Change Takes Place in the Main Drift.

A very encouraging change is reported in the Ben Butler at Bingham, work on which is being conducted under the direction of William McQueen, who is well and favorably known in mining circles. A body of galena and white spar has been entered in the main drift, and while the body is not as large as Mr. McQueen would like to see it, he expects it to widen out in an upraise which he is now running. Assays show 40 per cent lead, 6 ounces silver and \$1.00 in gold per ton. The ore also shows some chalcopyrite and small patches of peacock copper. The strike is very re-assuring, to say the least.

BIG COPPER DEPOSIT.

Ore in the Granite Mountains.

After a very hard trip through a bliz-zard, W. C. Rose reached town a day or two ago from the Granite district, lying west of Tooele county, where he visited a big low grade copper property in the south end of the Granite moun-tains Mr. Rose says he made six loca-tions on a big blow out which is nearly one hundred feet wide. For a distance of several thousand feet a very fine showing of copper is reported and with transportation facilities or a reduc-tion plant on the ground it would be very valuable,

DIXIE COPPER.

Nearly 20 Tons of Bullion Reached Salt Lake Today.

A car of copper bullion, consisting of A car of copper bullion, consisting of 142 bars weighing 38,460 pounds, reached the city today from the Dixie copper mine near St. George. The above car is the fourth one shipped with the product of the smelter for the twenty-three-day run during December. Three more cars of bullion and one of matte are yet to come before the clean up for December will be complete. The value of the month's work is estimated at of the month's work is estimated at \$45,000. Meantime the work of developing the mine is going forward, and such ore as is broken down in this work will be sinelted next month,

ACTIVELY IN LA SALS. The Paradox Mine is Developing

into a Silver Bonanza.

The past year has seen the La Sal mining district advance from a pros-pect to a producer of metals, says the pect to a producer of metals, says the Grand Valley Times in its review of the past year. Each year, for the past three years, has advanced the district three years, has advanced the district until the past season demonsrated beyond any question its future greatness on a number of the best properties work is going on steadily during the present winter. The small stamp mill at Miners basin, is proving a succession. mill at Miners basin, is proving a success, and its success means other plants on a larger scale. The La Sai mine at Paradox, originally supposed to be a copper mine, is steadily shipping ore running high in silver, and is undoubtedly one of the greatest silver mines in the world. At no time in the history of the district has there been any indication of a boom. It has steadily advanced from the start, and while apparently slow has been sure. while apparently slow has been sure. The coming season will see the district take a high place among the metal

producing districts.

H. H. Jacobs, of Cisco, and C. C. Aldrich, of Little Castle valley, were Moab visitors this week. Mr. Aldrich is preparing to go abead with development work on his mining claims on Fisher

Messrs, McMahon and Wolf were down from Miners basin this week. They report a rich strike in claims owned by M. Fowler, a nine foot vein averaging better than \$170 in gold.

The mill at Miners basin is idle at present on account of the difficulty to get ore packed down from the mines. Manager Thompson is at the mill this week arranging for better service.

Rich Seven Devils Ore.

An exceptionally rich shipment of copper ore has been consigned to John C. Griffiths, the well known ore buyer,

Hood's Pills

Are prepared from Nature's mild laxatives, and while gentle are reliable and efficient. They

Rouse the Liver

Cure Sick Headache, Biliousness, Sour Stomach,

from the Seven Devils country in Idaho. The lot is a small one but it discloses some of the best samples of grey copper seen from that in the late. The ore seems to be unlike other shipments from the Blue Jacket and other mines, and it was stated today by Mr. Griffiths that it appears as if it will assay 60 per cent cop-

IN DRUM DISTRICT.

Encouraging Developments at a Number of Properties.

Superintendent George Busby of the Charit mine came up from the mine to-day and reports preparations being made to start work on the Copperhead property. A 150-foot shaft has been sunk on the claims and drifting from that level has disclosed gold ore running \$16 per ton. Some of the copper ore on the property shows as high as 20 per cent. A great deal of activity is report-ed in the Drum district. Geo. A. Lowe is employing 4 men on the Rattler group, where something like 500 feet of work has been done and a nice showing made. Franklin Hall has just opened up a nice body of gold quartz in a 80-foot shaft. The quartz its iron stained and pans gold quite freely.

