

CHRISTIANS FEAR WILL BE KILLED.

A Reign of Terror is Said to Prevail at Uskub at Present.

VALI TO THE MUSSULMEN.

Issues Strictest Orders to Them to Remain Quiet and Not Molest Their Neighbors.

Sofia, Aug. 18.—A reign of terror is reported to prevail at Uskub, where the Christian inhabitants are afraid to leave their houses. The vali has issued the strictest orders to the Mussulman population to remain quiet and not molest their Christian neighbors; but the Mussulmen's meetings in the mosques have resolved at a given signal to massacre the whole Christian population immediately the first insurgent bands appear near Uskub, or on any other pretext. The Christians are terrorized. The Turkish troops, who are their only protection, do not show the slightest disposition to aid them. The attitude of the Turkish troops was recently plainly manifested when a trainload of soldiers, shortly after leaving Uskub, fired on the Bulgarian workmen who were repairing the track. Three of the workmen were killed and their bodies were left lying on the line.

Telegraphic communication between Sofia and Constantinople is interrupted, the wires having been cut between Adrianople and Constantinople. No telegrams from Constantinople have been received here since 6 o'clock Monday evening. The Bulgarians at Adrianople refuse to state where the break occurred. Fears are expressed here regarding the safety of the railroad between Adrianople and Constantinople.

The Evening Post states that a band of Bash-Bazouks have crossed the Bulgarian frontier in the district of Belgrade, killed three frontier guards with yatagans and wounded two others. They also fired on several houses. This raid has created great excitement in the district. The news is not confirmed officially.

The revolutionary organ, Autonomie, says the insurgents, after two unsuccessful attempts, have succeeded in destroying with dynamite the bridge at Escheche, thereby adequately stopping communication between Salonica and Monastir.

FOUND IN ROMAN FORUM.

Rome, Aug. 18.—A most important discovery was made today during the excavations in the Roman forum, consisting of the base of the celebrated equestrian statue of the Roman emperor Domitian, which is of the greatest interest in determining the topography of the forum during the first century of the empire. The base stands five feet below the present level of the forum. It is 40 feet high, 30 feet wide and over 10 feet high. On the top are three blocks of stone, showing where the feet of the horse stood. The fourth block is lacking, indicating that the right forefoot of the horse was raised. The distance between the blocks is so great that it is calculated that the statue was six times life size.

MINERS' SUPPLY STORES.

Will be Located at Victor, Cripple Creek and Goldfield.

Denver, Aug. 18.—A special to the News from Victor, Colo., says the miners' union officials announced tonight that three general supply stores will be established at once by the union for the benefit of the striking miners of the Cripple Creek district. They will be at Victor, Cripple Creek and Goldfield. Goods will be sold at cost and credit will be given the men until such time as they are able to pay. The necessary funds have been furnished by the Western Federation of Miners. The move is the result of the recent action of the Merchants' association of the district in discontinuing all credit business.

BOILER EXPLODES.

Was Blown 300 Feet, Killing Engineer, Injuring Fireman.

Denver, Colo., Aug. 18.—A special from Albuquerque, N. M., says: The boiler of the engine pulling the eastbound limited on the Santa Fe exploded at 6:15 this morning at the Maguire mine, three miles from Kingman. Engineer Fitch was blown 150 feet and instantly killed. Fireman J. H. Bland was seriously injured, one leg being crushed and his face scalded by steam. The boiler was blown 300 feet ahead of the truck. The train was not damaged and no one else was hurt.

BIG FIRE IN BOSTON.

Caused by Explosion of Tank of Gasoline in Basement.

Boston, Aug. 18.—The explosion of a tank of gasoline in the basement of a six-story block occupied by several manufacturing concerns on Worcester street, South Boston, today caused a fire which inside of 50 minutes destroyed every combustible foot of the building, meantime precipitating a panic in which scores of employees received injuries. The monetary loss is \$150,000, covered by insurance.

The Hull is a Success.

Newport, R. I., Aug. 18.—It was demonstrated today to the satisfaction of the government officials that the torpedo boat destroyer Hull is a success from every standpoint, and the trial board has decided to recommend that she be accepted by the government. The trial was held outside of Newport in a sea described by naval men as from smooth to rough. The boat was handled under the direction of the board of inspection and survey. She was sent at full speed for one hour under a full load displacement and then for six hours she was put on an endurance trial. She was not maintained her contract speed of 23 knots an hour, but at times made 23 knots and over.

