BUSINESS IN THE DISTRICT COURT.

In Case of Le Roy Varnez the Jury Brought in a Verdict of Guilty.

E. V. COOKE LECTURE MONDAY

Poet and Philosopher Appears in Tabernacle Under Auspices of Stake Academy—News Notes.

Ogden, Utah, Feb. 10.—"Guilty as charged" was the unanimous verdict rendered last evening by the jury who have for two days patiently listened to the testimony in the case of the state against Le Roy Varnez alias Letroy Castro charged with adultery. A most painful scene was enacted in the courtroom when the verdict was read by Court Clerk W. D. Van Dyke, Jr. The defendant and his young wife, who has remained by his side during the entire proceedings, evidently believing her husband innocent, must have fully expected an acquittal, as when the words were read "guilty as charged" the defendant fell over on the table in front of him as though in a faint and sobbed bitterly and his wife screamed hysterically and could not be quieted for some time.

Judge Howell announced that he would pronounce sentence on the defendant next Wednesday morning at 10 o'clock. The punishment for such a crime is imprisonment in the state prison for a term not to exceed three years or less than one year.

The evidence in the case was very conclusive. The complainant Miss Ruth White, an unfortunate and unsophisticated English girl, was the principal witness for the state, and her testimony was corroborated by Detective Pender, Captain Brown, Officer Layne and other witnesses. Varnez put up a hard fight, and denied ever having been out with the young woman excepting in the company of his

PROVO

REPORT OF MENTAL HOSPITAL

Important Decision in Water Suit—New Cannery Project Completed.

Special Correspondence.
Provo, Utah, Feb. 10.—The following extracts from the Medical Superintendent Calder's annual report, submitted to the state board of insanity, at the meeting of the board Thursday, shows a very satisfactory condition of the mental hospital. The cost of maintenance, considering the favorable conditions which exist at the hospital as regards cleanliness, sanitation and diet, may be considered as remarkably low.

There were in the hospital Nov. 30, 1933, 373 patients, 190 women and 183 men; there have been admitted during the year, 102 patients, 33 women and 69 men; the whole number of patients have been discharged during the year was 405, 204 women and 201 men; the maximum under care and treatment at any one time was 405. The minimum number was 373; 71 patients have been discharged over 70 years, and 49 men; there were 25 deaths, nine women and 16 men, four of whom were between 20 and 30 years of age, six between 30 and 50 years, nine between 50 and 70 years, and six over 70 years.

There were remaining in the hospital at the close of the year, Nov. 30, 1933, 373 patients, 190 women, and 183 men, this showing an increase during the year of six patients, two women and four men.

The percentage of recoveries, calculated upon the number of discharges and deaths, was 43.7-10; calculated upon the number of discharges it was 41.4-10. The death rate was 6.1-10 calculated on the whole number of patients under treatment, and 6.3-10 calculated on the daily average number.

The current expenses have been \$40,000, dividing this by 324, the daily average number of patients, gives \$123.13 as the annual cost of support, which is equivalent to a weekly cost of \$2.40 and a daily cost of .34-10 cents per capita.

The general health of the patients has been good during the year, and there have been no epidemics.

DECISION IN WATER SUIT.

Judge Booth has rendered a decision in the case of Martha Adamson et al. vs. American Fork et al. Plaintiffs are entitled to the right to apply such waters of American Fork creek as they are entitled to on any portion of their lands below or south of the state road needs water.

When the plaintiff's lands below the state road do not need water, the water belongs to the lands in said district as a whole, the same to be distributed to the lands which need it. A commissioner, not interested in the American Fork city council, to effect the provisions of the decree, one-half of the compensation to be paid by plaintiff, and one-half by the defendant. Defendants are to pay the costs of court and each side to pay the witnesses.

NEW CANNERY TO BE BUILT.

