## OGDEN NEWS.

OGDEN, UTAH. Feb. 28, 1902.

### WEBER COUNTY BUSINESS.

Commissioners Deny Petition of Flattery and Others for Electric Line Franchise.

Bishop Ritchie of Marriotts Seriously Ill—Treat Fry for Weber—Child Falls and Breaks its Arm.

The board of county commissioners met and disposed of the following business:

The committee to whom was referred the petition of F. B. Flattery, J. F. McConner and G. A. Gibbs, for a franchise to construct, maintain and operate an electric railroad running between Salt Lake City and Ogden city, reported that the matter had been given due consideration and recommended that the petition be denied, because of the fact that the petition failed to state facts which would permit the board to act intelligently in the matter; that no complete description of the proposed right of way over which the proposed road will run is given; that the plan of the survey is incomplete; and that the proposed ordinance granting a franchise submitted with the petition, does not contain the conditions and requirements which the county should reasonably exact of the petitioner, and that moreover there is a lack of evidence of good faith on the part of the petitioners as to their ability to comply with the terms of the franchise, and that is provided for in the terms of the proposed ordinance.

On motion of Commissioner Wilson the report of the committee was adopted.

A communication was received by the board from Mayor Giesman informing the board that on Feb. 1, 1902, a man giving his name as Thomas Roy, came to the police station in an enfeebled condition, and sick, and has since been confined at the station. That on Feb. 1, the mayor notified the board to take the said aged person and care for him, and on the following Monday the chief of police appeared before the board and asked that they care for the old gentleman, but that up to the present time no attention has been given this matter by the county commissioners, and the mayor informed the board that Ogden city will hold Weber county responsible for the care and maintenance of the said Thomas Roy, and unless the man is removed and taken care of by the city, the city will continue to care for him at the expense of the county. The communication was referred to County Attorney Halverson.

County Clerk and Game Warden John Sharp notified the board that an alias writ of 100,000 brook trout fry will be made to Weber county within the next days to be distributed in the various streams of the county.

Commissioner Sken reported that no additional stock is necessary at the present time for the county infirmary.

County Clerk Hollingsworth reported having received a communication from Dev. Wells, congratulating the board on the interest they have taken in the infirmary convention.

The board adjourned until Monday next.

### NINETY DAYS FOR STEALING.

Thomas Hunt, who has been in the toils of the police many times of late, was given 90 days on the rock pile by Judge Howell, for stealing a pair of blankets from the Troy Steam Laundry.

### CHILD BREAKS ITS ARM.

The little two-year-old daughter of Louis L. Coray who resides on Twenty-third street, while playing in the house fell from a chair, breaking the right arm, and the wrist. Dr. E. C. Rich was summoned to examine the broken member and the little child is getting along nicely.

### BISHOP RITCHIE SERIOUSLY ILL.

The condition of Bishop Ritchie of Marriotts is very critical, little hope is entertained for his recovery.

Turner Bailly died yesterday at his residence on Grant avenue. The remains will be shipped east for interment.

### BRIEFS AND PERSONALS.

The funeral services over the remains of Lillian, the two-months-old babe of Mr. and Mrs. C. B. Zerbe, were held at the rooms in the Woodman block yesterday afternoon. Interment took place in the city cemetery.

G. H. Corse and S. W. Bodson have gone to Cheyenne to attend the Masonic gathering at that place.

Walter Herrick has returned from a trip to Nevada.

Mrs. Ezra Harris and son are visiting in Ogden this week with relatives.

Archie Service of Pocatello, is spending a few days in Ogden.

A meeting of the Weber county fair committee will be held in the courthouse Saturday.

Commissioner Randall is attending to business in Salt Lake City.

Mrs. T. E. Rowlands has returned home on an extended trip to New Orleans.

The Commercial National bank has removed to the Eccles building to the apartments formerly occupied by the Utah Loan and Trust bank.

The Utah Construction company will have their office in the building just east of the postoffice formerly occupied by the bank.

Surveyor-General E. H. Anderson is in Ogden on business connected with his office.

C. C. Brown returned home last evening from a business trip through Daughters county.

Charles A. Smurthwaite was in Salt Lake yesterday looking after his business interests.

The second ward hall was well filled last evening at the concert given in honor of Wilford Hinchell, who is going to California.

