LOCAL BRIEFS.

The Latter-day Saints' College will esume its school work on Monday norning next. An anti-vaccination meeting will be eld in the A. O. U. W. hall this even-

ing, beginning at 8 o'clock. Today City Phyrician King visited old city jail. Dr. King, like everyone else, thinks that the place is vile, and a disgrace to the city.

Attorney Morris Sommer was today admitted to practice in the United States circuit court. The motion was nade by Attorney D. B. Hempstead.

State Auditor Richards has drawn warrant for \$20,000 in favor of University regents. The money will be used for the construction of the new building. Frank Hines, the new superintendent

of waterworks, has filed his official bond of \$5,000 with Mayor The \$5,000 with Mayor Thompson. sureties are James Chipman and W. P. Noble. committee on streets will meet

to further consider the Union depot franchise question next Thursday even-ing, and Chairman Thomas would like all interested parties to attend. Sweet voiced songsters of the feathered tribe filled the air with their notes today. They perched upon every

liding and tree top and many were the opinion that they were singing the songs of spring.

The "News" a few days ago had an interesting interview with Mr. R. B. Organ, special agent of the New York, Chicago & St. Louis railway in which ntleman talked freely on the outlook for the Utah wool crop for 1900, It is so much appreciated by the Lara. mie Boomerang that it clips the article, ubstitutes Wyoming for Utah, and uses It without credit to this paper.

After the dramatic and musical pages of this issue were sent to press, it was arned that Manager Pyper had telegraphed the Bostonians, strongly urg-ing a popular priced matinee of Robin Hood Monday afternoon. A favorable answer was returned last night, the admirers of that opera will have a chance to see it at 2 o'clock Tuesday at one dollar rates.

The annual business meeting of the members of the First Baptist church was held last evening at the church. The reports from the committees were submitted, and church officers for the coming year were elected. There were couraging reports from the Sunday ool, missions, Ladles' Aid society B. Y. P. U. and home department. There is a small surplus in the church treasucy, as indicated by the treasurer's re-The officers elected for the uing year are: Clerk, J. E. Berkely reasurer, S. B. Barrett; deacons, W. ole, A. J. Orem; financial board, C. McNitt, T. J. Lucas, J. E. Berkely, J. J. Nunn, J. Warthman, S. P. Barrett and D. Mudgett. Officers for the Sunday school will be elected next Wednesday

RONEY'S TIME EXTENDED

Contractor of the University Building Given Sixty Days More.

At a meeting of the board of regents of the University yesterday afternoon it was decided to grant Contractor Roney an extension of sixty days on the time designated to complete the build-The members were unanimous in the belief that he was entitled to the

According to the contract Mr. Roney

would have been obliged to have the ildings completed by July 1st, but as least sixty days have been consumed I litigation and other delays that could not be foreseen at the time the contract was made, which was no fault of Roney's, it was therefore deemed only fair to allow him sixty days more Under the new arrangement the new buildings must be completed by Sep tember 1st. Though the regents feel that they are not responsible for the

OPEN MONDAY.

Decision Made by Board of Education Last Evening.

PRECAUTIONARY MEASURE.

The Power of the Board of Health to Compel Vaccination is Discussed-Beatty Says it Has the Power.

The public school children of this city will be deprived of school at least one more week. The board of education decided at their meeting last evening. that the schools shall not open until Monday, January 22nd. This decision was reached after a most earnest debate of two hours, and was sustained by five and opposed by three. Those who favored the postponement were: Wilson, Henderson, Young, Walker and Critchlow. Those who voted against it were Moyle, Newman and Glauque.

