

SUGAR COMPANY'S ANNUAL MEETING

The Lehi Co's Fine Showing to Its Stockholders.

NEW BOARD OF DIRECTORS.

Manager Cutler's Report Says the Assets are Now Over a Million and the Reserve Fund \$100,000.

The annual meeting of the stockholders of the Utah Sugar company was held in the Assembly hall of the Latter-day Saints' business college, on Friday, at 5 o'clock p. m. There was a good attendance of the stockholders, 32,164 shares being represented out of the total of 67,000, either in person or by proxy. In the absence of President Geo. Q. Cannon, Vice-President T. R. Cutler called the meeting to order and was chosen chairman. The reading of the reports of the officers then occurred. In submitting the financial statement and the reports of the manager and treasurer, the president's report said:

"I take pleasure in submitting herewith the report of the operations of our company for the year ending March 31, 1900, covering the ninth season's run of our factory. The reports of the general manager and of the treasurer, which I append, speak for themselves, but it gives me pleasure to be able to say that the past year has been the crowning one of the company's history in the number of acres planted in beets, the pounds of sugar produced, and the percentage of sugar extracted from the beets."

Manager Cutler's statement of the past year's operations made a most satisfactory showing and one that was very gratifying to the stockholders. His report paid a tribute to the farmers for the steady improvement in their manner of planting and handling the beet crop. The operations with the beets, he said, had been closely watched throughout the United States, and not only had they been highly complimented on the results obtained from the beets, but many calls had been made upon them for expert advice as to the best way to handle the beets for the purpose of educating growers in their districts. They already had several men out in California, Oregon, Colorado and Ohio for this purpose.

Mr. Cutler spoke especially of the development of the beet seed industry and said a large portion of the company's land would be devoted to the raising of the beet seed. The company raised over 30,000 lbs. of beet seed during the last year. The auxiliary plant and pumping station at Springville was said to have given excellent results, and work had already begun on the new plant one-half mile north of Bingham Junction in Salt Lake county, which would be finished in time to work up the crop of the coming season. Contracts had already been made for next year amounting to 7,650 acres.

Notwithstanding the advance in the price of manufacturing material, coal and coke, and the payment of an additional 25 cents per ton to the farmers for beets, the past season had been the best in the history of the company, and the board had decided to increase the quarterly dividend to the stockholders to three per cent. After writing off various amounts the assets were \$1,167,404.84, and the reserve fund amounted to \$100,000. The sum of \$250,000 had been brought into the State from outside points from the sale of sugar. Figures were submitted comparing the run made by the factory during 1898 with that of 1899, every item showing very favorably for the latter year.

ASSAULTED HER HUSBAND.

William Dummer Relates Some Startling Occurrences of Last Night.

For Asserting His Right to Control His Family, Two Members Thereof Beat Him.

This morning an old gentleman named William Dummer, who resides at 370 Curtis street, called at the police station and asked for a warrant for the arrest of his wife and son on the charge of assault and battery. Mr. Dummer stated that about 12 o'clock last night a fellow named Chas. Whitenberg who has been boarding at his place, came home in a state of beastly intoxication and incumbered with a very large bottle of liquid any ingredient of which was guaranteed, verbally or otherwise, to make chaos in its most hideous aspects come.

With many inducements the aforesaid Whitenberg, utterly regardless of the feelings of the master of the Dummer domicile, persuaded Mrs. Dummer to indulge generously in the contents of the bottle.

As might naturally be expected Mr. Dummer was greatly chagrined at his wife's actions, himself being a man of abstemious habits, and as might further reasonably be expected he entered a vigorous protest ever and anon declaring that he was tired and he had surveyed. This declaration on the part of Mr. D. so enraged Mrs. D. that she seized a heavy chair and tapped her husband affectionately on the head therewith.

This was the signal for a general assault and the son took a hand, which resulted in the old man being roughly handled, and also for his application for a warrant of arrest.

"You don't mean to say that you want your wife arrested and sent to jail do you?" asked Prosecutor Diehl.

At first Mr. Dummer was decidedly of the opinion that he did, but after considering the matter more calmly concluded that perhaps Diehl was right and it wouldn't do to have his wife, who is 55 years of age, sent to jail.

Diehl further advised the old gentleman to drive Whitenberg from his premises with the lashments of a thoroughly sound whiplash.

"All I want is peace," said Dummer as he departed, "and I will have it at any cost."