Oil Near Troy, Idaho.

Regarding the recently discovered il finds in Washington, an exchange

It is firmly believed in Troy, Idaho, that the oil and gas area is not confined to the limits of Whitman county. Washington, but that it extends into Latah county as well, and if systematic exploration and scientific investigation in Whitman county should result in gas and petroleum being found in pay-

gas and petroleum being found in paying quantities there is little doubt but that results equally as gratifying will soon follow in this vicinity.

For over a year J. D. Jolly, of the Vollmer Flouring mills, in Troy, has known that oil existed within the town limits, but every time Mr. Jolly suggested to his friends the idea of making an investigation they would laugh ing an investigation they would laugh him out of it.

Since strong indications of both oil and gas have been found within fifty miles of Troy, Mr. Jolly may yet have the last laugh. In the lower part of Troy, adjoining the bed of the creek which runs through the town, is a bog from which an oily substance exudes, which floats on the water like kerosene

To Promote a Mining Deal.

Special Correspondence. Price, Carbon Co., Jan. 10 .- Ira R. Browning of Castle Dale left here the other day for Denver, and from there will likely go on to Washington D. C. and Baltimore in the hope of promoting a copper mining proposition which he has been at work on for two years and which is located south of Green River. He has good ore in sight, but it will take large capital to work it profitably. The activity in mining throughout east. The activity in mining throughout east. ern Utah has made an unusually good market for hay at railroad points and the product is selling from here to Grand Junction at from \$10 to \$12.50 the ton when baled and about \$3 in the stack, when near to a shipping station.

Location Notices Filed.

Special Correspondence. Provo, Jan. 11.—Notice of location of the "Loafer Water" in Loafer canyon, near Salem, for irrigation purposes, has been filed by David Sabin, Henry

The Key Note mining claim, situated in the left fork of Hobbie Creek canyon, has been located by A. H. Roylance, J. P. Keeley, Amer Humphrey and G. H. Dickerson. Sabin and John Sabin.

The Taylor-Brunton sampler reported seven cars of ore from Tintic and four from Frisco today.

The Manhattan Mining company has levied an assessment of 1-16 of a cent The Aibion Mining company, of Aita, has levied an assessment of 6 cents per share which becomes delinquent on February 2th.

Manager H. A. Cohen of the Con. Mercur telegraphed to Secretary Cun-gingham that he will be in the city ext Monday. A small shipment of cyanides reached

A small snipment of cyanides reached town today from A. H. Smith, who is operating the Bull Run mines, near Tuscarora, Nevada. The cyanide product is being sampled at the sampling rooms of John C. Griffiths. MARKET VERY IRRECULAR.

First Stocks Hesitated, Then They Advanced, and Finally Receded.

Aggressive Advance in Gould Properties - Coalers Heavily Absorbed -Bonds Bull and Steady.

New York, Jan. 11 .- Yesterday's reactionary tendency here was taken up in London this morning and reflected back here at the opening. The majority of international stocks showed fractional declines. The market was highly rregular throughout the opening, fluo tuations were erratic, but almost universally within the range of a point. The hesitancy of the market was dis-sipated when an aggressive advance began in the Gould properties. Their strength permeated the Grangers and Pacifics, and eventually the entire list rose strongly. Average gains were in excess of a point and Delaware & Hud son rose 3 points. Profit taking ensued before 11 o'clock, and the advance was wiped out in some stocks, notably St. Paul, Rock Island, the Pacifics, Sugar and Manhattan. There was a sharp rally in the second

hour, in which some of the bading stocks reached the best prices of the reached 3 points in St. Paul, 2% in Northern Pacific and Rubber preferred, 2% in Rubber common, and 24, in Sugar and B. & O. The coalers were absorbed beautity balances and Hubber preferred. heavily, Delaware and Hudson extendheavily, belaware and Hudson extending its gain to 4%. American Smelling moved up 1%. The domand fell at the advance, and prices yielded again. 8t. Paui, Northern Pacific, B. & O., and National Lead fell back a point and Pressed Steel Car, Tennessee Coal and Lead preferred about 2 points.