The reading of the following communication introduced the question: To Hon, Board of Education:

Gentlemen:-On account of the existence of contagious diseases in the city and especially on account of the dread-ed disease, smallpox, the local board of health advised the board of education some time ago to close the public schools for thirty days. Since then all cases of smallpox have

been carefully isolated and quarantined. Knowing as we do that small-pox can be prevented by vaccination, we feel justified in advising you that it will be safe to open the public schools provided that no one be admitted to the schools, either teacher or pu-pil, who has not been successfully vaccinated; and we advise you as a me ure for the protection of the public health that you henceforth refuse to admit unvaccinated persons to the pub-

The evidence of successful vaccina. tion required should be a certificate from some legally qualified practitioner of medicine in the State or the local board of health. Very respectfully, J. C. E. KING,

Health Commissioner. Dated January 11, 1909. Board of Education, Salt Lake City: Gentlemen:-The executive commit-tee of the State board of health desires to endorse the rule of the board of education requiring all school chil-dren to show signs of successful vaccination or present a certificate of vaccination from a responsible physician before being allowed to re-enter school, and we recommend the strict enforcement of said rule. Respectfully, F. S. BASCOM, T. B. BEATTY.

A general discussion followed the reading of this communication some objecting to it, because it was given by way of advice and not a command. Some members questiened the authority of the board of education to enforce vaccination, and as that power was held the board of health, it should order what it wants done not merely advise The idea of enforced vaccination, and the closing of the doors of the public schools against children who had not been successfully vaccinated, was vigorously opposed by Messrs. Moyle, Newman and Giauque. They contended that if the board of health had power to enforce vaccination upon the public school children, they had power to enforce it upon the children of private schools, and of Sunday schools, and in fact the entire community.

Dr. Beatty was present and avowed that the board of health had the power to suppress all public gatherings and place the whole city under quarantine; but the question was, what is best to be done? It was much easier, he said to vaccinate the public school children than to vaccinate the entire community He said the situation in Salt Lake made it very difficult for the board of health, that of so many being honestly opposed

to vaccination. The board of education did not care to assume the responsibility of enforcing vaccination, but would leave that responsibility to the board of health. Dr. King said he was willing to order the board of education to take this step, if the other health officers would concur with him, he could not do it alone.

Henderson thrust the matter of closing the schools upon the board of education, by moving that the vacation

Mr. Newman amended this motion by moving that when the schools open next Monday morning all children be admitted if they are healthy, whether they are vaccinated or not.

After a brief discussion this was ruled

out of order and Mr. Moyle moved as an amendment that all schools open irrespective of vaccination. "I think." says he, "that the schools should open to all or close to all." The board was warming up to a controversy, when a vote on Mr. Moyle's amendment was ordered. The result was that Henderson, Young, Walker, Wilson and Critchlow voted against it; Newman, Moyle and Glauque supporting it. A vote was then taken on Henderson's motion, with the same result as above stated The board voted \$59 to Superintendent

Pinney for work done at the Lowell school, and then adjourned until Friday, Jan. 19, when the situation will be further discussed.

BACK FROM MANILA. A Soldier from the Philippines, Talks of the War.

It is the opinion of L. D. Lagsden, who is in the city on his way East from Manila, that the hardest fighting had ceased in the Philippines, and from now nothing but guerilla warfare will be done on the part of the natives. Mr. Lagsden heartily endoses the methods suggested by some of the prominent army officers, as a means of putting the guerilla warfare down, and that is shooting every native who is found with a weapon in his possession, after proclamation and warning has been There has been much sickness on the Islands, Mr. Lagsden says, especially among the newly arrived roops, but the men become acclimated in a short while, if they take care of themselves and have no further trouble, from sickness at least.

THE TALE OF A SUIT.

Clothing Taken by a "Cleaning Firm' Recovered.