Whitenberg is the individual who was fined \$15 for assaulting a Chinaman a few days since.

MEETING A VERY PEACEFUL AFFAIR

Smelter Employes Appoint a Committee to Act For Them.

WILL MAKE BEST TERMS

With the Employers and Men Agree to Accept Their Decision—Some May Rebel.

The meeting of the smelter men in Murray last night indicated a lack of preparedness on the part of the men to maintain a fight against the smelter combine. It took but a short time before the meeting opened to forecast the action that would take place in the Opera house when the meeting was called. It seemed to be the universal opinion among the married men that they could not afford to strike and talk of a compromise was heard everywhere. So far so good that a rumor was floating from tip to tip to the effect that Manager Jones, who visited the smelters earlier in the day, had offered some terms to the men, but inquiry at the smelter proved that such was not the case. It is a fact, however, that Mr. Jones sympathizes with the men in their position and is more than willing to do something for them if it is in his power to do so.

The meeting in the Murray Opera house was called to order at 8:30 last night and Edward Halliday was elected chairman. Mr. Halliday, in opening the meeting, said that they were called together for the purpose of discussing the situation and to settle upon some course of action. There was a difference of opinion among them and they should come together. He wanted all the men to talk; they had talked enough when the strike was made but here was the place to say what they wanted to do.

Geo. A. Graham took the platform. He said that when the men struck they had moved as a body and as one man demanded a raise in their wages. Some had said that unless the 45 cent raise was made they would walk out and stay out. If that was the feeling he wanted it to be understood. On his part he thought that if a reasonable offer was made the men should accept it. The employees could not afford to have the works shut down.

Several speeches were made by others in the audience along the same lines, all seeming to be willing to make terms with the management, but all declaring that they could not live on the wages received.

Mr. James Long then moved that a committee of seven be appointed to wait upon the management on the 10th of the month and that they go unaccompanied, to make the best terms possible with the company, the men promising to abide by the decision made by them.

The motion carried and Earnest Erickson, Geo. A. Graham, Peter Stroemness, James Long, Fred Wattford, Geo. Katschell and Edward Halliday were elected.

After this action was taken the men who wished to stand for the 45 cent raise made a fight for that idea. The leader in this movement was Charles I. Olsen, who has been spokesman in the strike, but the feeling of the meeting was that they could not live on the \$1.50 per day which most of them received, yet they would be compelled to work and that any reasonable offer should be accepted.

The meeting adjourned to meet on

the 10th to receive the report of the committee.

There is a feeling among the smelter men of the mine which is against any compromise and it is possible that the action of the committee, in case a small raise is accepted, will not be fully received and that future complications will arise.

SOCIAL AND PERSONAL.

Mrs. Mira Rossiter, who has been spending the past two months in New York with her sister, Mrs. Robert Easton, returned on Wednesday.

Miss Edith Noble and Robert G. Smith will be married on Thursday, the 26th of April.

On Wednesday evening the marriage of Miss Selma Paegren and Ernest Peterson was solemnized, the event taking place at the residence of the bride's parents. Bishop Iversen of the Second ward officiated and after the ceremony a wedding supper was served, about forty guests being present. Mr. and Mrs. Peterson left in the evening for Republic, Wash., where they will spend this year.

A silver cup will be presented by Mr. Samuel Newhouse to the lady fortunate enough to hold the golf championship during the next two years. The members of the country club are on the qui vive for the race and the result will be awaited with much interest.

Miss Zane will entertain informally next Saturday in honor of Miss McGrath, whose marriage will take place at Easter.

Mr. and Mrs. W. G. Lamb of Park City will be the guests of Mrs. Bransford during the coming week.

Mrs. Chester E. Coulter of Ogden is in the city for a few days. She will be the guest of Mrs. George Moyer during her stay.

Mrs. Edna Dean Knappen gave an enjoyable recital on Thursday evening, at which a number of her advanced pupils rendered some very creditable selections. It was given at her studio over Daynes' music store. The guests were but few and those present enjoyed a delightful evening.

The performance of Pinafore at Christensen's this evening promises a successful success. It has already been in point of attendance as well as in an artistic way. The excellence of the former performance has aroused a flattering interest in the coming performances.

The Mothers' club of Perkins addition and vicinity will meet on Tuesday afternoon, April 10, at 2 o'clock at the residence of Mrs. David Evans, on Logan Ave. The ladies are invited.