McMurrin and wife returned to Ogden last evening from a visit with relatives and friends in Salt Lake.

A large company of missionaries will leave through Ogden tomorrow evening en route to the European mission.

LOGAN.

ELECTRIC LIGHT PROPOSITION.

City Council Discusses Proposed Municipal Plant.

Special Correspondence.

Logan, Cache Co., Feb. 27.—At the special meeting of the city council held Feb. 28 Mr. Christian Garret laid before the body at considerable length his plan for the establishment of a municipal light plant. The matter was discussed from all points of view, and the council, all the members present taking

part. It was finally decided to send a committee of three to American Fork to investigate the workings of the plant established there by Mr. Garret some time ago. The following gentlemen were elected as such committee: Mayor Hansen and Councilmen Robinson and Hansen. The report was presented by Mr. Garret recently published in this department.

Surveyor Edward Hanson was present at the meeting and suggested that the council either purchase or lease the state land lying along Logan river near the old time Maughan's mill, 25 miles from town. Councilmen H. B. Smith, Baker and Burris were appointed a committee to investigate the matter.

Articles of incorporation of the Spring Creek Irrigation company, filed with County Clerk Farrell today. The company is capitalized at \$5,000, and will control the waters of Spring creek, near Provo.

Saved Him From Torment.

There is no more agonizing trouble this place. The constant itching and burning make life intolerable. The position is comfortable. The torture is unceasing. DeWitt's Witch Hazel Salve cures, in one day, all kinds of itching, and it is unequalled. J. S. Galt, St. Paul, Ark., says: "From 1861 I suffered with protruding, bleeding piles and could find nothing to help me until I used DeWitt's Witch Hazel Salve. A few boxes completely cured me." Be wary of counterfeiters. Godde-Pitts Drug Co., corner First South and Main streets.

### LEHI.

#### NEW FIRE EXTINGUISHER.

Local Correspondence.

Lehi, Utah, Feb. 27.—Yesterday afternoon and evening the Lehi city fire brigade paraded the streets with their new fire apparatus and made quite a demonstration of what could be accomplished by them in the way of protecting the city from fire. In the evening the local ministers, under the direction of Mr. M. W. Ingalls, gave the service of the Holy Communion, which was turned over to the fire department to help purchase their uniforms. The ministers' part of the program attracted a great deal of attention, as the company of quite a number of the popular young men and ladies of our city and this was their first appearance before the public as impersonators of the celestial race. The entertainment was a thorough success, and undoubtedly will be repeated in the very near future.

#### SUGAR MILL MEN PROMOTED.

Mr. Thomas R. Cutler, Jr., left yesterday for Washington, where he has been to take the superintendent of the sugar factory located in that district. Mr. Cutler has been in the employ of the Utah Sugar company since its erection and is acquainted with every part of its operations. It is Mr. Cutler's intention to take a number of the old employees to assist him in the running of that factory, and thereby a number of the old hands of the Utah Sugar company, who are well qualified for various positions in the sugar industry, will receive promotions.

#### Favorite Nearly Everywhere.

Constitution makes diabetes, depression, headache, generally disordered health, DeWitt's Little Early Risers stimulate the liver, open the bowels and relieve this condition. Safe, speedy and thorough. They never gripe. Favorite pills. Godde-Pitts Drug Co., corner First South and Main streets.

### MANILA.

#### NEW SCHOOL HOUSE.

Flourishing Ward Organizations and Good School.

Special Correspondence.

Manila, Utah Co., Feb. 22.—The people of this enterprising little town met together on the 18th inst. to hear the report of the committee on the schoolhouse. The report of the committee was then submitted and the people received the building, which would do credit to a much larger place than this. The building was begun Dec. 9 and up to date has cost \$700. With the persistent efforts of the people and the open winter we have been able to complete the schoolhouse. The dimensions of the building are 40x26, with 11½ feet of beaded and matched lumber. The house is watered 10 feet high. It has the way round, has eight windows, a double door and transoms in the east end; also single door in the west.

A dance was given by the committee on the 14th inst. which was well patronized by the people of this and neighboring communities.