The market became very sluggish with duliness, with the exception of Sugar, which lost 2 and Consolidated Gas, which rose 3½ from the low point. The increase of 2 per cent on the yearly dividend of Deleware & Hudson caught are important short in caught an important short interest and they bid the price up by leaps and bounds, one half and full point changes llowing each other in rapid succession The coalers rose in sympathy, Eric first preferred gaining 25, the second pre-ferred 414, and the Readings and New York Central about 2 points each. Delaware & Hudson's first rush carried it up to 1578 after which it fell back 3 and there were other re-actions reaching a point. Then Delaware & Rudson adayanced again to 1595 and Ontario & Western to 25. The baying of these two stocks was on an enormous scale, The market closed firm in sympathy Bonds were dull and steady.

POLITICAL POINTERS.

Burnananananananananan Burnanan A few days ago the "News" announced the receipt of a letter, by Hanker T. R. Jones from Senator Stewart of Nevada, advocating the election S. McCornick. It seems, however, that other candidates are receiving letters from friends in the Senate. Among them is Hon. Arthur Brown, who has received the following from United States Senator Burrows of Michigan: "Dear Sir-I was member of the United States Senate during the brief time Senator Arthur Brown, of Utah, was a member of that body and had an oppor tunity, therefore, of knowing his stand-ing in that body, and I do not hesitate to say that I do not now recollect an instance where a new man advanced so rapidly as Senator Brown. He at once took a leading part in the debates of the Senate and especially upon legal questions he was, as at the bar, forceful and convincing and usually com-manded the undivided attention of the Senate. A trained lawyer, a ready de-bater and with the courage of his convictions he was at once recognized as a valuable acquisition to that body. I have no disposition, of course, to inter-fere with the selection of a senator from Utah, or any other State, but if Senator Brown should be returned to the Senate his previous experience and standing will secure for him immediate

A second complimentary letter comes from Senator Francis E. Warren of Wyoming. It is couched in the following terms: "It gives me pleasure to see a movement in the Utah Legislature favoring ex-Senator Arthur Brown's return to the United States Senate. I, in common with other senators who served with Mr. Brown, when he was here, regard him as a courageous, tactful worker; a strong and able man. He was well liked by his colleagues when in the Senate, and I am sure his return would be welcomed with pleasure by those who knew him then. His election would be alike fortunate for party. State and Nation."

Among the new members of the Legislature residing at outside points who have arrived in Salt Lake, are Hons. W. H. Barrett, of Beaver; Willis Johnson, of Plute county, and G. W. Johnson, of Garfield county

It was stated today that Hon. William Howard, an ex-member of the Legislature, would probably be given the position of sargeant-at-arms of the Senate. Mr. Howard is a resident of Emery county and his political faith is Democratic.

To caucus or not to caucus, is a ques-tion freely discussed in the camps of the Republicans and Democrats alike. Generally it is considered advisable by both, and there is little doubt that both will do considerable of that sort of thing before the Legislature is many weeks old. Thus far the prepondenance of opinion as encountered on the streets and in the corridors would corroborate the conclusion that Hon. Abel J. Evans, of Lehi, and Hon. William Glasmann, of Coder, will be president and speaker

Ogden, will be president and speaker respectively, although it is quite cer-tain that the latter will encounter some lively opposition. A. L. Williams, who served as a sergeant in the Utah batteries, is a can-

date for engrossing clerk in the

house D. S. Marshall, of Rich county, will put in appearance tomorrow and press his claims for sergeant-at-arms of the house. Mr. Marshall was at one time

AMUSEMENTS.

mmmmm Another big house saw the performance of "Shenandoah" at the Theater which greeted the great battle scene al-most exceeded anything ever witnessed in the house, and the curtain had to be aised again and again on the patriotic tableau. The two nights' engagement will pass into the history of the house as one of the red letter money events of the season.

The sale for Louis James and Kathryn Kidder's engagement next week is now going on at the Theater. Prices will range from \$1,50 downward, and as it will be stock convention week, a great turnout is looked for.

