EVENTS IN OGDEN STIR UP CROWD

Best Race Card of the Season Keeps the Fans Cheering.

SIX THRILLING CONTESTS.

Mac Comes Over the Tape a Winner in The One Mile Handicap Professional.

(Special to the "News.")

Ogden, July 17.—The races at the Ogden saucer last night were without question the best this season has offered. The seats were occupid by over 1,400 fans and the way they cheered and applauded the riders and stood up in hurrah style at the finishes was sufficient to show how well the meet pleased the big audience.

The one-mile handicap professional brought out the prettiest race of the night, the season and in the history of the Ogden track. McFarland, Samuelson and Hollister were the leaders in the fight for first place at the finish with Demara and Achorn in the race all the way through and fighting hard for places. McFarland was pulled by Provo Sam from the scratch and not until the sixth lap was passed was the bunch overtaken. Then a pretty sprint put Mac where he was in no danger of crossing the tape first. The finish was this way: McFarland, Hollister, Demara, Achorn. Provo Sam trailed in after his hard pedal work for Mac. That he didn't get in the money is not to say that his riding was not one of the features of the event.

The unlimited team professional saw Senhouse, Morgan and Achorn riding hard against Walker, Devonevitch and Mitten. Mitten was dropped first, then came the Russian and after riding hard for five miles and three laps, Walker dropped out after going it alone against the other team with a lead that held the race in doubt until he gave up.

McCormack failed in his attempt to establish a new record for the mile motor paced. He fell 3-5 of a second behind the record Hardy Downing made on the Salt Palace saucer in 1905, 1:24 1-5.

The summary:

One mile handicap, professional—McFarland, scratch; Hollister, 65 yards; Demara, 50 yards; Achorn, 125 yards. Time—1:52 3-5.

Half-mile open, amateur—Lawrence, Schnell, Diefenbacher. Time—1:00 1-5.

Unlimited team professional—Senhouse, Achorn, Morgan, Walker, Devonevitch, Mitten. Distance—5 miles, 3 laps. Time—11:31.

One mile motor paced, against time amateur—H. E. McCormack, paced by F. E. Whittler. Time—1:27 2-5.

Unlimited Australian pursuit, amateur—Lawrence, 44 yards; Giles, 66 yards; Crebs, 110 yards. Distance—3 miles, 1 lap. Time—6.51 2-5.

One mile match team professional—McFarland, Downing; Samuelson, Hollister. Time—2:23 3-5.

OLYMPIC GAMES BADLY MANAGED

London Press Very Free in Its Criticisms, Giving Good Advice To Those Responsible.

AN APOLOGY TO AMERICANS

For Failure to Use an American Flag In Decoration of Stadium On Opening Day.

London, July 16.—The unfortunate circumstances which have made this year's Olympic games a failure so far as the general public is concerned are openly stigmatized by newspapers as bad management and lack of proper organization. Those responsible for these deplorable conditions are urgently advised to greatly reduce the prices of the seats and to remove the petty annoyances, such as refusing readmission to the stadium without repayment, which tend to deter the public from visiting the Olympic games. Another grievance is that all except the expensive seats are uncovered so that while the occupants of the shilling and sixpenny benches are sitting in a drenching rain, the costly-covered seats are empty.

The newspapers teem with suggestions for attracting the public, but as the management is divided between the directors of the Franco-British exhibition and the Olympic council there is little chance of any effective remedy being adopted before it is too late to save the situation.

Lord Desborough apologized to the Americans for the failure to use a single American flag in the decoration of the stadium on the opening day. The omission to do so, he says, has since been remedied. He then takes up the complaint of the Americans regarding the conduct of the sports. The question of the pole vault was referred to the Amateur Athletic association, which decided not to allow all the Americans to dig a hole for the pole, but acceded to the request to have pits filled with sand for landing on.

With regard to the question of heat drawings, Lord Desborough pointed out in his letter that the drawing had already been made in the various heats and could not be altered, although this had not been asked for. The Athletic association, he said, had invited the American committee to have a man in the arena during the progress of the events in which America was interested, and Mr. Halpin, the American manager, had been appointed to this position.

