DEATH OF JOHN OBLAD,

Well Known Carriage Maker Falls a Victim to Pneumonia.

John Frederek Oblad, senior member of the firm of Oblad & Knight, carriage makers, and for 40 years a highly respected resident of this city, died last night shortly after 9 o'clock, at the family residence, 534 Fourth East street, of pneumonia, after an illness of four days. The deceased was born Nov. 10, 1841, in Osteraker, Soderman land, Sweden, and was baptized a member of the Church of Jesus Christ of Latter-day Saints, April 1, 1859, Elder Gustaf A. Olson officiating. In 1869 he was called into the local ministry and did much to advance the interests of the Church in his native country, emigrating to Utah in 1865, and locating in Salt Lake City, where he has resided ever since. In 1867 he married Marie Magdalene Larsen, a daughter of Hans Larsen and Elina Dorothea Bensen, who were among the first members of the Church in Copenhagen, Denmark. He was ordained a Seventy Oct. 15, 1873, and has for several years past been one of the presidents of the Tenth quorum of Seventy. In 1873-4 he filled a mission to his native land, laboring first as traveling Elder and later as president of the Stockholm conference. In all his life's work Mr. Oblad has shown the utmost integrity, and he goes to his rest honored and respected by all who knew him. He leaves a wife and seven children.

The funeral will be held Monday at 10 a. m. from the Ninth ward meeting-house. Friends are invited. The remains may be viewed at the family residence from 8:30 to 9:30 a. m. the day of the funeral.

MURRAY NOTES.

The banks of Big and Little Cottonwood streams have been lined with people of both sexes since the morning of the 15th, when the fishing season opened.

Flag Day was celebrated in Murray by the closing of most all the places of business except drug stores. As for flags or the display of the national emblems the only ones that could be seen in all the place was the flag on the Murray Co-op. and those on the branch office of the Deseret News.

The farmers in the surrounding districts are very busy cutting their first crop of hay.

The strawberry crop is now at its best. Hundreds of cases are being marketed in this and neighboring cities.

The Granite stake amusement committee gave a free entertainment in the stake house last Thursday evening. The best talent that could be had in Salt Lake City was secured for the occasion and a fine program was rendered to the satisfaction of the large audience. It is understood that a free entertainment similar to this is to be given one night in every month.

It is reported the smelters have been hiring an additional force of men to take care of their smoke, which is so injurious to farm crops.

Murray has no regular dog-catcher, but to keep the city free from undesirable canine characters the city council has adopted a unique plan. Any person catching and delivering a stray dog to the proper anuthorities gets 50c. The boys take to this and keep the city free from dogs.

A QUEER ACCIDENT.

Friday morning a woman backed her buggy away from the tie post in front of the Murray Drug company. She ran into Dr. Farrebee's rig, which was tied there, overturning his buggy and breaking the same. The woman did not even look back to see what she had done and we doubt if she knows it yet.

Mr. Moffat of Union left on the 8th of this month for Chicago, where he intends to spend some time studying law in the universities of that place.

Mr. Brownell met with a serious accident Wednesday last in one of the smelters. In some way which we were unable to learn, he got his right hand badly crushed.

Mrs. Josie Marriott of Murray has taken a trip to Colorado Springs, where she is to be married soon.

IN POLCE CIRCLES.

John Martine has spent five days cleaning up the city streets for being drunk. King, who, it will be remembered, was arrested for begging money "to buy his mother's coffin," some time ago, will be released today, having spent 25 days improving the streets of Murray.

Fifteen arrests were made here last week by the marshals, and the fines added considerably to the city's cash.

Isaac Sundstrom was arrested for beating his wife. Some time ago Sundstrom was arrested for shooting the shingles of his neighbor's houses. He came home drunk and tried to make his wife give him his rifle to again shoot at shingles. This she refused to do, when he knocked her to the ground and stamped on her. He pleaded guilty and was fined $25.

Billy Carter was fined $10 for drunkenness and disorderly conduct.

Another game of good ball is slated for this afternoon at the Highland Boy grounds, between the Highland Boy and the Fort Douglas teams.

Eight hundred dollars were sent in a single day from the Murray postoffice by the Greeks to foreign countries. This is but a small portion of what is sent away each month. It is reported these people send away thousands of dollars each month to their mother country.

The Floto shows drew a large crowd at Bingham Junction on the 14th; three performances were given during the day. The company left at night. Sid Gibbs lost his bicycle while attending the show. It was traced to Salt Lake where the thief had sold it to a bike repair shop.

