Among other items in an inspiring array of statistics Mr. Priest states that the potato crop this fail will run from 10,-500 to 12,000 carloads for export while the wheat, oats and barley crops are phenomenal. Row Over a Dress in Dark Town Introduces Target Practise.

An altercation over a dress between two colored women of the town, almost caused a tragedy last night on Victoria alley. Thelma Ambrose wanted a dress of many colors but as she was short on funds and her credit was not the best, she induced Jennie Walker to "go good" for the dress. When the dresmakers' creation was delivered to the Walker woman the latter took a liking to it and declined to turn it over to Thelma. The latter became enraged and told her troubles to her husband, William Ambrose. The latter armed himself with a big revolver and pro-ceeded to the Walker domicile, 57 Vic-toria alley. He tried to get into the Walker woman's house but she locked the door and refused to let him in. Finally, Ambrose saw the woman at a window overlooking the alley. Pulling his big revolver from his pocket he took a bead on the Walker woman and fired. The bullet went wild and so did Ambrose. The police are still looking for him. ia alley. They stopped off in Salt Lake for a few hours and off in Salt Lake for a few hours and decided to visit the Salt Palace. They first went to Kid Brady's restaurant on east Second South for dinner. They left the place hurriedly and boarded a Salt Palace car. When the conductor camo for the fares Mrs. Parker was shocked to find that she had no money. Then she remembered leaving her purse on the table at the restaurant. The frantie women called up the establishment and notified the proprietor. The latter re-plied that the purse had been found and was perfectly safe, but this did not seem to satisfy the women who ran rapidly to the place. The purse con-taining \$155 was returned to the women.
