NEW KAWICH ROAD.

Starts From Callente and Goes by Pahranagat Valley.

A new road is proposed from Call-ente to the Kawich country, which is not only by several miles the short-est by which freight can be trans-ported from the railroad, but will open ported from the railroad, but will open a road over which the farmers of our valley can haul their produce and nd a ready market, says the De-fine a ready market, says the De-find a ready market, says the De-leave Caliente via the old freight road to Grassy 28 miles, thence to Crystal Springs in Pahranagat valley, 22 miles, from Crystal Springs it will run due west to Reed Springs summit, a dis-tance of 10 miles; from there to Tica-boo Springs is 20 miles, and from Tica-boo Springs to Chalk Springs 10 miles; boo Springs to Chalk Springs 10 miles from Chalk Springs to Kawish 20 from Chalk Springs to Kawish 20 miles, making the entire distance 110 miles, by several miles the shortest route from the railroad to the Kawich mountaing.

meuntains. Not only is the route an advantage to those going to the new country, but will open a good road for our farmers and ranchmen to transport their pro-duce to market and will open a market for all that can be raised. Pahranagat valley can raise an abundance of everything the is use-ful. Fotatoes grow there in abundance, and all kinds of vegetables thrive be-yond measure. And the crops of hay

and an analy of vightances in the be-yond measure. And the crops of hay raised there are beyond comprehension, but the almost impossibility of hauling these products to market has heretofore made it unprofitable to raise more than

nough for home consumption. This route is by far the best watered road to the new Eldorado, 20 miles be-ing the longest drive without water, feed is good along the route, and considering that it is through a desert country, it is an exceptional road.

THE OHIO-TONOPAH.

Stockholders Meet and Choose New Board Of Directors.

a meeting of the stockholders of At a meeting of the stockholders of the Ohio-Tonopah, held at Youngstown, Ohio, F. M. Kirk, F. Bilings I. T. Cop-pock, C. H. Wellman, Thomas E. Young and James C. Wallace, all of Cleveland. F. L. Robbins, Pittsburg: J. G. Butler, Jr., and C. S. Crook, Youngstown, Ohio, were elected directors were elected directors

Pittsburg-Salt Lake Company Brings One in at Spring Valley.

At the offices of the Pittsburg-Salt Lake Oil company this morning word was received from Spring valley, Wyo., that the superintendent of the company was successfully bringing in another well in that district. Manager A. V. Taylor says plans are going ahead for the erection of the pro-posed refinery.

FROM ROCK CANYON.

Garden City Mine, Near Provo, to Inaugurate Shipments.

Provo, March 6.-In a few weeks at the longest, the first carload of ore will e shipped from the mines of the Garbe shipped from the mines of the Gar-den City Mining company in Rock can-yon, and the prospects are very favor-able for regular shipments thereafter. The company has now completed its chute to carry the ore 1,200 feet down the mountain from the upper tunnel to the bottom of the canyon, where it will be loaded on wagons and taken to the be loaded on wagons and taken to the

railroad. Work is progressing steadily on the lower tunnel, 300 feet below the upper tunnel, and as stages and pockets of ore are now being encountered in the breast of the tunnel it is expected the vein may be opened up at any time. If it is that will show the permanecne of the vein for 300 feet at least, and if the quality and quantity of ore equals that in the upper tunnel, there will be enough ore to give the company big enough ore to give the company big returns for the money put into the mine for the last three years. It will mine for the last three years. It will also demonstrate that the vein con-tinues down, and a turnel can be run from the level of the canyon, which will be 1,200 feet below the surface. This, with the prospect for an increase in the size of the vein and the quality of the ore, is a very encouraging condi-tion, and if the prospects are realized the Garden City company will be handthe Garden City company will be hand-somely remunerated for its enterprise, and numerous other mines will be opand numerous other mines will be op-ened up on the same ledge, which ex-tends for miles. Several companies are now at work on different properties. and success of the pioneer company will act as a stimulous to mining men to make the necessary investments for the development of the district.

BULLION-BECK OFFICERS.

Old Board of Directors Retained for Another Year.

At the annual stockholders' meeting At the annual stockholders' meeting of the Bullion Beck & Champion Min-ing company, held this forenoon, the old board of directors was re-elected, which was organized by the selection of P. T. Farnsworth, president; Joseph F. Smith, vice president and treasurer: M. C. Morris, secretary; who, with James A. Cunningham, A. E. Hyde, H. C. Lund, P. T. Farnsworth and P. T. Farnsworth, Jr., constitute the board. The mine has been operated princi-pally by leasers during the past year, pally by leasers during the past year, from which considerable revenue was obtained Only a verbal report was made by President Farnsworth.

Hives are a terrible torment to the little folks, and to some older ones. Easily cured. Doan's Olntment never fails. Instant relief, permanent cure. At any drug store, 50 cents.

THE CURIO SHOP

r. and C. S. Crook, Youngstown, Ohio, ere elected directors. The company is going ahead with the The company is going ahead with the

The Uncle Sam Consolidated is in the market with two cars of crude ore today.

Joseph Dederich will leave tonight for Twin Falls, Ida., on a brief business trip.

The old Cactus mill and smelter have been purchased by the second hand machinery dealer. H. E. Carey, who is now located in New York, has gone to Mexico to look after mining interests.

Henry M. Crowther of the Continen-tal-Alta mines expects to leave for Alta tomorrow morning.

W. H. Irvine, who has been out of the city for the past five months, has returned from St. Louis.

An assessment of 10 cents a share is pending on the stock of the Halifax-Tonopah Mining company. General Manager Lee Hanchett of the Newhouse mines is expected to arrive

home from Colorado tomorrow. Walter S. Keeley, general manager of the Yampa mines, departed yesterday on a business trip to California.

A large flow of water has been en-countered in the tunnel being run on the Bog property in American Fork canyon

A. F. Holden has gone to California to examine the Mammoth mine, in Shasta county, California, which is being equipped with smelting facilities.

J. A. Butchart, secretary and treas-urer of the Ophir Tunnel Co., has ar-rived from Duluth, Minn., and is in-specting the property of that concern at Ophie at Ophir.

Work will commence shortly on the construction of the concentrating mill for the Jordan property of the United States Mining company, mention of which was made in the "News" some time ago.

W. J. Craig, who has for a long time served the Yampa mine as superin-tendent, has tendered his resignation in order to devote his attention to other interests with which he is identified. He is extensively interested in the Kennebec mine at Alta.

The New York Commercial says: A significant remark was made yester-day by an official of the American Selting & Refining Co. in regard to the reported purchase of the Tacoma, Wash., smelter by that organization. "A New York syndicate," he said, "has practically closed its option on the property, which will be managed by an independent concern in which the American company will be largely in-terested." The New York Commercial says:

George Brown and Mike Delany, owners of the Silver Boot group of claims west of Caliente, sold out their interests this week to James & Fletch-er, of Trinidad, Colorado, for \$20,000, of which ten per cent is paid in cash and the remainder in two equal pay-ments on six months and one year's time. These properties were located one year ago and there are now over sixty tons of shipping ore extracted and ready for shipment.—Callente Ex-

Col. Nelson Fiske, representing the Amalgamated interests, arrived in Caliente this week from New York City, and will look over the mining situation here and down the line with the purpose of making purchases of promising prospects for his company. Colonel Fiske states that an immense aount of interest is being evinced in the east in southern Nevada since the completion of the railroad and that abundant capital will be put into min-ing propositions here to develop the country to its capacity.—Collente Ex-press. press.