Messrs. Hathaway and Buser, who have been here for some time, representing the Hastings Industrial company of Chicago, have closed negotiations for a fruit cannery to be built this season. The plant will cost \$15,000 and be situated on the east side of the city. The money in excess of the cost of the factory will be used by the company, formed by the Hastings company, for operating expenses, buying representative for canning. A company, who will take charge of the erection of the factory, will be here next side upon the location, work will be commenced and the factory completed for this season's crop of tomatoes, fruit, etc.

Messrs. Hathaway and Buser came

At the Ogden tabernacle next Monday evening, Feb. 12, commencing at 8 o'clock, Edmund Vance Cooke, the poet-philosopher of America, and one of the most pleasing talkers of the age, will give a reading from his writings, under the auspices of the Weber Stake Academy. Several years ago the gentleman visited Ogden, making a favorable impression on the large audience who greeted him. The Omaha World Herald had the following to say of him: "It is not every poet who can unadorned, satisfy an audience with his writings for an entire evening, but E. V. Cooke is such an one and the time passes all too quickly. His writings are very good and with his pleasing appearance and presentation of the same before an audience, those who go to the tabernacle Monday evening are assured a genuine treat."

CITY BOARD OF EDUCATION.

The board of education last evening transacted the following business: The finance committee reported having received from county treasurer account 1933 taxes, \$5,000; tax redemption, \$118.40; sale of text books, \$2.88; cash on hand on this date, \$33,221.91. The study committee reported having purchased grade books for which it expended \$327.30. Report approved.

One new case of diphtheria was reported by the sanitary committee. This is in a family named Brown, residing on Grant avenue. The Browns have just returned from California where, it is supposed, they contracted the disease.

Teachers' committee reported having opened a new and additional room at the Quincy school, giving relief to both Quincy and Madison schools which have been overcrowded.

by lightning while working in the fields last summer, and for a considerable time it was believed he would die.

Old maids would be scarce and hard to find.

Could they be made to see, how grace and beauty is combined. By using Rocky Mountain Tea. Z. C. M. I. Drug Store, 112-114 Main Street.

BINGHAM.

OLD MINER TAKES OWN LIFE.

Thomas Jones in Fit of Despondency Shoots Himself.
Bingham, Salt Lake Co., Feb. 9.—Becoming morose and despondent over the troubles of his youth, Thomas Jones, an old-time miner, committed suicide in the rear of Miller's saloon this morning by sending a 45-caliber ball through his brain. The deceased has been engaged in mining in Alta and Bingham for the last thirty years and at one time held valuable locations in the former place. Jones, who had lately been despondent, and talked to his friends of an old love affair, and it is thought this trouble of his youth, along with the drink habit, brought him to take his own life. No relatives have as yet been located.

CALIENTE, NEVADA

TERRIFIC EXPLOSION.

Nearly Two Tons of Giant Powder Set Off by Some Miscreant.

Caliente, Nev., Feb. 9.—This morning about 3 o'clock this town was shaken from end to end by its very foundations by a terrific explosion of nearly two tons of giant powder. Though nearly everybody was frightened, no one was hurt. The explosion occurred just outside of town at the mouth of the Sibert mine. There are two tunnels at the Sibert mine used as powder magazines, one of which was used by the Caliente Mercantile company, containing 3,400 pounds of giant powder, and the other by the Sibert Mining company, which contained 500 pounds. The two tunnels are some considerable distance apart, but the powder in both places was exploded simultaneously. Men were working in the tunnel but were not injured.

Everything about the premises other than where the men were working in the tunnel was blown away or destroyed. This includes all of the new supplies recently shipped from Salt Lake and Los Angeles for Sibert property. From all indications the powder was exploded by some one who had it for the Sibert company. Fifty feet in for the Sibert company, a candle of fuse, a candlestick and a candle that were left in the tunnel in which the men were working were removed by some one and it is believed that they were used in the dastardly deed. Sheriff Johnson is on the ground, and he is giving the matter his personal attention.

There is a suspicion as to who did the job and it is probable that an arrest will be made of the suspicious character unless his mysterious actions during the last few days can be explained away.

THATCHER, ARIZONA

NEW MEETINGHOUSE.