The Grand again felt the heavy op-position last night, but the expectation is that the tide of patronage will again set in in that attraction tonight and set in in that attraction tonight and tomorrow night; the matinee is sure to be sold out. Monday evening the company renders "A Gilded Fool" in Ogden, while Mrs. Fiske occupies the boards here with "Becky Sharp." Tuesday evening the Cummings company will return to Salt Lake to view Mrs. Fiske's performance, and Wednesday evening they will return to Ogden presenting "Captain Swift" there. This play will be seen here Thursday evening of next week. of next week.

There has been an enormous sale at the Grand for Mrs. Fiske's engagement and even though the prices are ad-vanced to \$2.00, It looks as though the "Standing Room" sign would have to be hung out.

ORGAN RECITAL PROGRAM.

The following excellent program will be rendered by Prof. McClellan at the organ recital tomorrow morning:

"March de la Reine".....Ascher Air from "Mignon"....Thomas "Traumerel".....Schumann "Wedding March"...Mendelssohn "Solvejg's Song" (Suite II)...Grieg "Pathetique" Bee "Andantino" ("To My Wife")

THE COUNTY'S POOR. It Cost Twenty-five Thousand to Care for Them Last Year.

Doxology. Lemare

The pauper clerk of the county is about the busiest person in the county offices these days. In the winter time the number of applicants for aid greatly increases. During the forenoon of each day, the clerk "serves out assistance" to about 50 indigent persons, and in the afternoon he visits these people at their homes, investigating their circumstances and learning of their worthiness to secure help from

Last year's expenditure on account of pauper amounted to about \$25,000. Considerable of this money, however, went toward maintaining the isolation hospital. Mr. Sabine says among those who opply for aid are many able and willing workers, but through adverse circumstances, in not being able to se-

SMALLPOX AT BINGHAM. An Unmarried Man "Surrenders" at

That Place Today.

Sheriff Palmer, of Bingham, telephoned to the county commissioners today, stating that an individual, (his name could not be learned) this forenoon walked into Dr. Sproat's office up there, saying that he "was under the impression he had smallpox." The doctor looked at him and readily agreed that he certainly had the disease. The deputy sheriff at Bingham desired to know whether or not they should bring the patient down to the county isolation hospital, but it was decided not to do this as the afflicted person would have to be conveyed twenty-three miles in a wagen, which would not be wise at this time of year, because he could not be brought down on the train. Arrangements were made to quarantine the case at Bingham, which place has been free from the disease for some time. Necessary precautions have been taken to prevent the malady from spreading

in the mining camp. A complete list of the smallpox cases A complete list of the smallpox cases reported yesterday is as follows: William E. Fowler, aged 16, 446 North Second West street; George E. Butterwood, aged 21, 446 North Second West street; George Pascoe, aged 4. Lilly Pascoe, aged 5, 755 Fifth street; Gladys Spry, aged 4 months, 655 Fourth street.

WITNESSES IN DANGER.

Japanese in the Sano Case Threaten to Do Some Shooting.

The case of Frank Sano, the Japanese who shot Henry Nishyama on New Year's night, came up before Judge Timmony this afternoon but on motion of Assistant County Attorney Loofbourow the case was continued until next Tuesday. Attorney Wanless, for the defendant, stated that the main witnesses for the defense, had received theatening communications from Nish-yama and his friends to the effect that they would be shot if they testified for

Sano also received word at the coun sand also received the was released he would be shot on sight. Attorney Wanless said that he knew those who are implicated in the affair and intends to file complaints against them.

Hilton-Roylance Case.

The defendant in the case of Annie F. A. Hilton vs Rosa P. Roylance, flied her answer today in the district court, to plaintiff's complaint. The action was, as stated in the "News," brought some time ago by plaintiff to determine her rights in part of lot 19, block 2. Five acre plat A. Big Field survey, as the wife of the late Dr. Park, who, on the 7th day of August, 1900, conveyed the property mentioned to defendant. The answer of the defendant denies the alleged marriage between herself and Dr. Park. The defendant in the case of Annie

Files an Answer.
