

ENLISTMENTS ARE NUMEROUS NOW.

Thousands of Young Men Flock Into the Army.

ALL FOR REGULAR SERVICE

Volunteer Force Diminishing—Philippine Volunteers to Return in December—Navy Enlistments.

New York, Aug. 27.—Enlistments in the army have been phenomenal since the beginning of the trouble in China, says the Washington correspondent of the Herald. Young men in all parts of the country have flocked to the recruiting stations, anxious to receive military service in a foreign country. The recruiting officers are taking their pick of applicants and are having no difficulty in keeping the regular army about up to its full limit under the law.

Col. Thomas Ward, the assistant adjutant general in charge of the enlistment of new divisions, said that enlistments in the army have never been so numerous as at present. This is something remarkable, because usually the recruiting in the army is at its lowest during the summer months of any other time of the year. Then the young men out of work find all they want to do on farms in the West.

The officers' lists show enlistments for August were for August 27, 1900, and for the first ten days of August shown by reports so far received by the war department, 357,746 persons an aggregate of 7,346 men for that period usually the same number of any other year have furnished hardly one-half that number.

Col. Ward said: "Of the 2,700 enlistments for July, about 1,800 were for foreign service. The number about 150 were enlisted for regular service, while upward of a thousand were sent to rendezvous for assignment to each regiment and those already in the Philippines. The enlistments were for depot battalions, the artillery, or for general assignment; 250 of which were made at military posts for organizations serving there."

That the army is getting its choice of the young men of the country is shown by the fact that during July at one time less than 2,000 men who applied for enlistment were rejected. The recruiting officers have been able to respond to the demands of the various regiments for recruits and there are 110 men waiting assignments to commands.

Recruiting at present is for the regular army. By the existing law, the volunteer force must all be mustered out of the service on or before July 1, 1901. It is the purpose of the war department to begin returning the volunteers from the Philippines early in December, and they will be mustered out from time to time as they reach the country. Recruits for that service have been stopped some time since, and the volunteer force has fallen from its former strength of 32,600 men to 21,141 officers and men.

Every effort is being made by the navy department to recruit the navy as fast as possible. The navy department provides crews for the battleship Alabama and battleship Wisconsin that will be necessary to place the battleships Indiana and Massachusetts in reserve, and at this moment the navy is recruiting for the fleet. The navy is recruiting for the fleet. The navy is recruiting for the fleet.

Like the army, the navy is particularly careful in making enlistments. The latest articles in the navy regulations are the assignment of the tug Fortune to duty as a recruiting ship. She is now touching at ports on Long Island Sound and as soon as she has recruited the necessary number of recruits she will return to the receiving ship Vermont and return to the next point on her itinerary. When she has completed her tour of posts on the sound with recruits will go up the Hudson as far as Albany.

Book III at a Feast. New York, Aug. 27.—Seven hundred persons attended the Harvest Home festival at Griggstown, N. J., to celebrate the successful gathering of the year's crops.

Two hours after the festival began fifty persons in attendance were stricken with serious illness from something they had eaten and had to be conveyed to their homes. Five members of the household of Charles Howell Cook, of Belle Mead, were severely stricken, as were several families in the vicinity of Hightstown. No one has died as yet, but many are reported to be seriously ill.

May Prove Fatal. Chicago, Aug. 27.—Dr. W. D. Turner, a prominent and wealthy physician of Pasadena, Cal., and a member of John I. Godfrey Post G. A. R., of that city, is in the custody of the police awaiting the outcome of the inquest into the death of Daniel Carroll, who lies at the point of death in a hospital with a fracture of the skull and hemorrhage of the brain.

SORES AND LOBSTERS HAD A BATTING STREAK.

Sores and Ulcers never become chronic unless the blood is in poor condition—is sluggish, weak and unable to throw off the poisons that accumulate in it. The system must be relieved of the unhealthy matter through the sore, and great danger to life would follow should it heal before the blood has been made pure and healthy and all impurities eliminated from the system. S. S. S. begins the cure by first cleansing and invigorating the blood, building up the general health and removing from it the system.

A CONSTANT DRAIN UPON THE SYSTEM.

When this has been accomplished the discharge gradually ceases, and the sore or ulcer heals. It is the tendency of these old indolent sores to grow worse and worse, and eventually to destroy the bones. Local applications, while soothing and to some extent alleviate pain, cannot reach the seat of the trouble. S. S. S. does, and no matter how apparently hopeless your condition, even though your constitution has broken down, it will bring relief when nothing else can. It supplies the rich, pure blood necessary to heal the sore and nourish the debilitated, diseased body.

Mr. J. T. Talbot, Lock Box 23, Winona, Minn., says: "Six years ago my leg from the knee to the ankle was so sore that no physician treated me. I made two trips to Hot Springs, but found no relief. I read of S. S. S. and bought a bottle. I have been a vegetable well man ever since."

S. S. S. is the only purely vegetable blood purifier known—contains no poisonous minerals to ruin the digestion and add to, rather than relieve your sufferings. If your flesh does not heal readily when scratched, bruised or cut, your blood is in bad condition, and an ordinary sore is apt to become chronic.

MUNYON'S RHEUMATISM. I will guarantee that my Rheumatism Cure will relieve limb, bago, sciatica and all rheumatic pains in two or three hours, and cure in a few days.

At all druggists, 25c a tin, Golden to Health and medical advice free. 1505 Arch st., Phila.

Only One Run Made, But It Won the Game. Cincinnati 1, Pittsburg 0.

Match Motor Race Promises to be Very Exciting. The same events scheduled for Friday night last will be pulled off at the Salt Lake saucer tomorrow night.

Sporting Notes. Lagson this afternoon the Utah battery team and a nice pickup from the N. G. U. will play a game at the Salt Lake saucer.

Emma Foot and Tombsone, the race horses that have been in the race for some time, are scheduled to arrive home today.

Charlie Turville and John Lawson are anxious to try conclusions in a four-hour race. Long distance riding suits each of them and they believe they can lower the world's record of 624 miles, held by Walters of England.

This is a month of noted fistic battles. On the 28th, Bob Fitzsimmons knocked out Tom Sharkey. On the 24th he served Tom Sharkey the same, Tom Sharkey served Tom Sharkey the same.

John Chapman is in much better condition now than he has been for several weeks. He has stopped using tobacco and finds that he has more wind. Yesterday he rode an eighth in 12:15 seconds.

Close Game Between Short Lines and Lobsters. The game played at Ogden Saturday on Saturday was very close and interesting throughout.

OGDEN LEADS AGAIN. Short Lines Take a Big Drop—Rios Win One.