The primary association held its first meeting in the schoolhouse on Saturday last. The Sunday school met on Sunday with an unusual large attendance, which also, we would say, is advancing rapidly under the management of Superintendent Peter G. Wall, and an able corps of teachers. We held two meetings in the afternoon Sunday, at which two missionaries, Elders Johnson and Olsen, gave excellent addresses, and the district school has just moved into the new building. The children are advancing rapidly under the able management of Andrew Vetter, who is conducting a good and up-to-date school.

#### The Last Word of It.

"My little boy took the croup one night and soon grew so bad we could hear him breathe all over the house," says F. D. Reynolds, Mansfield, O. "We feared he would die, but a few doses of One Minute Cough Cure quickly relieved him and he went to sleep. That's the last we heard of the croup. Now isn't a cough cure like that valuable?"

The Utah Construction company will have their office in the building just east of the postoffice formerly occupied by the bank.

Surveyor-General E. H. Anderson is in Ogden on business connected with his office.

### MOUNT PLEASANT.

#### SUGAR FACTORY PROPOSITION.

Enthusiastic Gathering of North Sanpete Farmers Discuss Situation.

Mount Pleasant, Sanpete County, Feb. 27.—D. C. Dunbar of Salt Lake City, met with an enthusiastic gathering of farmers of north Sanpete county yesterday afternoon and talked over the proposition of a sugar factory for Sanpete and Sevier counties, which eastern capitalists desire to establish, and the farmers will guarantee to raise sufficient beets.

Mr. Dunbar, who represents the eastern capitalists, said that he had been determined upon up to date to build a central factory at Gunnison, connecting it afterwards with northern Sanpete and Sevier counties by means of pipe lines from local cutting stations. He wanted the farmers to sign a contract to the effect that if by the 1st day of November, 1902, the year, they were satisfied that body at considerable length his plan for the establishment of a municipal light plant. The matter was discussed from all points of view, and the council, all the members present taking

part. It was finally decided to send a committee of three to American Fork to investigate the workings of the plant established there by Mr. Garret some time ago. The following gentlemen were elected as such committee: Mayor Hansen and Councilmen Robinson and Hansen. The report was presented by Mr. Garret recently published in this department.

Surveyor Edward Hanson was present at the meeting and suggested that the council either purchase or lease the state land lying along Logan river near the old time Maughan's mill, 25 miles from town. Councilmen H. B. Smith, Baker and Burris were appointed a committee to investigate the matter.

Articles of incorporation of the Spring Creek Irrigation company, filed with County Clerk Farrell today. The company is capitalized at \$5,000, and will control the waters of Spring creek, near Provo.

### HEAVY SNOWFALL.

During the past two days this part of the state has been visited by the heaviest snowfall of the season. It rained all of Tuesday night and Wednesday night, till midnight, when a heavy snowfall began. There is today about five inches on the level in the valley of very wet snow, and it is very heavy in the mountains.

### SALINA.

#### Quiet of the Sabbath Day Sustained.

Special Correspondence.

Salina, Sevier Co., Feb. 25.—John Reed, town marshal, under the direction of the council of Salina, is strictly enforcing the law against the opening of stores, saloons and all places of business on the Sabbath day, and Salina is quiet in the morning rest of the Lord's day. This is no sudden spasmodic effort on the part of the fathers of the town, but a quiet and careful effort to maintain the quietude that should be in every well ordered town on the Sabbath.

#### The President of the town council.

John Matison, is a strong Socialist; the four assemblymen in the way of politics, two Democrats and two Republicans. The admixture seems to be productive of good results. But those gentlemen have been strengthened in their way of reform by a strong and very effective demonstration made by the ladies during the late election campaign.

#### We have just received a new invoice of UNFERMENTED GRAPE JUICE.

try a bottle, only 50c. St. Helena Sanitarium Food Co.

### WEST WEBER.

Farwell Social in Honor of Elder George Purinton.

Special Correspondence.

West Weber, Weber County, Feb. 27.—One of the most enjoyable times ever spent in West Weber, occurred Monday evening, the 26th inst. when a farwell social was tendered Elder George Purinton, who leaves on Saturday, March 1, to fill a mission in Great Britain. He has been an active worker in the church, and has taken the mission course in the Weber academy. A fine program, picnic and dance were the features of the evening's entertainment.

