MINING, BUSINESS AND STOCKS.

BIG STOCKS THE FAVORITES

In the Pit of the Mining Exchange Today.

DALY-JUDGE WAS ACTIVE.

So Was Daly-West and Other Park City Stars—Little Demand for Prospective Stocks.

The big stocks were the favorites at the first call of the stock exchange today and the market was strong for them. Prospective stocks did not enter very conspicuously into the sales.

Con. Mercur led out in the trading with 600 shares going at $1.73, closing with $1.71½ bid. Daly was in somewhat better tone than it was at yesterday's close. Daly-Judge entered the pit to be picked up promptly at $10.40. The buyers were active after the stock and before the regular call were paying $10.50 for the stock.

Daly-West run up to $42.85 in the trading. Grand Central held firm and Wabash was several points stronger. New York Bonanza weakened, with no buyers anxious to take it. A block of 200 Yankee Con. were dropped for 55½ cents a share. Ontario was offered at $6, with $5 bid for it. The average price paid for stock transferred reached nearly $2 per share.

The closing quotations and sales of the regular call were:

REGULAR MORNING CALL.

TO WORK DESERET.

Arrangements Under Way for Resumption at This Property.

Atty. Sam A. King was up from Provo yesterday afternoon for a few hours on a business errand.

Mr. King states that he is perfecting arrangements to commence work upon the Deseret mine in the Gold Mountain district early in the spring.

At the International Copper mine in the eastern part of the state, of which he is manager, Mr. King states that development work is being pushed ahead at a rapid pace and with results quite satisfactory to all persons interested.

Is Getting Out Ore.

Manager W. J. Lawrence, of the Scottish Chief mine, of Park City, is not expected home until Saturday. He is getting out a shipment of ore which will be in the market next week.

Today's Metals.

Silver, 48⅛ per ounce.
Copper, 11¼ per pound.
Lead, $3.50 per 100 pounds.

SHAFT GOES DOWN ON ELKTON CLAIM

Important Announcement of O. K. Extension Management.

NEAR THE MAJESTIC WORKS

Sulphide Ores Encountered in Beaver Lake Mine—Good Showing Disclosed in Copper Mountain.

Eminently satisfied with the turn of developments at the properties in his charge, A. J. McMullen has returned from a trip to the Beaver county copper belt.

At the O. K. Extension, which adjoins the Majestic company's O. K. mine on the south, west and north, some important work is to be undertaken about Feb. 1. Upon the Elkton patented claim, which bounds the O. K. on the north, a shaft is to be sunk to a depth of 200 feet from which point drifts will be run. The shaft will be located but a short distance from the new one now being sunk at the O. K., and there is little room for doubt that it will cut into ore bodies as rich as those anready encountered in the latter. Manager McMullen has held the opinion for some time that the Elkton claim will prove to be one of the richest of the Extension group and is confident that he can get into shipping product within a very short length of time.

He has just completed the assessment work upon the Roadside and Midnight claims, under bond to the Majestic company. The bond expires on the claims on July 1 and the amount is $20,000.

Work has been suspended for the present upon the Skylark property in the north end of the district. But at the Beaver Lake mine he has a force of men driving a drift to the north from the 100-foot level. It has been run a distance of 60 feet and the face shows a nice breast of sulphide ores of good grade.

Mr. McMullen states that the Copper Mountain mine, of which Ben T. Lloyd is manager, has a good showing of ore in the workings and he believes it will become one of the best mines in the district.

BOSS DAMAGE SUIT.

Jury Fails to Agree, Two Holding Out for Defendant.

The case of John Boss against the Centennial-Eureka Mining company in the United States court yesterday, Judge Marshall presiding, resulted in a mis-trial, two jurors holding out for the defendant company.

This action was brought by the plaintiff to recover damages for injuries sustained from falling down a chute in the defendant's mine at Eureka about two years ago, and $50,000 were asked for. About a year ago the case was first tried and a verdict rendered for the defendant company, which, on application was set aside by Judge Marshall and a new trial granted. The second trial came up before Judge Marshall on Monday, and a result was not reached until 8 o'clock last evening, when it being evident that no agreement could be reached the jury was discharged. This will necessitate a third trial provided the plaintiff can stand the expense and doesn't die in the meantime.

