FLORENCE

Sewing Machine!

In point of labor there is the same dif-
ference between thrashing with a flail,
or using a Thrashing Machine, that there
is between sewing by hand or using a
good Sewing Machine.

We have just received a con-
signment of forty Machines
and can now offer an as-
sortment of all the vari-
ous styles manufactur-
ed by the Florence
Company.

PARTIES INTENDING TO PURCHASE SHOULD
MAKE THEIR SELECTION EARLY.

CHAS. S. HAMMER, General Agent.

The Florence Sewing Machine has no fancy
combinations or other complicated attach-
ments; it has no uncertain wire coils or wire
levers. Its manufacture is conducted by a
thoroughly RESPONSIBLE COMPANY,
and in purchasing a machine you need have no
fear of ever being unable to purchase needles
and other findings. The Florence is the ONLY
COMPANY that keeps its machines in repair
free of charge, no matter when sold or where.
It is our ambition to have every Florence Ma-
chine give entire satisfaction.

The Florence lays no claim to cheapness, we
aim at perfect finish; every machine goes
through the company's adjusting room, and
must then pass the Inspector's office, before
going out to Agents; the least inaccuracy will
condemn it.

They are probably the highest priced Machine
in the American market, and being built of
HARDENED STEEL by SKILLED
WORKMEN, aided by all the appliances that
capital can bring to bear, it is offered at a price
commensurate with the value of the article, and
can be brought into about as honest compari-
son, with its numerous CAST IRON competi-
tors, as a watch from Jergenson or Jacat may
be compared with the Nickel or Orloide offer-
ings of a Chatham Street Mock Auctioneer.

It is a growing knowledge of these facts that
has gained favor so steadily for the Florence
Machines, and made them the Universal favori-
tes, wherever prejudice is laid aside and honest
comparison made.

That very excellent authority the American
Institute, New York, awarded the FIRST PRE-
MIUM to the FLORENCE over Thirteen
Competitors, and in their report the commit-
tee very tersely remarked, "This is better
than any of its class known to the
Judges."

It may be proper to remark here that the
Florence Machine of the present manufacture
is vastly improved, and the first of these im-
proved Machines ever offered in Utah are those
sold at the Branch Office at Salt Lake.

Among the recent purchasers from this office,
we beg leave to refer to the following parties:
