FRAGMENTS.

TRAMPS are again becoming numerous in this city.

W. E. Smedley leaves to-morrow for California.

See Freeman's Fish Story in another column of this paper.

THOS. WILLIAMS, for getting drunk and disturbing the peace, was fined \$10 to-day.

JOHN CROCKER was to-day sentenced to 75 days' imprisonment for vagrancy.

GEO. F. SMITH goes north to-morrow, in the interest of Grant Odell & Company.

THOS. D. & R. G. trains, which have been delayed the last three days, will arrive this evening.

WM. DALY, for being drunk, profane and obscene, was fined \$25 in the police court to-day.

SEVERAL parties were arrested to-day for using water from the mains without paying a license therefor.

A VALUABLE instrument, used for the examination of the eye, has been stolen from the Deseret Hospital.

The Lake Park resort is to be opened on the 28th, provided the necessary preparations are made by that time.

CONSIDERABLE annoyance has been caused in various localities in the city by boys damming up the irrigating ditches to catch the fish which come in from the canal.

THERE are quite a number of places in the city that should be visited by the nuisance inspectors. There is more than enough work for one inspector during this hot weather.

THE masius used in moving the stones on the Temple were raised 114 feet to-day, preparatory to continuing the work on the towers. Rocklaying will recommence in a few days.

WM. HALEY was arrested yesterday on the charges of drunkenness, profanity and obscenity, and being taken to the City Hall he kicked, and fought so viciously that the additional charge of resisting an officer was booked against him.

THE Olympic Club will give an entertainment in Jennings' Hall this evening. In addition to the exhibition given by the members of the club, several well-known athletes, among whom are Charles Mott, Duncan McDonald, Charles Lang, D. A. McMillan, and J. Dillon, occupy a place on the programme.

THOMAS WILLIAMS was in a saloon at the corner of Commercial and Second South Streets last night, and having imbibed freely of intoxicants, he became unruly and quarrelsome. When the row proceeded he threatened to shoot the saloon keeper, W. Stahl, and was taken in custody by the police, on the charges of drunkenness, disturbing the peace and threatening to shoot.

LOCAL NEWS.

Narrow Escape.—Yesterday afternoon a boy whose name we have not learned had a narrow escape from a fearful death, at American Fork. The engineer of the neighborhood Utah Central passenger had "blowed up" for a flock of sheep, and a short distance beyond saw something that looked like old clothes lying on the track. When the train came closer he discovered that a boy about eight years of age was lying there asleep. The locomotive whistle was sounded, awakening the lad, who rolled off the track just in time to avoid being crushed to death.

The Celebration on Saturday.—The committee who are managing the celebration proceedings for Saturday, the 24th, tender a special invitation to all prisoners to attend. Children from the country will be welcome.

Parents, Bishops and Sunday school superintendents are kindly requested to take an interest in seeing that the children are ready in time to leave the several school houses at half-past nine, so as to be at the Tabernacle ready to begin proceedings not later than ten o'clock.

Limbs Amputated.—A gentleman named Gottlieb Stahr has been placed in the Deseret Hospital for attendance. His leg was affected with gangrene, and an examination showed that mortification had set in seriously, the circulation of the blood having stopped near the thigh. A consultation was held, and it was decided that the only hope of saving his life was to amputate the limb near the thigh. The operation was successfully performed last evening by Drs. W. F. Anderson, Hamilton, Hall, Belle and Jesse Anderson. To-day the patient was resting easily, with favorable prospects of a speedy recovery.

Youthful Burglars Arrested.—The officers have now in custody five boys, ranging from 10 to 14 years of age, on a charge of burglarizing Stables' house on 10th and Temple Streets. The boys are Lucien Adams, James Kindrup, Florence McDonald, "Buck" Due and Noble McDonald. The first two on the list were arrested at Ogden by Sheriff Ballantyne, and the rest were found in this city. The Due boy made a full confession of the whole affair, naming the articles that were taken. Among the stolen goods was the pistol with which Due shot little Darwin Irvine on Tuesday evening.

"Sweet Fields of Eden."—James A. Thompson writes from Eden, Weber County:

"The health of the people is good; the crops look well, and the prospect is fair for a very good harvest. We have had the hottest spell of weather this summer that I have experienced in six or seven years in Eden; no rain to do any good for the last four or five months, but it has been cool and pleasant mornings and evenings. We have a programme out for the celebration of the 24th, consisting of speeches, songs, a baseball match, etc., which will be in the evening with a performance by the Eden Dramatic Club. They will present the two-act drama of 'The Lost Diamonds,' followed by the laughable farce of 'The Irish Tiger.' Concerning the Ethiopian search of 'The Ticket Taker,' or the Masquerade Ball,' to which the News staff is specially invited."