The testimony on both trials showed that the chute was unguarded and Boss fell 50 feet, injuring his spine and rendering him a cripple for life. The defendant company claimed that the plaintiff knew the chute was there and alleged contributory negligence. D. N. Straup and Judge O. W. Powers summed up the case for the plaintiff and Judge Andrew Howat for the defendant. The case went to the jury at 4 o'clock and on the first ballot they stood 9 to 3 for the plaintiff; on every succeeding ballot, of which there were many, they stood 10 to 2. Ex-Mayor Clark was foreman of the jury. It is reported that the jurors who held out against a verdict for the plaintiff were George Brunow of Wells, Fargo & Co.'s bank and Mr. Harnby, a brick manufacturer of Wood's Cross. John Boss, the plaintiff, has been an invalid at St. Mark's hospital ever since the accident.

MARYSVALE CITIZENS HOPEFUL

Anticipate Great Deal of Activity Down That Way.

The citizens of Marysvale anticipate a great deal of activity in the mines of that section during the present year. In fact, everyone is hopeful of one of the liveliest seasons in the history of the gold camp.

The Wedge has been considered for some time past to be one of the best mines in that portion of the Gold Mountain district, and has produced ore containing very sensational values. It has not been developed sufficiently as yet however, to become a regular producer; but it is believed that it could be made a steady contributor within a very short time.

Now that Dr. P. A. H. Franklin has secured an option on the property some important developments are not at all unlikely before many months will have expired.

The Marysvale Free Lance, which is edited by J. F. Gibbs, has the following to say about the late acquisition of the property by Dr. Franklin:

"Harry L. Mills is doing some hard hustling in connection with the Wedge option. The Free Lance is always careful not to publish premature mining news, or items that those most nearly concerned would prefer to keep temporarily from the public. But there's "something doing" and it will soon be public property.

"Since the above was in type, events have so shaped that the Free Lance can state that Dr. P. A. H. Franklin has secured the option on the Wedge. The deal adds another most promising property to the already large holdings of Dr. Franklin in that vicinity. Several men will be employed in development work during the present unfavorable weather and as soon as conditions will permit a large force will be put on, and before Dr. Frank's gets through with the Wedge the question as to its value will be permanently settled."

Dr. Franklin is now in the east, and, no doubt, he has his plans for the development of the property well matured.

NEW YORK METAL PRICES

Lead quiet, 4.12½.
Copper easy, 12.25.

STRIKE AT ELY ENDS IN TRAGEDY

Manager Traylor of the N. Y. & Nevada Uses His Gun.

THE MINERS ATTACK HIM

And He Kills Three of Them—Three Others Wounded—Trouble Was Over Reduction of Wages.

The labor difficulties at Ely, Nevada, between the New York and Nevada Copper company and the Miners' union has resulted in tragedy. Yesterday in the offices of the company, at Keystone, a short distance from Ely, Manager J. A. Traylor, shot and killed three and wounded three more union men. The dead are James Staggs, Sam Johnson and J. Smith.

The New York and Nevada Copper company has probably the largest copper mine in the state of Nevada and some believe it will even rank in greatness with the great United Verde of Arizona. The company has done some important development work during the past year and has gone to great expense in equipping its property with powerful and costly machinery.

Early last fall the work of building a large smelting plant at Keystone, a little over two miles above the town of Ely was begun. The work had been under way but a short time when the management was placed in the hands of Traylor. One of his first acts was to announce a reduction in wages from $3.50 to $3 per day. This precipitated trouble with the Miners' union and of course immediately made the new manager decidedly unpopular in the camp. Unable to induce the company to restore former wages, the Miners' union ordered a strike, since which time the construction of the new smelter and the inauguration of other changes have been seriously interrupted.

Yesterday's tragedy came about, according to information received from the Nevada camp, by 12 striking miners entering the company's offices for the avowed purpose of running the manager out of the camp. The men attacked and overpowered him and threw him to the floor. Traylor broke away from his assailants, secured his revolver and opened fire with the result stated. Traylor is a Denver man and makes his home in that city. The camp is in a fever of excitement over the affair.