Another smooth graft has come to light. The other day a young man called at Jacob Schaffer's place and presented a business card bearing the "Claudy Brothers." He represented that the firm was doing Ing. Now it happened that Mr. Schaffer had a dark blue suit of peculiar texture, and it occurred to him that it needed | never saw a fellow so rejoiced." business on west Second South; said delay, they regret the set back very

the attention of the aforesaid "firm." Therefore with little persuasion the representative of "Claudy Brothers; West Second South," got the suit. One day passed; two days passed and the respectable firm of "Claudy Brothers" were busily engaged in the "cleansing process." Finally the owner of the blue suit concluded to pay the firm a visit, but lo, the suit the representative but lo, the suit, the representative and the firm were gone—no one knew whi-ther. Yesterday Mrs. Schaffer was passing Goalns' second hand store, No. 169 State street, and noticed a number

of suits hanging out in front.
Suddenly she started. "Yes, it was
the same suit." Dark blue-peculiar
texture-no, she was not mistaken.
Now all was made plain. "Claudy Brothers, Cleaning Firm" was a myth. The police are on the lookout for the

WANTS ADDITIONAL HELP. New City Appointee Appears Before

Council Committee.

S. B. Weterfield, the newly appointed land and water commissioner, appeared before the Council committee on Jor-dan canal and irrigation last evening and asked to be allowed a clerk and four deputies. Two of the deputies, Mr. Westerfield wanted to look after the city's interest in the Jordan river, one to patrol Parley's canyon and another City Creek. Mr. Westerfield will probably get the four patrolmen, but the matter of a clerk went over for one week. There are members of the committee who think the commissioner ought to be required to do his own clerical work.

WORK OF STREET COMMITTEE.

The committe on streets considered the petition of residents of First South and Seventh East, asking for a stone cross-walk, and will recommend to the Council the granting of the request. It was also decided to recommend the granting of the petition of the Utah Soap company, asking for permission to build a spur from the Oregon Short Line tracks to its factory.

The claim of Constable Ben. R. Haddock for \$294 for serving poll tax summonses went over for one week.

ACKNOWLEDGE INSOLVENCY Statement Filed in Federal Court in Answer to Hardware Company.

reservoir in Parley's canyon.

A statement of his debts and assets has been filed by W. H. White, of Logan, with the clerk of the Federal court. This was done in answer to a petition filed against him for involuntary bankruptcy by the Scott-Strevell Hardware Company a week or so ago. Mr. White admits his insolvency.
Mr. White's debts amount to \$3,094.44.

while his assets are \$2,540, of which \$250 worth of household goods is claimed to be exempt. The principal creditors are as follows: G. W. Thatcher, Logan, \$419.28; Hyrum Hayball, Logan, \$750; Scott-Strevell Company, Salt Lake, \$635.10; Scrowcroft & Co., Ogden, \$246.74; Burley & Pyrell, Chicago, \$122.19; Dunham, Carrington & Hayden, San Francisco, \$157.88; Tootle, Wheeler & Co., St. Joe, Mo., \$175.05. The assets consist of the following: One lot, \$25; stock, \$2,200; household

goods, \$250; open accounts, \$65.

FOR WHITE ROCK IN DIANS Agent Myton Carries in \$30,000 for Nation's Wards-Stories of Raids.

Agent H. P. Myton left the White Rock Indian agency for Salt Lake City on the 3rd, says a Denver News special. He goes to bring out the annuity money to the Indians, which amounts to about \$30,000. A detachment of twenty soldiers from Fort Duchesne met him at Price yesterday to act as

The accounts of the White River raiders in Colorado, as related by Game Warden Johnson, proved rather amusing reading to the people at the agency; seone intimated he must have included dogs, ponies and pappooses in his count, which, to five or six families, would about aggregate the number he is supposed to have seen.

To illustrate the fear from these Indians by tht whites here: The hall doors of the Employes building are left wide open all night the year round, and many of the employes do not even lock doors. The Indians who around the stores at the agency during the day disperse for their wickeups and are seldom seen after nightfall. A recent ruling by the war depart-

ment at Washington has been issued allowing employes on this agency who may be taken ill and in need of medical attention and nursing to be cared for at the Red Cross hospital at Fort Ducherne

Dr. Carter, who has been physician at Ouray for the past three years, was recently notified of his transfer to an agency in Wisconsin. He and farmily left for their new field of labor on the 4th of the month. His successor has not as yet been appointed.