Accidental Shooting.—On Sunday morning last John Storr accidentally shot Ernest Boyer, a youth 16 years of age and son of John S. Boyer, Esq., of Springville. The boys were camping with a party of young men in Hobble Creek canyon and had gone about three miles from camp to shoot chickens. Young Boyer had wounded Ernest. He was in the act of borrowing some powder of his companion to reload his pistol, Storr held his pistol in his hand cocked, and while he was getting the powder from his pocket the ball passing clear through the body of Ernest, just below the right breast. The wounded boy rode at once to Springville. Dr. Fisk dressed the wound. This morning he received a dispatch stating that the patient was sinking and asked him to come over at once. The Territorial Engineer, July 22.

BY TELEGRAPH.

THE WESTERN UNION TELEGRAPH LINE.

AMERICAN.

LATEST BY LIGHTNING.

The "Galatin" Fails to Arrive.

Boston, 22.—The English yacht Galatin has not yet been sighted. She has been out more than 24 hours. Ordinarily she should make the passage from Southampton to Marblehead in 21 days. Allowing two days of delay on account of fog and headwinds, she should have been in on Tuesday.

A Treasurer who is "straggling" to the tune of \$200,000.

Boston, 22.—The directors of the Lowell Bleachery, a large and wealthy concern, have removed Samuel G. Gooding from the office of treasurer, which he has held for 25 years. A committee was appointed to investigate the accounts. Its chairman, the deposed treasurer, has been guilty of grave irregularities. The amount missing is not known and it may be anywhere from \$200,000 to \$500,000.

Indian Property Captured.

San Francisco, 22.—Acting Adjutant-General McCrever reports having received this morning a dispatch stating that Captain Lawton with his command surprised the camp of Young River, about 130 miles south-west of Campas, Sonora, or nearly 300 miles south of the Mexican boundary line, capturing all the Indian property including a large quantity of dried meat and horses.

A New Railroad for Colorado.

Denver, Col., 22.—The Colorado Midland Railway Company has just let a contract for the grading of its road from Colorado Springs westward to the Platte River near Florissant River. The road has been engaged for some time in grading between Colorado Springs and Aspen, and the announcement is now made that the line between the crossing of the Platte and Leadville will be shortly made. The line as projected, extends through the Use Pass over Hayden Divide range constituting the Western line of the route through South Park and through the Continental Divide by means of a tunnel 2,300 feet long. The last two miles being overcome near the timber line at an elevation of 11,000 feet above the sea level. The country is very rugged and a considerable portion very snowy during six months of the year, and ruling grades encountered are one hundred and fifty-eight feet per mile, but when complete the road will be a short, level, mountain line from the eastern base of the mountains to Leadville. The total length of the line projected is about 240 miles, and the estimated cost about eight million dollars. Considerable speculation is afoot as to whether the enterprise is independent or backed by one of the east and west lines now looking towards Colorado.

A Gala Day in Albany—President Cleveland Present.

Albany, 22.—Albanyans have given themselves up to a day of festivity to-day to the task of celebrating the incorporation of the city by Governor Douglas just 30 years ago. The day broke loose at midnight when the bells announced the arrival of the anniversary. The city was illuminated. Men and boys and even women went up about the principal streets blowing horns and singing. The celebration was continued until daylight. Men and boys and even women went up about the principal streets blowing horns and singing. The celebration was continued until daylight. Men and boys and even women went up about the principal streets blowing horns and singing. The celebration was continued until daylight.

J. W. McMurrin's House Searched.

About half past ten o'clock last night Deputy Marshals Greenman, Cuddehe, Smith and Gleason visited the house of Joseph W. McMurrin, in the Third Ward, and searched for the gentleman. Upon being informed that he was not there they presented their authority to search the premises. Greenman and Smith standing guard outside, while Cuddehe and Gleason thoroughly ransacked the house, out-buildings and grounds. Every nook and corner was examined for the missing man. Beds were turned up, window curtains shaken, the stove looked under, chairs, brooms and other small articles searched, and the examination, but no trace of the object of the search could be found. The house was gone over twice, and the deputies were greatly disappointed at their failure. They had received information a couple of days before that Mr. McMurrin was at home, and had evidently made sure of their game. It is probable, however, that the neighbor who gave the information had seen Mr. James L. McMurrin going to the house, and mistaking him for his brother, whom he somewhat resembled, he rushed off with the news. At any rate Joseph W. McMurrin was not in the vicinity, so the visit was a failure. Deputies Greenman, Cuddehe and Smith were quiet and courteous in performing their duty, and Gleason probably came next acting like a gentleman as the fellow is able to do.

