LOCAL NEWS.

ARIZONA Missionaries.—It is desirable that all those who are leaving this Territory by rail for St. John's, Arizona, should do so on June 20th, as the larger the company the better the rates that can be obtained for transportation. Those who intend going on that date should report to the President's Office, not later than June 10th, so that all necessary arrangements can be made.

W. WOODRUFF.

To the Rescue.—The Beaver Union, of the 10th, says a thirteen year old son of Mr. Charles Booth while crossing North Creek on a pole last Monday, and standing unaided by some willows, lost his balance and fell into the swollen stream. He held fast to the willows, but was buried in the water. Mr. James Thompson jumped in to the stream which was up to his neck and rescued the drowning lad.

A Veteran Gone.—A Mant correspondent states that on the morning of the 13th inst., at 5 o'clock, Brother Ole Christian Hill, died at Pettysville, and next day his remains were brought to Mant, followed by a number of the people of the settlement. The brass band of Mant went out to meet the procession. Brother Myer was the first person baptized by "Mormon" Elders in Denmark, and had charge of the first company that emigrated from there. He was 75 years old and had suffered from paralysis being blind and deaf.—*Biblical and Scandinavian Sjerne* please copy.

Journalistic Relics.—Brother Jas. H. Anderson, of this office, places upon our desk three copies of *The Mountaineer*, a weekly paper which was published in this city as early as 1839. One of the copies was the first issue of the journal and bears the date of Saturday, August 27th, of that year. The editors and proprietors were Seth M. Blair, James Ferguson and Hosea Stout, the last named being the only one of the three now living. The other two numbers are dated respectively September 2d, 1839, and December 24th, 1839. These old relics speak like a voice from the tomb, in one sense, though the clear ringing tone they carry is anything but suggestive of such things.

Third District Court.—Proceedings before Chief Justice Hunter on Tuesday, May 19th, 1884.

Admitted citizen—Edward Prudence, formerly of England, now of Summit County.

People, etc., vs. Alex. S. Hill, embezzlement; defendant arraigned, pleaded not guilty, also further plea of acquittal of charge by the judgment of this Court entered December 10th, 1883, also a plea of not guilty pursuant to the verdict of not guilty entered in said Court, May 19th, 1884.

People, etc., vs. Joseph Biddlecombe, murder; jury empaneled, viz: Silas T. Lake, S. H. Clawson, John Beers, Henry F. Burton, Robert Young, Samuel Deall, William George, Isaac Hasegrove, George A. Alder, John Higney, Ephraim Hatch, Charles Moore. Trial in progress.

Runaway and Tip-over.—Last evening, as a teamster in the employ of Mr. C. S. Burton was driving past gentleman's residence on First Street, 18th Ward, the horses took fright and dashed down the hill at a fearful speed. On the wagon, which was loaded with lumber, besides the driver, was a young son of Dr. W. H. H. Sharp. As the wagon reached the foot of the hill and swung around to the south, just before going through the Eagle Gate, two of the wheels came off and lumber, driver and boy were scattered about promiscuously. The boy seemed to be the only one who was hurt. He was thrown into the ditch, and his head was cut in several places. He was picked out of the ditch by an informant, a gentleman who was passing, and taken home for medical treatment. The wagon continued on down Theatre hill and collided with another vehicle, smashing up things in general.

IN PRISON AT PRAGUE.

A VISIT TO ELDER BERING.

Appropos of the imprisonment of a "Mormon" Elder in Prague, the chief city of Bohemia, information of which has reached us by telegraph and in other ways, the following excerpt from a letter written by Elder J. A. Smith to the *Utah Journal* will be interesting reading. Brother Smith, who is on a mission in Germany, had received notice from Bern, the headquarters of that mission, to visit Brother Paul Hammer, at Hirschberg, Schlesien, (whom he found not on his death-bed, as had been reported, but recovering from a malignant attack of small-pox) and then to see Brother Thomas Bering, who was incarcerated at Prague. The details of his visit, after arriving there, he narrates as follows:

My first movement after breakfast was not to go to the prison and ask for Brother Bering, but to visit the American Consul and learn whether he was acquainted with the case. Mr. Chas. A. Phelps, the gentleman who represents the American Government in Prague, is a very pleasant man. He had visited Brother B. in prison, he said, but could see no probability of his being released, as he had broken the laws by teaching "Mormonism," or the cultivation of those believing in it.

My endeavors to speak with the prisoner were all in vain. The Governor of the prison is a harsh, cruel, unbending man, and he refused to see me. But as a matter of pure courtesy, he said, if I would come on the morning of the 15th, perhaps I might speak with my friend. Wednesday afternoon found me there to the minute, and I was ushered into a long room, where were forty cells. The Governor motioned me to a cell, and in a few minutes Brother Bering came. He was brought into the room. "Poo! fellow! He thought he was about to receive his sentence, and did not recognize me when I rose to greet him. And when he saw and knew me (for we are old friends) he could not say a word. We sat down and began a conversation of 20 minutes duration. The officials listened and we were compelled to speak German. They would not allow any English.