COMPLIMENTARY TO NEWHOUSE

Englishmen Throw Him a Nice Boquet.

The printed report of Managing Director Samuel Newhouse, of the Boston Consolidated, which was presented to the stockholders of that corporation at their fourth annual meeting held in London, England, on the 29th of last month, was received in Salt Lake today at the local offices of the company.

Appended to the report, is also a report of the directors in which they take occasion to record their appreciation of the services of Mr. Newhouse and his able corps of assistants in very complimentary terms, which is decidedly contrary to the report of the recent alleged attack upon him by the English directors.

Referring to the concluding clauses of the managing director's report, the board expresses the opinion that in view of the changed and improved conditions of the ore during the last six months, it is necessary to take further time to consider the most effective and economical method of treatment of the ore contained in the vast bodies found in the mine.

NEW MINING COMPANY.

Articles of Incorporation Were Filed Today.

Articles of incorporation of the Tornado Gold Mining company, of Salt Lake City, were filed in the county clerk's office today. The capital stock of the company is $350,000, divided into shares of the par value of $1 each. T. R. Black is president; F. G. Carthey, vice president; J. A. Largent, secretary; J. Clive, treasurer. The company owns the Tornado, Indiana, Western Slope, Daisy D. and Iron Chest lode claims, located in the Miner's Basin district, Grand county, Utah.

The Wyomine Gold Mining company, of this city, filed articles of incorporation in the county clerk's office today. The company is capitalized at $300,000, divided into shares of the par vaue of $1 each. T. P. Steffey is president; T. A. Helm, vice president; J. A. Largent, secretary; and W. H. Clark, treasurer. The company owns a bond and lease on the Bullion Bullion Fraction, Good Luck, George McKay and Venus lode claims, al ocated in the Overand district, Fremont county, Wyoming.

ACQUIRES NEW GROUND.

Boston and Tintic Company Indulges in Expansion.

The Boston & Tintic Mining company, operating in the Tintic district, has secured deeds to a piece of patented ground adjoining its original territory, which will add to the value of that property. The land was purchased for the company by Prof. W. H. Tibbals, who is one of the principal stockholders in the corporation named.

GETTING CLOSE TO ORE.

Developments in Minola Mine Being Closely Watched.

From the Minola mine of Park City was received some very encouraging news today. The message came to the local offices of the company and contained the information that in the winze, which is being sunk from the tunnel level, considerable iron is coming in, and indications are favorable for a very important change almost any minute.

The winze is down to a depth of 200 feet and Manager A. H. Mayne expresses the opinion that it is approaching close to the contact vein, which is the same encountered in the Silver King, Creole and Woodside properties.

NEW GOLD DISCOVERY.

Find Made Near the Town of Springville.

Special Correspondence.

Provo, Jan. 8.—A discovery of gold bearing rock in Rock canyon, near Springville, has been made by Joseph S. Wing and Max Cless, Jr., of Springville. A large quantity of the rock is a decomposed slate, susceptible to cyanide treatment, and the discoverers believe they have a bonanza. A test made of the surface rock returned $1.25 gold; an assay taken of the rock from a little lower depth gave $1.86. It is believed that depth will show increased values.

MINING CONCENTRATES.

C. E. Allen is at the Centennial-Eureka today.

Will G. Nebeker has returned from a trip to Mexico.

The ore and bullion settlements yesterday were $120,900.

Daly-West opened on the Boston market this morning at $42.

The Gand Central is in the market with seven cars of ore today.

A carload of ore from the Utah mine of Fish Springs reached Oasis today.

Supt. Mike Harrington of the Keystone mine, Park City, is in the city today.

J. J. Trenam, manager of the Stockton mine, of Stockton, is at that property today.

T. J. Lynch and M. J. O'Meara, the big Tonopah operators, arrived in the city today from St. Louis.

Manager Frank B. Cook of the Columbia mine of Bingham, is at that property today.

Willard F. Snyder of the Western Exploration company returned this morning from California.

The shaft at the J. J. C. mine, on Bonanza Flat, Park City, is nearing the 300 foot level.