Another Burglary.—Some time between 6:30 o'clock last evening and this morning a house belonging to Mrs. Emery, at 209 N. Fourth West Street, was entered by burglars, who forced in a back door. Every article of the house was ransacked. All the door keys, six pairs of blankets, a pistol, knives, spoons, silverware, books, landcloths, and other articles were taken. The goods were subsequently found cached near the back door, and the police set a man to watch them. This afternoon the guard saw two young men approach and taking part of the goods, started. He immediately arrested them, and headed toward the City Hall. The two prisoners were Joseph Ladd and Frank Luckhardt, the former about 20 years old and the latter 17. When caught along the side of the Temple Block, about 3 o'clock, Ladd threw a handful of cayenne pepper in the guard's face, and springing from the wagon in which they were riding, ran off, with several parties in pursuit. The guard held on to the other prisoner, and lodged him in jail. He confessed the crime, and quite a number of stolen articles were found in his possession. It is probable that Ladd will be recaptured, as the officers are on his track.

Diphtheria in Summit County.

William Staley, of Union Summit Co., has been called upon to suffer the loss of three children, two boys and one girl, by that dreadful disease diphtheria, inside of ten days. They were aged from two to eight years. They leaves the family with only one child. The afflicted parents have moved from their home into a wagon. The unfortunate family a short time ago had a new house burnt to the ground. Their lot seems more than human nature can bear.

Other households are afflicted with diphtheria. Every precaution is being taken to prevent its spread. A quarantine physician has been summoned. A brother of Mr. Staley has the disease in his family at the saw mill in the mountains above.

The Stevens Family.—Dr. E. Stevens, 145 First East Street, this city, is engaged in compiling a work that will be of special interest to those persons who have a family name of Stevens—also spelled Stephens. It is no less than a history of the branch of that section of the human race from which she sprang and to which she belongs. By means of clearness, she seeks to picture from different persons who bear the name. The information ought to be promptly conveyed, that the lady may thus be enabled to prosecute the undertaking in which she feels a deep interest. When the work is complete it will doubtless be of considerable use to a good many others besides herself.

Theater.—The well-known comedian, John T. Raymond, appears at the Theatre on Friday and Saturday evenings next. Of the pieces to be presented on Friday, the Philadelphia Times says:

"The Magistrate" will have another week at the Walnut. It is one of the best farce-comedies ever seen here, and has already won the strongest favor. From the opening to the close of the performance, the audience is kept in a state of intense interest. The supporting company is thoroughly competent, and the play in many respects far different from anything by him before, and is generally of a much better order. His "Eneas Porter" is a decidedly good improvement. The supporting company, which includes Kate Forsyth, is admirably selected for the work to be done, and makes altogether a strong combination. The Magistrate has met with a much more successful reception than the last time it was presented. Address changed.—The New York address of Church emigration agent, James H. Hart, has been changed to No. 20 Broadway.

Of the latest of the "Lovers of Quilover," of Logan, fell into a well. It was rescued shortly after, but slightly injured.

For latest styles of SIDEBOARDS go to STORSEN & CARLQUIST'S, 119 Main Street.

A letter from Central Siberia says:

"The markets of Irkutsk are an interesting sight in winter time, for everything on sale is frozen solid. Fish are piled up in stacks like so much cord-wood, and meat likewise. All kinds of fowl are similarly frozen and piled up. Some animals brought into the market whole are propped up on their hind legs, and have the appearance of being actually alive; and as you go through the markets you seem to be surrounded by living pigs, sheep, oxen, and fowls. But stranger yet, even the liquids are frozen solid and sold in blocks. Milk is frozen into a block in this way, with a string tied to each corner for protecting from it, for the convenience of the purchaser, who can take his milk by the stick and carry it home swung across the shoulder. So, in a sense which is unknown in other countries, a man can buy his drink with a stick in it."

A Treasurer who is "straggling" to the tune of \$200,000.

BOSTON, 22.—The directors of the Lowell Bleachery, a large and wealthy concern, have removed Samuel G. Gooding from the office of treasurer, which he has held for 25 years. A committee was appointed to investigate the accounts. Its chairman, the deposed treasurer, has been guilty of grave irregularities.
