At 8 p. m. when the convention was called to order again, the business of choosing a county ticket was taken up at once. The county commissioners received first consideration, and William H. King brought up the name of John

H. King brought up the name of John Clark, formerly mayor of Salt Lake, and father of John E. Clark, state sec-retary of the party. He was chosen by acclamation, after a brief passage between the chair and J. B. Toronto, who feared that a mistake might be made if there was a disposition to "do" the country delegates. For the short term F. C. Howe was named by Will W. Ray, James Brinton of Holliday was named by J. E. Moss, and James H. Moyle named L. E. Hali of Salt Lake. Mr. Moyle declared that Salt Lake City pays three-fourths of the taxes, and the county already has one holdover commissioner, for which reason the city should be entitled to the two nominations. Geo. A. Whita-ker and Francis McDonald contended in favor of the nomination going to in favor of the nomination going to the county, and Whitaker nominated T. H. Quillan of Bingham.

This left a fight be-tween Hall and Quillan in which Quil-lan received 242 votes, and Hall only seven less. Hall's motion to make it unanimous for Quillan was followed by chearing from the country districts

that the strict application of this con-stitutional provision in the matter of assessment will result in an equaliza-tion of taxes redounding to the benefit of those least able to pay, and will re-sult in an increase of revenue sufficient to justify a decided reduction in the present rate of taxation. SWARMS OF HUMANITY CALL ON COOPER AT ST. LOUIS HEADQUARTERS.

Mound City Has Become Overwhelmingly Interested in Young Philanthropist.

St. Louis. Oct. 10.-In view of the enormous sale of Cooper's preparations now going on in this city and the in-tense interest which Mr. Cooper has stirred up since his arrival, a repre-sentative of the Globe-Democrat spent yesterday afternoon at the young man's headquarters, watching the swarm of humanity come and go.

During the afternoon the reporter interviewed many of the callers and obtained statements from all who cared to give them as to their exper-iences with Cooper and his preparations

The following are selected from those statements as being typical of the general expression of the people

Another caller was Mrs. Clara Yohe, the laying of permanent sidewalks, and for the paving of streets, but also for a better sewerage system and the im-provement of sanitary conditions in the city.