Taylor & Brunton reported the arrival of three cars of ore today; two from Bingham and one fom Nevada.

Managing Director Bert Holden of the United States Mining company is expected to arrive from the east in a few days.

Judge Bartch, who has been at the Sheba mine in Humboldt county, Nev., for a couple of weeks, is expected home today.

S. E. Ware, formerly superintendent of the Swansea mine of Tintic has taken a year's lease on the United Sunbeam mine of Tintic and will shortly commence work there.

Mr. and Mrs. Bowers have arrived from Salt Lake and are domiciled in the Loring residence. Mr. Bowers is the assayer for the Bradburn mine people.—Marysvale Free Lance.

Manager W. I. Snyder of the California Mining company, Park City, states that the rich ore chute recently encountered in that property is holding out and shipments are being made daily therefrom.

Ralph Guthrie, the well known stock broker, has received the sad intelligence of his father's death at his home at Wellington, Kas., at the age of 86. The deceased was a veteran of the civil war, having put in four and a half years in active service.

MONEY MARKET REMAINS EASY

Prompts a Renewal of Buying, Advancing Prices.

LEADING STOCKS HIGHER.

At Opening Demand Was Slow—Sugar Then Went Up, Lifting the List.

New York, Jan. 8.—There was moderate activity and generally higher prices in the opening dealings. Pennsylvania and Reading were the only notable exceptions to the advancing tendency. New York Central was lifted over a point. The demand was languid at first and prices sagged, Amalgamated running off 2 points from the opening. Sugar was then lifted over 2 and the market truned strong. Louisville rose 1@1½ over last, Missouri Pacific, Atchison, Illinois Central, the New York public utilities, and North American also rose a point. Terre Haute gained 3½. The market became quiet again at 11 o'clock. The lightness of selling pressure on the market and the continued ease of the money market prompted a renewal of the buying which carried prices of the leading stocks somewhat higher than yesterday. The grangers and southwesterns were conspicuous, St. Paul rising to 1.82¼ and Missouri Pacific to 112. Pullman advanced 4, Louisville 1⅞ and National Lead, Southern Pacific and Toledo, St. Louis & Western stocks a point or more. C. C. C. & St. Louis dropped 6.

The market rested for a time without losing important ground, except for a reaction of about a point in Amalgamated copper. Pittsburg, C. C. C. & St. Louis preferred lost 10 points, compared with an old sale, and Buffalo, Rochester & Pittsburg advanced 4½. Sugar rose above 134.

MONEY AND BONDS.

Money on call, steady, at 5 per cent. Prime mercantile paper, 5½@6 per cent. Sterling exchange, firmer, with actual business in bankers bills at 4.86.50@4.86.75 for demand and at 4.83.50@4.83.625 for sixty days. Posted rates 4.87½. Commercial bills, 4.82¼@4.82¾. Mexican dollars, 38¾.

Government bonds, steady. Ref. 2s reg., 108½; do. coupon, 108½; 3s reg., 106¾; do. coupon, 108; new 4s reg., 135½; do. coupon, 125⅝; old 4s reg., 109¼; do. coupon, 109½; 5s reg., 103⅜; o. coupon, 103¾.

Bar silver, 48⅛.

LIVE STOCK.

CHICAGO.

Burlington Route
THEY REMIND YOU OF FLORIDA.
"Palm Beach," "Jacksonville," "St. Augustine," "Ormond"—these are the names of the luxurious buffet-smoking-observation-cars on the Burlington's Chicago Special.
The names suggest warmth—color—comfort—tropical splendor. The cars are worthy of their names. They contain almost every luxury of the magnificent Florida resorts after which they are named.
Leave Denver at 4:15 p. m. Arrive Omaha 6:45 next morning; Chicago 7:55 next evening.
Another good train for Omaha and Chicago is the Vestibuled Flyer, leaving Denver at 10 p. m., Kansas City and St. Louis trains leave at 2:20 p.m. and 10 p.m.
Through sleeper for Omaha and Chicago leaves Salt Lake City 3:15 p. m. daily. Through tourist-cars, Wednesdays and Fridays.
