Your highly interesting and brotherly letter with greenback dollar enclosed, came sasely to haud, for which I pray my Heavenly. Father you may be abundantly blessed. It has indeed been my constant boast in the lofty mansion, the lowly cottage, the attentive audience, and the howling mob that I have left my wife and daughter among a people who for purity of conduct, devotion to justice, and attachment to the highest principles of honor are unsurpassed by the people of any age or nation that ever dwelt beneath the heavens and that no power on earth and no inducements of wealth could ever have compelled or influenced me to abandon them to the mercy of a corrupt horde of licentious religious impostors such as the Latter-day Saints are represented to be by a false and a godless world. Nay, I should rather have had my head severed from my body than to have yielded the beloved ones of my heart to the care and control of any such wretches. Yea, and I had rather been buried in countrymen by propagating among them a foul satanic fraud. There are surely few among mankind who will take so much trouble and sacrifice and hardship for so base an object, especially with poverty staring them in the face and bitter persecution confronting ihem on every hand. What noble, magnanimous, cringing, crawling slaves these holy Christian persecutors make! What they cannot persecute they will almost worship and adore! Save me from the nauseous sycophants the loathsome hypocrites!

Job, the rervant of God, once emthe utmost depths of the ocean than to "take a clean thing from an unclean," but if this remarkable statement be the truth of God, how in the name of common sense; has it so happened that we have a clean Messiah from an unclean polygamy? Do not the sacred Scriptures distinctly trace the ancestry of Jesus to Solomon? And had not Solomon one thousand women, wives and concubioes, besides being himself the son of Bathsheba, one of the polygamous wives of David? And is it not still more clearly evident from these same Scriptures that Mary, the mother of Jesus was a true descendant of Jacob, who held converse with God and angels and had intercourse with four "living and undivorced wives." How then, I ask again, if polygamy is unclean has an impure fountain sent forth a pure stream, a corrupt tree produced good fruit, and an unclean polygamy given to the world a clean Savior, and a precious blood clean enough to "cleanse a world from sin?" Yes, how indeed, can these things be? To satisfactorily explain this perplexing puzzle, I freely confess far surpasses my limited capabilities, and I, therefore, with due devotional deference, humbly submit its consideration to the attention of the United States illustrious judges, lawyers and legislators, fully realizing as I do, that in the ply to this Court for the relief prayed for "multitude of counselors there is wis- and cost of suit. dom" and all the more so since it would evidently appear that walking in the footsteps of the scarlet-clothed lady of Babylon, it has become, in their turn, their heaven-appointed province and prerogative to keep and dictate the faith and conscience of mankind. of my school-mates is a favorable one. I find here a much more respectable crowd of young people than I see in my wanderings around the streets, for which I am glad, as it is creditable to the profession. The young men are orderly, fairly intelligent and very earnest in their studies. A small sprinkling of the genus dude may be seen in the company. The young ladies are all nice and beyond my powers of criticism. Among them may be found the delicate damsels with little squeally voices, who live in the hope of electrifying thousands of people with the power of the same, simply because they have been trained; others with powerful raspy voices, which none but a genius of a voicetrainer ever could smoothe, glory in the hope of entrancing the world with their sweet tones.

Oh, sad disappointing time of awaking, when school days are over and a cruel public won't appreciate!

Then one here and there, only a few who may see all their expectations realized. I will not say, "I thank Thee that I am not as one of these;" but I will say, I am thankful that my path through life has been one which has to a great extent taught me to expect reverses and to indulge in hopes only as an aid to stimulate me to action, contenting myself as much as my nature will let me with the result of doing my best, let that result be what it may.
