SAVE YOUR HAIR! TO LEARN HOW TO DO IT READ AND HEED WHAT FOLLOWS.

SAVE YOUR HAIR.—The laws of Health and Longevity demand it, the customs of social life require it. The matter is of great importance in every way.

BEAUTIFY YOUR HAIR.—It is the crowning glory, and for the loss of it there is no compensation.

CULTIVATE YOUR HAIR.—For by proper means can it be saved and beautified.

LYON'S

KATHAIRON,

Introduced thirty-five years ago by Prof. Lyon, is the most perfect preparation in the world for preserving and beautifying the hair.

Besides being the best hair dressing ever produced, Lyon's Kathairon will positively prevent grayness, and will restore new hair to bald heads, if the roots and follicles are not destroyed.

It actually performs these seeming miracles, of which the following is

A FAIR SPECIMEN

I had been entirely bald for several years, constitutional, I suppose. I used a few bottles of Kathairon, and, to my great surprise, I have a thick growth of young hair.

COL. JOHN L. DORRANCE, U. S. A.

In every important respect the Kathairon is absolutely incomparable. It is unequaled.

1. To Cure Baldness.
2. To Restore Gray Hair.
3. To Remove Dandruff.
4. To Dress and Beautify the Hair.

BEAR IN MIND.—The Kathairon is no sticky paste of sulphur and sugar-of-lead, to paint and daub the hair and paralyze the brain. It is a pure and limpid vegetable lotion, intended to restore the hair by natural growth and reinvigoration. It is splendidly perfumed, and the most delightful toilet dressing known. No lady's or gentleman's toilet outfit is complete without Lyon's Kathairon.

The Yellow Fever.

GALVESTON, 11.—The board of health last evening declared quarantine against Memphis. Freight from that city will not be allowed to enter the city. Passengers are admitted only after the expiration of 20 days from the date of their departure. They also passed a resolution that after to-day, all vessels coming from healthy ports outside of the tropics be forbidden to touch at Key West.

Washington, 11.—Up to 3 p.m. to-day, but one death had been reported to the national board of health, and that one was at Water Valley, Miss. At a meeting of the executive committee of the national board of health to-day, the following was agreed upon. The following memoranda are transmitted for the purpose of securing, when necessary, the speedy execution of the provisions of the act of Congress of June 21st, 1879, requiring the national board of health to co-operate with and so far as it lawfully may aid the State and municipal boards of health in the execution and enforcement of the rules and regulations of such boards to prevent the introduction of contagious and infectious diseases into the United States from foreign countries and from one State into another:

First, All communications to this board, pertinent to matters included within the above provision should be made by the State or municipal boards of health, and not otherwise.

Second, Such communications should present the subject matter sufficiently in detail to enable this board to exercise discretion as to the expediency of co-operating or aiding therein, specifying amongst other things the duties of any officers, the appointment or payment of whom is requested.

Third, Official information should be given them of the adoption by such State or municipal board of any rules and regulations that have been recommended in such case by this board, and if any other State or municipal rules and regulations that appear to be necessary for the purpose in question.

Memphis, 11.—No new cases or deaths to report. Many who intended leaving the city have concluded to remain and await future developments. So far as can be ascertained the following cities and towns have quarantined against Memphis: New Orleans, Vicksburg, Little Rock, Pine Bluff, Norfolk, Oxford and Holly Springs. At a mass meeting of the citizens of Brownsville, Tennessee, held to-day, it was unanimously resolved not to interfere with the running of trains on the Louisville & Nashville Railroad. In response to numerous telegrams received as to the condition of affairs in Memphis, Dr. R. W. Mitchell, a member of the National Board of Health, has sent the following: There have been but four cases, in two families, neither of whom reside within one mile of railroad or river landing; all precautions have been taken to prevent its spreading. There is no danger from passengers or baggage on trains or boats leaving Memphis now. When there is danger I will promptly inform the public.

Just Fairly Begun.

NEW YORK, 11.—William Freeman of the Colored Republican General Committee here, has a letter from the Governor of Kansas, describing the influx of Southern negroes as steady and continuous, the greater portion coming to Kansas, and 75 per cent. destitute. He says: "You had just as well make your calculations now that you will have an abundant opportunity for testing the liberality of your people, as this immigration from the South, on the part of the colored people, in my judgment, has just fairly begun.