CAHOON-KNUDSEN NUPTIALS.

Mr. Fred Knudsen and Miss Mayme Cahoon were married at 5 p. m. on Thursday last at the residence of the bride's parents, Mr. and Mrs. Jno. P. Cahoon. In the evening a brilliant reception was given to the friends and relatives of the couple.

AUTO CAUSES RUNAWAY.

Mr. Anderson of Taylorsville was quite severely hurt on Tuesday in a runaway. His team, which was attached to a hay-rack, became frightened at an automobile. He was brought to Murray and his injuries were attended by a doctor.

CITY COUNCIL SESSION.

Last Wednesday being a holiday, the city council postponed its meeting until Thursday night. City Attorney Haigh in answer to the question as to whether the city would bond for $20,000 or $25,000 on security of a part of the city's revenue, said the city could promise to pay $2,000 per year out of its license revenue until the debt was liquidated. The water question is expected to take a definite shape soon.

We pay 4 per cent interest per annum on $1 to $5,000. Zion's Savings Bank & Trust Co. Joseph F. Smith, President; George M. Cannon, Cashier.

Recuperative Effect.

Considered with reference to its recuperative effect, there is not so much good in the ordinary vacation as there is in a single bottle of Hood's Sarsaparilla. The latter costs $1; the former—well, that depends; how much did yours cost last year?

Hood's Sarsaparilla refreshes the tired blood, sharpens the dulled appetite, restores the lost courage.

FOR SALE—REAL ESTATE.

DOWN DEEP IN YOUR BRAIN
YOU REALIZE HOW WISE
IT WOULD BE TO
IMPROVE YOUR
VACANT LAND.

Say, MISTER!
And say, MADAM!
How long are you going to let your vacant land remain idle and unproductive?
Are you satisfied to sit lazy by and again wait for November and its day of TAX settlement roll on to you, like a cloud of despair?
Are you worrying along, losing sleep and borrowing money to hold your vacant land and hoping against hope for a big price, knowing full well that if the land was improved you could hold it and receive a steady income?
How many years longer are the weeds going to be allowed to cover the willing-to-be-improved soil that has an earning power, which you refuse to develop?
Do you realize that over 5 million dollars a year is lost by owners of vacant land in Salt Lake who neglect to improve it?
Are you one of those whose oversight has added to this great maw of wasted opportunity?
If the shoe fits you, it certainly must be a grand old awakening to read this call to duty!
Really it is worth big money to owners of vacant land to read this warning note to REMEMBER NEXT NOVEMBER AND YOUR TAXES.
But you can meet your November taxes as easy as rolling off a log if you start right NOW to improve the land with income earning structures.
"THE REAVIS SYSTEM" has been founded and developed for the purpose of assisting owners of vacant land to improve it with reliably constructed buildings, built at lowest prices and possessing the maximum of income-producing power.
"THE REAVIS SYSTEM" stands ready to improve your land without requiring you to pay one dollar cash down.
You simply state what kind of a building you want erected, and "THE REAVIS SYSTEM" does the rest.
You pay nothing for plans and specifications or superintendence.
When the building is completed, you begin to pay off the building loan in small monthly payments, and the rate of interest is reduced by the partial payment system, to about 4 per cent on the term of the loan.
"THE REAVIS SYSTEM" provides the only plan wherein delay is completely eliminated, and whereby on a day's notice the owner of a vacant lot can begin building operations.
"THE REAVIS SYSTEM" is now constructing over 50 buildings in Salt Lake City, and its operations are so extensive that over 100 mechanics are employed and lumber and other building materials are bought in vast quantities, thus reducing the cost of production to such a degree that we can build reliable homes at lower prices than others ask.
If you want to see an example of the "REAVIS SYSTEM" plan of improving vacant ground, walk down to 451½ Main street, where two neat cottages were built in the rear of the lot for Oliver Alree and Wm. Pow.
Both houses are now rented for $18 each a month, and are built on ground that was idle up to 4 months ago ever since Salt Lake was founded! Just think of the 50 odd years of wasted earning power, gone to the dogs!
Do not procrastinate nor argue the question abstractly and longer. INVESTIGATE.
"THE REAVIS SYSTEM" has helped 100 others to secure an income from their vacant land, and they can help you if you will only call on them for an outline of their methods.
Located at the same old stand, Ground Floor Security Trust Building, 32-34 Main Street.
"THE REAVIS SYSTEM" continues to do an ever-increasing business.