The society of Mineral Painters are preparing for an art exhibit and sale to take place May 15 and 16.

The society boasts a number of members of Ogden and Salt Lake who are doing excellent work in china decoration and the exhibit promises to be a most interesting one.

The Mutual Improvement associations of Center ward were closed last Tuesday evening under very pleasing circumstances. The young men were guests of the young ladies' association and were entertained right royally. The apartments of the meeting house were very beautifully decorated for the occasion. Paintings and portraits adorned the walls, and curtains, mats, rugs, and rockers were appropriately arranged about with the bounties of life, and decorated with red and pink carnations, reached the full length of the dining apartment. The bishopric of the ward and the stake M. I. A. aids were present on invitation. An informal reception was held at which all present seemed to partake of the good spirit prevailing. Supper followed, at which the young ladies demonstrated perfectly their ability to please the guests. All united with their words of praise to the young ladies' association for the success of the evening. The committee consisted of President Nettie D. Bradford, Counselors Laura Jones, and Rosa Huntington, Edna M. Davis, Ada Rock, Sarah Thatcher and Lilly Fye.

HEWLETT BROS. CO.

CONFERENCE VISITORS.

Patriarch O. N. Liljenquist of Hyrum, Cache county, said this morning that in his part of the country things appeared to be prosperous and that a good year was expected. The season in that part of Cache county was fully a month ahead and if there was no frost the farm crops would be heavy.

W. A. Tolson of Beaver county is a conference visitor. He says things are picking up in that country and that the people do not despair of a crop though there is a lack of water. The spring, however, is early and not much water will be needed to mature crops.

Bishop E. S. Horsley of Price is in the city on his way home from a visit to Paragonah, Iron county. He reports that Paragonah county people are feeling very much encouraged over the prospects of the early development of their great iron and coal mines and that considerable building is going on.

Bishop N. C. Murdock of Charleston, Wasatch county, is in for the conference. The bishop is the son of ex-Representative Joseph Murdock, and says that his son is in fine shape and likely to again enter the political arena. Speaking of Wasatch county generally Bishop Murdock says that it is going ahead very fast and that times are sure to be good. During the winter a great many barns had been constructed, the season having been a very open one. A fair crop could be expected for a visit to Ireland this summer.

Bishop C. J. Larson of Logan is down from home attending conference. He says that Cache county is fully a month ahead of last season, that most of the early blooming trees are in full flower, and that if no frost comes, the fruit crop of the county will be the heaviest in its history.

Bishop C. N. Lund of Mt. Pleasant said today that the "Queen city" of Sanpete was in fine shape. The town has recovered from its fire and Phoenix-like had arisen to new life from its ashes. The weather was dry and there was a shortage of snow in the lake. A fair crop could be expected.

Principal Geo. Cluff of the Emery State Academy is up from Castlehead attending conference and seeing his many friends. He reports Emery county to be in fine shape. The crops are all in, and the water is short, yet a crop can be matured. The academy is in good shape and doing a fine work. A summer school will be held this year under the charge of Prof. J. H. Paul.

Deputy Sheriff John Daley and Van Barney are two visitors from Thatcher, Arizona. Mr. Daley said he has not been in Salt Lake for twenty years, and finds things very much changed. Speaking of Thatcher he says they have a crop which is veritable paradise. It is high summer at Thatcher, and he brought with him some fine samples of apricots and peaches of this season's growth. He says that the Mormon colony there is very prosperous and that it takes but little exertion to make a living. Land is worth from \$20 to \$50 per acre, but most of it is taken up where it has water rights. A new canal is being constructed and will be completed this season, which will bring many thousands of acres under water and these can be bought cheaply. The new canal is over thirty miles long.

George Wilson, of Midway ward, Wasatch county, came in for the conference yesterday. He says that the valley is in the snow and that the crops are in fine shape. He reports that the valley is in the snow and that the crops are in fine shape. He reports that the valley is in the snow and that the crops are in fine shape.

John Horton, a well-known farmer of Rockport, Summit county, is in the city. He reports plenty of snow in the mountains and that Summit county will have a prosperous year. Stock have wintered in an excellent shape and will make a fine showing this year.

E. W. Robertson is up from Lake Shore, Utah county. He reports things very dry in his section and fears for the crops unless the rain fall is far above the average, for the remainder of the season.

J. W. Robertson of Spanish Fork, is a conference visitor. Spanish Fork, he says, is on the move, and though everything is dry, yet they are not wholly discouraged. There will be a great amount of building down in the city this season.