After reading Lord Desborough's letters, Commissioner Sullivan replied that if the drawings were already made the Americans would like to see them before the day on which the events were to be contested, a privilege which heretofore had not been accorded them.

No official announcement is obtainable as to how the British Olympic association is going to decide the Olympic championship, but the system adopted by the London sporting papers in arriving at the respective positions of the various contests has been generally accepted. This system awards one point for each winner, ignoring seconds and thirds, and includes all sports carried out under the auspices of the association, whether within the stadium or outside of it.

James E. Sullivan, president of the Amateur Athletic union, and United States commissioner to the Olympic games, said to the Associated Press tonight:

"We came here as we went to Paris and Athens with a field team, and are making a fight in the field events, caring nothing for the other sports. We asked that the championship trophy be put up for the field sports, but this request was not acted on, so we will simply take the score in the field events, counting first five points, second three points and third one point, and figure out the American score on this basis."

THE MAYOR TAKES A HAND

His Honor Will Start the Races for the Hopper Benefit Next Thursday.

Mayor John S. Bransford has entered the bicycle game and will officiate as starter of the races for the Hopper benefit at the Salt Palace saucer next Thursday night. Mayor Bransford is not a new figure in the racing game, but his activities have heretofore been with fast horses under the saddle and in front of sulkies. To make the change from horses to bicycles, his honor, the mayor, will begin training at once. He has taken his revolver from its holster and has already oiled up its joints and has provided himself with 1,000 rounds of blank cartridges. He will begin target work in the Bransford garage today. When his friends saw him buying revolver cartridges, they first thought he was going after the "persauders" in old-time western style, but he assured them that it was the Hopper race he had in mind and nothing else.

The activity of the mayor is not the only activity in this direction. Every rider, trainer and fan is interested and the saucer will not hold all the people who want to see the feature laden card to be on the saucer next Thursday night. Do not forget that date—it means a great deal to Norman Hopper, who was plucky and popular among the race fans until he met his painful accident on the saucer several weeks ago. Hopper is still popular and is trying hard to be plucky in his fight with pain and his battle for life against odds on his cot at the hospital. And by the way, the word from the hospital is most cheering. Hopper is improving daily and his physicians say that his chances for recovery increase each day. His nerve, rather than his medicine, is pulling him through and he retains his determination to get well in spite of all odds against him.

The committees in charge of the Hopper benefit are meeting this afternoon in the Kenyon hotel to finish up the details of the meet, list entries, handicap, and make the teams for the Australian pursuit race.

OCCIDENTALS VS. BOUNTIFUL.

The Occidentals are playing the Bountiful team at Lagoon this afternoon, the game being called at 4 p. m.

TWO NEW MEN SIGNED.

Leo Fuchell, a southpaw and Arthur Varenhorst, two men from La Grande, Oregon, were out to practise last evening and showed up in a way that delighted the bunch. Both are huskies and will add a lot of strength to the White Wings. Four men were released yesterday. The team is now made up and in the next team will show up as only a finely organized, systematically trained bunch of tossers can. Victory is the password.

THE GLIDDEN TOUR.

Albany, N. Y., July 16.—Starting this morning at Milford, Pa., 52 contesting cars in the Glidden contest finished today's journey at Albany, a run of 152½ miles. The longest one day's trip since the contest began. The last car arrived at 9:45 tonight. Five teams still have perfect scores in the Glidden contest. Tomorrow the run will be from Albany to Boston, 194 miles.

TWO NEW TURF RECORDS.

Terre Haute, Ind., July 16.—Jack Leyburn, 2:08½, established two world's records today in the 2:09 trot. One mark was 2:04¾, the fastest third heat in a race, and the other was the three fastest heats ever trotted by a gelding.

The average for the three heats was 2:06. This is one-third of a second slower than the world's mark, set by Alix on the Terre Haute track 14 years ago.

