bill which a customer handed him in payment for a shine, and which the boy went away with to get changed. He was supposed to come back. He will therefore work 60 days for us.

SATISFACTORY REGISTRATION.

All parties seem to be satisfied with the results of the registration, as practically all those entitled to vote have their names on the registration lists. The Republicans and Democrats both claim a complete registration of their adherents, and the Socialists believe that all their party members registered without the constant urging that seemed necessary for the others.

SETTLED OUT OF COURT.

Last evening C. W. Hawthorn was released from custody and he returned to Pocatello where he was arrested for purloining some phonograph charts belonging to W. E. Hicker. The parties met last night and made a settlement out of court.

WEDDING BELLS.

Marriage licenses have been granted to the following couples by the county clerk:

Champion S. Raynor, 35, of Pocatello, Idaho, and Miss Katie Lee, 26, of Ogden City. They were married by Judge Joseph Stanton.

Joseph E. Graham, 25, of Eden, and Miss Ellen E. Burt, 18, of Liberty, Weber county.

BRIEFS AND PERSONALS.

Samuel Horrocks and daughter, Mrs. Davis, sailed for California on an extended visit.

The ladies' Republican club will have a reception and banquet at the Parry hall Saturday afternoon, to which the public is invited.

The attachment on the lower Twenty-fifth street office of the State Mercantile company was released last evening, it being evident that the property does not belong to Rudolph Stein personally.

T. R. Rowlands and wife have returned from a pleasant eastern trip.

James Mack and daughters have returned from a visit to the world's fair.

Neuralgia Pains.

Rheumatism, lumbago, and sciatic pain yield to the penetrating influence of Ballard's Snow Liniment. It penetrates to the nerves and is absorbed into the blood, its healing properties are conveyed to every part of the body, and effect some wonderful cures. See, Sec. 10.00. Sold by Z. C. M. I. SELF-CONFESSED BURGLAR

Sentenced for One Year—Went Better Freight Rates—City Justice's Court.

Special Correspondence.

Provo, Utah Co., Nov. 2.—At the meeting of the Provo Commercial club last evening the following committee was appointed to take up a labor with the railroad companies to secure a more favorable freight rate for brick between Provo and Salt Lake: Thomas P. Pierson, Jesse Knight and W. J. Startup.

The matter of making arrangements for fair grounds, which has been in the hands of a committee for some time, was brought up, and the committee requested to report at the next meeting. In the meantime secure definite information on the prospects to obtain the necessary land by lease, from the First Ward Pasture company.

President Irvine was authorized to appoint two delegates to the Irrigation congress to be held in El Paso, Tex., this month.

S. H. Belmont and J. H. Frisby were admitted to membership.

FOURTH DISTRICT COURT.

In the Fourth district court William Austin entered a plea of guilty to burglary, committed by breaking into a Rio Grande Western car at Soldier Summit, on the night of Sept. 20, when some merchandise was taken. Defendant, however, denied that he had taken anything or done anything besides breaking the seal. He also stated that he had no money in the car, and that with the same offense had nothing whatever to do with it. Smith pleaded not guilty; his trial was set for Dec. 6.

Austin was sentenced to one year in the state prison.

IN JUSTICE NOON'S COURT.

Leo Boyle, whose escapade Saturday evening caused considerable excitement, was taken before Justice Noon yesterday on a charge of assault with a deadly weapon with intent to do bodily harm. He waived examination and was held to await the action of the Fourth district court in \$500 bonds. In default of which he was remanded to the custody of the sheriff. In sending the report of Boyle's arrest the name of City Marshal Henry was omitted by reason of incomplete information. Mr. Henry was with Deputy sheriff Barnett and assisted in making the arrest.

George Hayes and William Kelly were fined \$10 each by Justice Noon for stealing a ride in a R. G. W. merchandise car from the Provo, and Ernest Schwab was fined \$15 for the same offense. Schwab tried to run away at the time of the arrest.

GARDEN CITY NOTES.

Mr. and Mrs. Lafayette Holbrook have returned from their visit to the St. Louis exposition.

Mayor Roylance has appointed James A. Bean and Roger Farrer delegates to the Irrigation congress, which meets this month in El Paso, Tex.

