his brother Erastus.

COPENHAGEN, July 9th, 1852. After I parled with you in Landon, I went directly to the east of England, and sailed from Hull on the 21st, and arrived in Copenhagen on the 26th of the and the copenhagen on the 26th of the sound come out with a screw like the April; I found Br. Hanson in the office. Br. Jensen had just arrived from Hamburgh, and Br. Fossen had just arrived from Hamburgh, and Br. Fosgreen from Fredrich, who soon came in, and we had
a season of joy and rejoicing. The brethren had been
anxiously looking and dreaming for me to come, and
my presence seemed to inspire them with increased
strength and courage which was about all the good I
strength and courage which was about all the good I
could do. Br. John Fogreen had been a little cast

the word after their persecutions anciently, we think of sending him into Iceland, as the Elder you intrusted with the Icelandish Mission has apostatized, de-nied the faith, and finally been drowned, and so ended his career and out short his work in, I suppose in We have however got another good letter from Guilmindson, the young man who accompanied him there which informs us that he has many friends and some that wish to be baptized, but there is no one having authority in that land to baptise lar about passports and the like, we gave it up. They have also been trying to pel! down Mormonism in Falster again near where they beat Elder Runner so unmercifully. A number perhaps not of the baser sort with a Policeman at the head of the gang I am told, with a sword girded on, entered the dw house of Br. Thompson under pretence of hunting Mormon Missionaries, or something of that sort and threatened his life; he however got out and hid, and they finally left without doing any other damage than breaking in the windows. It appears from this and

but we shall get it up again in as good stile as we can with some important additions, and present it anew to the Rickedagin the ensuing session. There has been quite an influential man and his written an excellent letter back size at the stalks and buried that two or three unjuried, though it was intimated that two or three and some thickers, who had gone thitter to revile and some the true followers of Joe Smith, received the may serve their consciences as remembrancers.

We are constantly sending of the stalks and buried that two or three and some the true followers of Joe Smith, received the most the true followers of Joe Smith, received the most the true followers of Joe Smith, received the most the true followers of Joe Smith, received the most the true followers of Joe Smith, received the most the true followers of Joe Smith, received the most the true followers of Joe Smith, received the most the true followers of Joe Smith, received the stalks and buried that two or three and some the true followers of Joe Smith, received the stalks and buried the stalk received the work, and was baptised in this City, heads from the stalks and buried the stocks in the and has written an excellent letter back since his fall so as to protect them from the winter frosts. and he is all alive in the spirit of the work.

Jenson and Br. Omenson, and Br. Folkmann, are of books, but have not had time to open up the work there to any very great extent yet.

But I am much line so as to protect them from the winter trosts.—
In the spirit of the work. Br. In the spirit of the work of causing a ceiling to full upon the heads of the said I want to pay you for the News. You not had time to open up the work of causing a ceiling to full upon the heads of the saints without injury and stated the many shoots that usually come out on so of books, but have not had time to open up the work there to any very great extent yet. But I am much learned with the work of the News.

But I want to pay you for the News. You not had to pay you for the News. You not had the not pay you for the News. In the spirit of the spirit of the spirit of the work of causing a ceiling to full upon the heads of the said II want to pay you for the News. You not need them in rows, for all so as to protect them from the wind as the more not pay you for the News. You not had the soled the many shoots that usually come out on a commodity, or stop the long and said II want to pay you for the News. You not had the not pay you for the News. You not had the not pay you for the News. You not had the not pay you for the News. You not had the not pay you for the News. You not had the not pay you for the News. You not had the not pay you for the News. You not had the not pay you for the News. You not had the not pay you for the News. You not had the not pay you for the News. You not had the not pay you for the News. You not had the not pay you for the News. You not had the not pay you for the News. You not had the not pay you for the News. You not had the not pay you for the News. You not had the not pay you for the News. You not had the not pay you for the News. You not had the not pay you for the News. You not had the not pay you for the News. You not had the not pay you for the News. You not had you not had the not pay you for the N there to any very great extent yet. But I am much pleased with them. There is a slow but gradual inpleased with them. There is a now out in difference of members and spread of the work in different directions. In Bornholm some forly have been Bro. Whiting has tried this experiment two seasons Bro. Whiting has tried this experiment two seasons lately baptised and nearly the same number in Alburgh Conference. But you know they progress against heavy opposition; it is sometimes dangerous raising cabbage very highly.

We at this the valley of the church, and payments will be made as a community have bought, we think about 50 bs.

It is the valley of the church, and payments will be made as a community have bought, and other the church, and the church are community have bought, and the church are community have begin to a community have bought, and the church are community have bought, and the church are community have begin to a community have begin to a community have begin to a community have begin sole cause, for it is well known, that while there are mercy, for protection and for a miracle to save them. ompelled to pay nearly the whole amount in gold, in Iron county, and other places, where they cannot from one to five handless in our pride du We have copied largely of the life of Joseph the

s worth the price of the paper. We have a few copies of vol. 2d; if any wish to get, to file and preserve the history, they must speak soon. We shall forward the first No. of Vol. 3d, to old subscribers, and if the paper is not returned within one week from date of publication, the subscription will be considered continued.

Any arrangements our subscribers in the south can make with the "Deseret Iron company," to pay for the News will be right with us.