President Ole Hoskins of Malad Stake, is in the city attending the conference. He says that Malad valley is in the finest possible shape. The prospects were never brighter than now. Malad city is building up very fast and is assuming metropolitan airs. The people of the valley are anxiously waiting for some railroad to build a branch through the valley. He reports the building of a telephone line through the valley and says that before the close of the season they will be able to talk with the outside world.

George A. Peart, superintendent of Bannock school, is a conference visitor coming in from Randolph, Rich county. Rich county, he says, is in a very prosperous condition and the stock men are jubilant over the outlook. He says also that there is plenty of snow and that the season's crop will be fine.

"We are building up our city in fine shape," said Bishop Archibald McKinnon of Randolph. "The new meeting house will be completed this season and will cost \$15,000. The Spicer brothers are putting up a fine business block and a fine warehouse is being erected in the town. Besides these there are three fine stores going up."

Bishop A. M. Behrent, Sen. of Fountain Green, says that things are very dry in that part of Sanpete county, but that they expect to have at least a half a crop. The village is in good health and do not despair for the future.

CHURCH NOTICES.

LATTER-DAY SAINTS.

The semi-annual conference of the Deseret Sunday School Union will convene at 7 o'clock p. m. on Sunday, April 8th, 1900, in the Tabernacle.

It is particularly desired that each Stake of Zion be represented at this meeting, and that the Stake superintendents, officers and teachers attending the General Conference of the Church be present.

GEORGE Q. CANNON, General Superintendent.
HORACE S. ENSIGN, General Secretary.

There will be a meeting of Stake and ward officers of Young Men's Mutual Improvement associations in the Tabernacle on Sunday afternoon, April 8th, immediately after the close of the Conference meeting. All interested in Mutual Improvement work are cordially invited to attend.

LORENZO SNOW, General Superintendent.
THOMAS HULL, Secretary.

The Scandinavian meeting on Sunday, April 8th, will be held in the Assembly hall in the afternoon, immediately after the Conference meeting in the Tabernacle. All visiting friends are cordially invited.

Scandinavian Conference visitors interested in the coming jubilee, are requested to meet in the Fourteenth ward assembly rooms on Saturday at 4 o'clock p. m., to confer about that proposed gathering.

J. M. SJODAHL, M. CHRISTOPHERSON, J. S. JENSEN.

The Northern and Central States missionaries will hold a reunion at Bountiful April 9, 1900, at 10 a. m. All are invited to attend. It is desirable to organize a permanent organization.

A. C. SORESENSEN.

The Thirteenth quorum of Seventy will meet on Monday evening in the Twentieth ward vestry.

The Fourth quorum of Seventy meet on Monday evening at 7:30, in the Twenty-first ward meeting house.

The regular monthly meeting of the Fifth quorum of Elders will be held in the Twenty-fourth ward meeting house on Monday, April 9th, at 7:30 p. m. A full attendance is desired.

Nephi L. Morris, president of the Latter-day Saints' College Alumni association, will deliver a lecture on the subject of "The Temple Building," the object of which is to elect officers for the 1900 banquet. A full attendance is desired.

The Third quorum of Elders will meet at the Ninth ward meeting house Monday evening at 7:30 o'clock.

The Sixteenth quorum of Seventy will hold its regular meeting on Monday evening, April 9th, at 7:30 o'clock, in the First ward meeting house. A full attendance is desired, as one of the First Seven Presidents of Seventies will meet with us to transact important business.

Spiritual meeting will be held Sunday evening at 8 p. m., at G. A. R. hall, No. 21 West Second South street. Lecture and text. Public invited.

OTHER CHURCHES.

St. Paul's association Mission—Rev. Ellis Bishop, pastor; Rev. W. Daunt Scott, Rev. Jas. H. Cox, associates.

DEATH OF DR. HOLLAND.

Early Settler of Utah Passes Away—Funeral Tomorrow.

Dr. J. M. Holland, a well-known citizen, died at his home in this city yesterday, aged 84 years. Deceased was an early settler of Utah, and was a native of the Southern States. When the Civil war broke out he re-crossed the plains and went to Kentucky, where he enlisted in the Federal cavalry. In this regiment he served with credit and was appointed sergeant major. Later he received an appointment as major of the Twelfth United States heavy artillery, and was accounted the best drill master in the regiment. After the war had ended the deceased returned to Utah and took up the practice of medicine.