MAN TOOK STRYCHNINE.

"It is My Affair and Not the Public's."

St. Louis, Aug. 18.—An unidentified man died today at the city hospital from a dose of strychnine taken last night on an incoming Burlington train

Ayer's Sarsaparilla

Purifies the blood, gives strength to the nerves, and brings color to the cheeks. Ayer's Pills regulate the bowels, cure constipation and biliousness, and aid the digestion. Two grand family medicines. Sold for 60 years.

from Chicago. In his valise were found six bottles, each containing a different kind of poison. The labels showed that they were purchased at Paducah, Ky. The man was well dressed, and while he spent money lavishly on the train, very little money was found today on his person. Before he died he said: "It was tired of living. It is my affair and not the public's."

Weekly Crop Bulletin.

Washington, Aug. 18.—The weather bureau's weekly crop bulletin says: Throughout the northern and eastern portions of the corn belt, the weather has been cool for maturing corn, which is unusually late. The crop has, however, generally improved. Rains have further checked the progress of the spring wheat harvest in the Dakotas and Minnesota, but this work is nearly completed in the southern portion of the spring wheat region. Threshing has commenced but rains have prevented rapid progress and some injury to grain in shock is reported. In the central and north Rocky Mountain and North Pacific coast districts spring wheat harvest has progressed under very favorable conditions.

Miner Arrested for Murder.

Oaxaca, Mexico, Aug. 18.—An American miner named Madden is under arrest charged with the murder of Dr. R. W. King, owner of several mines in the state of Oaxaca. Dr. King was an American and has been in Mexico about five years.

FIFTY PEOPLE POISONED.

Ate Ice Cream that Was Charged With Formaldehyde.

Colorado Springs, Colo., Aug. 18.—Over 50 people, the majority of whom are tourists in this city and Manitou from all parts of the country, have been poisoned from eating ice cream sold by local dealers from a consignment of cream received Sunday morning from one of the largest creameries and dairy companies in the state, situated near Denver. Analysis by health officers reveals the fact that the cream was charged with formaldehyde, better known as embalming fluid, to keep it from souring. No details have been released, although several cases are critical. The name of the company making cream has not been made public. Health officers of this city state that arrests will be made at once. The case promises to be sensational.

TROLLEY CARS COLLIDE.

Seven People Are Injured, but None Fatally.

Kansas City, Mo., Aug. 18.—Two trolley cars on the Metropolitan Street railway collided near the Armourdale shops in Kansas City, Kansas, injuring seven persons, as follows (none fatally): Miss Bee Cochran, chest hurt. Andrew Burgess, internal. H. C. McKee, cut about face. Miss Clyde Johnson, bruised. G. Seal, cut. W. H. Harrison, cut and bruised. A Swope, contractor, leg hurt. Miss Cochran was crushed by the excited passengers in their attempt to escape.

CZAR NAMES ARBITRATORS.

To Hear Case of Venezuela and the Blockading Powers.

Washington, Aug. 18.—Mr. Riddle, the American charge at St. Petersburg, has cabled the state department that Mouraviev, the Russian minister of justice; Lardy, the Swiss minister to Paris, and Prof. Maier of the University of Copenhagen have been named by the czar of Russia as arbitrators at The Hague of the cases between Venezuela and the blockading powers.

PRESIDENT CAN'T ATTEND.

The First of the International Yacht Races.

Oyster Bay, L. I., Aug. 18.—It is announced that the president will not be able to attend the first of the international yacht races which will take place next Thursday. Mrs. Roosevelt, Miss Alice Roosevelt and two or three friends will witness Thursday's race from the deck of the Mayflower. They will be accompanied by Secretary Taft.

New Herd's Island Yards.

Pittsburg, Aug. 18.—The new Herd's Island yards, which have just been completed at a cost of more than \$5,000, will be formally opened Monday, Sept. 7, by J. A. Casatt, president of the Pennsylvania railroad, as the special guest of honor. Ten thousand invitations have been sent out for the opening and preparations are being made to care for 30,000 people.

PROMINENT PEOPLE.

Testify to the Efficacy of the New Scientific Dandruff Treatment.