Brother Bering is a devoted man in prison without trial. The Austrian laws are somewhat singular. A man is arrested and thrown into a dungeon. What for, he does not know until the last moment when he is tried. A certain set of men are appointed to collect evidence for and against him, and if enough is found to convict him he has a trial; otherwise he goes free. In Brother Bering's case they are gathering evidence from Prague and from Vienna. He has no counsel until it is too late. To the proposition to release him if he would leave Austria and not return, they gave a decided negative. He must suffer the law they say.

During the first week of his imprisonment, he was thrown among the thieves and vagabonds of the prison, and was nearly starved. At present he has a room to himself, and soup three times a day. He is guarded with the same care as the Emperor's papers. The comic, illustrated papers especially have favored him. He is represented as the man from Utah with fifteen wives. Of course the vilest lies and scandal have been hatched upon him, but he has been utterly unconscious of all.

When the twenty minutes were gone, Mr. Governor struck the table, and ordered conversation to cease. I had encouraged and incited him all I could during our interview and had received from him several little commissions. I told him where he would find some money left for him, and so departed after wringing his hand warmly. From that day I could learn he would be tried in a day or two, and would receive his sentence. The probabilities are that he will be imprisoned for two or three months. He feels well, however, and is quite hopeful. He is willing to suffer for the gospel's sake.

Acquitted and Re-arrested.—About the time of going to press last evening, the case of the People against Alex. S. Hill, for embezzlement, was approaching an interesting stage, which was arrived at, however, late for our use last evening. The prosecution, recognizing on the ruling of the court a fatal variance between the proofs they had offered and the allegations in the indictment, moved for the dismissal of the case. With a view to the dismissal of a new indictment for the same offense. To this the defense, represented by Messrs. Sutherland and McBride, objected, and demanded a verdict of acquittal. Messrs. Dickson and Brown, for the prosecution, then asked that the jury be instructed to embody in their verdict the grounds upon which the dismissal was asked. Judge Hunter, however, charged the jury for a few moments, they came back with a verdict of "not guilty." Hill was then re-arrested on a new indictment, the wording of which was made to conform to the Court's ruling, as to the matter of variance in proofs and the former indictment. The defendant was taken into custody by Marshal Ireland and held for further proceedings. The question next to be decided is whether or not the verdict rendered will shut out further prosecution.

Fire at Scipio.—A writer from Scipio, Millard County, on the 14th inst., states that the premises of Nicholas Lauresten, in the Southwest corner of that town, were burning. The corral and out-buildings were consumed. A band of willing workers headed by President Daniel Thompson and Bishop T. Yates were busy as beavers trying to save the granary and dwelling house. If the wind continued in the same direction it was thought they would be successful.

Water was very scarce in the settlement. Up to the last few days there had not been enough water in town to extinguish a moderate-sized camp-fire. The water trustees were reserving it for irrigating purposes in a lake six miles above the settlement. Lauresten, whose premises were burning, is an apostate follower of Peter Freese, the "Prophet," who left his disciples all stranded a short time ago. Our informant is Brother George Crane.

"Hearts of Oak."—Mr. Josh E. Ogden, business manager of James A. Herne, called in this morning. Mr. Herne and a full company of artists will appear in the above named piece, at the Salt Lake Theatre on Monday and Tuesday, the 26th and 27th inst. He has been prevailed upon to extend his engagement over the 28th, and appear in his famous impersonation: "Big Van Whittle." Mr. Herne introduced us to this character, some fifteen or sixteen years ago, and in it he is considered by many to excel even the great Jefferson. "Hearts of Oak" is a splendid piece, affording fine opportunities for effective acting and spectacular effects. The company bring two or three carloads of scenery with them, and will test the full capacity of the Theatre's ample stage in its exhibition.

For St. Johns.—A small company of missionaries to St. Johns, Arizona, left this morning by the Denver & Rio Grande Road. The company consisted of Brothers Solomon Waite and family, Soren Jensen, C. L. White and family, Alexander Shreve and George Burr, all of this city, and John G. Wright, of West Jordan. The company will be joined in Utah County by Elders C. A. Monk and — Stimpson. Sister Lot Smith and family, on their way to join Brother Smith, at Sunset, also traveled with this party. By mutual consent Bro. S. Jensen was placed in charge.

BRITANNIA STANDS UNRIVALLED.

Those troubled with rheumatism, who have tried other remedies and still are unrelieved, will certainly obtain relief within three days' and generally within six hours by taking Britannia. This great remedy was discovered by an eminent English physician of great experience, and who has never lost a patient to whom this medicine was administered. Britannia is not a lotion; no external application can permanently cure rheumatism, which is a disease of the blood. Britannia is prepared with the greatest skill, and a teaspoonful being taken in a wineglass of cold water immediately finds its way to the blood, where it corrects the pain-causing element, removes it immediately by purifying the life-giving fluid, and gradually builds up the entire system. Persons who have used this valuable preparation in Utah, tell us that nothing ever helped them as Britannia has done. Many references in Salt Lake City and elsewhere can be given.
