

He works have done the best they can in the premises. The Barber Company will only bring in three per cent. of material and perhaps a dozen men all told. Remember gentlemen ninety-seven per cent. of Utah material and Utah workmen is all we can consistently ask.

Folland—I move to reject this contract on account of the many complications that have arisen. The contract cannot be carried out this fall.

Folland's motion carried on the following vote:

Ayer—Evans, Folland, Hardy, Horn, Karrick, Lawson, Moran, Simmond—8.

Noes—Beardsley, Bell, Helse, Loofbourov, Rich, Wantland—6.

#### WAIVER OF GARNISHMENT.

The city attorney sent in unsolicited an opinion on the resolution of Mr. Rich, providing that the city could waive its right of garnishment between itself and employees. Hoge held that the resolution was legal, but advised that it be not adopted and that the matter be left to himself and the Mayor.

Lawson—I move to adopt the resolution. The city attorney has gotten very liberal all at once. It is generally very difficult to get an opinion from him, but in this case he volunteers his advice, which is not worth much any way. I would like to tell him that he had better not to give his advice until called upon.

Rich spoke in favor of his resolution. It would injure no honest man.

Wantland said he was in favor of the theory but not the letter of the resolution.

Loofbourov offered the following, which Rich accepted as a substitute for his resolution and moved its adoption:

Resolved, That in all cases where garnishments are sought to be laid upon funds in the hands of the city officer on whom such garnishment process is served be requested to at once report such attempted garnishment with all the facts in his possession bearing on the same to this Council for the determination of the Council as to whether the city will submit itself to such garnishment process.

Adopted.