SEN. COCKRELL OF MISSOURI

How He Was Elected by a Sixth of Vote-True to His Promise-4 Mighty Whoop.

Special Correspondence. Washington, January 10, 1900 .- When there were four committees created by the Senate to deal with the matters pertaining to the islands lately in possession of Spain and the Hawaiian group and one committe in the House to deal with the same islands, quite a number of people hastily said that this meant the dismantling of the foreign committees of both houses. But far from it, because the foreign committees have very much to do outside of dealing with affairs pertaining to the islands. It is true that the foreign committees heretofore have handled affairs coming from Hawati and Cuba. Previous to the Spanish war we had nothing whatever to do with the Philippines or Porto Rico, and legislation relating to those islands is simply an addition to what we had heretofore. As a matter of fact, save the events leading up to and the actual declara-tion of war between Spain and the The sanitary committee will recom-mend that Warden Dow of the State United States, Cuba was really a very small part of our foreign relations. In the future the same foreign complicaprison be allowed to cut ice from the tions which demand legislative consideration will continue, and these com-mittees will be fully as important as they were previous to the creation of

the new island committees. BY A SIXTH OF A VOTE. Senator Cockrell of Missouri is now serving his fifth term in the Senate, which will give him 30 years in that body on March 3, 1905, as long as Tom Benton served from the same State. Champ Clark of Missouri knows the political history and industrial condi-tions of his State better than any other man I know, and he tells much that is interesting concerning Cockrell.
"The experience of Cockrell in Missouri," said Mr. Clark, "has been most interesting. Cockrell was defeated for the nomination for governor of Missouri by one-sixth of a vote. It made him senator. Cockrell, during the campaign for the nomination, frequently made the statement that no matter who was rominated no man could throw his hat higher and shout louder for the ticket than himself. The convention met in the hall of the house at the State capital. The candidates were in the sen-ate chamber We have a way of bringing all candidates into the convention after the nomination, defeated well as successful, and all make speeches.

CARRIED OUT HIS PROMISE.

"The candidates were waiting, as ! when a committee came in and said that Cockrell had been defeated by one-sixth of one vote, and the men were ecsorted into the convention. Cockrell repeated the statement that he had made in the preliminary can-vass, and with that he took his broad brimmed, white slouch hat and threw it clear to the roof of the hall, at the same time uttering a whoop that shook the building. This incident caused more talk about him than if he had been named for governor, and when legislature met Cockrell was elected to the senate. A peculiarity about Missouri is that after a man has once been made governor he may be reelected, but he then retires to private life. If Cockrell had been elected governor, that would have been the end of I told him the other day that he ought to hunt up and provide for that man who cast a sixth of a vote against him, for it made him Senator beyond all question.

A MISSOURI CUSTOM.

"Will you tell me," asked Senator Tillman, of South Carolina, who was an interested listener, "how you can have a sixth of a vote?"

"In just this way," responded Mr. "There are some very small counties in Missouri which are allowed only on or two delegates in the convention, but send from six or a dozen men to cast those votes, each voting as he pleases. Thus, it often happens that candidates have a certain number of votes and fractions in halves, thirds fourths and sixths, as the case may be. Some man from a far back county cast his sixth of a vote against Cock ell and defeated him. It made him senator, and he'll remain in the Senate longer than any man who was ever member of that body.'

Then the war revenue bill was under consideration. Senator Tillman of South Carolina offered an amendment a duty of 10 cents a pound on tea. The Gridiron club visited Charleston recently, and Senator Tillman was of the party. "Before you people go home." he said, "I want you to see the one protected industry of South Carolina. You remember when I got that duty on tea you supposed I wanted to raise money for the government. Well, I say, I wanted to protect an infant industry of South Carolina." And so on our way home we stopped at Summerville and visited Dr. Shepard's teafarm, saw the growing plants, had the process of gathering and curing plained to us and also sampled for the first time American grown tea. years Dr. Shepard has been engaged in this work, gathering and applying all the information he could ob tain from Japan, China, India and Ceylon until he has become an expert. He says that it is now a success and that his last year's crop amounted to 36,000 pounds. Other sections may be adapted to tea culture, but he thinks that there are great possibilities for it in the South.