A. E. Lanier, Denver, says: "Herpicide has made my hair grow rapidly." Mrs. A. Guerin, Great Falls, Mont., says: "I find Herpicide an excellent dandruff cure."

H. Greenland, Portland, Ore., says: "Newbro's Herpicide stopped my hair's falling out."

J. D. Israel, Norton, Wash., says: "Newbro's Herpicide stopped my hair's falling out."

Charles Brown, president First National Bank, Vancouver, Wash., says: "Herpicide is noted for keeping the scalp clean."

Islet upon the genuine. Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich. For sale by Z. C. M. I. Drug Dept.

Simon O'Donnell, vice president and general manager of the new company, is making arrangements to bring prominent stockmen from various parts of the country to Pittsburg for the opening.

NATIONAL BUILDING TRADES

Elect J. H. Maloney of Chicago General President.

Denver, Aug. 18.—J. H. Maloney of Chicago, was today elected general president of the National Building Trades council. E. L. Smith, of St. Louis, president during the past year, was his only competitor, the vote standing 114 for Maloney to 57 for Smith. The other officers will be elected and the place of next meeting will be selected this afternoon.

CONVICT SHOT TO DEATH.

Reached Through the Bars and Seized the Night Turnkey.

Denver, Aug. 18.—A special to the Times from Rawlins, Wyo., says that James Williams, a convict, was shot to death in his cell at the state penitentiary this morning. Edward Goodell, night turnkey, reached through the bars, Williams seized Goodell and wrestled his keys from his hand. After a struggle Goodell succeeded in drawing his revolver and shot the convict in the head. Williams, who was serving a sentence for grand larceny, escaped from the prison June 5th last, but was recaptured.

CLOUDBURST IN TENNESSEE

Sends Creaks Out of Their Banks And Kills Two People.

Greenville, Tenn., Aug. 18.—A cloudburst occurred in this section last night. In Greenville and Morristown the creeks passing through the towns were out of banks, inundating streets and flooding many stores, damaging stocks considerably. The electric light and water plants of Greenville were flooded and made useless. Two deaths are so far reported as a result of the calamity, the drowning of Robert Parks and his seven-year-old son.

WALKING DELEGATE PARKS

His Trial for Extortion Begins Before Recorder Goff.

New York, Aug. 18.—The trial of Samuel J. Parks, walking delegate of the House of Representatives and Bridgman's union, accused of extortion, was begun today before Recorder Goff and a jury. There are four indictments against Parks, but the particular indictment under investigation is that alleged that he extorted \$200 from Josephus Plenti, a last night, the loss being \$50,000, insurance, \$16,000.

Bulgarian Army Mobilized.

Rome, Aug. 18.—Private advices from the Balkan peninsula received here state that Bulgaria has practically mobilized an army.

A FAMOUS NOVELIST'S UNIQUE GOVERNMENT POST.

Hamlin Garland, the famous novelist, is about to enter upon the duties connected with the recently created post to which he was appointed by the government. He is to revise the names of our copper colored aborigines and see that the Indians keep and use, without variation, the names they choose for themselves, thus putting an end to the confusion resulting from the habit of changing their names at their own sweet will. Mr. Garland is a Wisconsin man and is deemed an authority on everything connected with the Indians, with many of whom he is personally acquainted and whose attire he sometimes affects.

Hoboken skylight contractor, to call off a strike, started a riot which resulted in Plenti for employing non-union labor.

Hurt by Dynamite Explosion.

Walter, Okla., Aug. 18.—Prof. E. F. Horn, until recently prominent in Alabama educational circles, was fatally injured hereby the explosion of a stick of dynamite which he was using to venture for the time being on any hostile movement against Turkey, as it does not wish to lose the support of Russia. It is hoped, however, that public opinion in Russia will force the government to help Bulgaria against Turkey, and the dispatch of a Russian squadron to Turkish waters encourages the Bulgarians in this view.

NEBRASKA REPUBLICANS.

They Name a Ticket and Indorse The Administration.

Lincoln, Neb., Aug. 18.—The Republican state convention today nominated the following ticket: Associate Justice of the Supreme Court—John B. Barnes of Madison county. Regents of State University—Charles S. Allen, Lincoln, and W. G. Whitmore of Douglas.

