to Tien Tilh or Taku has been serious-iy considered by the President and his advisers. A great deal of pressure has been brought to bear upon the administration to take this step, but after mature deliberation it has been determined that the negotiations for the settlemants of the questions grow-ing out of the disturbances in China must take place in the Chinese capital and that while these negotiations are pending, and until they are completed, it will be necessary for the United States forces to remain in the capital. While it is recognized that a with-drawal of forces from Pekin might be halled with satisfaction, it is ead that o Tien Tiln or Taku has been serious halled with satisfaction, it is said that the moral effect in China and on the Chinese would be bad if interpreted by the Chinese as a retreat.