For this last week we have had rain, hail and snow almost daily, until our roads are almost impossible to travel on with ordinary loads.

TOOELE.

INCREASED REALTY VALUES.

Advent of Railroad, Electric Light and Waterworks.

Special Correspondence.

Tooele City, Tooele County, Feb. 27.—The board of directors of the Oregon Short Line railway has been engaged for more than a week negotiating with Tooele farmers for right of way for the new road through the valley. The negotiations have been very satisfactory. The board of directors have been made and payments of \$25 to \$35 have been made to secure the land. The same party for securing the right of way is buying land along the route. Several of the Tooele farmers have sold to him their whole farms of from 40 to 100 acres. A small payment of about half a mile away, reads the opinion or to bind the bargain.

ELECTRIC LIGHT PLANT.

The Clark Electric Light company has been measuring the waters of Settlement canyon and say that they will soon make a formal proposition to the water owners, with their help to pipe the water from the canyon head, the object being to increase the water power for power and light. The object of the electric plant is to supply electric power for the mines and mills of Stockton and Ogden and incidentally Tooele city. The plant will be situated on the 500 lights asked by the company to be subscribed having been subscribed as a result of a personal canvass of the town.

With a through railroad, an electric plant and seven miles of pipe line in all course of construction at the same time, the town will surely boom. Rear end of the school, who is called in value or at least being held at a higher price than heretofore.

SIGURD.

BLACK KNOLLS CREAMERY.

Irrigators Making Good Use of Early Flood Waters.

Special Correspondence.

Sigurd, Sevier Co., Feb. 25.—A tunnel has been run into the north end of the Black Knoll, immediately east of the Verillion Creek, and the water is being pumped out. A combination of circumstances has worked against them and to secure themselves as well as all their creditors they made an assignment of the property. That assignment will be arranged for the best good of all concerned. There is a light mortgage on the property. This is a splendid opportunity for some one wishing to change in the mining business to procure a good mill in a prosperous neighborhood.

SAD BEREAVEMENT.

Edward Sterritt and family are called to mourn the death of two little boys, aged 5 and 2 years, the eldest died on Monday, the youngest on Wednesday. Both will be buried in one grave. The funeral will be held over the little ones today. Cause of death was a relapse from measles.

The 8-year-old son of Joshua Hixman of Manila died this morning of pneumonia.

LECTURE BY PROF. MILLER.

Prof. Miller of the B. Y. academy lectured here today to the men and boys of the town. His talk was very fine and will result in great good to the young men.

Edison J. E. is making an addition to his store. Several fine dwellings are being erected in town.

PROVO.

NEW BANK ORGANIZED.

News Briefs.

Provo, Utah Co., Feb. 28.—The city council met last evening and passed an ordinance by means of which the waterworks bond refunding ordinance.

The next important question to come before the council will in all probability be in connection with the proposed new Rio Grande Western depot. It is expected that at the meeting Monday evening the railway company will submit a proposal to build the depot on the ground west of the present depot, formerly parked by the railway company but now used as a part of the street, a decision of the district court in the suit brought by the city against the railway company to have the fence removed being in favor of the city.

Ogden Short Line Railroad company.

OUR NEIGHBORS.

RUDY, IDAHO.

DEATHS FROM DIPHTHERIA.

Farwell Social to Later Brothers and Families.

Special Correspondence.

Rudy, Fremont County, Idaho, Feb. 25.—The weather for the past month has been very changeable, but the snow has almost wholly disappeared in the valley. There has been some sickness in the valley, and many children having lost two children with diphtheria. It was feared that many had been exposed to that dread disease and for a time all public gatherings were discontinued. But we are pleased to note that no other case appeared and now meetings and Sunday school are running again.

FAREWELL SOCIALS.

Yesterday at 12:30 p. m., the citizens of the place assembled at the school house to bid adieu to the Rev. Dr. and their wives, who are leaving the ward for their new home in Rigby, Idaho. Elder Peter Later was second counselor to Bishop Clark, Richard Later was ward clerk. Mr. A. J. A. Later was president of the Primary association.

In the afternoon the Primary association gave a program and the Rev. Dr. and Mrs. McNeil in his behalf presented Sister Later with a beautiful lamp as a token of their regard. In the evening a dance was given in their honor and many expressions of regret were heard on account of losing these useful members of the Rudy ward.