Beginning at 2 o'clock this afternoon the convention transacted its necessary business and was ready to adjourn three hours later. The nomination of Court Commissioner John B. Barnes for associate justice of the supreme court had for weeks been foregone, and his selection was more in the nature of a ratification than a contest. The two successful candidates for regents of the university, Charles S. Allen and W. G. Whitmore, were nominated on the first formal ballot. President Roosevelt received the heartiest commendation and a motion.

The unexpected feature of the convention was the adoption by a unanimous vote of a resolution declaring John L. Webster of Omaha one of the delegates to the convention and one of the anti-trust party leaders of the state, to be the choice of Nebraska Republicans for vice president in 1904. The resolution was offered just before the convention was about to adjourn and was received with enthusiasm. Mr. Webster expressed his thanks for the honor.

Elevator Building Burned.

Chicago, Aug. 19.—The Grand Crossing Elevator company building at Grand Crossing, was destroyed by fire

Happy

To Say I Have Gained in Weight and Am Well After Years of Heart Trouble.

Dr. Miles' Heart Cure Cured Me.

"For three years I suffered much from heart trouble and at times I thought would drop dead. There was a feeling of oppression about my heart, smothering and choking spells, and I could not sleep on my left side. At times I was so depressed that I could hardly walk. I began taking Dr. Miles' Nervine and Heart Cure and am happy to say that I no longer have that worn-out look. I have gained in weight and feel perfectly well. I will never be without your Nervine and Heart Cure. My son, now eighteen, suffered exceedingly from nervousness. I gave him Nervine with the best of results. His health has been good ever since. I gladly recommend your remedies."

A person who is suffering from heart disease is in just as much danger as the foolhardy lad who ventures on thin ice at the first appearance of freezing weather. Heart disease is the most common cause of sudden death. Statistics show that one person in every four has a weak heart, that weak hearts are as common as a weakness of any other organ. When the heart is weak the pulse is irregular, the blood is thin and poor, the circulation sluggish, causing cold extremities. Dr. Miles' Heart Cure is a great heart and blood tonic, it regulates the heart's action, improves the circulation and sends a stream of pure, red blood through every vein and artery, renewing health and strength.

All druggists sell and guarantee first bottles. Dr. Miles' Heart Cure is a great heart and blood tonic, it regulates the heart's action, improves the circulation and sends a stream of pure, red blood through every vein and artery, renewing health and strength.

Address Dr. Miles Medical Co., Elkhart, Ind.

last night, the loss being \$50,000, insurance, \$16,000.

While on the way to the fire, an engine was overturned and Lieut. Dennis Moss was severely injured. Firemen John Backman and Morris O'Connor were bruised. The fire is said to have started from heated machinery.

Bulgarian Army Mobilized.

Rome, Aug. 18.—Private advices from the Balkan peninsula received here state that Bulgaria has practically mobilized an army.

Bruce's Island is in the center of the Arkansas river, contains about 25 acres, and is densely covered with timber and thick underbrush.

Fifty of citizens today for the scene of the trouble at Fort Smith, Spero, Muldrew and Fort Gibson.

THE BEE INDUSTRY IN UTAH.

Following is the text of the new law to encourage and protect the bee industry in Utah, passed at the last session of the Legislature and approved by Gov. Heber M. Wells, March 11, 1903:

Be it enacted by the Legislature of this state of Utah:

Section 1.—The board of county commissioners of the several counties, when petitioned by at least five actual beekeepers, appoint a qualified person inspector of bees for their respective counties.

Sec. 2.—Such inspector shall hold office during the pleasure of the board of county commissioners, and until his successor is appointed and qualified. He shall qualify by taking and subscribing the official oath, and by giving bond to be approved by the respective boards of county commissioners, which oath and bond shall be filed with the county clerk.

Sec. 3.—Inspectors shall be paid out of the county treasury for services actually rendered at such rate per diem as the board of county commissioners may fix. The assessor of each county is hereby required to assess each colony of bees in his county in the same manner as other assessments are made. All taxes shall be assessed and collected thereon in the manner provided by law for the collection and payment of county taxes.

Sec. 4.—All hives of bees in each county shall be carefully inspected at least once each year by the inspector, provided the inspector may use his discretion as to whether he inspects each and every colony of bees in a seemingly healthy apiary, and at any time upon complaint that diseased bees are present.