Angry Actors.

The recent abolishment of special rates for traveling companies by the Pennsylvania and other railroads creates quite a furore among actors and managers, as tending to break up combinations. They declare it impossible to take companies on the road without large pecuniary loss, and propose calling a meeting and sending representatives to the Louisville Convention of Ticket Agents next September, to secure action against the measure.

Hanlon at Home.

A revenue cutter bearing the friends of Hanlon met the steamship *City of Chester* down the bay to-day. The champion oarsman was given a hearty welcome; to-night he will be given a public reception in Madison Square garden. He did bring the cup with him.

Glimmerings from the Footlights.

Daniel Bandman left for Liverpool on Thursday, after completing arrangements to appear at the Standard in September, with his wife and a strong company, which he will bring from England. The opening play will probably be Narcisse.

There will be an unusual number of stock companies here next season. Besides those of the Union Square, Wallack's, and the Park, there will be a new organization at Booth's under Boucicault, at Broadway under Daly, and probably at Madison Square under MacKaye.

Murdock will probably appear in Hamlet on October 28, at Philadelphia, afterwards as Charles Surface, and three or four other favorite characters. He has received an offer from this city.

Harry Crisp is expected to play leading business at the Broadway, opening about September 1st.

It is stated that nearly 90 musical and dramatic combinations are forming here from Boston, Chicago, and Philadelphia to travel next season.

The Rice Surprise Party opened the Park in Boston on the 7th with "Horrors." Crowded house.

John T. Raymond, it is said, has paid Mark Twain $156,000 royalties on the "Gilded Age," probably the largest sum ever made from one play.

W. J. Raymond has a musical organization for next season called the "Hallow Een Party," with Dora Gordon Steele as the leading artiste.

John P. Smith's tourists Pullman car company is nearly complete and will embrace Rose Cook, Jennie Reiffert, Ethel Lynton, Wm. A. Mestayer, Jas. S. Barton and possibly Nicholas Long.

Adelaide Detchou is engaged as leading juvenile lady next season, at the Boston Theatre.

Gussie DeForrest will probably play a leading role in "Woolfelt's Rest" at Wallack's.

Ella Wilton is engaged for the Union Square.

D Oglecarte comes here to supervise the production of Sullivan and Gilbert's next comic opera. It is stated he won't sell the work to any American manager but will have a splendid company of English and American artists. He is negotiating for a theatre here and expects to open in October.

A Paris correspondent of the London *Era* says: The fuss the London critics and public are making over Bernhart is simply nauseating and has had the effect of causing everybody in Paris to remember her defects.

The company engaged by Chizzola to support Carlotta Patti consists of Henry Ketten, the famous Hungarian pianist, Earnest De-Munck, the celebrated Belgian violin-cello virtuoso, Ciampi celli, the baritone, Phelps, the American tenor, and Fortuna, accompanist. Concerts will take place in Chickering Hall about September 2nd.

Jas. E. Carton, the comedian, formerly of San Francisco, died on the 6th of heart disease.

Wool Market.

PHILADELPHIA, 11.—Wool is very quiet; prices are easier, but there is little doing. Colorado washed, 20 @ 25; do. unwashed, 18; extra and merino pulled, 35 @ 38; No. 1 and superb pulled, 34 @ 35; Texas fine and medium, 18 @ 27; coarse, 16 @ 17.

Killed by Lightning.

CINCINNATI, 11.—During a heavy thunderstorm this morning two countrymen on their way to the city with a wagon loaded with green corn for market, took refuge under a bridge near California, Ohio. The lightning struck the bridge and killed both men and their four horses.

A Drunken Spree.

CHEYENNE, 11.—Five cowboys who have just come over the trail from Texas, got drunk at Ogallala, Nebraska, on Wednesday night, rode through the streets firing revolvers and threatened to capture the town. The sheriff and a posse attempted to arrest them, when a fight ensued. One of the cowboys, Wm. Shooker, was shot and instantly killed, another, Henry Parker was badly wounded and will probably die; the other three escaped.