The funeral will take place tomorrow (Sunday) at 2 p. m., from the Odd Fellows' hall, on Market street. The Civil War veterans will have charge of the services at the grave, which will be made in the Odd Fellows' cemetery at Mount Olivet cemetery. The services at the hall will be conducted by the Odd Fellows.

THE LATEST BOOK.

There has just been issued from the press of George Q. Cannon & Sons Co. a new book by George Q. Cannon, entitled "The Latter-day Prophet." Before the conference at Salt Lake City, at Cannon's Book Store, 11-13 Main St., and get a copy. Price 50 cents.

DIED.

STRINGHAM—At the residence of her daughter, Mrs. Jane Staples tomorrow (Sunday) at 2 p. m., from the Odd Fellows' hall, on Market street. The Civil War veterans will have charge of the services at the grave, which will be made in the Odd Fellows' cemetery at Mount Olivet cemetery. The services at the hall will be conducted by the Odd Fellows.

GARDNER DAILY STORE NEWS.

TODAY { THE BLACK CLOTHES FOR MEN, THE HATS, THE SUITS FOR BOYS.

The Gardner label on Black Clothes means that they won't fade, won't shine, won't get all out of shape; it means that the garments are made by the best tailors in the world, that all linings and trimmings are the best that can be put into garments for the money. We back these statements up with money-back if you want it. We've a Black Clay Worsted suit for \$10, and we know it's the best Black suit in this town for the money. We've Black Clay Worsted suits for \$12, \$15, \$18, \$20 and \$25, and we know they're the best black clothes made for the money. Our blacks come in round cut, square cut and cutaway frock style of coat. We've Blacks for young men, and Blacks for little men.

The Hats.

The Spring outfit should certainly include a new hat. Of course the old one might do, but you know a rusty piece of headgear would spoil the appearance of the whole suit. Any kind of a hat is here at any kind of a price—One Dollar to Five.

The Boys' Clothes.

Real economy doesn't consist in simply getting something for nothing. We've seen boys' clothing sold at prices that were wretchedly dear, because in fabric and make they were below the level of real goodness. Our counters, tables and shelves are heaped with the good things from the world's best makers. If you want to pay only \$1.50 for a suit, we have it. If you want to pay \$7.50 for a suit, we have it; and many prices in between. But no matter what price you pay, our rule is better value for that price—or money back.

ADDITIONAL OGDEN TRAIN.

Passengers for Ogden should bear in mind the Rio Grande Western Railway runs a train leaving Salt Lake City daily at 5:30 p. m. April 16 to 24 inclusive, making four fast and comfortable trains between this city and Ogden. This train between this city and Ogden leaves at 5:30 p. m. and 9:05 p. m. The Rio Grande Western service is the best in Utah.

Spring Humors of the Blood

Come to a certain percentage of all the people as regularly and surely as the spring of the year rolls around. Probably 75 per cent. of these people are cured every year by Hood's Sarsaparilla, and we hope by this advertisement to get the other 25 per cent. to take Hood's Sarsaparilla. It has made more people well, effected more wonderful cures than any other medicine in the world.

The many letters we frequently publish are only samples from thousands of testimonials in our files and coming in daily. Its strength as a blood purifier is demonstrated by its marvelous cures of

Scrofula, Salt Rheum, Scald Head, Boils, Pimples, All kinds of Humor, Psoriasis, Blood Poisoning, Rheumatism, Catarrh, Malaria, etc.

All of which are prevalent at this season and in their milder forms are generally called "Spring Humors."

"Large swellings came on my boy's neck under his ears. In the spring they grew worse, extended down to the collar bone, and finally became a large scrofula sore. My brother had been cured of scrofula by Hood's Sarsaparilla, and it had also cured one of my other children of a bad case of salt rheum. I therefore began giving Hood's to this boy for scrofula, and in a short time the sore commenced to heal from the inside and it continued until now a slight scar is the only trace. As for myself I was weak and tired and it was an effort for me to keep about. When I got Hood's for my little boy I began taking it myself and in a short time I gained rapidly in health and strength and have since done my work with more ease than ever before since I can remember." Mrs. DAN MAXFIELD, North Londonderry, New Hampshire.

It effects such cures as this by virtue of its peculiar curative power, found in no other medicine. It is peculiar to itself—the best Spring Medicine that money can buy.

Be sure to get Hood's and only Hood's.