RAYMOND, CANADA.

PHENOMENAL GROWTH OF TOWN.

Relief Society Organized—Delightful Spring Weather.

Special Correspondence.

Raymond, Alberta, Canada, Feb. 24.—Six months ago the first stake was being designed where the town of Raymond was to be built. Today there are about 400 inhabitants, many up-to-date residences, a large, comfortable church, hotel, mercantile house, meat-market, lumber yard, lake, railway station, etc. The town is situated upon a broad prairie covered with a luxuriant growth of bunch and buffalo grass, and is surrounded by rolling hills. The town is of uniform beauty. Many home-seekers are pouring in, and most available land being secured. The weather has been very mild this winter, and the delightful plowing will perhaps be commenced in about a week.

The thriving city of Cardston is 50 miles west from here.

RELIEF SOCIETY ORGANIZED.

Sister Zina Card and others were here yesterday from the above place, where they organized a Relief Society. Sister Emma Benis was chosen president, Zina Knight secretary. The president will choose her counselors and the Relief Society will be organized. Sister Zina Card spoke interestingly, and with old time vigor, along educational and moral lines. The house, which is a large one, was nearly filled, and Sister Card suggested that a Relief Society be organized. She referred to the prophetic words of Apostle John W. Taylor regarding this land, and its development, which were rapidly coming true.

Brother and Sister Nelson from Kentucky, and Mrs. Aaron Johnson of Springfield arrived safe on same day. The most familiar sounds here at present is the rattling of saws and planers in the hands of carpenters who are busy erecting residences.

PREPARING HOTBEDS.

There is time this month to prepare methods for starting early cabbages, cucumbers, peppers and tomato plants. And gardeners would extend this list to include cucumbers, early squash and even green corn. It is some care to grow these under glass, but plants more stocky, and when watered or scalded by the sun, and one who works away all day may not be able to give it proper attention, but it pays well, even for the family garden. Cover some of the ground with straw or manure, and should always be large enough to insure plenty for home use, even if the season should not be favorable, and a surplus in good season.

Picking out these plants into two-inch pots when they are two or three inches high, and removing them to a cold frame, helps to start plants more stocky, and when watered or scalded by the sun, and one who works away all day may not be able to give it proper attention, but it pays well, even for the family garden. Cover some of the ground with straw or manure, and should always be large enough to insure plenty for home use, even if the season should not be favorable, and a surplus in good season.

THE STANDARD.

Do you have the Standard Dictionary in your library or school room? If not, you are not up to date. It is the largest, best edited, best printed, best bound, and most modern work in all respects yet issued. Only a limited number on hand. Address the Deseret News Office.

# MUNYON'S Rheumatism Cure

No remedy is so sure to cure Rheumatism, Gout and Lumbago as my Rheumatism Cure. Try it and then tell me. It cures in 24 hours, and drives the pain out of the system. It is a sure cure for all kinds of rheumatism, and is sold everywhere. It is a sure cure for all kinds of rheumatism, and is sold everywhere. It is a sure cure for all kinds of rheumatism, and is sold everywhere.

## COURT NOTES.

John R. Menary, of Springville, sentenced to 30 days in the county jail by Justice Boyer on the 19th for unlawfully selling liquor, has appealed to the district court.

Mary Elizabeth Gibby has applied for letters of guardianship of the person and estate of Arabel Gibby, a minor, living in Salt Lake City, who is a feeble-minded child, hearing has been set for March 8.

Estate of Howell Davis, deceased; petition of Marjorie Lundquist for degree of distribution; set for hearing March 8.

## GARDEN CITY NOTES.

Attorney Houtz left for Ellensburg last evening to be gone for about a week on legal business.

The attack of paralysis from which James Houtz is suffering is not so severe as was at first supposed, and there is every hope that his recovery will be permanent.

J. F. Bingham will move over from Springville in a few days to take a position with Wm. M. Roylance as salesman in the implement department.

Wm. M. Roylance & Co. will occupy the basement and first floor of Jesse Knight's Central building in Academy avenue after April 1 with their large produce and implement business.

We have just received a new invoice of UNFERMENTED GRAPE JUICE, try a bottle, only 50c. St. Helena Sanitarium Food Co.