A Nice Little Plot Discovered.

CONCORD, 11.—Another plot for the wholesale release of prisoners has been discovered and frustrated at the Massachusetts State prison. A letter from one prisoner to another was intercepted which disclosed a plan to capture certain officers and a railroad train which run into the prison yard nearly every day, and with the aid of a battering ram to batter down the entrance gate to the prison, thus opening the way for the escape of several hundred convicts.

Judicial Appropriations.

WASHINGTON, 11.—A circular prepared by the Attorney General and now in the hands of the printer, and will be issued in a day or so, setting forth that the judicial appropriation act for the present fiscal year itemizes all court expenditures. The different items will be quoted and directions given to marshals to make their requisitions in accordance therewith. The circular will caution these officers against applying monthly receipts for one grade of service to that of another grade. Judging from information received at the Department of Justice up to date, the United States marshals intend to proceed with the duties of their offices and undoubtedly anticipate reimbursement by Congress.

Paid the Penalty.

NEW ORLEANS, 11.—A Galveston *News* special from Corpus Christi says: Antoneo Garcia was to-day executed for the murder of Augustin Amallo, on September 7th, 1878.

Wilmington, N. C., 11.—John Davis, colored, was hung to-day at Smithville, for the murder of Henry M. Duffie, colored, in December last.

Disastrous Storms.

HARRISBURG, Pa., 11.—About 5 o'clock this afternoon, a storm of unusual severity swept over Mifflin and Juniata counties. The Presbyterian and Methodist churches were unroofed, and the Lutheran Church slightly damaged. Ten buildings on Main street, occupied principally as stores, were unroofed, the gable ends blown in and the contents badly damaged. The roof of the public school building was blown off, and nine other buildings were more or less damaged. The loss is estimated at $60,000. A lady named Cresswell, aged 70 years, was instantly killed by the roof of the Presbyterian Church crashing into her residence.

At Lewiston, Mifflin County, several houses were unroofed and one entirely destroyed. It is feared that great destruction of property has occurred in other localities in Juniata and Mifflin counties.

Barnia, 11.—A terrific storm, lasting 15 minutes, passed over here to-day, doing considerable damage to buildings. Among others, the Bank of Commerce had its roof blown off, R. McKenzie's furniture store roof blown across the street, knocking in the front portion of Chas. McKenzie & Co.'s hardware store; the Pelham House, the Great Western Railway freight and engine house were all damaged. Crops in this vicinity suffered severely, being levelled with the ground.

Detroit, 11.—Pontiac, Port Huron and St. Clair, in this State, were visited to day by a destructive storm of wind, rain and lightning. It struck Pontiac about 11.30 a. m. and seriously damaged the spires of the Congregational and Episcopal churches, and the jail and Lewitt's livery stable, and unroofed a number of dwellings. The damage to crops and orchards in the vicinity of Pontiac is reported to be very great.

Port Huron advices state that the storm passed over that city a little after 11 o'clock, flooding the country and city with rain. The force of the wind blew down the new Methodist Church, blew the side out of E B Taylor's planing mill, blew down the Pine Grove Brewery, entirely demolished Barron's photograph gallery, unroofed the Grand Trunk freight houses at Fort Gratiot and Point Edwards, and many houses and barns in different sections of the city were upset or unroofed.

Children Buried Alive.

BOSTON, 11.—The building on Charter street in process of demolition, and once occupied by the parents of Paul Revere, fell yesterday burying in its ruins several children who were at the time gathering wood. Peter Killy and and Geo. McCafferey were seriously hurt.

WESTERN.

The Dreadful Boiler Explosion.