Dr. and Mrs. F. W. Taylor have returned from their trip to St. Louis. Dr. Taylor, in addition to his regular position, visited several hospitals while away, and made observations which will be of benefit to the Provo General Hospital, with which he is connected.

Deputy Sheriff Butler came down from Salt Lake last evening with a patient for the State Mental hospital.

meat with foul play at the hands of some enemy, as he was returning home that night. Officers are working on the case and have discovered that he had no motive to leave, but had every reason to stay. Smith had many warm friends and also a certain number of deadly enemies in that community. He was a candidate for the office of justice of the peace this year. He was chairman of the Republican committee and was the campaign manager in that end of the county. A thorough search of every nook and corner around Scofield will be made tomorrow by a posse of citizens.

A PHYSICIAN HEALED.

Dr. Geo. Ewing, a practicing physician of Smith's Grove, Ky., for over thirty years, writes his personal experience with Foley's Kidney Cure: "For years I had bladder trouble, with kidney and bladder trouble, and I had tried every remedy I used everything known to the profession without relief, until I commenced to use Foley's Kidney Cure. After taking three bottles I was cured. I now feel and cure. I prescribe it now daily in my practice and heartily recommend it to all physicians for such troubles. I have prescribed it in hundreds of cases with perfect success." F. J. Hill Drug Co.

OAKLEY, IDAHO.

FUNERAL OF J. J. MABEY.

Monstrous Potato Crop—Mindoka Colonists Taking Up Homesteads.

Special Correspondence.

Oakley, Cassia Co., Ida., Oct. 30.—Funeral services were held today in the Tabernacle over the remains of Elder J. J. Mabey, one of the members of the High Council of this stake, who died at Bountiful a few days ago, after having undergone an operation. The deceased has been suffering for several months, and all that medical aid could do for him has been done. Five hundred people attended the services, indicating the high esteem in which the deceased was held by the people of the valley. Bishop Adam G. Smith of the Macon ward conducted the services. Elders Harvey Sessions, O. E. Bates, Moroni Pickett, William T. Jack and John L. Smith were the speakers; each testifying of the faithfulness of the departed.

Charles Daniels, son of Bishop Daniels of P. Herriman, Salt Lake county, Utah, has been among our stay men for a week doing business. A. S. Erickson, representing a St. Louis wool firm, has also been doing business in his line.

Mr. H. E. Bothe, Sr., of Grantsville, Utah, arrived in our town today to look after some sheep interests.

We had the pleasure of meeting Elder Mabey of Bountiful, who accompanied the remains of his brother home to that point.

We are being favored with ideal fall weather. Business is good and the people are in a happy mood.

Jacob Dayley has come to Salt Lake with his daughter Cora for medical treatment.

Mr. Dayley has tested the productiveness of his farm, north of Oakley, during the past season, and was rewarded with a potato crop of 800 bushels to the acre.

The new residence of B. P. Howells in the northern part of town is nearing completion; painters are now putting on the finishing touches. Masons have just finished the brick work of a fine two-story residence for John J. Millard.

Among our citizens who have taken homesteads on land under the government canal at Mindoka and who will live thereon during the winter, are Charles L. Haight, George Crater, David Hargreave, E. W. Guymon and L. W. Robbins, all of this town. A large number of houses are being erected in the new district and we look for a boom during the next two years.

PHENOMENAL PROSPERITY.

Immense Fruit and Sugar Beet Yields—Energetic Stake Mission Work.

Special Correspondence.

La Grande, Oregon, Oct. 30.—The Nibley ward held a warm reunion the other day and a grand time was had. Elder Bramwell, president of the Union Stake, was present as well as other leading brethren from the Grande and the spread was simply gorgeous. A program was given consisting of songs, speeches and recitations and the like.

The sugar factory is in full blast and is making a much better record than in the past. The yield of sugar beets is immense and surprising to all.