STATISTICAL REPORTS.

The wards in the Salt Lake Stake of Zion, which have not as yet sent in their statistical reports for the year ending December 31, 1899, are requested to forward them immediately to President Angus M. Cannon, 20 north Main street, Salt Lake City. The Elders are also reminded of their JAMES D. STIRLING. Slerk of Stake.

SHEEPMEN WERE TOO LATE Cattle Grazers Get Ahead of Them in San Luis Valley.

The sheep men of the San Luis valley are preparing to raise a rumpus because the State land board recently leased a 21,000 acre tract of grazing land to a party of cattle raisers, among them Senator "Billy" Adams, says the Den-ver News. It is the intention of the lessees to fence the tract and this will completely shut out the sheep men. This was admitted by Senator Adams

est against the lease. The executive told his visitor to make his protest to the land board. The selection of the land, it is said, does not interfere with

SAID TO BE ALUM POISONING Serious Case of Illness Reported from

the Use of Impure Baking Powder. Johnstown Penn., Tribune. The poisoning of the Thomas family, of Thomas' Mill, Somerset Co., four members of which were reported to have been made dangerously ill by impure baking powder used in mixing buckwheat cakes, has been further in-

vestigated.

The original can with the remainder of the baking powder left over after mixing the cakes was secured by Dr. Critchfield. The powder had been bought at a neighboring country store, Dr. Critchfield said that the patients had the symptoms of alum poisoning. the same kind of baking powder is sold city groceries, as well as try stores, Dr. Critchfield thought important that a chemical examination should be made to determine its gredients. He therefore transferred the package of powder to Dr. Schill, of this city, for analysis. Dr. Schill's report is as follows: I certify that I have examined chemically the sample of * * * * * baking

powder forwarded to me by Dr. Critchfield. The specimen contained alum. DR. FRANCIS SCHILL, JR., Analyst. Alum is used in the manufacture of the lower priced baking powders. It is a mineral poison, and for this rea-

son the sale of baking powders containing it is in many cities prohibited.

Flatulence is cured by Beecham's Pills.

SALT LAKE'S NEW HOTEL Located in the exact geographical center of the main business portion of Salt Lake City. Corner of Main and Second South Streets, 282 rooms, 81 bath suites,

100 large, light sample rooms. The eye of the luxury loving com-mercial man or the swell tourist, always rolling a favoring glance towards very centrally located and elegant, first class hotel, rests with complacent satisfaction upon this palatial hostlery. The Kenyon with all its luxurious

ELECTRO MACNETIC BELTS THE CURKENT GENERATED IN MY latest improved electrical appliances, enters the body in a gentle and unbroken stream for hours at a time, giving the wearer the full benefit of a current of electricity withfor hours at a time, giving the wearer the full benefit of a current of electricity without shock or disagreeable sensation of any kind. Should the current prove too powerful, however, it may easily be modified by observing directions. My belt is nature's vitalizer to build up and strengthen the sexual organs and for the cure of rheumatism, paralysis, kidneys, lame back, constipation, stomach and all nervous diseases, also gives quick relief, and in time a permanent cure in all female troubles. I have electric belts, abdominal supporters, magnetic vests, lung and spinal shields, leggings, knee caps skull caps, throat shields, foot batteries, etc. My belts have all new and up to date improvements, everyone is invited to call at my office. Examine my belts, get prices, printed matter and advice free. R. Goodrich, Electrician, wholesale and retail dealer. 275 Main St., Salt Lake.