The Blind Shall Sec.

ing was devoted to an oration of the Elders and the loney as a commodity, or stop the drainage by pro- and said "I want to pay you for the News." You ire, nor for selling their goods as high as they can, says Bro. Mantle presenting us with a half eagle, en from 200 to 10,000 per cent; they bring them which he had cautiously been unfolding, from a clean re, place them upon their shelves, tell us their prices, envelope ("done up in a rag"), which he never saw we may take them on their terms, or let them Then we shall have to give you the News; WE MUST

rscives; this is true in a few articles of necessity, Reader, do you know hrother Mantle? He is It will not be admitted in silks, satins, artificials poor, blind man, with no resources but his own ingerines, and in brief the whole round of articles genuity and industry to support a large family, and ager says the materiel must precede the use for it levely to dispense with them, until we can manufacthe last man we could have thought of, who was not Perhaps books may hereafter be printed for the trop tre them ourselves, or buy them under better cir able to pay for a paper, and be force the gold into our spistances. Now, how shall we prevent bankrupt. hand, when we would rather have given a vol. than We have only to invent a white ink, and the thing c and enjoy independence, with all that is necessary, taken a cent, and said, "I want the next vol. of the ulful, and ornamental, in every department of the News." What could we do? What did we do?the Vailey, and brought with me two or three doz-

hiter) for we now buy it at the stores, and proceed his part, in gold, to buy paper and ink and sustain empetically, and without cessation, until the orna- the News, there is nobody else, who cannot; and if of Oct., to injure the most tender plant.

There is bench land chough to have one thousand plant, very hard, to see the labors of the out hands," as well as every useful article. When tell him to call on hro. Mantle, and he will tell him, Late election in England, results in favor. weave manufactured an article, sell it for cash, or how he can do it.

its equivalent, as low, or lower than it can be bought | We promised bro. Mantle that he should yet see. and he shall see. Such men cannot be blind always, Electors of G. S. Lake, Davis, and Juak counties are reminded of the special elections on himself in his profession, previous to the departure

From Mr. James H. Martineau, we received br is fully organized, and there are channels suited for cash, clothing, and such articles as they have, that the Minutes of the Celebration on the 4th of July, at That the cotton can be raised in the valley is be- to all capacities, agriculture, manufactures, and we must otherwise buy at the stores, and thus avoid Parowan, from County, but too late for publication

> Wunted Immediately .- FIFTY JOURNEYMEN Bos HATTERS. Where? In their shops, making hats to supply all Utah, and save \$25,000 being carried to the States, annually, to get coverings for your heads. If the Hatters won't attend to their business, carry all your Beaver. Otter, and other fir skins to Iri Ames, who will tan them with the fur on, and the sisters will make them into Caps, Jackets. Wrappers Sacks, Leggins, Overshoes, Petticoats, Bed spreads Muffs, Tippets, Boas, Mittens, Gloves, &c., and so on and a multitude of cold bodies may be warmed up the coming winter; and they will do you a thousand sending them to New York.

A GLOVE FACTORY is wanted, nav is on hand; but there is no stock. Gather up all the doe and antelone skins, and other kinds of small game skins, and ake them to Ira Ames, who will tan them, and the you shall have black or white Kid gloves to you fancy of Valley make; and if you don't find them a neat, fanciful, and sound, as any thing you can get in New York or old England; you need not buy them. The raw skins are what is wanting, the manufacture are ready this moment.

Where is the person, in Utah, who under lands coloring Furs? We want an immediate answer; there are many fors on hand, cold weather is coming soon, and the furs need coloring before

Where is the machine for making Combi that was talked about long ago? Who will tell?

LUCIFER. - We have been using Neibaur's Lucife, Matches of late, and have found them just as good as we need. Encourage Home Manufactures is our matches, tell us, if you want it printed.

Home LEATHER .- Look at Mulliner and Allem bark and bushes, and every thing that will produc tannin: and save all your hides and skins of every description, and send them to the tanners while free if you want good leather: give the tanners a chance,

make the best while they are going,-and fools he the widows heart to rejoice.

CHEESE. - Last week, we received, from Govern Young, a slice of cheese not to be beat in Cheshin OLD ENGLAND; for the have cat of many there, and never saw its equal. Wish we could give its size a weight, we think about 50 lbs. God bless the Got

Spirit Rappers.

The Marshall (Wis.) Democrat, represents the some of the clergy, in the Eastern part of Cla County, say they are inspired by the Spirits, the their sermons are the operations of the Spirit through them, to the people; the Millenium has conmenced. In less than 5 years the wicked are to swept off, and the Righteous inherit the earth. Or preacher said not more than a dozen of his hear would ever pass the shades of death; the old wa of baptizing is wrong, and they must use water (not wine) for the Sacrament. A new church call the church of Christ, has been organized. Some nothing without consulting the Spirits, and a wed peeting is to continue till the Spirits tell them! stop; excitement great, the best men stro believers. November 2d, a fresh breeze from the Nov

West, with a considerable winter-like chill; the fi for the season. Previously it had been very mild. Ur Vory little news in last Mail, except accident

asualties, and deaths, from various causes. room for particulars.

SUMMARY.

To be in 1853; an Irish "Industrial Exhibition" Dublin. One geutleman has placed £20,000 in ! ands of a committee of 25, to carry out the obje (Won't the poor Irish give an Industrial Exhibition the Rich Landlords about that time, by shippin America?) The restored Chrystal Palace to opened at Sydenham, same time; and another

The English settlers at Cape of Good Hope, are annoyed by the Guerilla bands, in the Kaffir w that many were preparing, June 14 to emigrate

Crime increases with increase of gold at Austral the vessel Nelson, at Port Philip was boarded by mned men, who took gold dust to the amount 60,000\$. Who will pay the London Insurance.? The Snowy mountains in Australia are said to ne vast gold bed.

The means of conversing, at several hund miles distant is said to have been discovered. W Late election in England, results in favor of b Derby ministry.