Chas. Woodhouse says he cannot imagine he is in the same place when he views the best sheds and compares them to three years ago and earlier. The sugar company has overcome the great difficulty of not having sufficient beets to make the enterprise profitable. Beets ready more beets have been received than at any time in the history of the factory and it is said by those who know that there are many thousand tons yet to come. The other day there were 54 cars of beets on the track here and in addition to this about 400 tons per day received by wagons. This looks good especially to those who experienced the conditions in times past. The factory is turning out about 1,000 bags of sugar every hour.

Immigration continues. Every few days families arrive here. The Saints are doing exceedingly well. With few exceptions those having bought land in time have made all payments due to date and the general condition of the people is very good.

The fruit crop is exceptionally heavy. We have perhaps the best crop of winter apples that has been harvested in this section for many years. Mr. Carbine formerly of Parker, Idaho, will harvest 100,000 lbs. of very choice apples. He contemplates shipping to New York market where he expects to get the highest possible price, as the Oregon apple has a famous record there and is in great demand. There will be near 200 carloads shipped from here this fall.

A rather novel feature was employed by the Relief Society last week to raise funds to buy wheat. The stake president of the society set a day and the ladies turned out en masse and picked apples. It is said that as much as \$10 was earned in one single orchard. Sister Schafel, the stake superintendent, has made a wonderful success of this association and it may be said that it is second to none in the church.

Last week the stake president, the Y. M. C. A. held a fair which was realized about \$300 for their stake fund. The Y. M. C. A. are now following suit and will soon present a drama which will be played in several wards with a view of replenishing their treasury.

SERIOUS GUN ACCIDENT.

Mrs. Andrew Jensen Shot Near the Heart—May Recover.

Special Correspondence.

St. Charles, Bear Lake Co., Idaho, Oct. 31.—Threshing is about completed. The hay and grain crop is about the average, the potato crop very light, on account of frost in the summer. Some wheat was also injured by frost.

The political campaign was opened here on Wednesday, the 26th inst., by the Republican party with the Democrats on Friday, the 23th.

SERIOUS GUN ACCIDENT.

A very serious if not fatal accident happened last Saturday, at about 2 o'clock, in the afternoon, from which Mrs. Andrew Jensen now lies in a crit-

WARD CONFERENCE.

Bishopric completed—Disease in Perfect Order—Beet and Potato Harvest.

Special Correspondence.

Bryan, Hingham Co., Ida., Oct. 28.—From the date of the organization of the Relief Society in this ward, Oct. 1, 1904, Bishop W. P. Lindsay had but one counselor. On the above date President Elias S. Kimball and associates came here and Elder Christian J. Christensen was chosen, and set apart to fill that position.

Ward conference was held here Oct. 26. R. L. Thomas and Don C. Walker of the stake presidency were present. Every organization in the ward was in perfect running order, and all the general and local officers were sustained without dissenting voice.

The people are busy in harvesting the beet and potato crops.

CLIFTON, IDAHO.

RELIEF SOCIETY BALL.

Sunday School Reorganized—Putting in Large Acreage of Small Grain.

Special Correspondence.

Clifton, Ida., Oct. 28.—The Relief Society recently gave an old fashioned ball to raise funds for the benefit of the society.

The farmers are busy putting in their grain, which is in large acreage is being planted. The recent rains wet the ground so that some of the grain is coming up and growing nicely. Lafayette Henderson is suffering with an attack of typhoid fever. Prof. J. M. Larsen is on the sick list and also Miss O. Howells.

The marriage fever has struck Clifton and Oxford, we expect them to be united ere long.

Several of our young people are attending the stake academy at Preston. Elder John E. Howell expects to depart on a mission to New Zealand in a few days.

The farmers are digging their potatoes, in some cases the crop is fair, in others it is light and the tubers small.

Our Sunday school was reorganized last Sunday, the 23rd. Samuel Lee was chosen as superintendent, with Geo. E. Porter and Oscar. The retiring superintendent, Henry Howell, has performed his part well and has worked diligently for the advancement of the young in the ward.

Mrs. Jane Smith of Cleveland, Idaho, was the pleasure of the meeting.

The Republicans are breaking the monotony of our berg with a rally at the close of which our band will give an open air concert.

Miss Chloe Dixon is studying domestic science in Preston.

Immigration continues. Every few days families arrive here. The Saints are doing exceedingly well. With few exceptions those having bought land in time have made all payments due to date and the general condition of the people is very good.