SAN FRANCISCO, 11.—Further particulars of the disaster are that the magazine which exploded contained about five tons of Giant powder. The cause of the explosion is unknown. The hoisting works of the old shaft of the Standard was demolished and set on fire, the flames extending to the shaft, but they were soon extinguished. The new shaft and hoisting works and the mill are uninjured, and running as usual. There is plenty of ore on hand to keep the mill going till the works of the old shaft are repaired. The house of the new shaft was somewhat damaged, but not so much as to interfere with business. The building of the Summit mine was completely demolished, and those of the McClaton, Bodie and Dudley slightly damaged. Many boarding-houses, restaurants and other buildings were more or less shattered. To those previously reported as killed may be added the following: Chas. Malleon, a miner who entered the magazine just before the explosion; Hugh McMillan, engineer, reported wounded but now dead, and John McCarty. Among the others wounded are Jack Dempsey, badly; H. H. Hernsast, slightly; Pyley, badly hurt; in the Standard boarding house, Mrs. Sneed, slightly; Dan McDonald, lumberman, Alex McGregor, Hugh McMillan, Jr., I. C. Shreves and Mrs. Shay were injured severely. The scene at the Miners' Union Hall, used as a temporary hospital is of the most heart-rending character, being crowded with killed and wounded, and hundreds are anxiously seeking friends and relatives. Mine managers, surgeons and volunteer nurses are unremitting in their efforts to alleviate the sufferings of the victims. A coroner's jury has been empaneled and an inquest will be held as soon as possible.

A Slug Little Sum.

John H. Burke began another suit to-day against J. C. Flood, the Nevada Bank, et al., for $1,500,000, alleged excessive charges on the discount of bullion, and interest on loans to the Consolidated Virginia and California companies.

FOREIGN.

GREAT BRITAIN.

Honors to Dead Royalty.

LONDON, 11.—The latest changes made in the arrangements for the funeral of Prince Imperial are as follows: The body of the Prince instead of remaining all night in the armory at Woolwich, will, after it has been identified, be escorted to the Camden House this evening and will remain there all night. Queen Victoria will be at Camden House on Saturday, and will there witness the passage of the funeral procession. Neither the Queen nor ex-Empress Eugenie will participate in the procession or be present at the church during the service which will be conducted by the Bishop of Southwark. The Prince of Wales, Duke of Edinburgh, Duke of Cannaught and Duke of Cambridge will during the service, sit at the right of the catafalque. The coffin will remain in the church all day Saturday and be removed to the sacristy at night.

Three hundred passengers from Paris arrived in London yesterday by one train, to attend the funeral.

The steam yacht *Enchantress*, with the remains of the Prince Imperial, has arrived in the Thames, but will lie below Woolwich till 4 o'clock this afternoon.

Princes Lucien and Charle Bonaparte, Jochim and Louis Murat, Baron Hausseman, the Dukes of Padua and Montery, and other distinguished Frenchmen were present at the landing of the body of the Prince Imperial. M. Rouher and General Fleury carried the pall. The body was further embalmed in the armory where it remained two hours. The Prince of Wales, the Duke of Connaught, Prince Zeck, the Prince of Sweden, assisted at the identification of the remains. The escort with the body started for Chiselhurst at 6 o'clock this evening, many thousands of spectators lining the route.

To Join the "Mormons."

A Paris dispatch says 200 persons are expected to start from the Pallatinate of Bavaria in a few days to join the "Mormons."

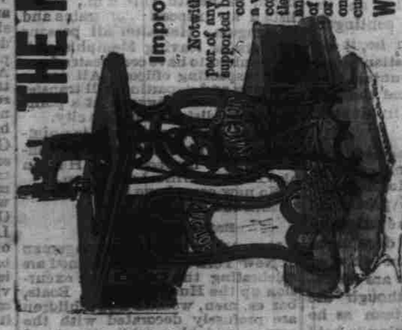
THE NEW VICTOR.

SIMPLICITY SIMPLIFIED.

Improvements September, 1878.

Notwithstanding the VICTOR has long been the peer of any Sewing Machine in the market—a fact supported by a host of volunteer witnesses—we now confidently claim for it greater simplicity, a wonderful reduction of friction and a rare combination of desirable qualities. Its simplicity is a beautiful specimen of mechanism, and takes rank with the highest achievements of inventive genius. We do not lease our Sewing Machines, therefore, have no old ones to patch up and re-varnish for our customers.

We Sell New Machines Every Time.



Send for Illustrated Circular and prices. Liberal terms to the trade. Don't buy until you have seen the Most Elegant, Simple and Easy Running Machine in the Market.—The Ever Reliable VICTOR.