SULLIVAN UNDER THE KNIFE.

Pete Sullivan left St. Mark's hospital yesterday after undergoing an operation. Sullivan claims he was fouled by Thompson in his fight with him last winter. When he came here, he says, he was still under treatment and had just left a California hospital. In his last fight with Thompson he says he was fouled again and a second operation was necessary. Sullivan intends to spend the summer recuperating on a ranch and to enter the fight game again next winter.

Z. C. M. I. GETS AT LEHI.

The Z. C. M. I. team took Lehi into camp yesterday in the home town of the Lehi men, the tune played being 10 to 1. Barbour pitched a great game for the Z. C. M. I. nine.

KETCHEL-FITZSIMMONS.

Sopkane, July 16.—Stanley Ketchel has accepted Bob Fitzsimmons' challenge to box for the middleweight championship of the world. The contest is to be held near this city some time during the month of August. Fitzsimmons is reported to be in pretty good condition but he has a tough "nut" to crack in Ketchel, who is fast outgrowing the middle class and before another year will be one of the best heavyweights in the country.

BOYS AHEAD OF SCHEDULE.

Utica, N. Y., July 16.—The relay message from New York to Chicago arrived here at 1:05 this afternoon and was sent westward by the runners without a moment's delay. Representative James S. Sherman, the vice presidential candidate, passed the message from the runner who brought it to the one in waiting.

Taking the message from Johnstown runners at Little Falls, 22 miles east of this city, at 11:05 o'clock, the Utica runner scarried the message into this city over two hours ahead of schedule time.

TRACK GAMBLERS LED AWAY IN HANDCUFFS

New York, July 16.—There were exciting scenes at the Brighton Beach race track today, resulting from the tactics of the police in their determination to run down and round up the track gamblers. Arrests were made right and left by plain clothes detectives detailed to the track in place of the uniformed squad that has been on duty there. The crowd of 5,000 in the field and the stand was wrought up to a pitch of excitement when detectives not only took a score or more of suspects into custody, but proceeded to search some of them in full view of the spectators. There were no demonstrations against the officers, however, and their work was accompanied by nothing more serious than outspoken remarks of disapproval at the treatment accorded the prisoners, some of whom were brought handcuffed from the field through the grandstand. It had been hinted before the afternoon racing began that extreme measures would be taken even to the extent of closing the track if the anti-betting law was flagrantly violated or if there were any riotous demonstrations. The behavior of the crowd in general was excellent, however, and no radical action was deemed necessary.

Some of the men arrested on the track were released after being escorted out of the grounds. Eight men, however, were taken to Brooklyn police headquarters and afterward released on bail for a hearing tomorrow morning.

The grand jury investigation of conditions at the tracks is proceeding and District Attorney Elder of Kings county said today that within 24 hours he expected indictments of important persons in connection with the alleged violations of the anti-betting law.

LONDON PAPERS COMMENT UPON POOR MANAGEMENT

London, July 16.—The unfortunate circumstances which have made this year's Olympic a failure so far as the general public is concerned are openly stigmatized by newspapers as bad management and lack of proper organization. Those responsible for these deplorable conditions are urgently advised to greatly reduce the prices of the seats and to remove the petty annoyances, such as refusing readmission to the stadium without repayment, which tend to deter the public from visiting the Olympic games. Another grievance is that all except the expensive seats are uncovered so that while the occupants of the shilling and sixpenny benches are sitting in a drenching rain, the costly-covered seats are empty.

The newspapers teem with suggestions for attracting the public, but as the management is divided between the directors of the Franco-British exhibition and the Olympic council there is little chance of any effective remedy being adopted before it is too late to save the situation.

KAMPS IN BAD FALL.

Wiesbaden, July 16.—M. Kamps of Kansas City, the hope of the American gymnasts in the approaching tournament at Frankfort, fell from the horizontal bar during an exhibition here last evening and injured one of his hands so badly that it is feared he will not be able to compete at Frankfort.