The fruit crop is exceptionally heavy. We have perhaps the best crop of winter apples that has been harvested in this section for many years. Mr. Carbine formerly of Parker, Idaho, will harvest 100,000 lbs. of very choice apples. He contemplates shipping to New York market where he expects to get the highest possible price, as the Oregon apple has a famous record there and is in great demand. There will be near 200 carloads shipped from here this fall.

A rather novel feature was employed by the Relief Society last week to raise funds to buy wheat. The stake president of the society set a day and the ladies turned out en masse and picked apples. It is said that as much as \$10 was earned in one single orchard. Sister Schafel, the stake superintendent, has made a wonderful success of this association and it may be said that it is second to none in the church.

Last week the stake president, the Y. M. C. A. held a fair which was realized about \$300 for their stake fund. The Y. M. C. A. are now following suit and will soon present a drama which will be played in several wards with a view of replenishing their treasury.

Combinations

The age of combinations. In most cases combinations are against the people.

In this case we're talking about a combination that is with the people.

WARD CONFERENCE.

Bishopric completed—Disease in Perfect Order—Beet and Potato Harvest.

Special Correspondence.

Bryan, Hingham Co., Ida., Oct. 28.—From the date of the organization of the Relief Society in this ward, Oct. 1, 1904, Bishop W. P. Lindsay had but one counselor. On the above date President Elias S. Kimball and associates came here and Elder Christian J. Christensen was chosen, and set apart to fill that position.

Ward conference was held here Oct. 26. R. L. Thomas and Don C. Walker of the stake presidency were present. Every organization in the ward was in perfect running order, and all the general and local officers were sustained without dissenting voice.

The people are busy in harvesting the beet and potato crops.

RELIEF SOCIETY BALL.

Sunday School Reorganized—Putting in Large Acreage of Small Grain.

Special Correspondence.

Clifton, Ida., Oct. 28.—The Relief Society recently gave an old fashioned ball to raise funds for the benefit of the society.

The farmers are busy putting in their grain, which is in large acreage is being planted. The recent rains wet the ground so that some of the grain is coming up and growing nicely. Lafayette Henderson is suffering with an attack of typhoid fever. Prof. J. M. Larsen is on the sick list and also Miss O. Howells.

The marriage fever has struck Clifton and Oxford, we expect them to be united ere long.

Several of our young people are attending the stake academy at Preston. Elder John E. Howell expects to depart on a mission to New Zealand in a few days.

The farmers are digging their potatoes, in some cases the crop is fair, in others it is light and the tubers small.

Our Sunday school was reorganized last Sunday, the 23rd. Samuel Lee was chosen as superintendent, with Geo. E. Porter and Oscar. The retiring superintendent, Henry Howell, has performed his part well and has worked diligently for the advancement of the young in the ward.

Mrs. Jane Smith of Cleveland, Idaho, was the pleasure of the meeting.

The Republicans are breaking the monotony of our berg with a rally at the close of which our band will give an open air concert.

Miss Chloe Dixon is studying domestic science in Preston.

LA GRANDE, ORE.

PHENOMENAL PROSPERITY.

Immense Fruit and Sugar Beet Yields—Energetic Stake Mission Work.

Special Correspondence.

La Grande, Oregon, Oct. 30.—The Nibley ward held a warm reunion the other day and a grand time was had. Elder Bramwell, president of the Union Stake, was present as well as other leading brethren from the Grande and the spread was simply gorgeous. A program was given consisting of songs, speeches and recitations and the like.

The sugar factory is in full blast and is making a much better record than in the past. The yield of sugar beets is immense and surprising to all.

Chas. Woodhouse says he cannot imagine he is in the same place when he views the best sheds and compares them to three years ago and earlier. The sugar company has overcome the great difficulty of not having sufficient beets to make the enterprise profitable. Beets ready more beets have been received than at any time in the history of the factory and it is said by those who know that there are many thousand tons yet to come. The other day there were 54 cars of beets on the track here and in addition to this about 400 tons per day received by wagons. This looks good especially to those who experienced the conditions in times past. The factory is turning out about 1,000 bags of sugar every hour.
