Haycock for the legislature was elected. Judge Chidester's majority is small, and final figures may affect it. Sevier-Richfield gives Taft and Bryan about an even vote, with a possi-bility that Bryan may pull out ahead. In the county Taft leads by 150. The Sevier county Republican ticket is sure of election, while Judge Chidester may Jose to Hayes (D.). Flute county is said here to be for Hayes. Theater-A tremendous audience saw "The Man of the Hour," at the theater last night, the crush no doubt being due to the announcement that election returns would be read from the stage. This was done by the in-imitable Mr. Haney, the Phelan of the cast, and it was most interesting to notice how the applause of the audience varied as the returns from the various parts of the city, county and country at large were read out. Among other big laughs scored by Phelan, was the announcement of the returns from Dublin.

The engagement ends tonight.

The next attractions at the theater will be "The Land of Nod," tomorrow afternoon and evening, and the sensa-tional play of "Texas" Saturday after-noon and evening.

Orpheum-Election night also caused a crush at this house and the returns, which were flashed on the curtain between the acts or read from the footlights, were greeted with ap-plause from the audience, varying ac-cording as the sympathies of the hearers varied. \* \* \*
