A man by the name of James D. Moore, a stranger in the city, walked into the walting room of the Oregon Short Line station last evening soon after 8 o'clock; he wore a haggard look, and after setting down two valices which he carried, he reeled a moment and fell heavily to the floor. Officer Glilesple rushed to the prostrate man and raised him up, when he began to give out incoherent military commands. But he soon calmed down and began speaking rationally, telling the officer that he was suffering from neuralgia of the heart and had taken something to relieve him. Moore was taken to police headquarters, where he was ex-amined by Drs. Root and Witcher, who were of the opinion that the unfortun-

His face bears no marks of dissipation, and what few clothes he has are well brushed. It is thought that he took an overdose of some sort of poison in an effort to quiet the pain. The doctors said he could not live, but a change for the better came on about midnight and he was removed to the Holy Cross hospital. This morning he was resting quietly and appeared to improve slightly during the day.