Beautiful Building Costing \$20,000 Just Completed.

Special Correspondence.
Thatcher, Graham Co., Arizona, Feb. 4.—The good people of Thatcher ward held the first meeting in their new and commodious house of worship today. The building has just been completed and is the best of the kind in Arizona, built of beautiful grey stone, erected with skill and taste, and cost about \$20,000. The basement is set apart for amusements and has been in use for some time. The seating capacity of the assembly hall is about 800. The seats are of beautiful design in old oak and are put in a half circle, the choir is placed back of the pulpit and there are ample seats for the local Presbyterian congregation. Neatly arranged sacramental tables are erected in front of the stand, which was graced by a beautiful sacramental service of 15 pieces, presented by the Primary as-

BRYAN GETS SEVEN YEARS.

Judge Howell Sentences Man Who Burglarized Krumholz Car.

Ogden, Feb. 10.—This morning Judge Howell sentenced Eugene Bryan to seven years at hard labor in the state prison for burglary. On Tuesday last, Bryan was found guilty by a jury of burglary in the first degree. On Dec. 14 he broke into a Pullman car at the Union depot and stole a valise containing a quantity of valuable clothing. The prisoner will be taken to the state prison this afternoon by Sheriff Bailey.

TWO BOYS ARRESTED.

Ogden, Feb. 10.—This morning Special Agent Sullivan of the southern Pacific arrested two boys who gave their names as Ralph Mullinger and Joseph Wood, on the charge of stealing a valuable coat from Loveless, Nev.

BRIEFS AND PERSONALS.

William Southwell and Archie Corey of Idaho are spending a few days in Ogden with relatives and friends.

Sunday afternoon services will be held at 2 o'clock tomorrow at the Ogden tabernacle.

A character ball in honor of Albert Foulger, who is to depart soon on a mission, will be given next Wednesday evening at the Fourth Ward hall.

Lincoln's birthday will be suitably celebrated next Monday in all the schools of the city. Members of the G. A. R. will visit the various schools and deliver talks on the life and works of the great man.

Hon. Fred J. Kiesel has returned from an extended business trip to Oregon.

A Colonial ball will be given on the evening of Washington's birthday, Feb. 22, in the Fifth ward amusement hall, under the auspices of the I. O. O. F.

The Elks' minstrel show last evening was a huge success. A large audience greeted the fun makers, who appeared again tonight at the Grand Opera House.

The Weber stake Sunday school board has arranged for a grand Valentine ball to be given at the Weber stake hall next Wednesday evening.

Mary Davidson, a 6-year-old girl, was committed to the state industrial school by Judge Patton. The girl was an orphan and homeless, hence the officers thought the best place for her is the industrial school.

William R. Emmett will leave Ogden the first of next week with an outfit for the Uintah reservation, where he drew a homestead last year. He expects to locate on the property for the summer.

sociations at a cost of \$50. The Relief society has done its part well, having carpeted the aisles and stand. The young ladies are presenting the ward with a number of beautiful pictures. The house is well heated by five large windows on each side and two in front. There are three entrances, one on each side and one in front. The ceiling is low and is a beautiful piece of graining work, put together in an artistic way, and neatly painted. There perhaps is not a more attractive or better arranged assembly room to be found in any of the wards or stakes of Zion. It speaks volumes for the devotion and faithfulness of the Saints of Thatcher ward, who number about 84 souls. This granary of the Saints of the Thatcher ward has been accomplished in times of drought and flood, and when they had just lost a \$5,000 house by fire.

The floods of last year destroyed and swept away a great deal of good land, and filled up and destroyed the irrigation canals which have entailed great expense on the people, but they have met the condition bravely and will soon have their irrigation systems in working order again.

The warm days are making the fields look green, the trees and the putting forth their leaves, and all the farmers are preparing for an active season.

The floods of last October so injured the canal that the water has been out of the canal all winter. Winter wheat is backward.

The winter has been colder than usual owing perhaps to the heavy fall of snow in the surrounding mountains.