Sec. 5.—If it shall not be lawful to remove bees from any county or district in the State of Utah into any other county or district without first obtaining a certificate from the county bee inspector, stating that the bees are in a healthy condition and especially free from foul brood; provided, the person so applying for permission to remove bees shall pay the inspector for his services and certificate at the same rate as a healthy condition and shall see that the bees are kept in a healthy condition.

Sec. 6.—Every beekeeper or other person who shall be aware of the existence of foul brood, either in his own apiary or elsewhere, shall immediately notify the county inspector of bees of the existence of such disease, and in default of so doing shall be guilty of a misdemeanor, and upon conviction before a justice of the peace be liable to a fine of \$5 and costs.

Sec. 7.—After inspecting infected hives or fixtures, or handling diseased bees, the inspector shall before leaving the premises or proceeding to any other apiary, thoroughly disinfect his own person and clothing and shall see that any assistant or assistants with him have also thoroughly disinfected their person and clothing.

Sec. 8.—Any person who shall hinder or obstruct or attempt to hinder or obstruct, a duly appointed inspector from the performance of any duty required by this title shall be deemed guilty of a misdemeanor, and upon conviction thereof before a justice of the peace having jurisdiction shall be fined for the first offense not less than five nor more than \$25 and for any additional offenses any sum not exceeding \$50.

Sec. 9.—Sections 139, 141, 142 and 143 of the Revised Statutes of Utah, 1895, be and the same are hereby repealed.

Watch For A Chill.

However slight at this time of year and in this climate it is the forerunner of malaria. A disposition to toss, and an all tired out feeling even comes before the chill. Herbine, by its prompt stimulative action on the liver, drives the malarial germs out the system, purifies the blood, tones up the system and restores health. See at Z. C. M. I.

YOUNG WHITE GIRL KIDNAPPED.

She is Held by Party of Eight Negroes on a Fortified Island Near Fort Smith, Ark.

WAS ACCIDENTALLY DISCOVERED

Posse That Went to Rescue Her Was Fired Upon by Captors, One of First Being Killed.

Fort Smith, Ark., Aug. 18.—The kidnapping of a young white girl, and the killing of one of a posse that tried to rescue her, are the crimes charged against a party of eight negroes tonight, fortified on Bruce's Island, 16 miles west of here. The negroes are said to be well armed. A few days ago two farmers, living near Wilson's Rock, landed on Bruce's Island in search of plums, and accidentally ran into a camp in which there were two negro men and a white girl about 12 years old. They made some inquiries about the girl, and the negroes said she was the daughter of a white man who was traveling with them and who had gone to Fort Smith for provisions. The negroes would not let the girl take part in the conversation and this aroused suspicion. A watch was kept on the negroes for two days, but no white man appeared.

Monday afternoon a party of farmers decided to investigate the case, and as they neared the island were fired upon by the negroes and one of the party, Roland by name, was killed. A sharp fight was kept up for some time during which the girl escaped from the negroes and ran to the white men. She was so excited that she could not give any intelligent account of herself. She said, however, that her father was not traveling with the negroes, but that she had been stolen from her home near Fort Gibson, L. T. She has been taken to Muldrew.

Roland, the dead man, was a comparative stranger at Wilson's Rock. Bruce's Island is in the center of the Arkansas river, contains about 25 acres, and is densely covered with timber and thick underbrush.

Fifty of citizens today for the scene of the trouble at Fort Smith, Spero, Muldrew and Fort Gibson.

Miss Alice M. Smith, of Minneapolis, Minn., tells how woman's monthly suffering may be quickly and permanently relieved by Lydia E. Pinkham's Vegetable Compound.

"DEAR MRS. PINKHAM:—I have never before given my endorsement for any medicine, but Lydia E. Pinkham's Vegetable Compound has added so much to my life and happiness that I feel like making an exception in this case. For two years every month I would have two days of severe pain and could find no relief, but one day when visiting a friend I ran across Lydia E. Pinkham's Vegetable Compound, she had used it with the best results and advised me to try it. I found that it worked wonders with me; I now experience no pain and only had to use a few bottles to bring about this wonderful change. I use it occasionally now when I am exceptionally tired or worn out."—Miss Alice M. Smith, 804 Third Ave., South Minneapolis, Minn., Chairman Executive Committee Minneapolis Study Club.
