Crop Report.

CHICAGO, June 19.—The following is the weekly crop summary printed by the *Farmers' Review*:

At this date of writing the winter wheat crop in all sections has so nearly reached a state of maturity that reports show no change in its condition and none will take place, unless hail, insects or rust should damage the ripening grain. Eight winter wheat-growing states report an average condition of the crop at 89 per cent. Our reports on its condition in different states are as follows:

Twenty counties in Illinois report an average condition of 89 per cent.; insects and drought are little complained of. Eight counties in Indiana report the condition at 91 per cent. Kansas counties report no improvement in the crop; the damage by insects is very serious in Marshall, Smith, Franklin and Neosho counties. Kentucky reports an average condition of 96 per cent, with damage by insects in Hardin County. Michigan reports an average condition of 93 per cent. Missouri counties report the average condition at

100 PER CENT.

Ten counties in Ohio report a condition of sixty-eight per cent. Seven counties of Wisconsin place the average at 93 per cent, with damage by chinch bugs in Portage County.

The condition of spring wheat in the different states is as follows:

Wisconsin counties report an average condition of 83 per cent. Seventeen counties in Iowa at 84 per cent. Eleven Minnesota counties report an average of 87 per cent. Nine Nebraska counties place the average at 90 per cent, and six counties in Dakota report an average of 100 per cent.

The condition of the oat crop, from drought and insects, is everywhere below the average.

Corn prospects are first-class.

Hay and grass is short from drought.

Fruit prospects are fair.

Severe Earthquake.

CHARLESTON, June 19.—The *News and Courier* reports a startling shock of earthquake at Summerville at 10:37 this morning accompanied by the most prolonged roaring since October 22d of last year. Charleston is quiet.

Weather Bulletin.

WASHINGTON, June 19.—The signal office has issued the following weather bulletin for the week ending June 18, 1887.

TEMPERATURE.

The weather has been warmer than the average for the week except at stations on the Atlantic and gulf coasts, in the west gulf states and on the Pacific coast north of San Francisco. In the wheat and corn regions of the north the excess of temperature for the week has been from 25 degrees to 70 degrees, an average daily excess above the normal of from 4 to 10 degrees. The greatest excess of temperature occurred in the northwest and the weather conditions of the week are reported as especially favorable for wheat and corn except in sections of Illinois, Iowa and eastern Missouri, where all the crops except corn have been more or less injured by drought. The temperature for the season from January 1st to June 1st, 1887, in the corn and cotton regions, has been in excess of the daily average, ranging from 1 to 2 degrees, while on the south Atlantic and Pacific coasts and northern California the temperature for the season has been slightly below the normal.

RAINFALL.

During the week there has been a deficiency of rainfall generally throughout the agricultural regions east of the Rocky Mountains except in sections of Michigan, Wisconsin, Minnesota, Nebraska and Kansas. The deficiency in Iowa, Illinois and southern Wisconsin exceeds five inches, while an excess of five inches is reported from the north Pacific coast and upper Ohio valley.

The week has been generally favorable for staple crops, there has been more than the average amount of sunshine in the central valleys and the weather has been especially favorable for harvesting, which has been largely completed for wheat and hay in the Southern States, and now extends to the forty-second parallel in many sections of the whole region.

Another Robbery.

BALDWIN, St. Louis Co., Mo., June 19.—The Baldwin and Manchester stage, which runs from here to Barnett's on the Missouri Pacific twice a day, was stopped this afternoon about 6 o'clock, when returning at about half a mile from Barnett's, by three masked men. The men were concealed in the thick underbrush which skirts the road on both sides near what is known as Sugar Creek bridge, and as this stage with its fifteen passengers approached, the robbers advanced with drawn revolvers and ordered Mr. Bennett, the driver, to stop and the passengers to fall in line. There is a little dispute as to the actual number of men engaged in the robbery, some passengers claiming that there were six drawn revolvers concealed in the underbrush in case any resistance should be offered. The masks worn were made of red handkerchiefs with holes cut into them and one man had the sleeve of an undershirt drawn over his head as the only covering. Considering the amount of money and valuables, the robbers made a poor haul, securing only $250 out of an estimated $2,500 in money and valuables in possession of the passengers.

Jubilee Choral Services.

NEW YORK, June 19.—Several thousand persons were present at Trinity Church to attend the jubilee choral services to celebrate the fiftieth anniversary of the accession of Her Majesty Queen Victoria.

Forger Arrested.

TORONTO, June 19.—James A. L. Wilson, the Philadelphia forger, was arrested in this city last night. He had been living here with his wife and family under an assumed name for the past two months. His defalcations are reported to amount of $600,000.

Commencement.

ROCHESTER, June 19.—The commencement of Wells College, at Aurora began this evening, when the baccalauerate sermon was delivered at the Presbyterian Church by Dr. Edward Frisbee, president of the college. Mrs. Cleveland was present and also attended divine service in the morning at the same church. Mrs. Cleveland is looking in excellent health and has evidently had a very enjoyable time.

Hungarian Elections.

PESTH, June 19.—The election has resulted in the return of 224 liberals, 88 moderate oppositionists, 50 independents, 9 anti-semitics and 15 members of no particular party.

The Drowned Pilgrims.

PESTH, June 19.—Of the party of pilgrims who, while crossing the Danube River at Paks, were thrown into the water by the capsizing of a boat, 127 were rescued, 87 are still missing and the bodies of 101 who were drowned have been recovered.

A Jubilee Riot.

LONDON, June 19.—A riot occurred during the jubilee celebration at Liverpool to-day between a party of Orangemen and a crowd of socialists. Sticks and stones were freely used and many on both sides received serious cuts and bruises. The police dispersed the rioters and arrested five of the leading parties.

Ovation to O'Brien.

DUBLIN, June 19.—Wm. O'Brien arrived here this evening, and was received with the greatest ovation witnessed here for many years.

Clearing House Exchanges.

BOSTON, Mass., June 19.—The managers of the leading clearing houses in the United States report the total gross exchanges for the week ending June 18, as compared with the corresponding week in 1886, to be $1,032,332,881, an increase of 11 62.

Ferron Approved.

LONDON, June 19.—The superior council of war has approved Gen. Ferron's army reforms.

THE JUBILEE.

Visitors Arriving and General Preparations.

LONDON, June 19.—The Prince of Wales and his sons met the Duke of Aosta, Grand Duke of Saxe-Coburg-Gotha, and Prince Herman Hohenlohe on their arrival in London yesterday. The streets of the city were thronged with people eager to see the jubilee preparations and to catch a glimpse of the foreign royal visitors. The German Crown Prince and his family passed the day at Marlborough House with the Prince of Wales and a tended service in the Chapel Royal, where most of the jubilee guests met.

Jubilee services were held throughout the kingdom yesterday.

The Marchioness of Londonderry will present to the Queen a casket containing 150 000 signatures and 37,000 pounds in cash as a jubilee offering from

IRISH LADIES.

A joint jubilee gift to the Queen from all of her children and grandchildren will be a gold and silver centrepiece for a table adorned with precious stones. It was executed in Berlin. It comprises three parts, resting on a common base, in the center of which are the British arms bearing the legend, "Her children and grandchildren to our beloved mother and grandmother." The middle portion consists of a vase adorned with the arms and portraits of the donors. It has a solid gold lid surrounded by the royal crown. To the right and left respectively are a lion and unicorn.

Still Pursuing.

TUCSON A. T., June 17.—A special to the *Globe* says: Eleven hostiles passed northward yesterday afternoon. Lieut. John's command was twelve miles behind, hotly pursuing them. It is believed the Indians hope to reach White Mountains.
